The Fort Hays State University Beef Unit

# FHSU Round Up Welcome

FORT HAYS STATE  
UNIVERSITY

*Forward thinking. World ready.*

Hello Friends of Fort Hays State University,

On behalf of our students, faculty and staff at Fort Hays State University I welcome you to our Class of 2019 Bull and Heifer Sale! We have been quite fortunate in obtaining a quality cowherd to complement our previously existing genetics. The genetics we are offering perform in the country as well as in the show ring.

One of the most difficult tasks for any cattle operation is identifying genetics which complement their unique environment. Our sale offering is generated from a teaching herd selected phenotypically to produce sound, functional, easy fleshing cattle and genetically to provide an "optimal" genetic profile for cattle producers in the central plains.

We welcome buyers as well as friends and alumni of the institution curious to see what we are doing with our university beef herd. It is our goal to provide students with a unique educational opportunity. Our students and staff have been involved with every facet of producing this offering from calving to cataloging. I am very proud of the hard work and dedication our students, faculty and staff have put forth to produce these cattle.

Sunday evening March 17th we will be hosting a presale social and educational event. Dr. Twig Marston from Hubbard Feeds will be presenting nutritional strategies for increased performance and fertility. Sandra Utter Levering from ABS Global will be discussing the unique culture of rural America which makes Kansas such a great place to work, live and raise a family. This event will be held in the Robbins Center on the FHSU campus. The meal will begin shortly after 6 p.m. An RSVP is greatly appreciated (but not required) and will help us prepare the appropriate amount of food. To RSVP call 785-628-4196.

When working with students it is necessary to be constantly vigilant of safety. These cattle have been fed and handled by our herdsman and students. I believe you will find the disposition of our cattle is excellent. Cattle without congenial dispositions do not stay very long at our university farm.

I hope you have the opportunity to join us sale day as well as Sunday evening for our pre-sale reception and educational seminar. The primary focus of the Agriculture Department at Fort Hays State University is preparing students for successful and rewarding careers. I encourage everyone to take the opportunity to interact with our students. We are offering a really nice set of cattle March 18th. However, our best commodity is really bright, well-trained and hardworking students who are going to be important components in the future of the agriculture industry.

Very Sincerely,

*Clyde Cranwell*

C.D. Cranwell, Ph.D., PAS  
Chair, Agriculture FHSU

Cattlemen,

Welcome to the 2019 Fort Hays State University "Round Up" Bull Sale! It has been a challenging winter to say the least, but enthusiasm in the market place continues to surge. The Red Angus breed continues to gain momentum throughout all sectors of the beef business. There is no denying the impact of a Red Angus female and the maternal function that she can offer to a cowherd.

Over the last two years the Fort Hays State University breeding program has established itself as one of the premier Red Angus seedstock providers in the country. Through hands on learning experience, students are able to experience the seedstock business first hand and every aspect of promotion that the business has to offer. This past year FHSU exhibited cattle as a way to promote the program at all levels, including the American Royal and the National Western Stock Show with great success! In fact, FHSU exhibited the Reserve Grand Champion Red Angus female at the American Royal and the Grand Champion Pen of Three Females at the National Western Stock Show. The middle heifer pictured in the Pen of Three will be a sale feature on March 18, 2019!

The bulls that have been offered through the last two sales have gone out and worked with great success for customers. The staff and students at Fort Hays State University enjoy hearing about the success you have with your purchases and how they positively impact your bottom line.

Consider this your invitation to join us on Monday, March 18th for the 3rd Annual FHSU "Round Up" Bull and Female sale! All the cattle will have videos available for viewing online at DVAuction.com and are available at anytime for viewing. If you have questions about the offering please contact Mike Stoppel or any of the sale staff to visit about the cattle. We look forward to seeing you in Hays, Kansas on March 18th!

Enjoy the cattle,

sale Management Team

### PRE-SALE CATTLE VIEWING AND RECEPTION

**SUNDAY MARCH 17, 2019**

Cattle will be available for viewing at the Fort Hays State University Beef Unit Sunday afternoon.

Sunday evening there will be a meal and seminar at the Robbins Center on the FHSU campus. The Robbins Center is located on the north side of the west entrance to the FHSU campus (just off the 183 bypass).

**The reception will begin at 6:00.**

Seminar speakers will be:  
Dr. Twig Marston from Hubbard Feeds  
Sandra Utter Levering from ABS Global

RSVP is not required, but would be appreciated to help us prepare enough food. To RSVP please call Melissa (785) 628-4196 or Dr. Clyde Cranwell (785) 639-6891.

We hope to see you there!
