WELCOME *to the 2019 Spring Edition of The Black Label!*

It's truly been a great year for Black Label breeders and families. This time around I don't have a formal letter, but instead a few points I would like to share.

GIVING KIDS OPPORTUNITY

The quest for excellence can only be achieved when fueled by opportunity. Many years ago, a gentleman who saw my passion for the registered business fueled my quest. Gene Raymond, of GV Limousin in Garnett, Kansas knew my family couldn't afford his best stock but he also knew I would do everything possible from feeding to daily care to make sure my animal looked it's best. He took a chance on me and it changed my life. The opportunity he gave me led to countless open doors with awesome people behind each one. THE BLACK LABEL GROUP BELIEVES EACH AND EVERY KID DESERVES SOMEONE WHO BELIEVES IN THEM AND THEIR ABILITY.

DIFFERENT KINDS, SAME GOALS

Form and function from an animal standpoint plays into build and balance. All of us have different terminology and preferences. For example, I like them with a little more extension and shape with cool, sharp features, and impeccable, problem-free structure; but my good friend,Casey Hilmes, will take his stock a rib shorter, ½ frame score smaller with a cool square look but still loves a high level of skeletal integrity, like a good stockman should.

We all like to win, we all like the backdrop, but we still have to maintain a disciplined breeding program with cattle who thrive and produce in our respective climates and environments. We have been able to produce bulls who influence their respective breeds and make females who are competitive at the highest level - nothing thrown to the side.

The point is, you are buying from a group who has an unquenchable passion to breed and select the highest quality for this offering, year in and year out. We each approach it a little different, but together we're a cohesive group who gets along within, calls each other to bounce breeding decisions, bull selection, or facility improvement suggestions. This comradery has made the Black Label the event it is today.

WE WANT TO HEAR FROM YOU

We are not a complacent group. We want customer feedback. We want to make the cattle and experience better for all of our customers and exhibitors.

ENJOY THE PEOPLE AND STOCK,

Jered Shipman

WAGR "CHANEL" 5073

DAM OF LOTS 1-3

At Shipwreck Cattle Company, we are absolutely stoked about this set of 2018 fall born calves. This is the first cattle we have offered out of Chanel in a public auction. Chanel is a past FWSSR Champion, Reserve Champion Purebred Pair at the 2017 AJSA Summer Classic, a many time division and class winning female. She is backed by the potent Melody cow family, which built the entire Wager/ CK Cattle programs in SD and sired by Broker, the champion maker. Chanel has and continues to make friends with each visitor to Grandview. Lots 1, 2, and 3 are the only females that exist on each mating at this time, thus making it even more intriguing to tie on. 912F, by 20-20 is one that surfaces for many. Her build and look is truly impeccable with the shape and refinement that is desired. 20-20 stamps his cattle with look and there's nothing out of the ordinary with this one.

967F is sired by one of the better and definitely under promoted red bulls in the breed. KS MR Shamwow A914 is owned by Ft. Hays State University of Hays, KS. He leads the breed as the top 1% for YW, 2% for WW, top 3% TI, and top 15% API. When we were putting this book together DNA hadn't been transferred from Red Angus to ASA so we didn't have the actual BOLT numbers to publish. So let's focus on the amount of substance, broodiness, and muscle that she possesses and how she handles it with a disposition fit for a first time exhibitor.

2017 GRAND CHAMPION AMERICAN ROYAL
MATERNAL SISTER TO LOT 4 & 5

Two years ago we sold a heifer calf by 20-20 in this very sale which went on to be the 2017 American Royal Champion. We are excited to offer you a pair of maternal sisters by Classified and Dagger. Both are very similar in type and build; wide-based, big-topped cattle with amazing turn from their upper rib cage to lower body sweep; equal in soundness and skeletal make up too! Their dam is a full sister to the Hartman stud, High Calibre, and their big sister will always be the Kansas City Champion.

HWGW MISS FAITH C056

OFFERED BY BLACK LABEL PARTNER

Last fall we offered a full sister to this female. Big sister sold as lot 32 to the Sullivan family for $3,500. She then went on to be Reserve Calf Champion in San Antonio and recently the Calf Champion at Houston for Cutter Sullivan.

Little sister is a result of an embryo purchase in the 2017 Fall Black Label by Garren and Heidi Walrod. I would venture to say the future is way bright with this near perfect profile darling. Sired by the 2017 Ruby Cattle Co high seller, Gentleman's Jack, and from a female that was selected 9th overall at the 2016 AJSA Summer Classic, comes this great looking, good structured female which breaks into the November class. The Walrod's do a great job just north of Manhattan, Kansas, and we are happy to have them send this heifer back to the Black Label.

SWC HOC ANNIE K 214C
DAM OF LOT 7

214C is a moderate daughter of Wide Body and the great Annie K 330Y. Albert Sulak wanted to buy our entire set of Fall Bred Heifers in the Spring of 2017, I told him I would only do it on the condition that I could sort two off the top to keep; she is one of those two. I have always loved this donor dam for her moderation, rib shape, pin set and width, her great feet and functional leg. She is one of two females bred like this in existence.

Lot 7 is her November born natural calf sired by a Vision son that happens to be a maternal brother to Ethan Wood's Josie donor. Many have appreciated her and the only thing I can say is, her picture tells more than I can on paper.

2016 CALF CHAMPION AMERICAN ROYAL
FULL SISTER OF LOT 10

2017 3RD OVERALL PB SIMMENTAL OYE
FULL SISTER OF LOT 10

Within this sister trio, there's multiple generations of proven genetics backed with results. 11G was an elite female bred in the Kansas State University program, back when we used to look at them and mate them rather than sitting in front of a computer screen and doing so. She was a program-leading donor prior to and during her tenure at Fenton Farms of Oklahoma. A full sister was the 2016 Calf Champion of the American Royal and then went on to be 3rd Overall Purebred at the 2017 OYE for the Courtney family. Loaded Up only enhances the physical quality and predictability of the genetics at bay in these three.

JASS ON THE MARK 69D SIRE OF LOT 13

Throughout the years we all get blessed with great friends and partners in this business. The Derrer family has been one for us. Whether it's steers or registered heifers Rod has always sent his best for us to market. And for that I would like to say thank you! Now back to the footnotes: 15F is sired by the up and coming sire, On The Mark, who is quickly becoming Loaded Up's best son. The cattle have great look of quality and balance, and this female is no different. As a July this female is a different age of many that are selling today. Regardless of age we feel this female has what it takes to find the backdrop!

BLS ANNIE OAKLEY

OFFERED BY BLACK LABEL PARTNER

Lee texted me on the day we were taking pictures about this heifer and believe it or not it all came together. The Sadler family has been a loyal customer to the Black Label and we are ecstatic to have one in the sale for them. They purchased her dam from Bird Cattle and she is sired by a really well-made son of Shear Force. Her maternal grandmother is a past $30,000 high selling selection of Brandon's from Griswold Cattle. This female is way big haired, cool built, and striking in appearance with ultimate soundness. She's been down the road a little bit already, so she's halter broke, show broke, and will be highly competitive in the summer divsion, wherever you take her.

JSSC HALEY 874F
OFFERED BY SEALE SHOW CATTLE

This November baby doll is the kind that wins! A maternal sister was a high selling heifer last spring and we feel she can follow in her big sister's footsteps. Sired by our Sr. herd sire that has left us with many high quality progeny. He's sired by the great Upper Class out of the C&A donor, FBFS Slow Melt 089S. He has put several heifers in the sale that have gone on to have success in the show ring. This female is long necked, big bodied, and extremely good in her structure. She may be a little on the green side but, make no mistake, she's a high quality female!

CMFT TOLD YOU SO 353F

OFFERED BY BLACK LABEL PARTNER

Both of these heifers come from a very distinguished cow family. U12 was originally purchased by Greg Burden while at Griswold Cattle. She went on to be Reserve Supreme Overall Breeds at Tulsa State Fair and then was dominant in the fall division winning her division at Kansas City, Louisville, and Denver. She went on to be Reserve Grand Female at the National Western in Denver. She is also the only female we know of that won the American Royal Junior Show two years in a row.

CMFT TOLD YOU SO 101F

OFFERED BY BLACK LABEL PARTNER

As many of you know, the Executive Orders have been extremely popular the last couple of years and this mating proved to work very well with U12.

The LMC Daydream Partners are excited to bring you another intriguing opportunity to get in on the LMC Daydream influence. Clarissa is the first daughter to sell out of La Muneca's much anticipated and upcoming herd sire LMC Chairman. Clarissa is an elegant, long bodied, and free moving heifer which also excels in natural thickness.

Clarissa is a direct daughter of LMC Daydream, making her a maternal sister to several recent champions including, Madison Culpepper's Black Label high seller and 2018 ASA National Champion Female, LMC SSC Yolanda. Annah Morris' Grand Champion Female at the 2018 State Fair Open Show LMC SSC Ginessa who was also purchased in a Black Label Sale. As well as Caleb Fuchs' 2019 Fort Worth Open Show Grand Champion Female LMC SSC Catalina and Haley Bryand's 2019 Grand Champion Simbrah Female at the Superbowl LMC SSC Melinda. Daydream is sired by the 2011 International Champion LMC Rhino bull and out of the famous, many times champion LMC WFC Ms. Dream Girl donor.

LMC Chairman emerged on the scene as a former RGVBIA Bull Gain Test Overall Champion and has been popular amongst several breeders due to his desirable phenotype. He is sired by LMC Black Perfecto, whose dam is the popular LMC Titans Muneca 5H/367 "Sophie" champion for Anne Baring. On the bottom side he is out of the LMC BBS Jenna donor who is emerging as a star producing several great calves thus far. Take a good look at Clarissa, she has a lot to offer and is eligible for the LMC Junior Program, which is one of the most supportive in the country. Brought to you by Seale and La Muneca.

LMC CHAIRMAN 5C/178
SIRE OF LOT 44

LMC DAYDREAM 5Z/173
DAM OF LOT 44 AND 45

LMC SSC CATALINA 5D/307

OFFERED BY SEALE AND LA MUNECA CATTLE CO

What an opportunity here to capitalize on what we feel is a unique Simbrah female due to her ability to be ultra capacious yet remain super sound and still have an elegant look about her on the profile. Catalina is a full sister to Madison Culpepper's many times champion and former Black Label high seller LMC SSC Yolanda who was crowned the 2018 ASA National Champion Simbrah Female in Fort Worth, Grand Champion at the Star of Texas in Austin and Reserve Champion at the American Junior Simbrah Roundup.

Catalina is sired by the former National Champion Percentage Bull LN LMC 12th Man, who is a 6G/LMC Rajin Cajun son out of the LMC Mariah's Dream "Delilah" donor who is built a lot like Catalina. Several Simbrah champions in 2019 are either sired by or trace back to 6G/LMC Rajin Cajun, including 5 of the 6 major Simbrah champions. On the bottom side, her dam is the profitable LMC Daydream donor that is sired by the 2011 International Champion LMC Rhino bull and out of the famous LMC WFC Ms. Dream Girl donor who won several major shows for Jordan Grahmann.

Study this unprecedented opportunity to get in on the LMC Daydream cow family once again here at the Black Label. Catalina has the design, pedigree clout and an exciting heifer calf on the ground that projects she'll be one you can latch onto with confidence.

Selling 1 IVF Procedure with a guarantee of 6 viable embryos and a maximum of 10 embryos. Any embryos produced over 10 will be split 50/50 between buyer and seller, beginning with the buyer receiving the 11th embryo. All flush and freeze costs are to be paid by buyer. Buyer's choice on the sire to be utilized. The work is to be done at Trans Ova Genetics in Bryan, Texas by June 30, 2019. Catalina currently has a fancy LMC 6G Red Rock heifer calf at side, but is available immediately after the Black Label for the procedure.

DAM OF LOT 46 AND 47

The 4000 donor at Hidden Oaks was their selection years ago from the Thomas Ranch pasture sale. As you can see by the reference photo she is something to look at and appreciate. Always a good looking, great built animal with plenty of rib and merit. In fact this particular female is your 2016 Reserve Houston Champion and her daughters are sired by the low birth weight Mission Nexus. The Nexus stock have been very successful at all levels of production and promotion. The softness, soundness of structure, and the right angles are all demonstrated to a T in this pair of full sisters. These two have great disposition and will be great projects for any family who enjoys good stock with Post Tan Bark marketing value.

WEAVER® LEATHER LIVESTOCK

BL RESTLESS HEART 101E

OFFERED BY BLACK LABEL PARTNER

The only Angus in the offering, but man we are sure proud to have her in the sale!
This exciting November-born female is a direct daughter of "056," - the potent, no-miss donor at Kinna Cattle Co. Since 2013, 11 of her daughters sold for an average of $19,000! An outcross to nearly every current show pedigree, 056's bloodlines have not only highlighted sales and been competitive in the ring, but more importantly, have gone on to prove themselves as donors who can raise cattle even better than themselves.
"Restless Heart" is sired by Hot Rod, making her a 3/4 sib in blood to "Revenge," a Famous x 056 daughter. During her too-short donor career, Revenge actually outperformed her mother producing $51,000 and $25,000 high-selling females. In 2017 "Young Love," a Broker x Revenge went on win Reserve Grand Champion % Simmental Heifer at Louisville for the Udell family.
This one here is the kind who puts people on the map. She's got the quality and attractiveness that'll make you proud to haul her to shows, and she's backed by a powerhouse cow family. Go ahead and put this one on your short list!

Another great show prospect form Derrer Farms. This purebred female is sired by the most dominant bull in the breed right now, M&M Outsider. Her mother won many championships for Rylee Derrer in her show career and we feel this female will follow in her mother's footsteps. One that is extremely feminine in her appearance. Great on her feet and legs with the right amount of power to win!

LJR MS TOP GRADE 2600F TW

OFFERED BY BLACK LABEL PARTNER

For those who may not know, the Charolais Junior National is in Ft. Worth this summer. This pair of late July sisters would look really good in that summer division. They are sired by the high selling bull from the 2017 National Western Stock Show, MF Top Grade 428, and out of a great daughter of Turton. As you can judge by their picture, they are long sided, attractive fronted stock with great rib shape, and have the running gear to get there and back.

HOC EDLYN E047

OFFERED BY HIDDEN OAKS CATTLE COMPANY

This direct daughter of the late Red Answer is something to take notice on. She is from a Driver x 6047 bred dam who has kept her progeny in the upper ranks at Hidden Oaks year after year. She's a purebred with a 130 API, 72 TI, and ranks in the top 25% for REA and 30% for Marbling, while being nice to look at. She is as balanced on paper as she is phenotypically. Great headed, awesome necked, big bold centered, and soundly leaves you with enough width and dimension to suit anyone. **Sells safe in calf to Dakota (ASA# 3227853) PE 12/20/18 to 2/15/19.**

BLACK LABEL HIGH SELLING MATERNAL SISTER

JSSC CAROLINA 761E

OFFERED BY SEALE SHOW CATTLE

This great young female boasts two of the most prominent cow families of The Black Label. Sired by the 75,000 FBFS Bonifide and from Caroline 35Z. The maternal sisters to this female have averaged $15,000 at this event. On the topside this female has the FBFS Exclamation, a female who has an average of $35,000 on 7 head only to add to the earning potential of this young lady. In the past, sisters have sold to several outstanding outfits like Badger Creek, Hagan Cattle Co., and Morris Cattle Co. to name a few. **761E comes to you A.I. OFFERED BY SEALE SHOW CATTLE

This is one of the 1st Currency's to sell. For those of you wondering who JSSC Currency is? He is a full brother to the 2015 Black Label High seller, and many time champion for the Sheffield Family, JSSC Caroline 004C. Not many make the trip east to San Augustine, but for those who have will tell you he's worth the trip! This bull is impressive on the hoof and in terms of his progeny! The female's mother is backed by another herd sire which originated in our program, JSSC Yes Man. David Berry bought this bull as a yearling and graciously allowed us to run him a few times and boy are we glad he did! This bull has several daughters in the herd and they are some of our best. Take a look at this ¾ blood female closely on sale day, as we feel she might be as versatile as any in the sale!
Sells safe in calf to EZS Justify 002E (ASA: 3442546).

MATERNAL BROTHER OF LOT 71

This blonde will turn heads sale day! Her maternal base is very well the most dominant of any you will find. Backed by a super impressive Firewater x 0641 daughter, which is a cornerstone donor for Derrer Farms.

Sells bred to the Bird herdsire, Counter Attack with sexed heifer semen. No Bull Exposure.

WHITE LIGHTNING

OFFERED BY BLACK LABEL PARTNER

White Lightning is a long necked, smooth shouldered Charolais breeding bull with length, style, and muscle shape. He offers a low birth weight, fast growing profile, and performance stats with a great set of feet and big testicles. His dam has produced 6 natural bull calves and 2 heifers and is still in production at the youthful age of 10. Her sons have all averaged over 40CM at a year of age and her only daughter sold at public auction commanded $15,000 in the legendary and historic M6 Dispersal. He would be the ideal herd sire for a progressive seed stock operation or someone looking for low birth outcross options for their club calf program.

When we laid eyes on his dam, we had to do whatever it took to acquire her. It's tough to find a red angus female with as much shape and power as his dam. Muscle, bone, foot size are all weaknesses for the breed. Sudden Impact, bred in the McMurphy program, has been the go-to for us on these Red Angus show heifers from a low birth standpoint with zero throwaways. This stout beast has the width, dimension, body, and beef business look to enhance any program-registered or commercial.

When the opportunity to purchase 633D presented itself, we knew she was the type and kind of Red Angus female who may not be the next one to hang a purple banner, but she was the kind of female that had the pieces and unique features necessary to raise the next generation of Red Angus seedstock that could make an impact. She is massive in her foot and bone work, square built, big hipped, and offers real world genuine shape from end to end. Last year in western Oklahoma, a Red Angus bull hit the scene as one of the most unique individuals to surface within the breed. He wasn't at the end of a leather lead, and he wasn't at the backdrop with a rosette. He was in his working clothes and he was a good one! King of The Cowboys was the high selling bull at McEntire Red Angus and was selected by Hidden Oaks Cattle Company. Semen was marketed through the Black Label last spring commanding over $125/unit just a week after he sold as an unproven young sire with a BIG future. Some of the top outfits in America have utilized this young sire and the progeny are exceeding expectations. This mating combines two individuals that excel in their foot design, their stoutness of bone, squareness of build, and genuineness of rib shape and muscle. **Offering 3 embryos, guaranteeing 1 pregnancy if implanted by a certified technician.**

SWC FIRST RATE 226F

OFFERED BY SHIPWRECK CATTLE COMPANY

This Relentless son is the result of an embryo purchase from the Circle M dispersal. His dam, known as "Sage", was one good built, productive female. First Rate is first class in his kind. Big, good feet, flawless movement, up-headed, strong lined with a level pin set and plenty of beef cattle shape to go right along with it. If this guy wasn't scurred, I know his value would be way more significant, but his kind has been tough to find this spring.

SWC BAR O FAST TRACK 284F

OFFERED BY SHIPWRECK CATTLE COMPANY AND BAR-O

Bottomline has worked well for us. Like many bulls, he has to be mated to the right cow to create the ideal result. This stud is from a moderate, sharp made, Pilgrim x Melody daughter who has been very productive. Again a big footed, stout made, star headed stud with an interesting build.

J&J QUEEN 414
MATERNAL GRANDDAM OF LOT **76**

There is no questioning the success that this mating has had for Hilmes Cattle Company and Fenton Farms of Oklahoma. When it comes to generating cattle with an elite presence, flawless structural build, ad three-dimensional body type the W/C Loaded Up x Miss Class 414 42 mating has been a homerun. This half-blood stud has followed suite to countless full sibs that have preceded him through the auction ring. In the Fall of 2017 a full sister heifer calf was marketed through the Black Label Event by the HSC/FF partnership that was a sale feature and commanded $47,000 selling to the Culpepper family of Gonzales, Texas. Loaded with class, affectionately known as "LC" was selected Grand Champion Percentage Female at the TJSSA State Futurity in College Station this past summer. "LC" endured a successful Spring at the Texas majors where she was Reserve Division at the HLSR, and Reserve Grand Champion ORB and Reserve Grand Champion Percentage Simmental in the Superbowl on the riverwalk in San Antonio! A full brother by the name of foremost commanded $20,000 for half-interest in the 2019 Cowtown Classic.

Forefront sets the standard when it comes to stoutness of foot and bone, squareness of build, and offers a bulletproof look of balance and symmetry from every angle. A powerful female backs every good bull and in this case this most certainly holds true. The granddam of this bull is the legendary J&J Queen 414, a female that has had as much success across a multitude of different breeds as any other Angus female in the business, producing nationally competitive Angus, SimAngus, and Maintainer cattle. Look to forefront to add cow family, predictability, and phenotypic excellence to your operations breeding plans!

SWC BLC1 FT. WORTH 817F

OFFERED BY SHIPWRECK CATTLE COMPANY AND BRECKEN SHIPMAN

This May born stud could be one of the best animals we have bred to date. A short history: we run a set of cows 60+ miles west of Grandview where the cows graze two 600-acre pastures of native grasses. The terrain isn't as tough as extreme southwest Texas or the panhandle, however they must hustle to maintain and the trek to water is further than most. This calf was born a week after our last rain in May and didn't get wet till August 9th. During that time of zero moisture, we experienced the second hottest and driest summer on record with average temperatures in the upper 90s, no creep, and not weaned till the first week of December. Short version: if I was a better manager this calf would have been in Denver.

Ft. Worth is very similar to the greats that have been campaigned in the percentage division of the Simmental bull battle ground. It's competitive human nature to say we think he's one of the very best, but I think his build, movement, and genetic backing propels him in that direction. His sire was the lead bull in a Purebred Champion Pen of 3 for Kearns Cattle Company and went on to be one of the high sellers of that year's bull sale. His dam would have been 5th overall % female at the 2017 AJSA Summer Classic and the Champion % Female at the TJSSA State Futurity in 2017. Demi 6D should have been exhibited more than she was, but she is still one we get asked about on a National level. Demi no longer exists and we do not have any daughters, but this son of Carver will carry on. 817F is great footed, flexible and clean in his joints, and athletic in motion. He's good headed, long necked, but balanced in his length of side and hip. His rib is bold and he has more true shape from behind his shoulder to his high and wide pin set. If you want to doubt him or question him, that's fine, but you owe him the trip to Grandview on April 6 before you pass that kind of judgement.

Terms negotiable, but we are offering ½ interest and ½ possession in this great prospect.

W/C RELENTLESS 32C
SIRE OF LOT 74, 78, AND 79

Here is a pair of flush mate brothers to lot 74. They were both born in May and have turned it on in the last 30 days…so we decided to add them to the sale offering. Although they didn't make it in the hard copy of the sale catalog that shipped, we truly believe that both of these Relentless sired studs offer unique breeding pieces that are hard to come by in a three-quarter blood Simmental. 5155 is extreme in the length through his front third, with a presence and look of balance that is second to none. He has grabbed another gear as of lately and we believe that he offers the credentials to sire high end show heifers that will command a premium. His elevation through his front third, coupled with his athletic build, muscle pattern, and body type is sure to yield those highly sought after females, just like his old man! **Shipwreck Cattle Company will semen test prior to pick up or delivery. If for some reason one of them doesn't pass his BSE, we guarantee that you do not own him and you will be refunded.**

7.70	3.10	62.50	86.35	20.55	103.7	59.6

Lot 79 is the third brother from a potent flush. 5100 is his tattoo and he is the shorter spined, deeper sided, bolder sprung of the two May born studs. He is a good footed, smooth jointed, flexible made bull that ties in high to the top of his shoulder, is big topped, thick ended, and big testicled for a coming yearling bull of his age. Regardless of which one of these two brothers you prefer, rest assured that the quality of structure, body type, and maternal function that lines their pedigrees is noteworthy. We know they're on the younger side, but if you're a program that breeds for late April and May calves, or even a fall calving operation, here's the chance to tie to a pair of high quality ET brothers that will mature into top shelf herd bulls that will allow you to shelf your AI gun and open the gates. **Shipwreck Cattle Company will semen test prior to pick up or delivery. If for some reason one of them doesn't pass his BSE, we guarantee that you do not own him and you will be refunded.**

LOT **100** PB SM

3 CONVENTIONAL EMBRYOS PER PACKAGE

BROKER - SON OF JM BF H25

JM BF H25 EMBRYOS

The matriarch that produced the multi-million dollar semen selling, backdrop siring Broker, is long gone but her genetics still work today. Granddaughters, like Cottontail and Sweet Emotion, along with many others continue the legacy from a female side without question. There is clearly no favorable factor for longevity in the ASA data base, but this cow family raises the bar for years of production, donor or natural calving cow, they are built to last. Yes, we are not ignorant to the fact that this opportunity might be considered as antiquated in today's fast paced world of genetic technology, but they still have value. How do we know that the next breed leading donor or sire is not in this frozen genetic offering. It's happend multiple times before and more often than not. No guarantees on pregnancy but they have been sticky. One money buys each mating.
