LOT 101 - BFJV MS LEDGER G314

We continue the second day of commerce with a direct daughter of \$250,000 TL Ledger that is as unique built as they come. I don't know where in the country you could find females like this TL Ledger bred heifer! Her stop you in your track eye appeal, robust rib cage and huge set of feet and legs are outside of the realm of normal. Make sure you mark this one for inspection when you come to Dunlap, but just be warned that the extra shapely design and body shape may just blow you away. Can you imagine the prospect of her December born W/C Bankroll 811D heifer calf come weaning next year, we know that's the type that has built the reputation for our Incredible Female Sale!

TL LEDGER - SIRE OF LOTS 101 - 117

LOT 102 - BFJV MS LEDGER G301

G301 is another standout daughter of the great TL Ledger that continues the trend of extra bone substance, foot size and body shape, G301 may even have an extra shot of good looks and presence. Her sexed heifer mating to the \$205,000 W/C Bankroll 811D will result in a $\frac{3}{4}$ blood Simmental daughter that may just ring the bell, this is the type he works with perfectly.

**W/C BANKROLL 811D
SERVICE SIRE TO LOT 102**

**SO REMEDY 7F
SERVICE SIRE TO LOT 103**

A extra eye appealing, up headed and fancy featured daughter of TL Ledger, we admire the design and elegance that this half-blood female carries herself with. The fun will really begin just before the New Year with this one when she lays down and has a SO Remedy 7F heifer calf, the \$530,000 Purebred phenom that got the industry talking this Winter when he sold on Embryos On Snow in Oklahoma City.

LOT 104 - BFJV MS LEDGER G312

A bigger framed, extra bold and massive daughter of the TL Ledger sire that is perfect marked and structured. Her body shape and muscle shape is impressive, and the surface area she marks with her step is large. Bred up for a middle of January calf to the W/C Pinnacle E80 sire, a full brother to W/C Bankroll 811D that has proven to breed just as potently.

LOT 118 - BFJV PROFITS JEWEL G1

**PROFIT
SIRE OF LOTS
118 - 119**

A broody and capacious half-blood daughter of the \$400,000 Profit sire that has become one of the most influential Simmental sires of the past decade. There is no denying that the way BFJV Profits Jewel G1 ties together her substance with a pretty head and intriguing ear set is impressive. The most exciting part of this opportunity may lay with her SO Remedy 7F heifer calf pregnancy though, she will be a $\frac{3}{4}$ blood that would be the kind that makes a big return either at the show barn or the calving barn.

LOT 120 - BFJV MS BROKERELBA G441

LOT 121 - BFJV MS SAVAGE G434

Savage is the W/C Loaded Up 1119Y son that is backed by the legendary JM Steel My Heart donor dam, a full sister to the Triple Crown winning MR HOC Broker. CAJS Sweet Emotion 42Z is the powerful Duracell daughter that is a member of the Ferguson Show Cattle donor arsenal. Here is a stunning baldy daughter of Savage that has been blessed with the good looks, balanced profile, and fault free build that we all admire. She is safe in calf to the \$400,000 Profit!

You will not miss the extra good looks, body shape and structural prowess of this MR HOC Broker granddaughter. We have her bred up early so she can be moved to fit any calving period for next year, however we have high hopes for the December born, Conley High Rise F3 calf she is carrying, he is a sire that has only seen limited use this past year but the cattle that are on the ground are high quality. The first son of Conley High Rise F3 to sell just commanded an \$85,000 price tag in The Black Label for one-half interest to a progressive set of outfits from across the country.

Bred Cow

Color: Black

DOB: 1/15/18

LOT 151 - WOOD KEYMURA KATY 8066F

LOT 152 - MECC MISS FORTUNE 429F

ACLL Fortune 393D is one of those sires that I think has been under-utilized, the more of these females I've seen in production the more value I've seen in them. They are consistently big bodied, awesome structured and functional. Combine the sire power with the prolific daughter of HA Cowboy Up and the infamous Keymura Katy cow family and we have aligned the stars for you in this young cow. The next generation is secured too with her heifer calf due the first of the year by the Simmental breeds most talked about young sire in the \$530,000 SO Remedy 7F, you won't find opportunities to be at the ground level like this every day.

ACLL FORTUNE 429F
\$185,000 SIRE OF LOTS 151 & 152

MECC Miss Fortune 429F is a direct daughter of the \$185,000 ACLL Fortune 393D herd bull that is a direct son of the American Royal Champion, Firefly 311A. The dam of 429F is a member of the famed Countess tribe that is responsible for countless high sellers, champions, and individuals of influence in the Simmental breed. She is safe in calf to the \$60,000 outcross stud produced in the Oak Meadow Farms program, OMF Hard Right H21.

LOT 173 - BFJV WHISKEYS WHIZARD F376

The Whizard females are proving to be the ticket to success for show steer production, club calf cowherds around the United States are trusting in the maternal power of females built just like BFJV Whiskeys Whizard F376 in the donor pen to pay the bills year in and year out. In fact, there was a Whizard female that raised a \$92,500 Here I Am steer this year in South Dakota, don't sit on your hands when this one goes through the ring.

SS EMPRISS 302Y - DAM OF LOT 179

LOT 182 - VCL COUNTESS 254F

A young Purebred Simmental cow that probably should have seen the donor pen, this own daughter of Mr. CCF 20-20 is so unique in the way she blends her pieces together so smoothly, and her perfectly marked head is always one that catches attention. This is a big time opportunity to secure a young, untapped Purebred donor. The late MR CCF 20-20 has been under-utilized and semen is scarce. I'm not sure if you paid attention to what happened this February in Highmore, South Dakota when our great friends the Effling family sold a son for \$175,000 that we will be talking about for a long time. If you need any more coaxing notice the sexed heifer mating to SO Remedy 7F, females like this are why we can use the word 'incredible' to label this sale.

LOT 185 - BFJV MS LOADED UP E752

Here is one we could have started day 2 with! BFJV MS Loaded Up E752 is the lead off 2017 model Simmental AI bred female that will stop you in your tracks as you navigate the pens leading up to sale time. A perfectly etched blaze face, the flawless feet and legs, and an unparalleled look of quality and balance from the side is what this female brings to the table. She is a 3/4 blood SimAngus that is backed by the maternal influence of the great WAGR Driver 706T and will sell safe in calf to the \$60,000 OMF Hard Right H21 stud. E752 has produced marketable progeny each year. A daughter sells as lot 1002 on Monday afternoon. A stout made red baldy son by SFI Savage D20 sold for \$5,000, while another son sired by TL Ledger sold for \$4,000. Male or female, the resulting Purebred calf will have significant value!

LOT 186

Bred Cow

Color: Black

DOB: 3/1/17

As we have built this cowherd, we have focused on the phenotype as our number one criteria, regardless of breed, good cattle are good cattle, we have found that crossing the Angus and Simmental breeds to be as potent of a mix as any. It's this drive for elite phenotype that helped us select NEU Ms Savy 100E, a direct daughter of the \$400,000 Profit stud and back on a forerunning daughter of Gamble's Hot Rod. This is the type that have made the decision to sell these cows so hard, the prospect of her heifer calf pregnancy to SO Remedy 7F keeps me up at night, we have done all the work her, help yourself and reap the rewards.

LOT 188
BFJV MS BACK IN BLACK E711

A young Back in Black daughter that is just as impressive in the flesh as her picture dictates, there is no questioning if this one will breed with power and dimension. The half-blood female has so much presence and look that it could be overwhelming, bred to calve a February born SFI Savage D20 you may have a baldy $\frac{3}{4}$ blood cash cow on your hands.

LOT 189 - DRC ASPEN 016D

A half-blood daughter of the breed changing sire in HOC MR Broker, the power and generating potential comes stand issue with these cattle, and the case is no different with DRC Aspen 016D. A solid black female, leaving the doors wide open as to how you would like to breed her, we went with the Loaded Up 1119Y son in SFI Savage D20 that has left us with an awesome set of replacements that look even better as breds.

LOT 197 - BFJV MS BOTTOMLINE E016

I'm not sure if we will sell many females that can match the extreme mass, density, and body shape of the TL Bottomline daughter. She is a beast in the flesh, not only is her body shape on the massive side, her bone and foot size match it. A young cow that is just hitting her pinnacle breeding years, we have made sure your return on investment will be quick with her mating to the superstar SO Remedy 7F. I cannot stress how impressive this one is when you inspect her.

LOT 245 - MSF EBONY 200E

In terms of Purebred Angus seedstock can you line up a pedigree much better, Plainview Luton E102 back on a SAV Final Answer 0035 cow that is bred up for an early January Silveiras Style 9303 heifer calf. I don't think we could build you a better roadmap to success than the opportunity that comes with MSF Ebony 200E. We think your decision will be solidified when you see her in person, extra broody and impressive in the flesh, with a great udder and running gear.

Regardless of your production goals, there are things that always yield profit in the long run, one we have found is keeping a build of longevity as a key selection criterion. Gaffney Blackcap 7118 is a role model type female with keeping this in mind, her structural integrity, udder quality and lady like eye appeal help build a strong case that the Angus cow is hard to beat in production. With that being said, we thought that mating 7118 to HOC MR Broker would make for a quick return on investment.

LOT 247 - CCC SUSAN 752

Here is a Purebred Angus female that hasn't received the attention she deserves in Mapleton, seldom do you find Angus females that carry themselves with this much power and true muscle shape, combine that with a great look and the extra big bones and we think her generating potential is high! I'm not sure if you realize what a PVF Insight 0129 daughter has done for Ryan Johnson and Chris Plamp in South Dakota, but it wasn't very long ago that they raised a Bankroll 811D daughter that sold for \$164,000 and went on to be slapped Supreme Heifer at the North American, take this as your warning.

LOT 261 - GAFFNEY RITA 747

Lot 261 is an eloquent built, extra attractive HA Cowboy Up 5405 daughter that has awesome body shape and udder quality, those traits come from her Hoover Dam mother. This is the kind we think mates up perfectly to the SO Remedy 7F stud, and the prospect of her January born heifer calf guarantees that an investment here will be a safe bet.

The Non-Registered Angus Bred Cows

We initiate this division with a set of females that are safe in calf to the \$530,000 SO Remedy 7F stud that has already made his presence known as a breeding bull this fall. At the time of the sale high sellers from the Remedy sire group have ranged from \$25,000 to \$43,000 and there will be many more to sell in November and December that are sure to make the list.

LOT 358 - BFJV 86

FULL SISTER TO EXCESS,
SERVICE SIRE TO LOT 358

Regardless of what segment of this sale your interest lays, you can trust that you will come across quality in the offering. For what BFJV 86 lacks in registration papers she makes up tenfold for in terms of quality, the longevity and production of these types of females is what has kept us in this business. You will notice the Angus base of many of the sale highlight cows and bred heifers, just trust that the building blocks to those females is cows just like this one. She will calve while the ground is still hard, early January, then the decision to make will be make a high quality recip out of her or breed her back naturally.

2013 NWSS GRAND CHAMPION
CHAROLAIS FEMALE
FULL SISTER TO LOT 451

Regardless of whether you pay attention to the Charolais business or not there is a good chance that you will recognize both direct members of 8109's pedigree, because in the past two decades its undeniable the influence they have made for the entire breed. TR MR Firewater 5792R ET is a sire that across breeds may just be the most breed changing sire in the cattle business, however his dominance falls in the same category as the 0641 matron that would be an uncontested member of the cow hall of fame if there was one. To put it simply, this one is bred in the purple, in fact she is a full sister to multiple National Champions including TR PZC MR Turton 0794 and TR PZC Ivory Angel. Big time donor prospect that is only just entering her prime producing years, if you would like our advice, flush this one to Outsider and let your accountant know you may need to spend more money the year you sell the calves!

LOT 463 - BFJV MISS CHILL S522

The club calf industry is shaped around this type of a female, in fact it has been dominated by this type of cow. Chill Factor was born in 1994, and for the last three decades has been a foundation to raising the elite show cattle that we utilize today. This direct daughter of Chill Factor is the kind that raising high dollar show steer and has been a pin up girl for this sale. She most recently produced a \$10,000 herd bull prospect sired by W/C Bankroll 811D. She has even been blessed with the G- brand so you know the maternal backing of her Angus pedigree isn't just run of the mill. Bred to calve soon after the New Year to the \$530,000 SO Remedy 7F means she can enter the donor production soon; this is a true sale highlight here.

BFJV MR BANKROLL G948 - \$10,000 SON OF LOT 463

LOT 464 - BFJV MS WHISKEY S5208

There isn't too much to say here, if this kind doesn't get you excited to be in the cattle business, then I don't know what I could do to change your mind. Phenotypically you couldn't draw one better than this Irish Whiskey granddaughter, her monster feet and bone, huge hip shape and look of power are mesmerizing. Her mating with Holy Smoker will quickly pay for her flushing bills next spring when she enters the donor pen.

LOT 465 - BFJV MS FLASH BACK 512

A 2017 model female that's pedigree is highlighted by the Flash Back sire that's reputation proceeds him, if you get the chance visit with Chris Beutler about the influence that bull has made to his tenure in the cattle business. The old school Maine has come out tenfold in the build of this beast, she is massive footed and boned, with extra back and hip shape. Couple these traits with her pretty head carriage and your only one mating away from raising the high dollar show steers. In the meantime, take advantage of her mating to SO Remedy 7F, on the market his conventional semen retails \$750 per unit, and 512 was bred with sexed female, it doesn't take long to pencil the math on this mating's value.

LOT 466 - BFJV PEACHES

A young daughter of In God We Trust that has a special spot in our hearts, if we hadn't decided to have this sale there is no doubt that Peaches spot in our donor pen would be permanent, we think she's got a big-time chance to make someone a large return on investment. It's the big paws, big hairs, big back, and big hip that just begin the list of elite attributes this female possesses. She is club calf bred but offers the strong maternal traits that Bruhn Cattle has emphasized. If you are serious about finding a young club calf donor then make sure you make the journey to Dunlap in November to make your own evaluation of this one.

LOT 467 - BFJV DONOR 895

Donor 895 has been a reliable and consistent producer of quality, genuine stoutness, and structural integrity time after time. We love the progeny that she is responsible for and they have certainly been well received through past marketing events. She is safe in calf to the red baldy stud, W/C Cyclone 385H due in late February. We absolutely adore this stout featured blue roan female. She is built for the long haul!

Semen Type: **HEIFER** | Pregnancy Resulting Breed: 1/2 SM

If you are in the market to add a donor quality club calf female to the battery, then your attention here is well warranted. A direct daughter of the influential Maine Anjou sire GOET I-80 and out of a Man Among Boys daughter that has been no miss. Admire the extra power, mass and roar shape that we are offering here, there is no denying that her mating to some of the trendy club calf sires could yield a big return. In the mean time we think her half-blood Simmental daughter by the \$205,000 W/C Bankroll 811D that will come in January means you'll have a replacement female in the first gestation.

LOT 523 - BFJV 1180

BFJV 1180 is the red and white Shorthorn female that is extra big footed, stout boned, wide based, and bold about her rib cage. We love the look and style that this female possesses, yet she transcends the typical stereotype by offering an added shot of power, muscle, and density. She is safe AI to Holy Smoker... just think after she calves in January all the possibilities that this female has to generate elite Shorthorn marked show steers!

LOT 527 - BFJV 1181

BFJV 1181 is a big boned, stout featured female that is flawless in terms of her basic build, body shape, and presence from the side. We admire the type and kind that this female represents. Shorthorn marked females have been in high demand with the marketing options throughout the Southwestern parts of the United States.

LOT 601

Bull Calf
Color: Black
DOB: 1/12/21

The exclusive opportunity to secure a direct son of the leadoff Simmental female in the entire offering of the Bruhn cowherd, STN Miss Star Light. The sire outlook of this SWSN Cash Flow 81E son is enthralling! He is a Purebred that has a shot of extra look, body, structure, and balance. We think the breeding ability that BFJV Star Cashflow J266 will offer to his new owners will prove to be prolific!

LOT 605 - BFJV SHANIAS LEDGER J196

If you need any proof of the power in the blood that BFJV Shania's Ledger J196 possesses then turn back the pages to the full sisters that sell on day one and we won't need to prove anything further. The surefire mating of TL Ledger to the farm favorite donor female in Miss Shania 6D is as potent and consistent as any mating we have ever propagated in Mapleton. We can promise you that there will be no lack of maternal power, shape and stoutness that comes with the service of these Purebred bulls in J196 and his brothers.

**MISS SHANIA 6D - DAM OF LOTS 605-607
SHE SELLS AS LOT 6**

LOT 608 - BFJV MR LEDGER J013

TL LEDGER - SIRE OF LOT 606

A half-blood Simmental bull prospect that is extra functional and shapely in his build. The use of TL Ledger in our cowherd has been extensive and gone on to prove to be cowherd changing, we can't say enough about the added mass, bone, and density he has injected in just one generation. Trust in the fact that these sons will go on to breed just as consistently potent.

The initial calf crop by SO Remedy 7F is turning the heads of cattlemen and women around the country, regardless of the breeds they typically pursue, and here exists one of the first opportunities to ever purchase a son of Remedy. The cattle are proving to be extra powerful, wide pinned, big bodied and functionally structured, all adjectives that describe this son of our UDE 129C donor. His appropriate markings, maternal pedigree and balanced phenotype project BFJV MR Remedy J125 as an exciting herd bull prospect.

LOT 626 - BFJV MR BANKROLL J014

LOT 627 - BFJV MR BANKROLL J150

A stout half-blood bull prospect that is a stud, the mating of W/C Bankroll 811D on Angus females is surefire, and the Angus female that backs J014 is not just your run of the mill female. You will find our BFJV Donor 042 matron that has more than proven her place in our program. No guess work here, high quality phenotype with a pedigree features our most consistent and reliable genetics.

W/C BANKROLL 811D
SIRE OF LOTS 626-629 & 631-641

A solid black hided half-blood that would complement a set of Angus type females, perfectly! With the added muscle shape and power that J150 brings to the table you can trust that his progeny will pack a punch, without sacrificing any look or structure. Regardless of the high-quality phenotype here, you can trust that the potency of his pedigree will generate the type that keeps the lights on.

LOT 630 - BFJV 042 LOADED UP J422

The influence of the W/C Loaded Up 1119Y cattle, along with his sons is scattered throughout the entire offering, these cattle are the right kind. J422 is a direct son of W/C Loaded Up 1119Y out of the impressive BFJV Donor 042, making him a three-quarter brother in blood to lots 626-629. You will find him to have some extra bone substance, muscle shape and good looks when you inspect him in Dunlap.

LOT 631 - BFJV MR BANKROLL J198

A big and burly baldy half-blood who is impressive in the flesh. J198 has been a leader of the pack from early on, we all know that pounds pay, and he has no issues there, but inspect this one a little more and you realize he has a lot more to offer than just added pay weight. We feel that the replacement females he could yield would be the right kind too, particularly when you keep in mind the maternal power of the BFJV Donor 257 that supports him in the first generation.

LOT 642 - BFJV MR PINACLE J230

W/C Pinnacle E80 is a full brother to the \$205,000 W/C Bankroll 811D that we have had the pleasure of leasing the past two breeding seasons, we are utterly impressed with how consistently his service is proving to be, he breeds almost identical to his full brother. The quality of BFJV MR Pinnacle J230 just begins with his herd sire appeal, his impressive outline is constructed wide from the base, all set upon big square feet and perfect structure.

LOT 685 - BFJV MR BROKER J034

MATERNAL
BROTHER TO
LOTS 685-686

You won't need to search very hard to identify BFJV MR Broker J034 in the sale pens, sure his unique color pattern is eye catching, but when you study his phenotype, you will find his true quality. A half-blood herd sire that is extra-long sided, square outlined and awesome looking, your mating opportunities are wide here, and the BFJV Donor 1384 that supports the pair has proven year after year that she transmits the goods. Also pictured is a maternal brother that is sired by the \$205,000 W/C Bankroll 811D. The dam of these two bulls sells as lot 47 Saturday evening.
