*The Bull Sale*

AT BADGER CREEK VOL. III

2.16.19

# SALE SCHEDULE

**FRIDAY — 2.15.19**

BULLS ON DISPLAY

**SATURDAY — 2.16.19**

9AM — BULLS ON DISPLAY

12PM — LUNCH

1PM — THE BULL SALE AT B/C VOL. III

It is with great pleasure that we welcome you to the third annual Bull Sale at Badger Creek Cattle Company! This is without a doubt the deepest and most consistent set of bulls from Badger Creek Cattle Company to date. They offer superior uniformity, consistency and most importantly quality that represents the breeding program at Badger Creek Cattle Company. Yearling, 18 month-old, and strong aged two-year-old bulls will be offered in this event.

The donor pen at Badger Creek is without a doubt one of the most impressive groups of females anywhere in North America. Flawless feet and legs, udder quality, rib capacity, and style to burn. These matrons are forage efficiency experts that graze the native grass of the flint hills and can not only maintain in this environment, but thrive! Fertility, udder quality, fleshing ability, and longevity are key traits of importance that are strongly selected for. Cattle that wear the B/C brand have endured a strict culling process in order to make "the cut". Highly maternal, functional, problem free females make up the cow, herd. The philosophy behind the B/C brand is that good bulls come from great cows, and there is no denying the quality of females in Emporia. Extensive AI and Embryo transfer is utilized in order to improve uniformity and quality of calf crop.

In times like we have endured this winter, the added forage efficiency, do-ability, and fleshing ability is a must! These cattle are capable of maintaining body condition on less, therefore lowering input costs and in turn increasing your operations bottom-line!

Please join us on February 16th, 2019 at the Ranch in Emporia, Kansas for the Badger Creek Cattle Company 3rd annual bull sale. The cattle will be available for viewing prior to the sale at the ranch. Lunch will be served at 12 Noon on sale day. New this year, we will have a live broadcast provided by DVAuction.com with real time bidding available for your convenience. Videos of the entire offering will be available online at [www.BadgerCreekCattle.com](http://www.BadgerCreekCattle.com) leading up to sale day. If you have any questions please do not hesitate to contact any of the ranch management or sale staff, we'd be glad to answer any questions you have and visit about the cattle!

Enjoy the cattle!

## LOCATION

The Badger Creek Cattle Company Sale Facility  
1668 Road 235 Emporia, KS  
From I-35, take Burlingame Road, exit 131. Go north on  
Burlingame Road 6 miles to Road 230, there will be a Badger  
Creek Sign on the right. Turn right on Road 230 and follow  
signs to Badger Creek.

## AUCTIONEER

Col. Jered Shipman – (806) 983-7226

## SALE DAY PHONES

Clint Woodrow – (620) 794-7601  
Graham Blagg – (530) 913-6418  
Chance Stout – (620) 803-9494  
Glenn Woodrow – (618) 316-0039  
Jered Shipman – (806) 983-7226

## MARKETING TEAM

Graham Blagg – (530) 913-6418

## SALE CONSULTANTS

Dallas Woltemath – (308) 390-6400  
Dalton Lundy – (502) 727-6898  
Kent McCune – (817) 602-8629  
Mike Marlow – (405) 880-0108

## RING STAFF

Jeff Mafi – American Angus Association – (816) 344-4266  
JW Brune – Lee AgriMedia – (785) 865-6624  
Stephen Russell – Kansas Stockman – (785) 458-2650  
Chisolm Kinder – Oklahoma Cowman – (405) 747-4683

## LIABILITY

All persons who attend this sale do so at their own  
risk, legal or otherwise, for their safety or for the  
behavior of the animals. The owners, sale management  
firms, and the sale staff assume no liability for  
property loss or any accident that may occur.

## TERMS & CONDITIONS

Cattle will sell under the Terms and Conditions as  
recommended by the American Angus Association and  
American Simmental Association.

## SEMEN INTEREST

Badger Creek Cattle Company reserves the right to  
retain 1/3 Semen Interest in all bulls selling.

## VOLUME DISCOUNTS

- 3% off total purchase price of 3 Bulls
- 5% off total purchase price of 5 Bulls
- 7% off your total purchase price of 7 Bulls

## GUARENTEE

Unless otherwise noted, all the breeding age bulls will have passed a breeding soundness exam prior to pick up/delivery. In addition to the standard Terms and Conditions of the American Simmental Association and the American Angus Association we will provide the first breeding season (the 90-day period immediately following turn out) guarantee on all yearling and older bulls. This guarantee is not an insurance or mortality policy, but a guarantee on functional fertility. It is not a substitute or replacement for poor management. Buyer assumes all risks for injury due to running bulls together or management decisions outside genetic control. For the guarantee to apply, we ask that you contact us as soon as a condition is observed and before the animal is sold. We will work with you to determine whether the animal is returned or sold for slaughter. We will attempt to provide a suitable replacement. If one cannot be provided of equal or greater value, we will issue a refund for the full purchase price less the salvage value of the animal.

## SUPPLEMENTAL INFORMATION

All announcements from the auction block take precedence over information printed in this book. A supplement sheet with updated information will be provided on sale day.

- All bulls have been freeze branded with the B/C brand and their tattoo number.

## LIVESTOCK MORTALITY INSURANCE

Graham Blagg will be available on sale day to properly insure your investments.

## DELIVERY & EXTENDED CARE

Free delivery to central locations. There will be a yardage fee of \$5/head/day on all bulls left in the care of Badger Creek after April 1, 2019.

## HERD HEALTH

All bulls are up to date on their vaccinations.  
Scott Gordon – (620) 342-6515

## ONLINE BIDDING & BROADCASTING

Videos of the bulls will be available for viewing at [www.badgercreekcattle.com](http://www.badgercreekcattle.com). Watch live and bid online at [www.dvauction.com](http://www.dvauction.com)

**818T — DAM OF LOT 1**

What a way to start off the 2019 Bull Sale at Badger Creek Ranch! There is no denying the look of quality, athleticism, and herd bull characteristics that this standout Charlo son offers. Without a doubt he may be the most intriguing breeding piece that has been born on the ranch to date. From the ground up his foot and bone is unmatched, with a bold rib cage and wide back that supports his added shape and power. From the maternal aspect, the prolific and proven Lady of Peak Dot 818T donor dam backs him. His docile demeanor further enhances his credentials. A true sale feature! **RETAINING 1/3 SEMEN INTEREST**

KR Casio is arguably one of the most impressive individuals to ever set foot on the ranch, regardless of breed composition! He was the 2017 Krebs Ranch High Selling Bull and the anchor of their National Western Stock Show Carload. Casino has had a busy summer, not only in the pasture covering his fair share of cows naturally, but also on the tan bark! Pull right off of cows and weeks later put back on the show road he was crowned Reserve Supreme Champion Bull at the Nebraska State Fair, and Supreme Grand Champion at the Kansas State Fair. His most recent accolade came in Kansas City, as he was named the 2017 American Royal ROV Grand Champion Angus Bull! His ability to combine look, dimension, flexibility, and the real world fundamentals is second to none and we feel his impact will be monumental on our program. A truly unique herd bull that we highly anticipate his first calf crop!

Casino took the breed by storm when he hit the scene. We are proud to offer this own son of the multiple-time National Champion, KR Casino 6243. His dam is the Sitz Blackcap X12 donor that originated in the Sitz program of Montana and we acquired from Hoffman Ranch. She has worked tremendously well not only in the Angus division at Badger Creek, but has been a top producer when it comes to generating elite SimAngus cattle. A standout Casino from a proven donor dam!

B/C Casino 8038 was one of the herd sire prospects that we put on display at the National Western Stock Show in January. He is sired by the great KR Casino 6242 and backed by the OCC Missing Link 830M donor dam, MF/EBY Ever Intense Y726. The added foot, bone, and substance that this bull offers is unmatched and was admired by all that stopped by the display in Denver. He offers an impressive spread with a modest 80 lb. BW and came to the weaning pen heavy, with an 865 lb. weaning weight! A true sale feature and one that will be on the short lists of many of the industries top cowboys on sale day!

B/C Blair Badger 5023 is undoubtedly one of the most consistent, predictable, and proven calving ease bulls we have ever used! Sired by the iconic Charlo, this own maternal grandson of OCC Juanada 927K is one impressive calving easy sire. Owned with Blairs.Ag Cattle and ABS Global, Inc. we highly anticipate for Badger to be one of the premier calving ease bulls in the breed that still transmits performance, phenotypic quality, and longevity to his progeny. Although a true calving ease specialist, Badger spreads to over 110 at a year, while ranking among the breeds elite 1% for \$YG, top 10% \$W and \$F! Look to Badger for calving ease, without sacrificing your programs bottom line!

When we found Rush Lake, we knew he had to come to Emporia, Kansas! Unparalleled in the way that he sires, this Motive son is flat out getting the job done! With added length, structural integrity, real-world performance, and fleshing ability, Rush Lake has become a staple within our herd bull battery. The dam of Rush Lake, Pride 63'10 is a role model type foundation female that offers udder quality, fleshing ability, and highly maternal characteristics. Rush Lake offers these added production traits of functionality with an outcross pedigree to the mainstream Angus gene pool in the United States!

8053F is a standout 3/4-blood from the Structure sire group that is backed by an exceptional Broker half-blood dam that traces to the maternally focused OCC lineage. He is big footed, stout boned, thick topped, and carries his shape down deep into the base of his quarter. This big testicled, heavy constructed herd sire prospect is loaded with red meat from end to end. The Structure sire group has been a standout on the ranch since we began to walk him due to his consistent ability to generate cattle with width, fleshing ability, stoutness, and overall capacity. Look to 8053F to add maternal function, visual performance, and overall quality to your calf crop!

An exceptional flush of brothers sired by Structure and backed by the prolific LaGrand Lucy 0065 donor dam. These half-blood bulls are massive in their type and kind, bold centered, and three-dimensional in their muscle shape. These bulls are backed by arguably one of the most phenotypically impressive Angus females in the donor pen at Badger Creek with superior udder and foot quality. These brothers will add maternal function, structural integrity, and eye-appeal to your calf crop. They all offer moderate birth weights and came to the weaning pen weighing from 790 to 885 lbs. There is no denying the power, potential, and pedigree that these three flushmate brothers offer!

2037 — DAM OF LOTS 22-24

Without a doubt one of the most impressive flushes of bulls to ever be born at Badger Creek Cattle Company! Sired by Oracle, this trio of brothers is from the Soo Line Vale Bar 2037 donor that is sired by the legendary HF Kodiak 5R sire. 8004F was one of our display bulls in the yards at the National Western Stock Show in January. He was admired by cattlemen from around the country for his unmatched eye-appeal, structural correctness, and body mass. He is the blaze-faced brother in this powerful mating. 8005F is the rugged, wide based, and offers a three-dimensional build from every angle. 8007F is the heaviest weaning bull of the three, at nearly 900 lbs.! There is no denying the impact that Oracle has had during his tenure at Badger Creek Cattle Company. They are good footed, sound structured cattle that offer real-world performance and eye-appeal. A sale feature trio of flush mates!

HILB Oracle was our selection from the 2016 THE ONE sale in Denver from Hilbrands Cattle Company. Oracle first came on the National scene when he was selected calf champion and Reserve Grand Champion Purebred Bull at the 2015 NAILE. His look, design, and profile are second to none! Unique from the ground up, this direct son of Baby's Breath is stout boned, big footed and flawless in his angles. The way his neck ties into the topside of his shoulder is remarkable, with an unmatched profile. His progeny have been a hit on the tan bark, with several daughters already finding the backdrop in just his first calf crop! Look to Oracle as the go to Purebred Simmental sire to add show ring style time after time!

Rubicon has been a crowd favorite with every outing, as this Pilgrim sired stud is backed by the legendary H25, also known as Broker's dam! This maternal brother to the undisputed sire of champion is well on his way to carrying on the family traditions! Rubicon is similar in his build to his late sire, Pilgrim, in the fact he is bold centered, big hipped, stout boned, and offers a highly functional look. Several progressive breeders quickly selected from a limited number of semen packages that were offered last fall on this breed leading Purebred stud! Some the breeds most prolific donors will see use from Rubicon, and we highly anticipate the results!

Without a doubt, one of the most unique Purebred bulls in the entire offering. This cherry red blaze faced stud is sure to turn heads on sale day. He is big ribbed, wide constructed, square built, and loaded with dimension from end to end. There is no denying the impact of the legendary H25, the dam of Rubicon and the great MR HOC Broker. On the bottom side of his pedigree his dam traces to the famed Black Star cow family. A true herd sire prospect and one of the most unique Purebred bulls in the entire offering!

Iron Hide 395Y could be argued as one of the most unique half-blood Simmental bulls to come along in some time! Sired by the legend, Lock N Load, he is backed by a dam that is highly productive, offers textbook udder quality, and is as massive through her center body as they come. His progeny have been dominant among their contemporaries with added heterosis, fleshing ability, and longevity! This past National Champion has proven himself time after time in the pasture, consider the key production traits of udder quality, fleshing ability, and structural correctness that he offers when it's time to breed your cows!

What a way to begin the 18-Month-Old division of the Simmental and SimGenetic offering! 7325E possesses not only an elite phenotype, but an exceptional pedigree to support his overall quality. His dam is a maternal sister to the legendary MR HOC Broker, one of the breeds most proven and prolific sires. Sired by Structure, the mainstay herd sire at Badger Creek in the Simmental sector of Badger Creek Cattle Company. He is a big footed, stout made bull that is unmatched in regards to his center body shape, hip dimension and overall power. A maternal sister to this powerful herd sire prospect was successfully campaigned throughout the summer and fall. She will be added to the SimGenetic donor line-up this coming spring. A brother from that same mating was retained in herd last year and his service will be featured in up coming Badger Creek Cattle Company marketing events. 7325E is truly a herd sire prospect that deserves serious consideration!

7317E is another stout made, heavy structured, wide based son of the great Structure. He is backed by the New Edition sired dam from the famed Dixie Erica cow family! Sound built, long sided, and loaded with shape and genuine power. 7317E is from a powerful, easy fleshing, bold centered female that originated in the famed Power Plus Genetics program in Hobart, Oklahoma. A surefire herd sire prospect that offers breed-enhancing qualities.

E7215 is a stout constructed son of the great Structure that is sure to turn heads due to his added shape and power from every angle. His dam is a picture perfect High Regard daughter that traces to the HPF Ms Beautiful S054 female on the bottom side. Balanced numbers with a triple digit figure at a year only add to his revenue deriving potential as a herd sire whether his progeny are sold at weaning or retained. Be sure to check out this standout Structure son on sale day!

DUFF Napoleon 232 a.k.a "Rough House" is without a doubt one of the most impressive herd sires to ever set foot on the ranch in Emporia, Kansas! Massive in his build, bold in his center rib, and huge hipped to boot. His moderate frame size, three-dimensional shape, and athletic build is unique to say the least. His impressive dam Merle 808 is a maternal giant, which personifies fleshing ability, mass, and udder quality! He has been a sensation not only in the States, but a major hit in South America as well. The progeny by "Rough House" are unsurpassed with mass and style, while encompassing the forage efficient look that we strive to produce in our Angus program!

Some have argued 6250D to be the most complete and fault free herd sire prospect ever produced in the Badger Creek Cattle Company program, and we certainly wouldn't argue. He is unbelievable in his foot design, stoutness of bone, and overall flexibility and athleticism. He is a good looking, well-balanced half-blood herd sire prospect that we plan to use back in our own program due to his genuine build and real-world application. His dam is a picture perfect Connealy Consensus 7229 daughter that is from the legendary Princess cow family. We have admired 6250D since he hit the ground and his uniqueness of build, hip structure, and overall symmetry is second to none. A true sale feature that we believe will have an integral part in progressing the influence of SimAngus cattle in the commercial sector of the industry.

7206E is a 3/4 brother in blood to 7205E. Sired by the proven, time tested, and reliable Purebred herd sire, Structure. He is backed by another foundation female from the Boss program that is sired by the legendary HF Prowler 43U. He is rugged, athletic, and simply built to last. Wide based, bold spring through his fore rib and center body, with exceptional thickness and muscle dimension down his top and from behind. Without a doubt these half-blood two-year olds are the best of the best and we are proud to offer them as featured lots in this exceptional set of bulls!
