Cattle will be on display all day

Sunday, March 3, 2019
Cattle will be on display all morning.
Lunch will be served at noon.
1:00 p.m. Sale Time

INNOVATION

AgMarketing, LLC

Welcome to the Gateway Genetics Annual Bull Sale! Once again the Benes and Gana families have assembled a multi-breed offering that is second to none from a quality standpoint. Comprised of Simmental, SimAngus, Angus, and Maine-Anjou Influenced bulls, there is something for everyone in this year's offering of bulls. Several sires that walk the pastures at Gateway Genetics, including the 2018 and 2019 NWSS Grand Champion, SC Pay The Price C11, highlight the sale offering.

Performance, phenotype, structural correctness, and longevity is where emphasis is placed when it comes to breeding cattle at Gateway Genetics. The cowherd is built upon sound, functional, big bodied, easy fleshing females that can withstand the elements. The bulls in this offering are from the heart of the program, with many full sib brothers from top donor dams. Consistency is key and they understand the importance of uniformity when it comes to a marketing standpoint and how it affects their customer's bottom line. The bulls are developed slowly on a high roughage ration in order to maintain their structural integrity and foot quality. This offering of herd bull prospects are fit, athletic, and ready for heavy service!

Consider this your invitation to join the Gateway Genetics family on March 3, 2019 for the Annual Bull Sale at the Pierce, NE sale facility. Lunch will be provided at noon, with the sale to follow at 1 PM. Videos of the entire offering will be available online at DVAuction.com and InnovationAgMarketing.com leading up to the sale. DVAuction.com will also provide a live broadcast for those that are unable to attend. If you have any questions about the offering please feel free to contact any of the sale staff for further assistance. We hope to see you on March 3rd in Pierce, Nebraska!

Enjoy the cattle,
Sale Management

Cattlemen,

Welcome and Thank you for your interest in our 2019 Bull Sale. We are confident that this year's offspring runs with excellent depth and power, both on pedigrees and EPD's. We believe this is the most uniform set that we have offered to date. We are excited about the growth and maturity of these bulls throughout the year. We would love to have you join us on March 3rd in Pierce, NE.

We would like to thank all of our past customers for the continued support and interest in our program. Gateway Genetics is grateful for the feedback and success stories we have received through the years. We would like to also thank our crew that helped make our National Western Stock Show a true success and our crew back home putting in the long hours. Our team is passionate about improving our cow herd through sire selection and our embryo transplant program. Our goal is to provide well balanced, uniform cattle that can perform in the hills and in the feedlots.

We would like to invite you to join us for a meal and refreshments on sale day. We sincerely appreciate spending time with you, and if you have any questions, please give us a call. We hope to see you on the 3rd of March.

We sincerely thank you for your interest,

Gateway Genetics

GUARANTEE

All bulls are guaranteed for the first breeding season following the sale. If problems occur during that season contact us and arrangements will be made for replacement. Normal care and adequate nutrition need to be provided.

TERMS & CONDITIONS

All animals will be sold in accordance with the suggested guidelines of the American Simmental Association, American Angus Association and the American Maine-Anjou Association. For updated EPDs, genetic status, plus the current breed guidelines and conditions go to www.simmental.org, www.angus.org or www.maine-anjou.org.

RISK

Each animal becomes the risk of the purchaser as soon as sold. Animals purchased are at the purchaser's risk as to loss or injury, and will be loaded according to purchaser's direction. Insurance will be available sale day.

UPDATES AND SALE ORDER

Additional information and sale order can be found at the InnovationAgMarketing.com website and on gatewaygenetics.com.

ANNOUNCEMENTS

A supplement sheet will be available sale day with updated information, corrections and additional information. This sheet and any announcement made sale day and from the auction block during the sale take precedence over printed material associated with this sale.

LIABILITY

Neither owners nor sale management assume any liability for any accidents that may occur to the animal after it is sold. All persons who attend the sale do so at their own risk and owners or sale personnel assume no liability for accidents.

LOT 1

GTWY Farm Hand F059 is arguably one of the most unique and impressive Purebred bulls ever produced in the Gateway Genetics program. From the ground up he is flawless in his basic build as he offers a large and correctly shaped foot with depth of heel and moves with true athleticism. His balance and symmetry is second to none, with his proud look of confidence from the stand. Farm Hand offers so much from a herd bull standpoint in addition to his look of quality, he is a wide topped, thick ended, big-hipped bull that is rugged in his basic build. It is hard to deny his shear performance and breeding flexibility. From a maternal standpoint, his dam is a role model brood cow by Ranch Hand. We plan to utilize this own son of the two-time back to back National Western Stock Show Grand Champion, SC Pay The Price C11 with great intensity in our own program moving forward. A must see on sale day!

JOE CANADA - SIRE OF LOT 24

LOT 25

Many of the early visitors that have been through this year's offering of bulls have been quick to identify Gateway Insight F025. There is no denying the look and herd sire presence that he offers. His dam is the LC Rubeca 490 female that has done an outstanding job year after year. F025 was displayed at the National Western Stock Show in January where cattlemen from across North America admired him for his unique combination of balance and eye-appeal, structural correctness, and balanced number profile. F025 is sired by the multi-faceted industry leading PVF Insight. A true sale feature!
