

This is the Signature Collection. This is a definite product of what happens when those that have the drive and initiative to be the best, they set out to have the skill set and grit that it takes to be elite in this business. Of course, along the way, the right genetics must be in place to go at it on one's own in combination with the aforementioned. Ladies and Gentlemen, the two operations in this exclusive offering, know what it takes to get to where they want to go, and this is another marketing venture for you to take advantage of in order to join the journey.

I have had the privilege of knowing both families well over a decade and recall the first time I met Tim Schaeffer twenty years ago. For those that know or follow the Udell and Schaeffer families, one knows the passion, investment, and effort they place on breeding and raising the absolute best. Tim and company have taken the support of a great mother and father and put forth the sweat equity, and elevated presentation to a level that has propelled them to a premier rating in the business. Bret Udell exhibited no fear in his acquisitions of the nation's most elite females during Mitchell and Maddy's show careers. He to, like Tim, aligned himself with those that were at the top of their game to secure his investment in some of the most decorated females on the tanbark to date. Together, these outfits, would have a dominant number of appearances at the backdrop and with many of those influencing this offering.

The stock would represent multiple breed affiliations with household named donors backing the genetics that are up for your appraisal. These females also come with the service to some of the industry's best to insure you a calf with substantial marketability. Schaeffer and Udell both know and understand the value of customer service and are always available for your inquiries and are willing to offer advisement to further enhance your investment. Folks, this is not another bred female sale, this is the true cream of the crop of the business and we urge and invite each of you to join us December 13, 2020.

We hope you will like the stock as we intend to have an annual event moving forward. Thank you and Happy Holidays.

Outsider x Angela Daughter

Outsider x Angela Daughter

We initiate the Inaugural Signature Collection Elite Bred Female Sale with a female that defines maternal perfection. TR PZC MS Angela 31A was the 2014 NAILE Reserve Grand Champion Charolais Heifer, a highlight of her extremely decorated show career. Angela is a result of one of the most dominant matings in the Charolais breed. The Firewater x 0641 combination has yielded countless National Champions, high sellers, and individuals of influence from coast to coast and border to border. 0641 will go down in the Charolais history books as one of the most prolific producing females of her time. One of the most popular full sisters to Angela 31A would be the great TR PZC NC Firefly 1746 ET, the 2013 NWSS Grand Champion Charolais Female that now calls home to the Mrnak Ranch of Bowman, North Dakota. Another full sister to Angela would be the 2012 NWSS Grand Champion Charolais Heifer, TR PZC MS Ivory Angel 0711. Angela's most famous brother is the tried and true, TR PZC MR Turton 0794 ET. Angela has produced several high sellers for the Schaeffer-Tice program, including a pair of Outsider heifers at \$18,000 and \$15,000. Not only does Angela work extremely well from a Purebred standpoint, but when mated to the popular sire choices of the club calf industry she produced a \$17,000 Monopoly steer and a \$12,000 Fu Man Chu steer. Angela is just getting started and we believe she has the potential to propel any operation forward regardless of your production goals. Genetic consistency reigns supreme!

STF IM THE ONE H495

This trio of half-blood SimAngus females are backed by the all-time high selling female in the Frozen Gold sale, S&S One Dream S61, a stunning blaze faced female that commanded a \$61,000 half-interest hammer price. Did you know that S61 has over 50 head of progeny recorded with the American Simmental Association? Her impact has been substantial, and this set of sisters are a prime example of her consistency. 9703 is sired by the late Silveiras Style 9303, arguably the most well-versed Angus bull in the industry. She is a striking blaze faced female that is bullet proof for balance. S&S List of Dreams 9121G and S&S Dark Dreams 9702G are sired by PVF Blacklist 7077, a member of the illustrious herd bull battery in Hagerstown, Indiana. 9121G most closely resembles her dam in terms of body shape, capacity, structural stability, and feature. 9702G is exotic in her design, extreme about her head and neck set, and poised on the move. Regardless of which one of these S61 daughters best suites your personal preference, rest assured that the genetic consistency and revenue deriving capabilities are all inclusive on sale day!
