

CODY CATTLE COMPANY
THE 2019 BULL SALE • MARCH 4 IN COURTLAND, KANSAS AT 1 P.M.

Welcome!

We are excited to be back in north-central Kansas, and it is with great pleasure to be having our inaugural Kansas bull sale with Hanel. They have been successfully selling bulls privately for decades and will sell bulls at public auction for the first time in 2019. We are pleased with the timing and opportunity to sell bulls in the same sale.

For the past decade it's been a passion of mine to get back to NCK, run cattle in the Smoky Hills, and market bulls at auction the same way my Grandpa Don, Uncle Myron, and dad (Bruce) did. Through their guidance, I learned how to put out a quality bull that commercial cattlemen would favor.

This past year had many firsts. Lindsay and I welcomed our daughter, Whitley, to our home state of Kansas and the family ground where she will be a 5th to 7th generation caretaker of the land. Brock and I had numerous conversations for the past 12 months on how we could offer a Black and White Sale and make it the best we could. New relationships were forged with backgrounders and feedlots that want to feed your Charolais cross calves.

But some things are not "firsts," nor have they changed. Over the past 20 years, CCC has been extremely aggressive with embryo transfer and AI'ing to the top sires. This has allowed us to make a very consistent and high-quality cowherd. There's a good chance that if our bull isn't an ET calf himself, his mother likely is.

We promise that every bull we offer provides value, and we will stand behind that 100 percent. We have several customers every year give us a budget, tell us what they're looking for, and we haven't had any fall-out yet.

We sincerely appreciate the opportunity to be back "home," at our roots and look forward to building new relationships — as well as growing our existing ones. Please consider us as a source for growthy, complete, problem-free bulls and as an outlet to help you market your progressive Charolais cross calves.

TERMS & CONDITIONS

All cattle will sell under the terms and conditions of their respective breed association. All sales are final.

RETAINED SEMEN INTEREST

Cody Cattle Company will retain 1/3 semen interest in all CCC bulls selling unless otherwise stated. The buyer of bull will get 100% salvage value for the bull when his service is done.

ANNOUNCEMENTS

A supplement sheet will be available sale day with updated information, corrections and additional information. This sheet and any announcements made sale day, from the auction block during the sale, will take precedence over printed material associated with the sale. Anyone attending this sale attends at their own risk. Cody Cattle Company, Hanel Black Simmentals, or the sales team will not be held responsible for any personal injury from attending this sale.

VIDEO PREVIEW OF SALE CATTLE

Videos of the sale cattle available online the week prior to the sale.

LIVE BROADCAST OF SALE

DV Auction

402-316-5460

VIDEO AUCTION

All cattle will sell while being viewed on large screen monitors in the sale facility. There will be multiple large screens playing videos of the animals while the respective animal is being auctioned. Cattle will not come into the sale ring during the auction and we will not travel through equipment during the auction. Please make plans to arrive early and preview the sale offering prior to selling.

BULL DELIVERY

Delivery of sale bulls will begin immediately after the sale. If you plan to make other arrangements the bulls will be cared for until March 15, 2019 free of charge. If you would like us to continue to manage your purchase a yardage fee of \$3.00 per head per day will be charged. An insurance policy is required on any bull(s) that are left after March 15, 2019.

AIR TRAVEL

Wichita Airport • 2 hours and 30 minutes from sale site
Kansas City International Airport • 3 hours and 20 minutes from sale site

ACCOMMODATIONS

Holiday Inn Express & Suites Concordia • 785-243-2700

HERD HEALTH

All cattle will be accompanied by a valid health certificate for immediate shipment anywhere in the continental United States.

VOLUME DISCOUNT

Purchase 5 or more bulls and receive 5% off your total purchase price.

A TRADITION OF EXCELLENCE:
SUCCESS IN DENVER, SUCCESS IN YOUR HERD.

With an eye to the future of selling rugged, performance-driven, and powerful bulls, 803 is in our sights. We've certainly bred cleaner-fronted, sexier bulls, but we have never had a bull that better meets the demands of commercial cattlemen. With his over-the-top performance, dimension and width throughout, on a solid and square foundation, we look forward to the mark he will leave on our herd. 803 is out of a top-end, no-miss cow with a beautiful udder. She is the granddam of the \$27,000 half-interest Major Impact sire, as well as the dam of the \$24,000 half-interest heifer for the Field family. Field's heifer was Champion at Tulsa State Fair and Reserve Champion at the State Fair of Texas. 803 was the highest ratio weaning spring bull at 126, as well as scanning over an 18-inch ribeye with a large testicular development.

RETAINING 1/2 SEMEN INTEREST AND SPRING POSSESSION.

When Resource sold, I felt that he had an opportunity to impact the Charolais breed. Miles Ahead gives me the same feeling, this bull is unique and great where many white bulls fall short. He has a masculine clean head, squares up with as much shape and power behind his blades as I've seen in a yearling and transitions it into a massive hip and quarter. 8113 is bold and expansive in his heart while having an ideal tailhead and hip design. He possesses the power and performance we come to expect from Milestone, but 1140 was able to make the calving ease and birthweight EPDs more user-friendly. We plan to use this bull heavy out of the gates on our Resource daughters. Due to weather and timing we weren't able to get him pictured for the catalog. I encourage y'all to study his video and schedule-allowing, we will get a picture put on the Cody Cattle Co. Facebook page.

The Resource x Rapid Fire—428 mating is one we've been excited about for a while. This herd sire prospect got the best parts of each of his parents. From "P-Fuzz," he gained her flat shoulder, perfect fore rib, and soft hair. From Resource, 840 got extra belly, performance, and ability to convert.

MAJOR IMPACT SONS

CCC MAJOR IMPACT 613 P

Major Impact's first calf crop didn't disappoint, and Impactful is a good representation of this. He is a square, hard-footed calf who is dark pigmented and offers a quality look. 819's dam was our pick of the M&M bred heifers at their dispersal. He is as complete of a bull as any with his carcass measurements. Weaning ratio: 108.

BULL GUARANTEE

Unless otherwise noted, all the breeding age bulls will have passed a breeding soundness exam prior to pick up/delivery. In addition to the standard Terms and Conditions of the American Simmental Association and the American International Charolais Association we will provide the first breeding season (the 90-day period immediately following turn out) guarantee on all yearling and older bulls. This guarantee is not an insurance or mortality policy, but a guarantee on functional fertility. It is not a substitute or replacement for poor management. Buyer assumes all risks for injury due to running bulls together or management decisions outside genetic control. For the guarantee to apply, we ask that you contact us as soon as a condition is observed and before the animal is sold. We will work with you to determine whether the animal is returned or sold for slaughter. We will attempt to provide a suitable replacement. If one cannot be provided of equal or greater value, we will issue a sale credit to be used in a future sale for the full purchase price less the salvage value of the animal.

Age Advantage Bull. Take a hard look at this son of 1556. 1770 is her first calf and she hit it out of the park for a first calf heifer. You're going to see a lot more of this young cow in the future. He's a son of the TR Mr Diablo 2584Z bull we purchased out of the Thomas Ranch Dispersal. 2584Z's dam is the great Wylie cow that sold for \$100,000 in that same dispersal. 2584Z has been our primary walking bull here at Shaffer Cattle Company for several years and his first daughters are now in production. We are excited about these young cows. Great feet and legs with added maternal calving ease!
