Thursday, February 7, 2019 :: 1pm CST :: On the Ranch - Mercer, ND

8th Annual CE IN THE HOLE

Thursday, February 7, 2019 :: 1pm CST :: On the Ranch

As I sit down to write this Welcome Letter and look back at the year of 2018 I am extremely thankful that it is 2019. After the late June storm that completely rearranged our yard and demolished the sale facility along with other major damage to our buildings and equipment we went into a drought. With the shortage of forage we decided to sell all our commercial cows that weren't carrying an embryo calf, which will allow us to make it through the year without hopefully buying any hay. Along with that we ended up canceling our 2018 female sale, but rest assured it will be back on the last Monday in October 2019! So with the demolition of our old sale facility be built a new one just a few hundred yards north of the ranch headquarters. We are on schedule to have it fully completed by February 7! Good thing ranchers are resilient and don't ever give up and it will always be better next year LOL!

This year will mark the third year we will be offering Age Advantage bulls and

them each year. So if in 2020 you are looking for more Age Advantage bulls we will be offering several opportunities in that division

Calving time is our favorite time of year as we see the potential of our new calf crop for next year's bull and female sales. We have and foresee that growing in the years to come. taken great time and efforts in choosing our herd sire selections, so we can thus produce the most optimal cattle possible for you the

We have really concentrated our effort developing our bull program with you, our buyers, in mind. We strive for consistency throughout our bull pen. We have many full siblings through the use of ET (embryo transfer) which allows for even more uniformity and balance in your herd. We are very proud of the offering we are bringing to you and are sure there is a bull in our pen that will meet or exceed

Thank you for taking the time to sit down, read, and view our sale catalog. We truly do appreciate you the customer and your interest in our program. It takes many aspects in a bull sale to make it successful with the number one being the customer. Please at any your needs! time let us know how we can better assist you prior to the sale and after the sale. We value your opinions and we will do our very

best to try to accommodate your needs and requests to make everyone more profitable. If you have any questions about the sale offering don't hesitate to call. Or if you are in the area we always enjoy visitors and would

love to give you a tour of the ranch. The coffee is always on!

Thanks again for your interest in our program!

Welcome from Bohrson Marketing

Rust Mountain View Ranch has elevated into an ideal location to source elite genetics in North America. This long standing ranch was established 70+ years ago and has built their purebred program for the past 21 years. This family operation prides themselves on quality to offer to the cattle industry and this set of bulls is very deep in quality and worth your thorough consideration to purchase your next herdbuilding bull(s) from.

This sale has something for everyone in mind as the Simmental, Angus and Red Angus are represented by each respected breeds most sought after genetics. When one studies the accomplishments that this program has had in the show-ring and sale-ring in the last handfuls of years, it is a result of progressive genetic purchases mated with the best bulls in the industry. With 80% ET calves on offer, it is certain that the dedication and best foot forward has been put in place to offer you, the valued customer elite genetics that can add value to your program.

We encourage you to travel to Mercer to view this years offering and we have confidence you'll be impressed with what you see. This family operation fully stands behind their program and treats their customers like gold to ensure that you have a serviceable bull that you are happy with in case a breeding problem arises. If you can't make it sale day, please contact Josh Rust, Matt Criddle or Scott Bohrson to visit about the offering. We look forward to seeing you on sale day in the new Rust Sale Facility.

Best regards,

Scott Bohrson

Welcome from Innovation AgMarketing

It is with great pleasure to welcome you to the Rust Mountain View Ranch 8th Annual Bull sale. I am excited about the opportunity to work alongside Bohrson Marketing Services in representing one of the premier multi-breed programs in North America. There is no denying the focus and diligence that Josh and the entire Rust family has when it comes to forward progression and staying true to their goal of constantly improving their product for their customer base.

Emphasis has been placed on the maternal aspect, with a large portion of the offering stemming from donor dams that feature the most prolific and proven genetics in the business. Herd bulls that walk in Mercer, North Dakota sire many of the larger sire groups. Again, we emphasis that these herd sires stem from generations of proven lineage to add predictability and profitability to your operations bottom line. The chance to select from full and half sib brothers will provide the opportunity to capitalize on uniformity and consistency within your calf crop.

The cattle for this event are selected based on visual appraisal of quality and performance. They offer a rugged, masculine, and three-dimensional build with the athleticism that is necessary to not only survive, but rather thrive in the toughest elements. They are beef bulls that are built to last and offer pedigree that is saturated with maternal strength and consistency.

Consider this your invitation to join us on February 7th in Mercer, North Dakota for hospitality and the Rust Mountain View Ranch 8th Annual Bull Sale. Videos of the offering will be available online for your convenience. If you have any questions please feel free to contact any of the sale staff to visit about the offering.

Best regards, Graham Blagg

We would everyone that is a From the co-op he

ET calves (Ostendorf, Lemer, and Singer F

ET Ranches that do an excellent job of housing our donors and producing the emb our co-op herds, to the folks behind the scenes on sale day. Without these people we wou put this sale on as smoothly as we do each and every year. These folks include Leoma We Paul Singer, Grant Singer, Herkie De Lange, Merlyn Skaley, Sheldon Laib, Ryeleigh Laib, R Singer, Lynn Singer, Shirley Herman, Jim Bieber, Steve Swanson, Pam Swanson, Kristi La Lindteigen, Sandy Giffey, Naomi Schempp, Waldo Westrum, Harvey Sellon, Sharon Sello Fletcher Hennessy, Chad Kramer, Bryan Schaefer, Kipton Erickson, Justin Morrison, Krist Dorran, Cassie Dorran, Tony Heins, Keith Kissee, CCi. Live, Ideal Video Productions, and K A special thanks to the Jay and Karen Hennessy family whose time and dedication has be our success this current year and for years to come. Without their help, along with the Morrison, Scott Bohrson, Graham Blagg, Garrett Thomas, and the show crew we would not close to having the success we do each year in Denver at the Stock Show!

I would also like to take a moment to thank Scott and Rebecca Bohrson and their team at Bofor doing a great job with the catalog! I know the sacrifices that they all make whether it's home and family countless nights, staying up to finish an ad just before deadline, preparing or driving endless miles to help us make the correct genetic selections. It is all greatly approximately approximately approximately gone unnoticed! We value our business relationship with you all, but more important friendship! So thank you from the bottom of our hearts!!

Donation

We will again be donating 1.5% of the sale gross to Todd and Kamaya Singer and their ministry. By doing the donation this way everyone has an opportunity in a small way to contribute to their mission. Plus it will help me sleep better at night knowing that I am not the one deciding which bull to donate!

They work for CRU and mentor young men and women at the University of North Dakota in Grand Forks and surrounding colleges. It is a great ministry and this is just a little way that Rust Mountain View Ranch can help. I will have Todd go into more detail about his ministry.

We have had the privilege to host a lot of influential bulls as Lot 1 in our past bull catalogs but Nitro could very well be the most intriguing yet. He is a full brother to the RF/Rust Flirt 827F that was a many time champion north of the border and commanded \$62,000 in Friday Night Lights and another full sister highlights our online sale in Denver. Lot 1 and 2 are full brothers and have the utmost amount of future ahead of them as they have the ability to bring it all together with phenotype, genotype and strong numbers. A great one in the making and we intend to use him intensely in our own program.

Rust Hydro 87 Simmental Bull

homo polled /// homo black /// 3435024 /// 2018-02-17 /// bw-ET /// ww-816 /// yw-1516

The grandam of Lot 1 & 2, 202Z has produced in excess of \$550,000 in progeny sales and she was Supreme Champion Female at FarmFair and Agribition with 404B (the dam of Lot 1 & 2) at side. 404B then carried on to sell at Friday Night Lights where we acquired her for \$44,000 and she has been a great producer. Her first bull calf sold for \$65,000 to WJ and another daughter brought \$62,000 this past December. We haven't even talked about their great sire yet, Boone Pickens was the high seller from Griswold a couple years back and he has been a breeding machine.

A true sale feature and one of the very best we have ever offered. When Scott Bohrson toured through the summer this was one that he ranked at the very top and is on his short list of what he called special bulls that he viewed throughout the summer of 2018. We could write novels on the 404B/202Z/Flirt cow family as they have shown their impressive ability to raise cattle to top the show ring, sale ring, and most importantly to be front end production cows. Brutus has the numbers, pedigree and phenotype with stoutness, rib shape, attractiveness and overall soundness to be an influential breeding piece.

Rust Bank Statement 204 Simmental Bull

homo polled /// homo black /// 3435030 /// 2018-02-26 /// bw-ET /// ww-680 /// yw-1488 Bankroll is the \$205,000 high seller that has been a great breeding bull as his first calf crop has topped many sales and been winning countless shows. His dam, 8543U now resides at Rust Mountain View Ranch and we are very proud to have her as a part of the donor arsenal here as she is a true breeding sensation. On the bottom side is our awesome 5870C donor that is the dam of Lots 7-9. Bank Statement has the look to be a key breeding piece.

Rocket x Kargo x Bonita is a stacked pedigree that has resulted into an outstanding herd sire here in Lot 53. He is a dark red, long spined, deep bodied, square hipped, athletic individual that is as cool to view in person with his complete phenotype. This extra-age individual is so complete in his type and one to heavily consider if you seek high quality individuals that can cover extra cows.

Black Angus Bull 19286742 /// 2018-01-29 /// bw-86 /// ww-742 /// yw-1297

As we progressively build and develop our Angus program we want to source the strongest genetics in North America and the Beauty cow family is one of the very best. We acquired Beauty 6066 as the hgih selling bred from Brooking and she dropped a perfect udder and has developed into the exact type of donor that we want to build around. The pedigree here behind Lot 55 is stacked with maternal greatness and the bull himself will impress when viewed. He is hairy, attractive, long spined with muscle and power in a very complete package.

Black Angus Bull

19239845 /// 2017-12-13 /// bw-ET /// ww-740 /// yw-1182

This December born bull combines the Emblynette cow family with the great Bank Note that has had such a positive impact on the breed. Bank Note is known for his ease of calving with above average growth and ideal phenotypes with good feet and sound structure. The daughters are awesome udder and highly productive and we feel they will be cornerstone genetics to build off of. When you combine that with the Emblynette's, Lot 56 is a no-brainer to invest in with confidence.

19196734 /// 2018-02-25 /// bw-ET /// ww-950 /// yw-1318

What a pedigree we have here in Lot 57 & 58 as it represents 2 of the greatest cow families in the industry with Rose on the top side and Blackcap May on the bottom side. Lot 57's dam, 6566 is a full sister to the illustrious 4136 donor that has exceeded \$8 million in progeny sales and is the best in the business. Rose on the top is highly proven and one of the very best from Canada that is beautiful udder and highly productive. Lot 57 is an end of February born bull that will be appreciated for his power and structural soundness in a complete package,

Rust Bank Note 37 Black Angus Bull

19196735 /// 2018-02-27 /// bw-ET /// ww-920 /// yw-1419

A full brother to Lot 58 and we couldn't be happier with the flush mates that they have developed into. Impressive numbers to go along with strong phenotypes as they are very consistent. The 6566 donor has impressed us with this flush plus the flush to Primo where it left us with 3 awesome daughters that we will be offering in the Online Sale during NWSS that are worth a close look. The Blackcap May is a pedigree to tie into and Lots 57 & 58 are quality bulls to invest with confidence.

TRUE SALE FEATURE!!! We really think this individual has a huge future in the industry as he wraps it all together and checks off every box for a big time herd sire to bank on to make a positive impact for your program. Phenotypically, he is hairy, dark red, level topped, stout made with ample muscle, depth of rib and overall presence that you seek in a true herd bull. Genotypically, his dam is a full sib to the popular Rioja that is in high demand and on the top side is the NWSS Champion, Trump. We have a had the priveledge to offer many influential sires in the breed and this is one of the best yet.

Terms & Conditions

BIDDING AND APPLICABLE LAW: All cattle listed in this offering comply with prevailing sale terms and conductions as section in by the land of the right to reject the final bid, if done before the merchantability of fitness for any particular purpose of any animal offered in this sale. The right to bid or the right to reject the final bid, if done before the hammer falls, is reserved for all sellers unless otherwise announced from the sale block or as prohibited by law in the state wherein the sale is being conducted.

ANNOUNCEMENTS: Any change of information other than in the catalog will be announced from the auction block and such announcements shall take precedence over printed material. All statements made from the auction block or those made by the seller (in private treaty), must be documented by seller if requested by the buyer at time of sale.

TERMS: Terms of sale are cash unless satisfactory credit arrangements have been made with the seller previous to the sale of any animal so affected.

PURCHASER'S RISK: Each animal becomes the property of and therefore is also the risk of the purchaser as soon as it is sold; except it shall be the obligation of the seller to see that animals are fed and cared for free of charge to purchaser, until loaded for shipment or until the expiration of twenty-four (24) hours after the sale, whichever occurs first.

HEALTH REQUIREMENTS: 1) All cattle entered for sale must meet the health regulations of the state in which they are sold. All other agreements regarding the health of the animal will be between the buyer and seller and should be documented in writing. 2) If sale cattle are returned to the seller for an adjustment, they must meet the health requirements of the state they are returned to.

CERTIFICATE OF REGISTRY: Each animal, which is catalogued, offered and sold as a registered animal, shall have a certificate of registry available at time of sale. When an animal is sold as "eligible for registry" or "registry applied for", the seller shall be responsible for obtaining the certificate of registry and for the proper transfer of the certificate to the purchaser includ- ing full payment of transfer fees.

IDENTIFICATION: Each animal, at time of sale, must have a readable tat- too or brand corresponding to that shown on the certificate of registration.

AUTHENTICITY OF PEDIGREE: When an animal, through parental validation, is determined to have an ancestry other than that reported on the registration certificate, the buyer shall be entitled to a refund of the purchase price from the seller upon return of the animal to the farm of the seller at the seller at the seller at the seller may have the certificate returned to the buyer. Any adjustment provided herein, if selected, shall absolve the seller from further liability for authenticity of pedigree to the buyer.

BREEDING GUARANTEES AND DEFINITIONS: 1. Females are guaranteed to be breeders, with the exception of: a) Female calves sold at side of dam b) Injury or disease occurring to the animal after time of sale c) Gross negligence or willful misconduct on the part of the purchaser d) Females used in ovum transplant after time of sale e) Cows sold with calf at side or a female that calve 2. Bulls are guaranteed to be breeders (definition as the ability to settle healthy cows by the time the bull is 18 months of age)

- 3. Any guarantees with respect to the ability to freeze semen shall be made by separate agreement between buyer and seller.
- 4. Safe in calf females are females that have been diagnosed pregnant by a competent veterinarian, and are pregnant at time of sale.
- 5. A bred female is a female known to have been served by a bull either by natural breeding or artificial insemination, but it does not necessarily mean that the female is safe in calf to that service.
- 6. A pasture-bred female is a female that has been pastured with a designated bull and has been exposed for the time stated, but it does not neces-sarily mean that this female is safe in calf to that bull.
- 7. An open female is a non-pregnant animal. 8. Calves sold off their dams (split pairs) shall carry the full breeding guarantee. PRIVILEGE OF PURCHASER

TO EXAMINE: The purchaser of a female animal may have her examined within twenty-four (24) hours after the fall of the hammer and prior to removal from sale premises. The pregnancy status of breeding status of a female so examined, when found not to be as represented at the time of sale, is cause for the female to be returned to the seller as unsold. EMBRYO TRANSFER: 1. Sellers should provide upon request a complete history of embryo trans-fer activity for any female offered for sale. 2. Withholding information on the existence of frozen embryos at the time of sale would be considered an unethical practice.

OPTIONS & PRIVILEGES OF RETURN OR ADJUSTMENT: The following adjustments do not preclude the right of the buyer and seller to mutually agree upon other terms and conditions for settlement of any dispute.

- 1. All claims for adjustment or refund must be made in writing either six (6) months from the date of sale or no later than when the animal reaches 24 months of age whichever occurs later, with the exception of claims involving misrepresentation of
- 2. In the event an animal is claimed to be a non-breeder, the animal may be returned to the farm of the seller, at the buyer's expense, if in good physical condition, and the return is in compliance with the health requirements of the seller's state. The seller shall be entitled to a six (6) month trial period following the return of the animal in which to prove the animal is a breeder. If at the end of six (6) months the seller is unable to prove the animal is a breeder, the seller shall, at the option of buyer, replace the animal with another equal value or refund the purchase price. Either option shall be deemed full satisfaction and settlement.
- 3. If a female is sold as "safe in calf" to a given sire or sires on a specified date or dates and proves not to be as represented, the buyer is entitled to a refund of the purchase price from the seller upon return of the animal and resulting progeny thereof to the farm of the seller at the seller's expense.
- 4. If a female is sold as "open" and proves to be with calf at time of sale and examined pregnant within sixty (60) days after sale, the buyer may return the animal to the farm of the seller prior to calving for a refund of the full purchase price or for another animal of equal value, whichever acceptable to the buyer. It shall be the obligation of the seller to bear any expenses incurred for transportation of the animal in question to the farm of the seller.

GENETIC TESTING AND TRAITTRAC STATUS: Sellers must identify the TraitTrac status and the results of any qualitative genetic testing performed on any animals or genetic material offered for sale. The ASA considers it an unethical practice to misrepresent or fail to disclose the TraitTrac status or qualitative genetic test results of any animal or genetic material.

DISCLOSURE OF MATERIAL INFORMATION: Sellers must disclose all material information concerning any animal or genetic material offered for sale. For the purposes of these Sale Terms and Conditions, "Material Information" is defined as any information which would be likely to affect the value of the animal or genetic material if the information were known to the public. Material Information includes, but is not limited to, information related to genetic tests, blood tests, ultrasound pregnancy results, disease tests, pregnancy and fertility test results, information related to the sex and age of in utero calves or embryos, and information related to the fertilization status of in utero calves, including whether the calf was conceived via artificial insemination or natural service. The ASA considers it an unethical practice to misrepresent or fail to disclose any Material Information concerning an animal or genetic material offered for sale.

LIMITATIONS OF OBLIGATIONS: These sale terms and conditions constitute a binding legal obligation between the buyer and seller of any animal or genetic material sold under these terms and conditions. However, the ASA, its directors, officers, employees and agents do not assume any obligation, legal or otherwise, to enforce the sale terms and conditions agreed to between buyer and seller.
