

THE TURTLE RIVER CATTLE CO.

ANNUAL BULL SALE

FEBRUARY 18, 2019 | 1:00 PM

Napoleon, North Dakota

Welcome to the Sale!

We would like to thank all our customers, past present and future for believing in our program. We strive to do our best to make our cattle better for you. This year we are offering a great set of bulls that we think is best we have offered to date from top AI sires in the industry. A strong set of ET bull calves will also be featured in this years offering. We are also offering a outstanding set of females that is from the heart of our herd. There are bred females and heifer calves that are the result of our Embryo Transfer program from leading donors in the breed. These cattle have the genetic potential that can take your herd to the next level.

The bulls are being developed on a ration of grass hay, alfalfa hay, beet pulp, corn screenings, a mineral pack, and corn distillers. This is a 48 Mega-cal ration for them to gain 3 pounds a day gain. We will also have the bulls ultra-sounded prior to the sale and that info will be available sale day.

Our operation is based in Grand Forks, ND. This includes Ron Clemetson, his son Tyler Clemetson, along with Ryan and his wife Laura. We also have our partner Ed Uriel From Lakota, ND.

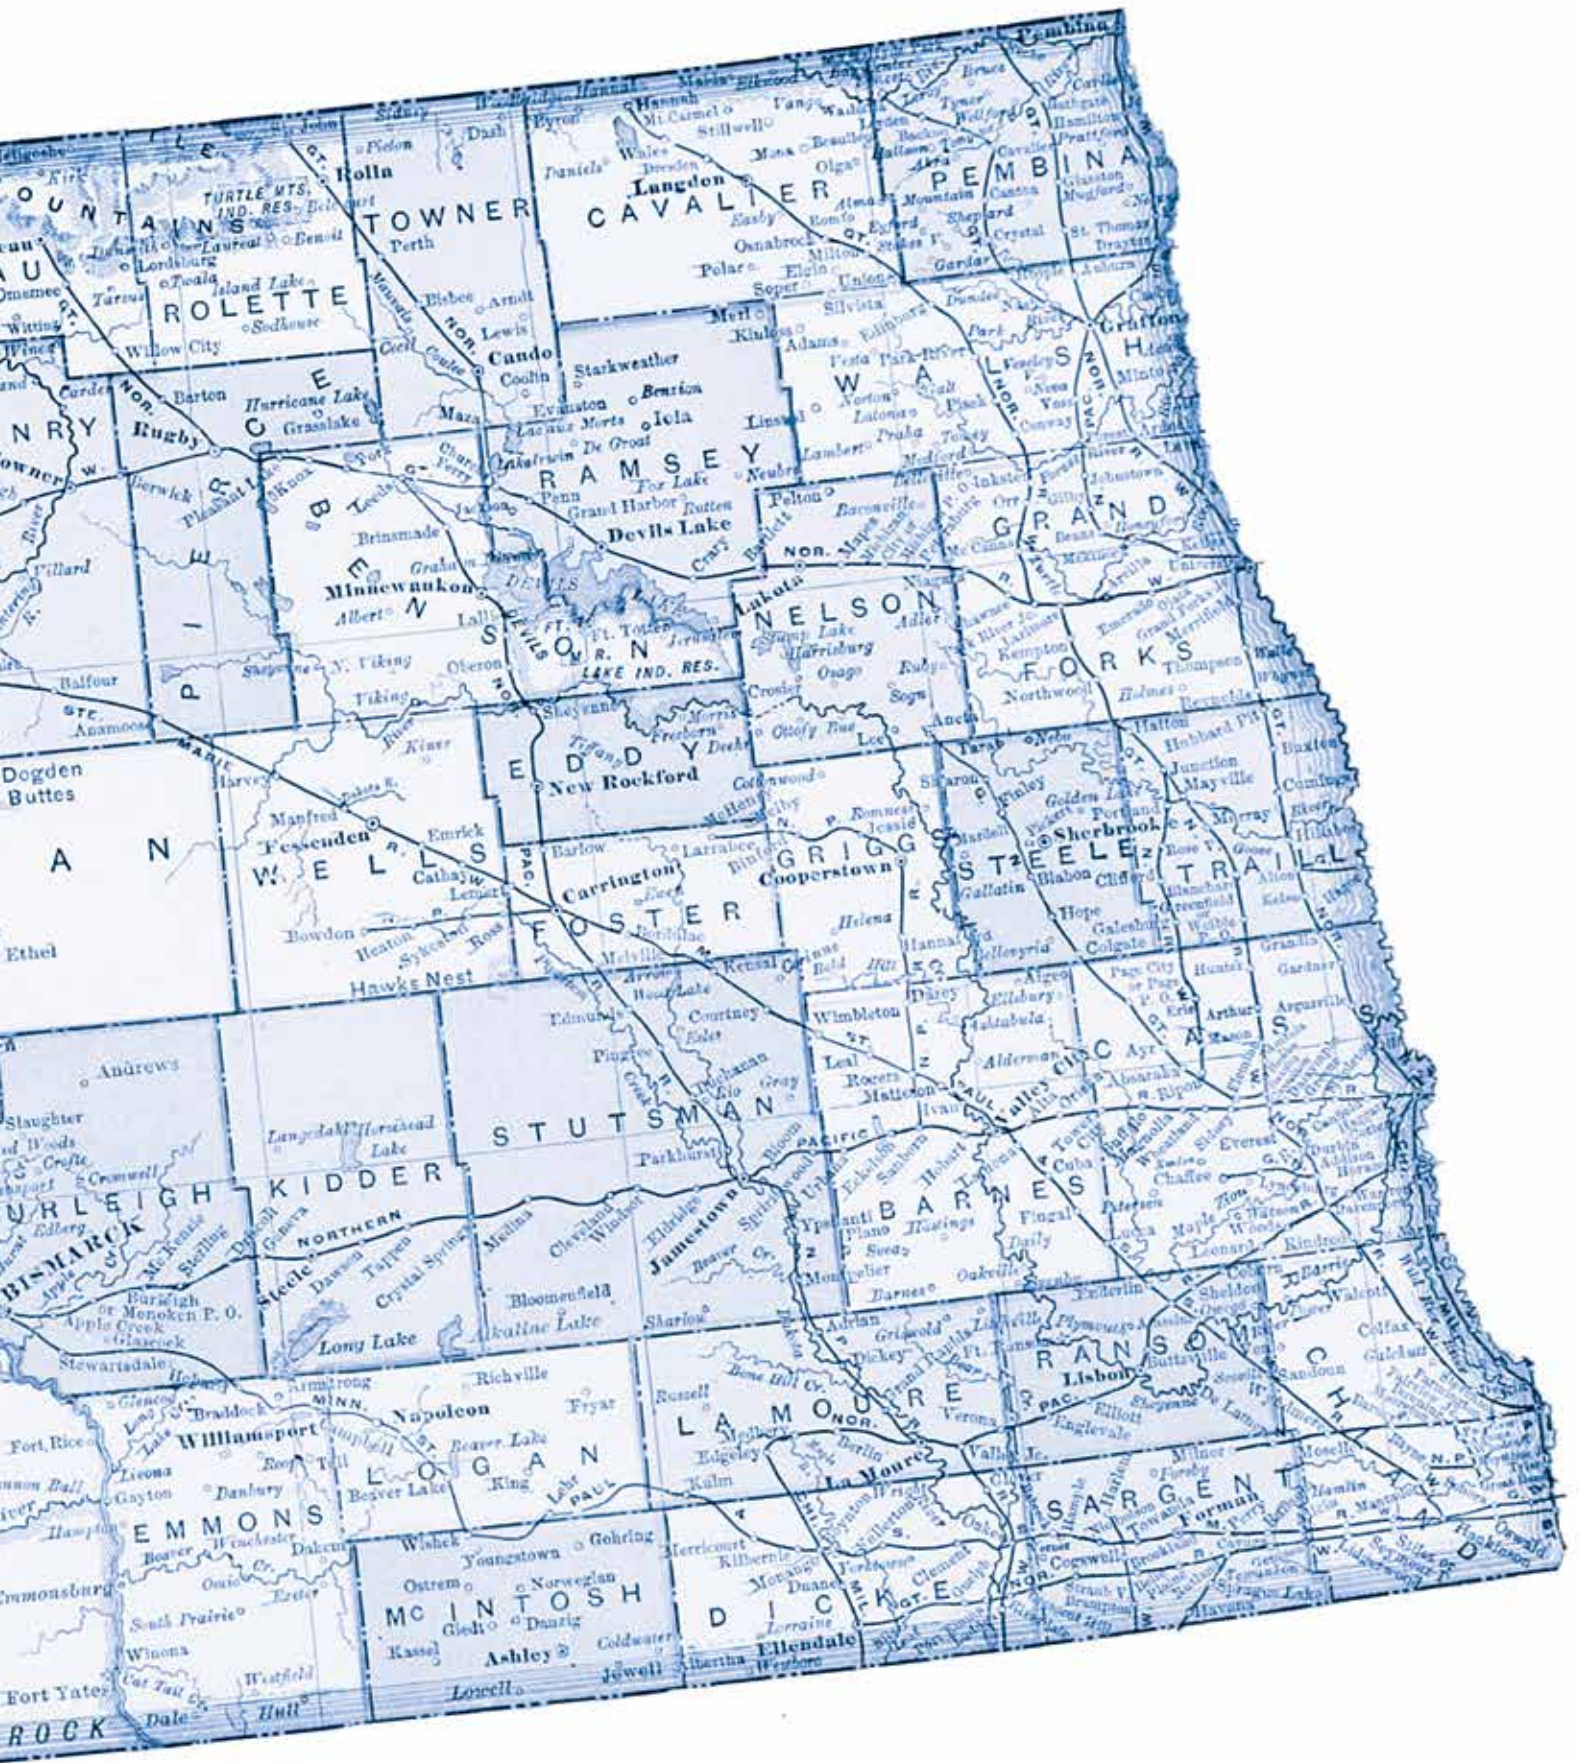

New to the sale this year we will have DV Auction for real-time internet bidding if you can not make it to the sale and we will have all the cattle videoed prior to the sale. We are also very excited about addition of Innovation AgMarketing LLC to our marketing team.

The cattle can be viewed at the ranch anytime prior to the sale the cattle also can be viewed at Napoleon livestock February 17,, 2019. If you have any questions feel free to give any of us a call and we will answer any questions you have. We look forward to seeing our customers and friends and making new ones. See you all on sale day!

Sincerely,
Turtle River Cattle Co.

Ron Clemetson - (701) 739-0639
Ryan Clemetson - (701) 741-6407
Tyler Clemetson - (701) 740-4020

February 18, 2019 - Napoleon, ND

Fellow Red Angus Enthusiasts,

Welcome to the Annual Turtle River Cattle Company Production Sale! There is no denying the passion that fuels the fire when it comes to producing top tier Red Angus seedstock that the Clemetson family possesses. The Clemetson family is dedicated to their customers, their cattle, and the improvement of the breed and beef cattle industry as a whole. Red Angus cattle are what their business and livelihood revolves around and it is evident that they are committed to the success of their customers.

When it comes to this year's offering they have pulled out all the stops! The bulls are stout, rugged, and ready for heavy service. Proven cow families back them, and are by the breed's most noted sires. The female division is loaded with talent both in the bred and open sections. They are easy fleshing, sound-footed cattle that are ready to make an impact for their new owners. Many of the bulls and females in the offering are the result of Embryo Transfer matings that stem from the most prolific and proven cow lines in the breed. Uniformity and consistency is the name of the game and will aid in future profit margins.

Consider this your formal invitation to join us on February 18, 2019 in Napoleon, North Dakota for the Annual Turtle River Cattle Company Annual production sale. The cattle will be on display for your convenience the day before and morning of the sale. Videos of the offering will be available at DVAuction.com leading up to the sale and a live broadcast with real-time bidding will also be provided. Lunch will be available at 12 Noon and the sale will begin promptly at 1 PM. If you have any questions about the offering please feel free to contact the Clemetson family or any of the sale staff, we would be happy to visit with you about this deep sale offering.

Enjoy the Cattle,
Innovation AgMarketing, LLC

What a way to start off the 2019 Turtle River Cattle Company Annual Production sale with none other than one of the most unique herd sire prospects that has ever been born in Grand Forks, North Dakota! This own son of the legendary Six Mile Signature offers the credentials of a true herd sire prospect. A deep dark red color accompanies his added stoutness, foot design, and overall volume and capacity. He is wide topped, thick ended, and covers his tracks with confidence and ease. His dam is the Red Brylor 70M Lakme 70A donor that has left a lasting impact on our program. 815 is without a doubt one of the most impressive, three-dimensional, and fault free individuals we have offered to date. We anxiously await for the opportunity to showcase this herd bull candidate on February 18, 2019!

Sired by the late My Kind, a truly impressive Red Angus individual that was gone before his time. 43F combines the stoutness, eye-appeal, rugged build, and longevity of skeleton that his sire mastered so well. His dam is the impressive 208Z female that boasts a DMPPA of 107.69! There is no denying the genuine rib shape, capacity, and easy fleshing body type that this powerhouse My Kind son offers. He too boasts impressive growth data and visual performance that is second to none!

Bieber Driven C540 is a top son of Hard Drive that we used with great success. 71F is a long sided, thick topped, big-hipped bull that offers an easy fleshing and longevity based look. He ranks among the top 11% of the breed for GM and WW, top 14% YW, and top 6% for CW and 10% for REA. His dam is a moderate, bold ribbed, easy keeping daughter of the legendary Beckton Julian GG B571 sire that has left a monumental impact on the breed. Strong maternal ties back this standout Driven son.

THE ROLLIN DEEP SIRE GROUP

LOT 12

807 and 808 are standout flush mate brothers that are sired by the great Bieber Rollin Deep Y118 and backed by the powerful and prominent A-1 Sierra Indeed 549X donor that is now employed in the progressive Smoky Y Ranch program of Western Kansas. These herd bull prospects are big ribbed, easy fleshing, dark red, and sound built bulls that offers visual performance and eye-appeal, with a rugged and athletic structural base. We have admired this pair of flush mate brothers since they first hit the ground. Sierra Indeed 549X was a featured female in the historical A-1 Dispersal in Texas, where Wildcat Creek Ranch of Kansas purchased her. In the Wildcat Creek Ranch Dispersal, Smoky Y Ranch selected this picture perfect Red Angus breeding piece. 549X is an own daughter of the great Red Towaw Indeed 104H, a bull that when semen is offered has commanded in excess of \$1,000 per unit! Rest assured, these full brothers are ready to make an impact on your program!

RRA Crimson Tide 135 460 was our selection from the Rich Red Angus production sale in 2015 where he was one of the high selling lots at \$10,500. There is no denying the impact that he has left on our program, especially when it comes to siring cattle with extra stoutness, style, and genuine shape. 113F is a big topped, deep sided, big testicled bull with tremendous eye-appeal and quality. Without a doubt a herd sire prospect that has been a standout since day one!

11F leads off the Allegiance sire group in a dominant fashion as one of the most versatile herd sire prospects we have ever raised. His sire is widely noted for his superior carcass merit. His dam is a top 5L Tradesman daughter that we have always admired for her udder quality, foot design, and overall fleshing ability. He is a true curve bender, boasting a moderate 63 lb. actual birth weight and spreading to over 700 lbs. at weaning time, with an impressive 111 WW ratio! There is no doubting the visual performance and eye-appeal that this powerful herd sire prospect brings to the table.

116F is another standout from the Allegiance sire group. His dam is a top producing female that is sired by Red RMJ Redman 1T. Balanced on paper, he ranks among the top 4% of the breed for Herd Builder and top 11% for GM. He offers a sensible actual birth weight of 74 lbs., making him a legitimate heifer bull candidate.

Allegiance - Sire of Lots 22 - 24

THE SONS OF TRADESMAN & ADVANTAGE

LOT 25

7F is a powerful son of 5L Tradesman that offers exceptional eye-appeal in a rugged, three-dimensional, and shapely design. He is big footed, stout boned, and big testicled. He is the heaviest weaning weight bull in the group, tipping the scales with an impressive weight of over 720 lbs. and a WW ratio of 113. Numerically he also charts balanced figures across the board, ranking top 18% WW, top 7% YW, top 2% ADG, and top 16% HPG. 7F checks all the boxes from a performance standpoint and is sure to sire progeny that push down the scales at weaning time.

810 is a dark cherry red, deep bodied, thick topped, powerful son of 5L Advantage 3267-221Y and supported by the prolific Brown Ms New Era A7084 donor dam that is employed at Rhodes Red Angus. A7084 is a direct daughter of the fame Abigrace L7730, the highest dollar-generating female in the Red Angus breed with several million dollars in progeny sales. He charts among the top 13% of the breed for WW, while still offering balanced and uniform numbers across the board. A complete herd sire prospect that is supported by the famed Abigrace cow family!

32F is a moderate framed, bold centered, long sided bull that offers heifer bull capabilities. Sired by the Genex stud, Andras New Direction R240, he possesses a sound structural base, good foot design, and wide based build. With an actual BW of 78 lbs. we believe he offers heifer bull potential if managed properly.

Twedt Red Angus selected Crump Forerunner 6601 in the spring of 2017. He was a standout in all dimensions, sired by Pacesetter and backed by a proven donor dam on the bottom side. He offers exceptional foot design and structural integrity. 106F possesses quality both phenotypically and on paper as he charts with balanced and uniform figures. A 72 lb. actual BW makes him a viable heifer bull option.

THE OPEN FEMALES

LOT 43

What a way to lead off the open female division with none other than a trio of flush sisters from one of the most proven and prolific females in the Red Angus business. Sired by the popular and proven Bieber Rollin Deep Y118, arguably one of the most phenotypically superior herd sires ever produced in the famed Bieber program, these females are the right kind! 801, 803, and 804 are moderate framed, bold ribbed, high capacity females that offer exceptional fleshing ability, dimension, and brood cow characteristics to lead any program to the next level. Their dominant dam is no employed in the Smoky Y program of western Kansas and has left her mark on countless seedstock and commercial programs nationwide. In addition to their standout phenotype, these females possess balanced and uniform figured numerically, making them legitimate donor candidates for their new owners. Certainly a sale feature and a must see set of flush mate sisters on sale day

THE OPEN FEMALES

LOT 46

Another standout pair of flush mate and maternal sisters from one of the breed's most elite cow families! Sired by both HXC Declaration 5504C and Bieber Hard Drive Y120, these females are built to last and possess exceptional mating flexibility and revenue generating potential. Their granddam is the famed, BJR Windsong U28E, the matriarch of the Windsong cow line. From a maternal standpoint it would be tough to recreate the consistency and longevity that these females lineage has to offer. It is truly difficult to part with females of this caliber, but in the effort to offer up our very best we are bringing them to Napoleon on February 18th!
