

A large black Simmental cow stands in profile in a field at sunset. The sun is low on the horizon, creating a warm, golden glow. The cow is the central focus of the upper half of the image.

HANEL'S BLACK SIMMENTALS *The Female Sale*

NOVEMBER 5, 2018

Monday at the ranch in Courtland, KS

Welcome to the Sale

THE HANEL FAMILY

**HANEL'S
BLACK SIMMENTALS**

340 US Hwy 36
Courtland, KS 66939

Welcome to the 2nd Annual Hanel's Black Simmentals Female Production Sale. We continue to strive to enhance our genetic offering and our labors have resulted in several changes on the ranch including enhancements to our heifer development program. These enhancements have produced an exceptional set of female cattle ready to complement your program at home. We produce honest, hard-working cattle that adhere to the standards we place on our own females for performance and function.

Having sold bulls for over 20 years through private treaty, we are excited to share the opportunity to buy into our Simmental program. In addition to our female sale, we are thrilled to announce we will hold a bull sale next spring on Monday March 4, 2019. Our bulls epitomize performance and have a proven history to produce a consistent calf crop year in and year out. I encourage you to consider buying into our program through the purchase of a female, bull or better yet, both.

Our efforts for continued growth have culminated in the construction of a new sale facility. We look forward to sharing our new facility with you on sale day. I invite you out to the ranch to look at our offering and join us for a steak lunch before the sale. I hope to see you on sale day Monday, November 5, 2018.

Brock Hanel

Brock Hanel, DVM

Welcome...

Fellow Simmental Enthusiasts,

It is with great pleasure that we welcome you to the 2nd Annual Hanel's Black Simmentals Female Sale! Brock and his dedicated team have gone to great lengths to put in the efforts to offer you an entire set of bred females that sell confirmed safe to their AI dates. These females are from the heart of the Hanel's Black Simmentals cowherd, which is backed by generations of disciplined breeding decisions, strict culling, and strong emphasis on the key production traits of economic importance.

In addition to the stellar line-up of bred females and pairs, the Hanel family has elected to open the gates of their donor pen and offer up a pair of proven, time-tested, reliable donors for sale on November 5th. 59X who will lead off this offering is the dam of not only one, but two bulls currently housed at the nation's premier bull studs. Her influence will also sell in the form of embryos. As another special sale highlight, embryos will be offered from other leading donors that call home to Courtland, Kansas!

A select offering of pairs and open females will also be offered, along with a sensational set of commercial Angus bred females that are all confirmed safe AI to Connealy Comrade 1385! There is no denying the dedication and efforts put into this offering when realizing the added value in the opportunity to purchase AI bred females that are safe to some of the breeds most elite and proven sires!

Consider this your invitation to join us on November 5th in Courtland, Kansas at the Hanel's Black Simmentals newly built sale facility right next to the vet clinic. A steak lunch will be served at 12 noon, with the sale following at 1 PM. Videos of the entire offering will be available online leading up to the sale at DVAuction.com. If you have any questions, please feel free to contact any of the sale staff.

Enjoy the cattle,

Innovation AgMarketing, LLC

VIDEO PREVIEW OF SALE CATTLE

Videos of the sale cattle available online the week prior to the sale.

TERMS & CONDITIONS

All cattle will sell under the terms and conditions of their respective breed association. All sales are final.

ANNOUNCEMENTS

A supplement sheet will be available sale day with updated information, corrections and additional information. This sheet and any announcements made sale day, from the auction block during the sale, will take precedence over printed material associated with the sale. Anyone attending this sale attends at their own risk. Hanel's Black Simmentals or the sales team will not be held responsible for any personal injury from attending this sale.

VIDEO AUCTION

All cattle will sell while being viewed on large screen monitors in the sale facility. There will be multiple large screens playing videos of the animals while the respective animal is being auctioned. Cattle will not come into the sale ring during the auction and we will not travel through equipment during the auction. Please make plans to arrive early and preview the sale offering prior to selling.

TRUCKING

The sales team will be able to help you with transportation for your cattle purchases. We will also have professional transporters available sale day.

AIR TRAVEL

Wichita Airport - 2 hours and 30 minutes from sale site

Kansas City International Airport - 3 hours and 20 minutes from sale site

ACCOMMODATIONS

Holiday Inn Express & Suites Concordia

785.243.2700

HERD HEALTH

All females have been bangs vaccinated and have had 7-way Clostridial, IBR, BVD, PI3, Vibrio and Lepto vaccines. All have been poured with Dectomax. All cattle will be accompanied by a valid health certificate for immediate shipment anywhere in the continental United States.

We start off the 2018 offering with a monumental opportunity to acquire a female from the heart of our donor battery. Originating from the well-established Triangle J program, this female has been a steady and consistent producer that has emerged as a breed leading half-blood female. Her body mass, dimension, substance, and overall symmetry is second to none. She currently has sons working in stud at Accelerated Genetics and ST Genetics. Cornhusker is sired by the Easy Money stud, with an impressive set of data that supports his outcross pedigree and massive phenotype. Northward is among the breed's elite for WW and TI, while being a sale feature at the 2016 Triangle J Bull Sale. He is now a part of the impressive line-up at ST Genetics. 59X is a half-blood female that is capable of generating elite females for replacement and top sons that will enhance future generations of higher percentage Simmental cattle. A huge opportunity to acquire a true breed matriarch! She sells OPEN & READY TO FLUSH!

One of the hottest studs to sell in the spring of 2018 was RUBYS TURNPIKE 771E, the stout SIGNIFICANT son that was selected by Werning Cattle Company for a commanding \$71,000 1/2 Interest hammer price! He was a member of the 2018 NWSS Reserve Grand Champion Pen of Three Purebred bulls for Ruby Cattle Company of Iowa. Breed leading genetics, elite data, and superior phenotype will be the result of this powerful 3/4 blood mating. A chance to raise the next promotional caliber herd sire or program building female!

Offering 3 grade 1 conventional embryos. Guaranteeing 1 pregnancy if implanted by a certified embryologist.

X51 is another powerful donor female that comes straight from the heart of the Hanel's donor pen. Sired by the IN DEW TIME son, SWEET MEAT, this female offers a balanced number profile to further enhance her mass and power. Her dam is a moderate framed, perfect uddered daughter of the maternal legend, O C C PAXTON and traces to the influence of MAGNUM K52. This female has been a tremendous bull producer, adding stoutness, substance of foot and bone, with the added shape and performance needed. She sells OPEN & READY TO FLUSH!

Offering 3 grade 1 conventional embryos. Guaranteeing 1 pregnancy if implanted by a certified embryologist.

Here are two more powerful matings, sired by two of the hottest sires in the business, and from the powerful C75 donor. C75 was our selection a few years back in the annual Schaafe Farms Heritage Sale. She is sired by the powerful CONNEALY CAPITALIST 028 and backed by the influence of TNT TOP GUN on the south side of her pedigree. She is a moderate framed, wide based, massive centered female that boasts textbook udder quality to further enhance her genuine cow power! The Big Timber mating provides elite genomics that are highlighted by an excellent CED figure and chart topping indexes. The Turnpike mating is also sure to yield big time results, as he was the popular \$71,000 stud from Ruby Cattle Company that was selected by Werning Cattle Company and Double Bar D this past February. Two elite matings from one of the most phenotypically appealing females on the ranch!

Offered by Harms Farms

TJ 41Z was Harms Farms pick of the 2017 Triangle J Female sale! She is a powerful, good looking, smooth made, elegant baldy female that has been a steady and reliable producer. This mating to RUBYS TURNPIKE 771E is sure to be a homerun mating that is supported by the outcross pedigree behind 41Z. She has a 113 average Weaning Weight Ratio with balanced and uniform numbers across the board, offering 10 traits that rank among the top 15% or better! Her look, symmetry and design, coupled with the added power and stoutness of the great Turnpike is sure to yield high end Purebred Seedstock!

It's no secret; we went all in when it came to using RUBYS TURNPIKE 771E, the \$71,000 stud that was a highlight among the Simmental's bull line-up this past Spring. CLRS EMOJI 703E is the breathtaking female that we selected as an open female from Clear Springs Cattle Company for a \$10,000 hammer price. Her body mass, three-dimensional body shape, overall width and squareness makes her an exciting breeding piece as we continue to assemble breed-leading females in our donor arsenal. A cutting edge mating that we are anxious to see results from! Offering 3 grade 1 conventional embryos. Guaranteeing 1 pregnancy if implanted by a certified embryologist.

The Cowboy Cut Daughters

There is no denying the impact that CCR Cowboy Cut has had on the Simmental breed, and the beef industry as a whole. Elite number profiles, superior performance, exceptional carcass data, and overall phenotypic excellence backs this set of daughters! They are long sided, high performing, wide based, big-topped cattle that excel in all facets of the beef cattle industry! These females will all sell AI bred, a value added approach that not only gains the buyer access to breed leading genetics, but also proves the fertility and longevity of their purchase. These females are the kind that we have built our program around and are sure to enhance the operations that select them as additions on November 5th!

The Beacon Daughters

Hook's Beacon 56B is the #2 API and the #1 TI Purebred Simmental bull in the entire breed! Hook's Beacon 56B is simply the highest dollar value Homo. Polled/Homo Black Purebred Simmental bull to have been produced in the entire Simmental breed to date. Generating \$API 185.6, \$TI 97 in a 6 frame package with added length, substance and muscle, Beacon is a true outlier in every sense of the word. These females chart with elite number profiles, superior growth and tremendous calving ease. They are sound built, long sided cattle that excel from a carcass merit standpoint and still offer the practicality that we demand from our cowherd. Look to these females to add the impact of the great Beacon to your genetic base!

HOOK'S BEACON 56B / Sire of Lots 18 - 22.

The Axis Daughters

HANELS AXIS A3012 has been a mainstay senior herd sire in Courtland, Kansas and used with exceptional success. The cattle come easy, grow rapidly, and excel in production. Our valued bull customers appreciate the spread value that the Axis sons have added to their operations through lower birth weights and more impressive weaning weights when they market their steer calves. There is tremendous potential in these Axis females when it comes to making highly productive, revenue deriving brood cows that excel in different environments. They are once again ALL safe AI to leading calving ease specialists, including Dividend, Big Timber, Boulder, and Legendary! These six daughters of AXIS will be a quick return on investment. Buy with confidence here, another product of the program!

E7055 is sired by PER VISION 2020 and from the highly productive, big centered, great uddered TNT TANKER U263 daughter on the bottom side. Triple digit YW figure backed with real world, visual performance! AI BRED 4/4/18 TO KOCH BIG TIMBER (ASA: 3133113). ESTIMATED DUE DATE 1/12/19

The Commercial Breds

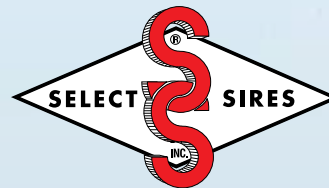

We purchased this sensational set of Angus females off of the Klintworth Ranch in Nebraska. These females were developed in the same fashion as the registered females. They are high volume, easy fleshing, docile, sound footed females that are developing into some of the most impressive commercial females that we have ever developed. They ALL sell safe to their AI date and are sorted into group's depending on their pregnancy status and which cycle they took AI. They will all sell safe to the breed leading CONNEALY COMRADE 1385. A big time opportunity to invest in a set of females that will start calving the first part of January and end 60 days later. We are selling with the option to either select 5 or entire load lot depending on the needs of your operation. Bid with the utmost confidence on this set of highly productive females.
