RANCH RAISED

ANNUAL BULL SALE

MONDAY | MARCH 11, 2019 | 1 PM | BROWNELL, KS

Dear Friends, Neighbors and Fellow Cattlemen,

Welcome to our 2019 bull sale offering, I hope you have faired well through this seemingly never ending winter. Hopefully we will have some warmer weather by sale day. Whatever the weather we would be honored to have you here on sale day. This year we have more bulls stacked deeper with C-Bar Genetics than ever before. I believe the quality and consistency runs deeper than ever before. We have many full sib flush brothers and uniform pedigrees that I think will allow customers to put together uniform sire groups for exciting calf crops. If this year has you running behind, the same as I always seem to be, don't hesitate to call and ask for any specific favor that we can help to make it easier to participate in our sale at this time. The last thing we want to happen is for you to miss out because you're not ready to handle new bulls at this time. We will do anything we can to make it possible to be turning C-Bar bulls out into your green pastures this year when spring finally arrives.

Now what you are all hoping for in this letter, Steve's thought for the day. I've been hearing so much lately about the super fast rate of change we now experience in the cattle industry. While there is no doubt all of the new methods and techniques that are being used in the industry I am reminded of an old saying, "ALL CHANGE IS NOT PROGRESS." The rate of progress can only be one generation at a time. The decisions I make for the next generation of calves here is the most challenging and rewarding or disappointing task I face. It is literally a 365 day a year job. I use every source available in making these decisions. Most important is not a computer or the internet, its the network of trusted ranchers and friends that together we share thoughts and ideas to wade through what is real and what is not. Thanks to all of you!

Only when these new generations are born into your environment and management will you be able to determine weather progress has been made. Because the rate of progress can never be faster than one generation at a time I do not take the task lightly. I am honored to be your seedstock provider.

Sincerely,

Steve, Cindy and the Crew

Red Angus Enthusiasts,

Welcome to the annual bull sale at C-Bar Red Angus! Once again Steve Maier and his family have bred an outstanding set of Red Angus bulls for your appraisal. The offering runs deep in quality with countless groups of full brothers from the most prolific and predictable cow families that have built the program. The cow families that support this offering from the maternal side have been hand selected to ensure foot structure, udder quality, body mass, fleshing ability, and the maternal instinct that we believe play a large roll in the success and longevity of a cow herd. Consistency, uniformity, and predictability are represented within each sire group. The cattle at C-Bar are not bred on extremes or to be outliers, they are bred to cover all the bases that go hand in hand from a profitability standpoint in the beef industry.

The bulls have been professionally developed to guarantee structural integrity and full genetic performance. The yearlings have been ultrasounded and the data has been recorded with the Red Angus Association of America. Last year C-Bar raised a bull named Big River, a PIE One OF Kind son from the Jeffries Joline Z243 matron that is a leading member in the impressive Genex line-up. This year 7 full brothers will highlight the offering. In addition to this powerful mating, there are many other opportunities to acquire full brothers to turn out and improve the uniformity of your next calf crop. The offering will include yearling, 18-month-old, and strong aged two-year old bulls. The cattle that carry the C-Bar program have taken all the tests and jumped through all the hoops in order to make the catalog. The performance data and ultrasound data combined serve as a tool to producers to study the information that is provided and be confident and comfortable in their buying decision. Steve takes great pride in the fact that so many of these bulls are results of several generations of AI and ET matings. Years of disciplined breeding decisions have gone into this offering.

We hope that you will join us on March 11th in Brownell, Kansas for the C-Bar Red Angus Bull Sale. Due to the constant weather we have endured this spring we were unable to picture a large number of bulls, but everything has an upside and the steady moisture should make for a promising spring and summer for plentiful feed resources. Thanks to Ryan Heter with DV Auctions the entire offering will have videos for your evaluation the week leading up to the sale. The videos will be available at DVAuction.com and InnovationAgMarketing.com for your convenience. The bulls will be on display prior to the sale. Join us for lunch at 12 noon and the auction to begin at 1 PM CST at the Ranch in Brownell, Kansas. If you have any questions about the offering please feel free to contact Steve or any of the sale staff.

Enjoy the cattle!
The Sale Management Team

SALE TERMS & CONDITIONS

1. BIDDING

The Auctioneer in charge will settle any disputes as to bids, and his decision on such matters shall be final.

2. TERMS

Terms of sale are cash unless satisfactory credit arrangements have been made with Sale Management prior to sale.

3. PURCHASER'S RISK

Each animal becomes the risk of the Buyer as soon as sold, but it shall be the obligation of the Seller to see that animals are fed and cared for free of charge to Buyer, until loaded for shipment or until the expiration of 48 hours after the sale, whichever occurs sooner.

4. HEALTH

All animals are eligible for interstate shipment, except as otherwise announced. Interstate health papers will be furnished for each animal requiring tuberculosis and brucellosis tests in accordance with Federal Regulations.

5. ANNOUNCEMENTS

Any changes from information of any kind in this catalog will be announced from the auction box and such announcements shall take precedence.

6. DEFAULT

In the event the Buyer defaults on payment, the Buyer shall be responsible for all costs, including attorney's costs, incurred by Sale Management or Seller in connection with collecting, or attempting to collect, payment due.

7. BREEDING GUARANTEE

All animals are guaranteed by the seller as outlined in the Red Angus Association of America Code of Ethical Sale Practices.

8. CONTRACT

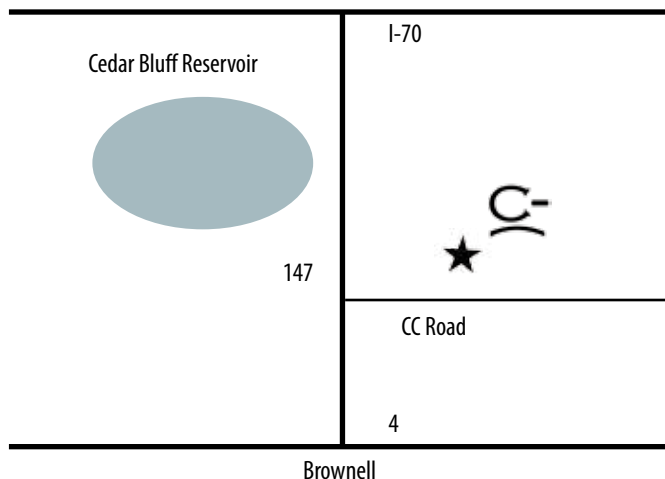

The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction.

9. LIABILITIES

All persons who attend the sale do so at their own risk. The seller, the sale manager, and the auction facility assume no liability for accidents that may occur. It is to be clearly understood that the sale manager and their representatives act only as a medium between the buyer and seller.

LOT 1

Whiskey River

8105F is arguably one of the most unique individuals ever produced in the C-Bar program. Sired by PIE One Of A Kind and backed by the great Jeffries Ms Joline Z243 donor dam. We are proud to introduce C-BAR Whiskey River 82015F, a full brother to the \$50,000 C-BAR BIG RIVER, now a leading member of the impressive Genex line-up. He checks all the boxes when it comes to performance, pedigree, and phenotype. From the ground up Whiskey River is flawless in his basic build, bold and three-dimensional in his rib cage, and massive in his dimension. There is no denying his presence, look of quality, and herd bull characteristics. From a paperwork standpoint he charts among the top 1% of the breed for WW and YW. He also ranks top 5% GridMaster, top 2% ADG, top 11% CW, and top 17% REA. We call him Whiskey River, one of the great herd bull prospects to ever be produced in Brownell, Kansas!

Rio Grande

8131F is a full brother to BIG RIVER that we call C-BAR RIO GRANDE 8131F. He is another powerful individual that possesses the herd bull characteristics of structural integrity, body mass, and dimension. Phenotypically he is a stout hipped, big boned, wide based, three-dimensional bull that is impressive from every angle he is evaluated. Numerically he charts impressive growth and carcass figures. Use RIO GRANDE to add power, pounds, and pay weight to your calf crop.

Lot 4 - C-Bar Brazos 8138F is a stout featured, powerful, rugged individual that is another member of one of the most successful flushes ever at C-Bar Ranch. Like his full brothers he is the definition of a herd bull that possesses the poised and well-balanced look of quality, athletic structural base, and fundamental correctness. The powerful Joline Z243 is a true matron in the program and has left behind a set of females that will make an impact on the breed, and a set of sons that will enhance the bottom line of the progressive operations that have put them to work.

806F is a low birth weight bull that is sired by Franchise and backed by the great W928 donor, the dam of A302 and A305, her most notable progeny. There is no denying the impact of the maternal lineage that supports 806F on the south side of his pedigree. From a carcass merit perspective he offers exceptional marbling and REA figures to enhance his herd sire credentials, ranking in the top 7% and top 1% respectively.

C-Bar Abigrace 417B - Dam of Lots 16 - 18

Selling Choice of Full Brother Lots 16 - 18!

The Winning Bidder has the option to pick and choose or sweep the ring

Lots 16 - 18 - 836F, 840F, and 842F are flush brothers by Spur Franchise of Garton, one of the most impressive carcass bulls the industry has ever seen! These brothers offer exceptional spread, all entering the world with sensible birth weights ranging from the low 70's to the low 80's and all coming to the weaning pen with over 700 pounds of pay weight. They offer real world performance to accompany their dynamic carcass figures as they chart top 3% GridMaster, top 13% ADG, top 3% Marb, top 8% YG, top 3% CW, and top 1% REA. These brothers from the up and coming 417B, an own daughter of the legendary T715 will add uniformity and enhance your operations bottom line!

Lots 19 - 20 - 8135F and 8176F are flush brothers by Spur Franchise of Garton and backed by the 20X Canadian donor that was a highlight in the "Roses" Part I Herd Reduction selling to Nixon Family Farms in Texas for \$9,250 this past spring. One of these brothers is red and the other is a black-red carrier. In terms of substance, power, and stoutness, these brothers check all the boxes. They are big topped, thick-ended bulls with exceptional shape to their lower quarter and center body. Both brothers offer sensible birth weights and weaned off heavy. Look to these two brothers from the productive 20X donor for added substance and dimension without sacrificing the convenience traits of calving ease.

820F is a big topped, thick-ended son of Spur Franchise of Garton and from a top-producing female that originated in the Damar program. He is among the top 3% for GridMaster, top 10% BW, top 1% Marb, top 3% CW, and top 1% REA. An elite set of low birth weight and carcass focused data suggest he should be suitable for any breeding scenario and offer mating flexibility.

Lots 36 - 37 - What an exciting pair of flush mate brothers that are full brothers in blood to the \$60,000 2018 High Selling Bull in the C-Bar Bull Sale, C-Bar Legit. There is no denying the impact that W909 and W914 have had on the progression of the C-Bar cowherd when it comes to generating beef bulls with superior carcass quality, predictability, and consistency on a large-scale level. These full brothers offer superior carcass merit with top ranking figures across the board. As an added bonus to the carcass potential that they will infuse into their progeny, they are supported by the famed Abigrace cow family that has left a monumental impact on the Red Angus breed and beef industry as a whole. Here is your change to put proven genetics from one of the most elite pedigrees in the business to work in your progressive operation.

869F is a maternal brother to many popular females that have been offered through past C-Bar marketing events. His dam is the dynamic C-Bar Miss Mimi 458B donor dam that has left her mark on the business and will continue to be a driving force in the progression of the donor pen at C-Bar. 869F is a maternal grandson of the legendary Damar Mimi W085 donor dam, making him a logical choice for those that retain females and are in the market for a true cow maker!

THE MARBLE BAR SIRE GROUP

Selling Choice of Full Brother Lots 54 - 59!

The Winning Bidder has the option to pick and choose or sweep the ring

Lots 54 - 59 - We used Milwillah Marble Bar J53 with great success in our program. No other Red Angus bull checks more boxes than Marble Bar when it comes to economical traits of importance that are highly heritable. They chart top 11% of CED, top 12% WW, top 20% YW, top 12% CEM, top 18% Marb, and top 10% CW. The dam of this powerful and dynamic set of flush brothers was a past sale feature in the spring of 2018 at the C-Bar Red Angus "Roses" Part I Herd Reduction Sale to Nancy Bowling of Oklahoma when she commanded \$13,500. These bulls combine outcross genetics from Australia with the impact of the legendary Abigrace cow family. 264Z has been influential in the progression of C-Bar and we are excited to watch her continue to impact the Red Angus breed. These sons will add carcass merit, structural integrity, and fleshing ability to their progeny.

THE MARBLE BAR SIRE GROUP

Selling Choice of Full Brother Lots 60 - 63!

The Winning Bidder has the option to pick and choose or sweep the ring

Lots 60 - 63 - What a set of flush brothers by Marble Bar and from the famed Isabel cow family. In terms of dimension, power, performance, carcass merit, and longevity, these bulls certainly fit the bill. They are performance driven cattle that weaned off their recip dams with heavy weaning weights and optimum performance. Numerically they are balanced with top 12% CED, top 13% ME, top 16% HPG, top 6% CEM, top 2% Marb, top 6% CW, and top 11% REA. They check the boxes from a terminal standpoint. They grow fast, wean heavy, and will inject carcass merit and profitability into your programs bottom line.

8119F offers tremendous promise to be one of the most elite carcass focused bulls in the entire sale. Sired by the Australian outcross sire, Marble Bar, and backed by the proven HXC 501R female, his potential is unlimited. His dam, 501R, produced a set of flush brothers that sold in the 2018 sale and were some of the most elite bulls after the ultrasound data was collected. He offers a unique combination of carcass merit and terminal value from a herd sire standpoint.

Sons of Marble Bar

Selling Choice of Full Brother Lots 65 - 67!

The Winning Bidder has the option to pick and choose or sweep the ring

Lots 65 - 67 - 8103F, 8132F, and 8139F are from a flush that was thought to have been the most exciting and uniform sine the time they were on the side of their recip dams this past summer. Unmatched substance of foot and bone, hip, and shape. They are wide centered, thick topped, and loaded with dimension. 8103F offers the most sensible birth weight at 68 pounds, while 8139F recorded a 79 lb. birth weight. 8132F is the performance driven brother as he came to the weaning pen at nearly 750 lbs. Their dam is a maternal sister to the legendary Mimi W085, while their sire is an own son of the great Patricia Rose donor. These brothers offer unlimited upside and breeding versatility.

The lone Bonanza son in the offering is a long sided, smooth made black-red-carrier that is sound built from the ground up. His dam is 509C is a young and productive female that is from the influence of Alliance and the Isabel cow family. Top 17% GridMaster, top 16% YW, and top 18% Marb.

Selling Choice of Full Brother Lots 70 - 74!

The Winning Bidder has the option to pick and choose or sweep the ring

Lots 70 - 74 - These five black-red carrier flush mate brothers offer superior uniformity, structural integrity, body mass, performance, and muscle shape. They are sired by Musgrave Aviator and backed by the famed \$60,000 valuation Laso Leanna BC114R donor dam. Many consider their dam, BC114R, to be the most impressive Basin Hobo 79E daughter they have ever laid eyes on. 8170F may be one of the most phenotypically superior bulls in the entire sale regardless of hide color. From a number standpoint they offer an extremely impressive profile. Top 6% HerdBuilder, top 13% GridMaster, top 4% CED, top 8% BW, top 4% Milk, top 10% ME, top 1% CEM, top 6% Marb, top 7% CW, and top 18% REA. 10 different EPD's that rank among the top 20% of the breed or better. These black hided bulls are herd bulls in the making and certainly will add pay weight to your calf crop.

LOT 75

What a bull to lead off this powerful set of strong aged Red Angus bulls. His name implies his body type and kind. C-Bar Big Kahuna 157E is massive in his rib shape, big hipped, wide topped, thick ended. He is a true beef bull that offers exceptional phenotype and genomics, a true combination herd sire prospect! He charts top 1% GridMaster, top 6% WW, top 3% YW, top 2% ADG, top 1% Marb, top 5% REA and top 1% CW. His dam was a hard working two-year-old that is an integral part in the C-Bar program moving forward as an own daughter of W914 by Brown Alliance. Big Kahuna is a true sale feature!

159E is another standout carcass herd sire prospect that boasts a top 2% GridMaster, top 7% CED, top 20% BW, top 27% ADG, top 5% CEM, top 1% Marb, top 11% YG, top 8% CW, and top 1% REA. His granddam is the \$60,000 valuation donor dam produced in the Lautenschlager & Sons programs of Washington.

Lots 105 - 106 - 355E and 360E are exciting herd sire prospects from the famed Mimi W085 cow family. Their dam is the attractive, highly maternal Anticipation daughter that is making waves as she continues the tradition that her powerful donor dam started. The Franchise of Garton sons offer tremendous figures as they chart top 2% GridMaster, top 6% ME, top 1% Marb, top 7% YG, top 11% CW, and top 1% REA. Truly elite carcass numbers with the phenotype and maternal strength to positively impact any program!

THE FALL BULLS

Lots 107 - 109 - The next trio of flush brothers are sired by the legendary C-Bar El Dorado 114Z and supported by the impact of the great Beckton Nebula P P707. The dam that these brothers are from was produced in the famed Hueftle Cattle Co. program of Nebraska. They chart top 8% GridMaster, top 19% ADG, top 6% Marb, and offer extremely balanced data across the board. These bulls offer sensible birth weights in the low 80's as a convenience added trait of importance. They are true performance cattle with added value from a carcass merit standpoint.

The lone Hereford bull in the offering, but certainly one that offers a high quality structural build. He is sired by the National Western Stock Show Supreme Grand Champion, CHAC Mason 2214 and backed by a maternal, big centered, high volume daughter of the great NJW 735 W18 Hometown 10Y ET. He is sound built, big centered, rugged designed, and offers exceptional shape from behind. A great option to add a bald face to your next calf crop with advantages in hybrid vigor. With the newly established partnership between the Red Angus Association and American Hereford Association, this bull will sire a set of exceptional Red Baldy replacements and feeder calves.

Top Dollar Angus Feeder Program

Top Dollar Angus is a genetic-certification and marketing company focused exclusively on the top 25% of the industry in carcass and growth Angus and Red Angus-influenced feeder cattle. Top Dollar Angus is a program similar to other popular branded-beef programs, except that Top Dollar Angus does its "branding" in the feeder cattle and calf market.

Qualified herds must have two or more generations of Angus (Black or Red) genetics with growth and carcass traits objectively ranking in the top 25% of the breed based on documented historical sire use. DNA evaluation, conducted by Zoetis or GeneSeek, is another workable method to qualify. Once your cattle have met the necessary requirements, they will be marketed under the Top Dollar Angus brand and logo, and will be promoted aggressively to a large number of feed yards and buyers. In today's market, Top Dollar Angus cattle are seeing premiums ranging from \$30 to \$70 per head above the average market.

Why the premium? Cattle feeders know that Top Dollar Angus cattle perform better and have higher grid-based carcass rewards compared to other cattle. This puts more dollars per head into the cattle feeder's pocket, which can be passed back to the producer in the form of premiums paid above market price.

Top Dollar Angus helps take the guess work and surprises out of growing and feeding cattle. Feed yards are tired of unpredictable performance and wide-ranging profitability results from group to group on cattle they purchase. Cattle often look the same and have the same colored hides, but are very different genetically. That's why the genetic certification of high-end Angus and Red Angus feeder cattle is here! The industry must differentiate the best Angus and Red Angus genetics from average cattle, and that's what Top Dollar Angus will do for you!

If you have consistently invested in high-performance Angus or Red Angus genetics, Top Dollar Angus will make your cattle stand out from the pack and get you the premiums you deserve. No matter how you market your cattle, our goal is to create more demand and higher prices for your calves.
