On behalf of Red River Farms, we welcome you to Texas for the “Ladies of the Lone Star” production sale. Please join us on October 8th for an evening packed full of exciting Simmental genetics and second to none hospitality. Our dedication to the Simmental breed and maternal cow families is evident in the offering, we are extremely confident that the quality runs deep and that the cattle assembled appeal to cattle producers across many levels.

One thing is for certain, our program was built on a foundation of integrity while providing a high level of service to our customers. In doing so, we have developed relationships with some of the top breeders in the country that are as dedicated as we are in providing top genetics and reliable service. Rocking P Livestock and their partnership with Circle M Farms along with Wallace Cattle Company have reached deep into their genetics to offer some cornerstone females and elite frozen genetics only to be offered at this production sale.

As with any business or operation within the field of production agriculture, the time and dedication it takes to become successful is a testament to those that believe in the program. We could not put on an elite production sale without thanking the individuals that put forth so much effort. We would also like to thank all of the individuals involved in our California farming operations for their commitment to Red River.

We thank you for taking the time to join us and appreciate your interest, please reach out to a sales/marketing representative if you have any questions. We also would like to remind you to attend The Black Label Sale on October 9th in Grandview, Texas which is just 1.5 hours from the Red River Farms Sale Facility.

Sincerely,

Bob & Michael Mullion AK Phillips

LOT A & B

We are proudly donating 2 packages of 5 Units from the late legend, HPF Quantum Leap Z952. Quantum Leap’s influence has been monumental on the breed. The proceeds from this donation lot will benefit the American Simmental-Simbrah Foundation. We are pleased to support the Foundation by contributing to the ASA’s youth programs and scholarships.

INNOVATIONAGMARKETING.COM

Fellow Simmental Enthusiasts, Breeders, & Junior Members,

Welcome to beautiful Grand Saline, Texas! It is a pleasure to work with the Mullion family and their talented staff members that make up the team at Red River Farms. You can count on unparalleled hospitality at the Ladies of the Lone Star sale on October 8th. It is certainly no easy feat to breed, assemble and prepare a set of cattle for sale in the Southern part of the United States this time of year, and have them presented to the level that this firm does.

Attention to detail, disciplined breeding decisions, and extraordinary management have resulted in an elite set of open show heifer/donor prospects for your appraisal on the second Friday night of October. The bred heifers being offered are safe in calf to some of the hottest and most proven sires in the business. A strong focus on the maternal lineage of each pedigree is the common denominator across the entire offering. Maternal excellence can be identified as a perfectly blended combination of fertility, fleshing ease, femininity, and longevity. It is evident that strong selection pressure has been put on cow family significance in the programs that represented in this sale.

We are pleased to have Rocking P Livestock, Circle M Farms, and Wallace Cattle Company as contributing breeders to this year's sale. Like minded breeders coming together with a common goal is what makes the Ladies of the Lone Star sale one of the Fall sale season's most anticipated SimGenetic events. Countless individuals of influence that have been National Champions, high sellers, and pillar matriarchs can be identified throughout the pages of this catalog. Help yourself to the opportunity to invest in premium genetics from three reputation firms that stand behind their product and understand the importance of customer service.

Consider this your invitation to join us on Friday evening, October 8th in Grand Saline, Texas. We hope that you will be able to make the sale to inspect this set of cattle for yourself. We realize that not everyone's schedule will allow this, so we will have a live broadcast hosted by CCI.Live that will be provided for your convenience. If you have questions about this offering, please reach out to any of the authorized sale representatives and breeders to discuss the best fit for your operation or to pinpoint your AJSA member's next show prospect.

Enjoy the cattle,

Three handwritten signatures in black ink are displayed horizontally. From left to right, they appear to be "Graham Blagg", "Jered Shipman", and "Tim Anderson".

Liability

All persons who attend this sale do so at their own risk, legal or otherwise, for their safety or for the behavior of the animals. The owners, sale management firm, and other sale staff assume no liability for personal injury, property loss, theft, or any accident that may occur.

Terms & Conditions

Cattle will sell under the standard terms and conditions recommended by their respective breed association. All sales are final, and the cattle will become the property of the buyer when the auctioneer says "SOLD". Announcements from the auction block on sale day regarding the cattle selling will take precedence over the information printed in this catalog. No cattle will be loaded until paid for in full.

Payment

U.S. Currency only. All sales are final, and payment is to be made in cash or check to Innovation AgMarketing, LLC. Master Card, Visa, or American Express will be accepted with a 3% convenience fee.

Registration Papers

All registration papers from the American Simmental Association will be transferred to the buyer once full payment has been received. Please provide transfer information at buyer registration.

SAFE IN CALF TO RRF TRADING UP E777 (ASA: 3277726). ESTIMATED DUE 10/10/21.

We proudly initiate the 2021 Ladies of the Lone Star with a key breeding piece that is straight from the heart of our program. It has been our full intent since the very beginning to offer females that have the chance to make a positive impact in any program. To say the decision to offer OBCC Lola 137Z is not difficult would simply not be truthful... in fact it hurts to let a female of her stature go.

OBCC Lola 137Z was first selected by Circle M Farms from the Owen Brothers Cattle Company program of Missouri as a fall open heifer calf with great promise. 137Z was dominantly campaigned by Tanner Howey to countless victories that include being selected as the 2013 AJSA South Central Regional Champion Owned Percentage Female, 2013 Sweepstakes Reserve Grand Champion Percentage Female, 2014 NWSS Division Champion, and 2014 AJSA National Classic Grand Champion Percentage Female.

Fast forward to August of 2017 when we had the opportunity to acquire this breed leading female in the historic Circle M Farms dispersal. We decided we were not leaving without her... many would argue that this is one of the most impressive mature SimAngus females that they have ever laid their eyes on. With over 30 registered progeny to her name, OBCC Lola 137Z has put together an impressive track record in production. RRF Lola 012G was purchased by C-4 Land & Cattle of Oklahoma, CMFM Lola C137 is working for Buck Creek Ranch, and several other sisters are employed in programs across the country.

RRF Lola 208H was the dominant January prospect that was purchased by Dakota Heidt. She was the 2020 American Royal Division Champion, 2020 NAILE Division Champion, 2021 Cattlemen's Congress Reserve Division Champion, and 2021 AJSA South Central Regional 7th Overall Purebred Female. Three full sister bred heifers to this champion will also sell.

On October 8, 2021 we will offer the opportunity to put 137Z to work in your program... we look forward to seeing you in Grand Saline!

A KEY BREEDING PIECE

Lot 2A RRF LOLA 031J

RRF Lola 031J is the uniquely built, sleek made, futuristic profiling daughter of the \$109,000 JBSF Berwick 41F that may not be idea in her color pattern, but she sets the bar when it comes to flexibility and quality. This female is high tying in her neck attachment, chiseled about her jaw line, clean chested, and transitions back into a bold and three-dimensional rib cage. RRF Lola 029J is the more traditionally marked female that has the perfectly etched blaze face. She is a big footed, stout boned, wide pinned female that is very genuine fundamentally. RRF Lola 028J, the solid black, loose built, long spined female that reads long and flat in her neck shape. Her growth pattern and feminine feature lead us to believe by this time next year she may be the one we are all talking about. Three sisters that are certainly different, but definitely high quality.

October 8, 2021 at 6 O'Clock in the Evening

The SC Pay The Price C11 x OBCC Lola 137Z mating has been proven time after time. The consistency from the 137Z donor dam has helped elevate the next generation of Purebreds at Red River Farms. The back-to-back National Western Stock Show Grand Champion has proven that his next level look and presence is continually transmitted to his progeny. RRF Lola 012G sold for \$10,000 to C-4 Land & Cattle in 2020. Most recently, another full sister to RRF Lola 208H was the dominant January prospect that was purchased by Dakota Heidt in last year's sale. She was the 2020 American Royal Division Champion, 2020 NAILE Division Champion, 2021 Cattlemen's Congress Reserve Division Champion, and 2021 AJSA South Central Regional 7th Overall Purebred Female.

Lot 4 A
MMM-RRF LOLA 406G

Lola 406G and Lola 404G are flush mate full sisters sired by the \$100,000 OBCC CMFM Deplorabull D148. This pair of baldy 137Z daughters are tremendous in terms of their skeletal build, body shape, and balance from the side. 406G is the sleek fronted, well-designed female that offers a maternal sweeping rib design, while being more neatly chiseled about her head and neck. On the other hand, 404G is the power cow of the pair. She reads extra stout in terms of her upper rib cage, foot and bone work, and pin set. We like the genuine shape and dimension that this brood cow prospect offers.

Wakanda

The lineage that supports the Wakanda and S600 cow family has deep tying roots in the panhandle of West Texas. The Foster Brothers Farms program selected the great THSF Ms Liberty S600 from Hadden Simmentals of Iowa in the Fall of 2006 to serve as an essential breeding piece for the future. S600 quickly became one of the most influential Simmental females in the history of the breed. The most notable daughter of THSF Ms Liberty S600 would be FBFS X-Clamation 76X, the 2011 NAILE Grand Champion Simmental Female. X-Clamation's most noted daughter is the \$75,000 FBFS Exclamation 045E, the 2019 San Antonio Livestock Exposition Grand Champion Simmental the 2019 AJSA National Classic and 2019 Simmental Breeders Sweepstakes Reserve Grand Champion Cow-Calf Pair.

OBCC WAKANDA 923B
Donor Dam of Lots 5 & 6A-6E

OBCC Wakanda 923B is a full sister to the popular AI sire, OBCC Blacklist 915B. 923B was the Red River Farms selection from Owen Brothers Cattle Company in 2015. She has evolved as a reliable and prolific producer at Red River Farms. S600 daughter, granddaughters, and great granddaughters can be found in some of the most prominent breeding programs on the North American continent. S600's most recent tenure has been with the Hotz family of Lone Tree Simmentals in Iowa. The signature S600 cow family look shines through in this set of elite ET heifer calves and program building bred that will sell on Friday night in Grand Saline!

FBFS X-CLAMATION 76X

2011 NAILE Grand Champion Purebred Simmental Female and Famous member of the S600 cow family

A HISTORIC COW FAMILY

Lot 5 MMM-RRF WAKANDA 010J

We initiate the Wakanda daughters with MMM-RRF Wakanda 010J, the lone half-blood of the sisters that is sired by Colburn Primo 5153. If you are on the prowl for a half blood SimAngus show heifer that has all the credentials to compete at the highest levels in the land, then pay close attention here! 010J is flawless in terms of her balance and silhouette, with the added look and presence that we can all appreciate. She is soft bodied, bold ribbed, and square made. This February born prospect has been blessed with a high quality coat of hair to compliment her functionality. We believe that her best days are yet to come! *Entered in the 2021 American Royal & NAILE*

OBCC Blacklist 915B – Full Brother to OBCC Wakanda 923B

Lot 6A MMM-RRF WAKANDA 012J

Knox

The next pair of OBCC Wakanda 923B daughters incorporate the influence of the legendary 8543U cow family, the highest dollar generating Simmental cow in the history of the breed. 012J and 608J are sired by the \$180,000 W/C Fort Knox 609F, a bull that we were in on the ground floor of when he sold in 2019. This pair of sisters are very unique in terms of their ability to combine so much stoutness, power, and shape with the sleek lady like look that they exemplify. 012J is the captivating blaze faced female that is high tying in her neck attachment, flat shouldered, and transitions to a big stout hip and pin set. 608J is one that needs paid close attention to because of the intriguing pieces that she offers. Yes, she was greener in her condition and kind on picture day, but the feature that she offers reads with great promise. This pair of flush sisters are a perfect example of what a silver lined pedigree looks like!

Lot 6C

MMM-RRF WAKANDA 006H

W/C FORT KNOX 609F
\$180,000 sire of Lots 6A-6D

It is evident that OBCC Wakanda 923B has served as a constant and reliable producer for us, producing at the highest level. Her bred heifer daughters are equally as impressive as their younger sisters that have promising futures as show heifers. Sired by the \$180,000 W/C Fort Knox 609F, this duo has the build, body style, and dimension that we have come to expect from this sire group. The added length, extension, and look that they offer is no surprise to those that have witnessed the Fort Knox progeny. Both 006H and 404H are safe to their AI dates, due in January to Lover Boy and Reckoning respectively. They are elegant, long fronted, attractive profiling cattle that combine two of the most notable cow lines in the business!

RRF Mari J036 is a unique Purebred female that stems from two of the most phenotypically impressive individuals we have ever laid eyes on. Sired by the \$109,000 14th Annual Embryos on Snow high selling lot, JBSF Berwick 41F, this sharp featured April show/donor prospect is built for the long haul. The dam of J036 is the iconic Mari 785E, the 2018-2019 Triple Crown winning female that dominated the field at the American Royal, NAILE, and NWSS. Mari 785E has evolved into one of the foundation breeding pieces in the Bloomberg Cattle program. A full sister to Mari 785E commanded \$110,000 in December of 2020 and recently was selected as the Grand Champion Overall Junior Breeding Heifer at the 2021 Indiana Stock Show for Colby Sinclair. Bred in the purple to say the least!

MARI 785E - Dam of Lot 7
2018-2019 Triple Crown Winning Purebred Simmental

Lot 8

RRF PRECIOUS COTTON 014J

RRF Precious Cotton 014J is sired by one of the hottest young sires in the breed, JSUL Something About Mary 8421, affectionally known as S.A.M. There is no doubt that this Purebred embodies the basic principles that we strive to uphold in every breeding decision. 014J is a sound built, smooth made female that is robust in her rib design, wide centered, square pinned, and sensible in her frame size. The dam of 014J was our selection from the Shoal Creek Land & Cattle sale in 2019. SS/PRS Precious Cotton is by Top Grade and from the historic KenCo Miley Cottontail donor dam. Her pedigree combines females such as JBSF Proud Mary, Brooks Steel Magnolia X57, Miss Werning 8543U, and JM BF H25. 014J could be considered Simmental royalty based on pedigree alone! *Entered in the 2021 American Royal & NAILE*

Lot 9

RRF EVERELDA ENTENSE 015J

RRF Everelda Entense 015J is from a long line of maternal aptitude, tracing to the legendary cow family that yielded the iconic Shadybrook Ever Entense 491G, who was selected by C&H Cattle as the \$320,000 one-time record selling female in the Angus breed. 015J is a Purebred sired by the \$100,000 valuation OBCC CMFM Deplorabull D148. She is a bold ribbed, deep sided, soft made female. The predictability of maternal heritage reigns supreme once again!

RRF GOLDEN 011J

Copacetic strikes again! RRF Golden 011J is a sleek made, well balanced Purebred female that is backed by a daughter of VLF/OBCC Steelin Banners that we purchased from Comfort Ranch. The bottom side of her pedigree traces to the H25 cow family that is responsible for MR HOC Broker, CAJS Elegant Force, and KenCo Miley Cottontail to name a few of the most significant. We have always admired the added body mass, flexibility, and maternal functionality that this female offers. *Entered in the 2021 American Royal & NAILE*

CMFM Joy 02ZB
 Dam of Lot 12

WLE Copacetic E02
 Famous Maternal Brother of Lot 12

It has been an exciting ride to be aboard as WLE Copacetic E02 has transformed from the talk of the barns during his tenure on the show road, to the influential breeding bull that some acclaim will take the place of his late sire, HPF Quantum Leap Z952. Ladies and gentlemen, we present the opportunity to purchase a maternal sister to the great Copacetic, sired by the \$109,000 JBSF Berwick 41F. 605J is as flawless at the surface as what you would expect from a sister to the great Copacetic. She is a big footed, stout boned, loose built female that is flexible in her spine, smooth shouldered, and high tying in her neck attachment. She will be a force in the percentage division on the road, but her true value will come in production. CMFM Joy 02ZB is an essential member of the donor battery at Wesner Livestock Enterprises. The impact that Joy 02ZB has had on the industry in such a condensed amount of time is truly remarkable. Take hold of this program building opportunity and become a part of the legacy that Joy is about to create. . . you'll wish you would have! **Retaining 1/3 Embryo Interest Entered in the 2021 American Royal & NAILE**

Lot 13 RRF BLACKBIRD 611J

RRF Blackbird 611J is exactly what you would expect phenotypically from her pedigree. The JBSF Berwick 41F sired cattle may not be the sleekest, most eccentric that we have been around in terms of their front third, but it is sure tough to argue the genuine mass, width of skeleton, and flexibility of build that he transmits to his progeny every time. The dam of this half blood female is PVF Blackbird 5013, the 2016 Houston Livestock Show and Rodeo Reserve Grand Champion Female. A full sister to 5013, PVF Blackbird 5008, was the 2016 Iowa Beef Expo Supreme Champion Female for Maddy Udell. As the story goes, the great maternal breeding bulls are always a little slower to be discovered until their daughters hit production... here is a prime example of a female that we believe will be an absolute bombshell as a three-year-old.

RP/MP TRIXIE C004 - Maternal Grandam of Lot 14

Josie and Wyatt Phillips have brought a stunning red head across the Red River for your appraisal. RP/CMFM Trixie J001 is a veteran, with a trip to the backdrop in August at the Kentucky State Fair. This three-quarter blood SimAngus female is built for the long haul, while stacking the invaluable Love Me S311, Queen Valentine R9, and J&J Queen 414 lineage. Her maternal grandam was a past champion on the hill in Denver. A female that we believe will continue her winning ways in the percentage division nationally or as an ORB here in Texas. *Entered in the 2021 NAILE*

The Wallace family has brought an exceptional pair of Percentage females to Texas for your appraisal. There is no doubt the Wallace brand is synonymous with results driven, highly decorated, maternal cattle regardless of their breed composition. In fact, those that carry the prefix have impacted countless programs across North America. Princess 163J is no exception to the mold, stemming to the 2012 American Royal Reserve Grand Champion Angus Female, Wallace Princess 169. Here is a sharp featured Copacetic daughter that is clean in her lines, bold bodied, and square built from the ground up. This homo polled foundation Simmental female has a pedigree lined in purple!

Rocking P New Trend J023 is a stylish blaze faced Percentage Simmental female that is sired by the American Royal and Fort Wort Stock Show Grand Champion Percentage Simmental Bull, B C R Perfect Vision. The dam of J023 is sired by the popular percentage show bull and son of the late HPF Quantum Leap Z952, Rocking P Die Hard C060. J023 is a smooth made, well balanced female that is flawless in her angles. We like her added length and extension that compliment her maternal look and build.

Tiara

KCC1 Tiara 130Z – Donor Dam

KCC1 Tiara 130Z was bred in the Kearns Cattle Company program in western Nebraska. There is no denying that her environment as an adolescent was a tick different than it is today in Grand Saline. However, that natural fleshing ease, fertility, adaptability, and longevity of build that this female offers is unrivaled. 130Z was selected as the Champion Purebred Simmental at the 2012 State Fair of Texas. KCC1 Tiara 130Z is from the flush that also yielded the 2013 NWSS Grand Champion Pen of Three Simmental Bulls for the KCC. The most notable full brother to 130Z is KCC1 Pinnacle 118Z, the \$16,000 high selling bull that was selected by legendary cattleman, Gib Yardley at the National Western in 2013. Sibs to 130Z have been selected by Hidden Oaks Cattle, Nixon Family Farms, Swanson Cattle Company, Bruhn Farms, Pleasant Hill Farms, and K-Ler Cattle Company to name a few.

KCC1 Tiara 131Z is the stunning red baldy full sister to 130Z. She was originally purchased by Hidden Oaks Cattle of Canton, Texas but now a member of the Nixon donor arsenal at Floydada. The 131Z female has assembled quite the track record herself! In 2018 a dark cherry red Purebred daughter of 131Z, HOC Dream Tiara 131D, took the business by storm when she sold for \$33,000 as a bred heifer to Bird Cattle Company. Two short years later, 131D had herself back in the black... producing a \$22,000 open heifer calf and six embryos that sold for an average of \$1,750.

Long story short... cow families are vitally important to us at Red River Farms. We put major emphasis on the maternal lines that support the females that will sell through the ring on October 8th. The common denominator that you can come to expect from RRF... maternal excellence!

KCC1 Tiara 131Z – Full sister to Donor Dam

HOC Dream Tiara 131D
\$33,000 Bred Heifer from the Tiara Cow Family

2013 NWSS Champion Pen of Three Simmental Bulls
Full Brothers to 130Z

MATERNAL EXCELLENCE

Lot 21 MMM-RRF TIARA 408G

MMR-RRF Tiara 408G is an absolute standout brood cow prospect that is sired by the multiple-time National Champion Angus bull, KR Casino 6243. The dam of 408G needs no introduction, as she has served as a staple in the Red River Farms donor pen since her induction in 2017. 408G is the perfect blend of elegance and power, combining a uniquely stout and functional build with the three-dimensional rib shape and power necessary to imprint future generations. 408G is the type of female that we anticipate an entire cow family will be built around!

Lot 22

MMM-RRF TIARA 019H

019H is a Purebred that offers a unique blend of phenotype and genotype that will serve any program with mating flexibility. CDI Innovator 325D daughters have begun to enter production, and it has come to no surprise that they age like a fine wine, getting better with age. Innovator daughters have recorded record sale prices as bred heifers, with individuals commanding \$40,000, \$34,000, and \$24,000 to name a few. The best is yet to come when you consider she sells safe in calf to the \$100,000 valuation OBCC CMFM Deporabull D148!

B C R Perfect Vision – Service sire to several females throughout the offering!

Lot 23

RRF TIARA 282G

Over the past 5 years the influence of the HTP/SVF Duracell T52 sire line has proven to pay big dividends when mated to the power cow, KCC1 Tiara 130Z. In fact, CMFM Tiara 356D sired the most decorated son of Duracell, HPF Quantum Leap Z952 was a past high seller that was shown competitively by the Thomas family of Texas. RRF Tiara 203H, sired by resident herd sire WLE Copacetic E02 was a crowd favorite that sold for \$16,000 in the Ladies of the Lone Star 2020 edition to Abbie Melton. Here is a direct daughter of Duracell from the prolific Tiara cow family.

AKP-RP Erica B079 – Donor Dam

Erica

AKP-RP Erica B079, another member of the astute donor line-up at Red River Farms. This stunning three-quarter blood matriarch is certainly a sight to see. The dam of B079 was bred in the renowned C Bar Cattle Co program, operated by the late legend, Bill Couch. B079 was campaigned just once as a calf when she was selected Reserve Grand Champion Bred & Owned at the 2015 AJSA National Classic in College Station, Texas.

sired female commanded a \$25,000 hammer price to Buck Creek Ranch. F812 went on to be selected at the 2018 American Royal Grand Champion Percentage Heifer Calf. RRF Erica 011F, another daughter sired by HPF Quantum Leap Z952, sold for \$10,000 to 3F Simmentals of Emory, Texas.

B079 produced the lot 1 female in the inaugural sale at Red River Farms, RRF Erica F812. The Executive Order

Most recently, the crew at Buck Creek Ranch raised another daughter of Quantum Leap, B C R Erica H110, the \$21,000 open show heifer prospect that was selected by Boyert and Hoge. H110 entered the show ring in dominant fashion at the 2021 Inaugural Cattlemen's Congress where she was selected as the Division I Champion Purebred Female. Another daughter of B079 is working in the renowned Werning Cattle Company program at Emory, South Dakota.

RRF Erica F812 – 2018 American Royal Division Champion Percentage Female - \$25,000 Daughter of B079

B C R Erica H110 – 2021 Cattlemen's Congress Division Champion Purebred Female - \$21,000 Daughter of B079

A SIGHT TO SEE

Lot 24 MLL-RRF ERICA 010H

We introduce the Erica B079 tribe with a full sister to the \$21,000 open that was among the high sellers at The Grand Event in Yale last December. Much like her sister, MLL-RRF Erica 010H is a big footed, stout boned, square built female that is bullet proof for balance. An attractive profiling, well designed female that is laid in neatly at the point of her shoulder and transitions to a bold and robust rib cage. This homo polled Purebred female sells safe in calf to the American Royal and FWSS Grand Champion, B C R Perfect Vision!

RP/MP Built to Love A021 – Legendary Simmental Donor Dam

Love Me S311

MCLR/RP Loves to Smile
2010 NWSS Grand Champion Percentage Simmental Female &
Foundation Matriarch

MCLR/RP Ms Love Me S311
2008 NWSS Grand Champion Percentage Simmental Female &
Foundation Matriarch

The S311 cow family has deep tying roots that date back to NJC/SVF Love Me Don't You L32, the 2003 NWSS Reserve Grand Champion Percentage Female. L32 then produced the great MCLF/RP Ms Love Me S311, the 2008 NWSS Grand Champion Percentage Simmental Female. S311 quickly followed in line by producing the 2009 NAILE and 2010 NWSS Grand Champion, MCLF/RF Loves to Smile 029U. 029U is a maternal sister to females such as 076W, 078W, 073W, X135, A004, and 2070B to name a few of the most influential.

076W's most notable daughter would be the iconic RP/MP Built to Love A021, a female with a list of accolades that few have rivaled. A021 was the 2014 AJSA National Classic Reserve Grand Champion Bred & Owned Female, 2014 American Royal Grand Champion Junior Female, 2015 NWSS Reserve Grand Champion Junior Female, and the 2015 FWSS Grand Champion Female. Few have rivaled the list of accolades that A021 did during her tenure on the road.

A021 followed in the footsteps of her dam by producing RP/BCR Built to Love G303, the stunning half-blood sired by PVF Insight 0129. G303 was the 2019 NAILE Division II Champion, 2020 NWSS Division II Champion, 2020 FWSS Grand Champion Percentage Female, and the 2020 AJSA National Classic Grand Champion Bred & Owned Percentage Female. Most recently a full sister, G103, was selected as the 2021 AJSA National Classic 5th Overall Percentage Female for Josie Phillips!

078W matriarch is responsible for countless high sellers and National show winners herself. Her most notable daughter would be RP/MP Trixie C004, the dominate Purebred shown by Morgan Phillips in 2016-2017. Trixie C004 was selected as the Grand Champion female at the National Western Stock Show in 2017. She followed this victory as a show heifer by being selected as the 2017 AJSA National Classic Grand Champion Cow-Calf Pair, 2017 South Central Regional Grand Champion Cow-Calf Pair, and 2017 Simmental Breeders Sweepstakes Grand Champions Cow-Calf Pair.

These females have written their own chapters in the Simmental history book... October 8, 2021, will be your chance to add the influence of the legendary S311 to your breeding program! Which one of these females will write the next chapter?

RP/MP Built to Love 076W – Dam of the prolific A021

RP/MP Built to Love A021 – 2015 FWSS Grand Champion Purebred Simmental Female

RP/BCR Built to Love G103
2021 AJSA National Classic 5th Overall Percentage Simmental Female

RP/B C R Built to Love G303 – 2020 FWSS Reserve Grand Champion Percentage Simmental Female

WRITING CHAPTERS IN HISTORY

Lot 27 ROCKING P BUILT TO LOVE H046

The crew in Maysville pulled out all the stops to bring an elite set of breds and opens to Texas. Straight from the heart of the program comes a female that is a product of the brand, Rocking P Built to Love H046. Here is a striking homozygous black Purebred sired by CDI Innovator 325D, the senior herd sire for JS Simmentals and Wayward Hill Farm. The dam of H046 is a full sister to RRF Trading Up, the 2018 Simmental Breeders Sweepstakes Grand Champion Purebred. RP/CMFM Built to Love, 717E, was reserve in her division at the North American as a calf in 2017. Maternal about her head and neck, this brood cow prospect has the body mass and density to mature into a picture perfect Purebred donor dam. She was AI bred to the late Quantum Leap and exposed to the A021 son sired by Style working at Rocking P Livestock. A true sale feature!

Rocking P Magic Love G097 is another Purebred that is a descendant of the great S311, via the influence of RP/MP Magic Love 073W. This Quantum Leap daughter embodies the positive attributes that have made her late sire so popular as a breeding bull. This big ribbed, deep sided, easy fleshing female offers the look of a true brood cow prospect. The bonus here is that she was AI bred to the promising young stud, B C R Perfect Vision, a many times champion himself. *AI BRED ON 5/14/21 TO B C R PERFECT VISION (ASA: 3516009). PE TO RP/BCR STYLISH LOVE G004 (ASA: 3558225).*

RRF Lady Blackbird X062 was the type of female that a pasture full of still would not be enough. A stunning daughter of the maternal legend, S A V Bismarck 5682 and backed by the Blackbird line at Monarch Farms. We lost X062 with limited frozen inventory on hand but have retained a select few daughters to carry on her legacy. The X062 female was simply unmatched in terms of substance, body dimension, and radiated maternal excellence. We hesitantly offer three half-blood females that are sired by HPF Quantum Leap Z952, GSC GCCO Dew North 102C, and SC Pay the Price C11... all champions on the largest stages in the land. Pick and choose which female fits your program the best or keep the family together and benefit from the X062 influence for generations to come!

AKP/RP HOLLEY H04

H04 is a SimAngus daughter of Copacetic that is supported by the strong maternal influence of the Coleman Blackcap cow family. The dam of H04 was bred in the Ferguson Show Cattle program of Ohio, no stranger to the business when it comes to breeding, producing, and owning the great ones. H04 traces to the influence of the legendary Coleman Blackcap 133 and her dam, G A R Scotch Cap 867, the \$120,000 valuation 17 year old donor dam. Her pedigree is saturated by maternal excellence!

Sire of Lots 39 - 41

Lot 40

RRF DREAM GIRL 281G

RRF Dream Girl 281G is stout made homo black and homo polled Purebred daughter of Copacetic. Her dam is from the foundation D7 cow family that was bred in the famed Yardley Cattle Company. D7 was selected in 1996 from the storied Utah ranch family to serve as a foundation breeding piece. Over the years daughters were retained in herd with the modern influence of popular AI sires such as CNS Dream On L186, MR NLC Upgrade U8676, SS Goldmine L42, and Nichols Blk Destiny D12 to name a few. 25 years later and the influence of that purchase can still be seen. RRF Dream Girl 281G is a product of the program!

**ROCKING P/TOLLE
JUANADA G081**

The search is over if you are looking for the type and kind of female that will add substance, body mass, udder, quality, and longevity to your program. G081 is the Legendary sired three-quarter blood female that traces to the famed Juanada cow family. The Juanada name is synonyms with maternal dexterity and functionality to say the very least. The dam of G081 was bred in the Akers program of Kentucky yet goes back several generations to the great OCC Juanada 709V matriarch, the dam of OCC Anchor 771A. She is a low input, forage efficient, sensibly sized female that will be a profitable brood cow.

ASA: 3416614

Private Stock is the homozygous black and homozygous polled Purebred Simmental stud that is sired by WLE Copacetic EOS and backed by the legendary RP/MP Built to Love A021 . . . there is no need to elaborate any further in terms of pedigree relevance. The track record top and bottom side of Private Stock's pedigree is saturated with elite matriarchs that have proven themselves time after time. Private Stock was the 2021 Simmental Breeder's Sweepstakes Reserve Grand Champion Bull, just like his old man back in the day. We have big plans and high hopes for Private Stock. Here is the ONLY sexed female semen to be offered in 2021!

Exit 44 was bred in the Wallace program and is the most intriguing son of the great CMB Yolanda Y658, a many times champion as a show heifer for Mark Moriondo. Exit 44 has had several sisters that have found great success as show heifers, with a pair of maternal sisters being selected as the Champion and Reserve Grand Champion Percentage Simmental Females in Fort Worth in 2018. Exit 44 has been used exclusively with unbelievable success, and we feel the best is yet to come! Now a member of the herd sire battery at Red River Farms, we present the opportunity to purchase the ONLY Exit 44 sexed female semen to sell this year!

Embryo Lot

RRF Rita 215G – Donor dam of Lot 105A & 105B Embryos

RRF Rita 215G is a product of the program! 215G sold in 2019 to Morgan Jackson and family of Texas. 215G has been a force on the tan bark as a heifer calf, as a bred, and most recently as a cow-calf pair. RRF Rita 215G is a special female that it is hard to fault. Her elegant design, three-dimensional body shape, and structural integrity is what sets her into a league of her own. This mating is to the \$530,000 record selling SO Remedy 7F. The rookie sire group by Remedy is proving that the male and female calves are equally as impressive across the country. A unique genetic combination that we firmly believe will yield BIG results! *Guaranteeing 1 60-day pregnancy if transferred by a certified technician.*

BUYER'S CHOICE FROM RRF RITA 215G

DAM: RRF RITA 215G

*Selling 1 Package of 3 Embryos sired by CHOICE
W/C Relentless 32C or JSUL Something About
Mary 8421 Sexed Female*

Lot 105 B
Embryo Lot

We couldn't decide which mating we liked better, so we mated her both ways! The proven route is with the great W/C Relentless 32C. However, we certainly wouldn't argue if you preferred the new and exciting mating to JSUL Something About Mary 8421. Both bulls have long resumes that indicate the outcome of this opportunity will be highly profitable for the winning bidder! *Guaranteeing 1 60-day pregnancy if transferred by a certified technician.*
