Welcome to an unparalleled offering.

The Wallace Family

The Maier Family

Brooke Brantner - Records & Registrations

Friends,

What an amazing run it has been. Cloud Nine was all but a vision several years ago. A vision that started amongst friends, that soon became partners. Our brand was built on the passion, excitement, and love we have for these cattle. They literally have put us on “Cloud Nine.”

Most importantly, we’d be remiss if we didn’t say ‘Thank You’ to all our friends and customers over the years! There is no way we could’ve enjoyed the countless memories, success, and happiness without each and every one of you. The saying goes, you’re only as good as the people you surround yourself with; and we’ve undoubtedly been blessed with the best.

As far as the cattle go, what you see is what you’ll get. All the cattle have been meticulously managed and mated to be as elite as possible. We stand behind these cattle because they represent what we believe in. The years of hard work, planning, and preparation have finally culminated to a moment like this.

The hype behind the sale has been astronomical! We hope to see as many new and familiar faces in Emerald as possible. It’s our mission to see that the cattle live up to the highest of expectations and leave long lasting impressions. As we move forward with each of our respective operations, we wish you unparalleled success with the cattle that have done so much for our families.

Sincerely,
Cloud Nine Cattle Company

Special thanks to Brooke Brantner for all of her hard work in managing the data on the cowherd and assisting in the catalog preparation process!

Red Angus Enthusiasts,

Welcome to one of the most dynamic opportunities of the year! It is with tremendous enthusiasm that we welcome you to the Cloud 9 Cattle Company, LLC Complete Herd Dispersal sale. Only in herd dispersions do opportunities like this present themselves; access to donors in the prime of their production careers; ET heifer and bull calves from exclusive matings, entire sets of bred heifers, and production age cows that are AI bred to the most proven and popular sires in the business.

The Cloud 9 Cattle Company, LLC program is made up of three progressive families within the Red Angus breed; the Wallace family, the Maier family, and the Keller Family. This coalition of breeders that back the Cloud 9 Cattle Company, LLC program have deeply rooted ties to some of the most dominant Red Angus genetics in North America. These females were hand selected by the keen eyes of Ennis Wallace, Steve Maier, and Jeff Keller from the historic Damar Farms program in 2016. These females are representatives of the most elite and proven cow families within the Red Angus business.

The cows that will be offered have produced high sellers, National Champions, Junior National Champions, and most importantly individuals of influence that will leave their legacy on the programs that have selected them and the breed as a whole. Many elite heifer and bull calves from proven donors will be sold that are full and maternal sibs to famous cows and AI sires. This is a truly once in a lifetime type set of cattle that will be offered at public auction on September 15, 2019 in Emerald, Wisconsin.

Consider this your invitation to join us for a full-fledged Red Angus weekend! Saturday, September 14th the offering will be penned and on display. Saturday evening be sure to join us for hospitality and live entertainment from the Blue Moon Drive band! The next day we will be serving brunch at 10:00 am and the Cloud 9 Cattle Company, LLC Dispersal Sale will begin at 11:00 am in a video auction format. Videos of the entire offering and a live broadcast will be provided by CCI.Live for those of you that will be unable to join us for this event. If you are traveling to the National Red Angus Convention in Dubuque, Iowa September 11-13, we invite you to join us afterwards. If you have any questions about the cattle please feel free to contact any of the listed sale day contacts, sale management, or authorized sale consultants.

Enjoy the cattle,

A handwritten signature in black ink, appearing to read "Jeff Keller".

Cloud 9 Cattle Company, LLC and Innovation AgMarketing, LLC assume no liability for injury, accidents, or damage to any persons or personal property.

Terms and Conditions

All cattle sell under the terms and conditions of the Red Angus Association of America and the American Simmental Association. Payment will be accepted in the form of cash, cashier's check or check. All cattle must be paid for prior to release. Innovation AgMarketing, LLC will require full payment promptly. All funds are to be paid to Innovation AgMarketing, LLC in U.S. currency. Wire transfers will also be accepted and will be required by foreign buyers within 10 business days after the sale in U.S. currency. No cattle will be transferred or released without full payment. In the event that you need expedited registration paper transfers please make plans to pay in full on sale day.

All cattle must be paid for and removed from the premise by October 15, 2019. If cattle are left past this date a yardage charge of \$7/day will begin. Cattle become the responsibility of the new owner once they are sold and Cloud 9 Cattle Company, LLC or Innovation AgMarketing, LLC will assume no liability for any cattle after the auctioneer says sold. All sales are final. Livestock insurance will be available on sale day and is something that we strongly recommend.

Herd Health

COWS: Prior to calving the mature cows received the following shots; Bovi-Shield Gold FP 5VL5, Scour Guard 4KC, Multimin 90, and Cydectin pour on. When the cows were turned out to grass they were drenched with Safe Guard.

CALVES: At birth the calves were given First Defense, Inforce 3, and Multimin. Pre-turnout the calves were given First Defense, Inforce 3, and drenched with Safe Guard. At weaning the calves were given Ultrabac 7 and Bovi-Shield Gold one-shot vaccine.

BRED HEIFERS: Prior to breeding, the bred heifers were given Bovi-Shield Gold FP 5VL5 and Multimin 90. At turn out to grass they were drenched with Safe Guard.

BULLS: See the information on page 100.

Star

DAMAR STAR 365W B043

The Star B043 cow family has quickly become one of the most prominent and successful lines on the farm due to the unwavering consistency and quality that this female is capable of generating. B043 is a daughter of the popular and proven Red SSS Soldier 365W sire that is responsible for countless top producing daughters across North America. Her dam is the prolific Red Lazy MC Star 185M, a member of the potent “Star” cow family in the Lazy MC program. In her short time in production, B043 has already produced a NAJRAE Reserve Grand Champion Owned Female and NAJRAE Grand Champion Futurity female for the Goecke family of Iowa. B043 is the dam of a flush of ET calves sired by the 2017 NAILE Reserve Grand Champion Red Angus Bull and 2019 NWSS Grand Champion Red Angus Bull, Damar Mimi E381. B043 is maternal sister to the great Red Lazy MC Cowboy Cut 26U, arguably the most notable son of the great Star 185M. She is also a 3/4 sister to the \$50,000 Red Lazy MC herd sire, Gunner, an own son of Trooper. A full brother to B043 is the powerful Red Lazy MC Soldier 30Z stud and full sib embryos have commanded in excess of \$1800 per embryo. The impact of the Star 185M cow family continues to be a staple in this progressive Canadian program that is renown worldwide for their strong maternal cow base. B043 sells safe in calf to Damar Next D852, a leading AI sire that is being used in top programs across the country with tremendous success. We are confident that B043 will continue to add to the already existing chapters that she has wrote in the Red Angus history books! Here is a rare opportunity to acquire a proven and predictable donor in the prime of her production career!

Miss 365W B023

DAMAR 67R MISS 365W B023

B023 is another top daughter of the great Red SSS Soldier 365W sire and backed by the prominent Red Lazy MC Miss 67R matron. This female is moderate in frame, bold in her rib design, and offers a flawless structural base. The most notable progeny from the 67R cow family would include; Red Lazy MC Miss 9X, a daughter that was a highlight in the A-1 Land and Cattle dispersal sale in Texas, and Damar Soldier Z295, a full brother to B023 that was crowned Reserve Grand Champion Red Angus Bull at the 2013 NAILE. 67R is one of the most prolific daughters of the great Smash 41N sire. Her sale toppings have included the \$21,000 Kingman 16W stud that was employed in the Ter-Ron and Towaw Cattle Company programs. There is no doubt that this female is capable of creating elite Red Angus seed stock and this mating to the multiple-time National Champion, Damar Mimi E381, is sure to make for a quick return on your investment!

The Miss Cow Family

The Trump x Soldier combination has been a big hit when it comes to creating cattle that are sound, big ribbed, easy fleshing, and offer a next level look of quality! In fact this very genetic combination yielded the 2019 NAJRAE Reserve Grand Champion Female and Grand Champion Futurity Female for the Goecke family of Iowa. Here is a flush of ET calves that are supported by B023 and sired by the NAILE and NWSS Grand Champion, Damar Trump C512. Study the stoutness and balance that these flush mates offer from this powerful mating.

Barcelona

DAMAR BARCELONA E067

Barcelona may be one of the most decorated Red Angus females to EVER grace the tan bark and there is absolutely no denying the impact that she is destined to make in production! To put it simply; Barcelona is once in a lifetime type female that has the capabilities to take programs to a whole new level. Sired by Andras Fusion, she is a direct daughter of the legendary Damar Mimi W085 donor that is the epitome of a matron donor dam. Morley Griffith, her family, and talented crew campaigned Barcelona to countless victories which included; 2018 NWSS Calf Champion Red Angus, 2018 Oklahoma Youth Expo Grand Champion Red Angus Female, 2018 NAJRAE Grand Champion Futurity Heifer, 2018 American Royal Grand Champion Red Angus Female Open Show, 2018 Tulsa State Fair Grand Champion Red Angus Female Open Show, 2019 NWSS Grand Champion Red Angus Female Junior and Open Show, and the 2019 Fort Worth Stock Show & Rodeo Grand Champion Red Angus Female. Her flushmate brother joined her at the backdrop in the mile high city where Mimi E381 was slapped the 2019 NWSS Grand Champion Red Angus Bull. Mimi E381 now walks the pastures of Chain Ranch in Canton, Oklahoma as a leading herd sire in their progressive program. The impact that he will make on the breed shines through in this outstanding offering of ET calves that will sell September 15th. Barcelona has quickly made herself a household name among the Red Angus breed both in the show ring and production. Since her career on the road has come to a close there have been two flushes that have sold at public auction for an average of \$14,000 per flush! The generating capabilities that this dynamic female offers mirror her dam, W085. We are confident that Barcelona will write her own chapter in the history books and will be the foundation that any progressive program is constantly searching for. **Morley Griffith and her family will be retaining their 1/2 embryo interest and possession of the female. But let's be honest, Barcelona will more than likely spend the rest of her days at the ET center in the quest to create the next generation of GREAT Red Angus genetics. Please Note: The two flushes sold prior to sale day on Barcelona must be honored first. CLOUD 9 CATTLE COMPANY IS OFFERING 1/2 EMBRYO INTEREST IN THE 2019 NATIONAL CHAMPION AND FUTURE MATRON, BARCELONA E067!**

There are few females within the cattle industry that have accomplished what Damar Mimi W085 has in such a short amount of time. The fact is Mimi W085 is arguably one of the most potent producing Red Angus females that the breed has ever seen. Not only has Mimi W085 left behind countless daughters working in top herds from coast to coast and border to boarder, she has worked in a series of different breeds. Most recently Mimi W085 produced a flush by Andras Fusion that resulted in the 2019 NWSS Grand Champion Red Angus Bull, Damar Mimi E381, and the 2019 NWSS Grand Champion Red Angus Female, Damar Barcelona. Barcelona was also crowned National Champion female at the 2019 Fort Worth Stock Show, ending her career as one of the most decorated Red Angus females to ever set foot on the tan bark. E167 is a direct daughter of this bred icon, sired by the \$60,000 Red Blair's Bingo 581B. She is elegant in her design, and offers similar characteristics of her dominant dam. This female is bred up early for a February due date to the two-time National Champion, Damar Trump C512. In addition, we are excited to offer several pregnancies due the end of February that are a result of a highly successful flush to Trump. Sit back and enjoy the ride that this female will take your program on! Dale Roof of Roof Cattle Company at Odessa, Missouri has been an exceptional partner to have on this great young donor dam. Mr. Roof will be retaining his 1/2 embryo interest in this exceptional female and her bull calf. We can assure you that he will be a great partner to have. **CLOUD 9 CATTLE COMPANY IS OFFERING 1/2 EMBRYO INTEREST IN E167, A DIRECT DAUGHTER OF THE GREAT MIMI W085. TESTED OSF**

D177 is another direct daughter of the great W085. This attractive, neat featured, big-bodied young female is a full sister to the productive 512C donor that walks the pastures of Brownell, Kansas at C-Bar Red Angus. Many astute cattlemen believe that the Evolution x Mimi W085 combination to be one of the best matings when it comes to generating brood cows that offer limitless generating potential. The proof is in the pedigree and the elite and proven cow families line her lineage top and bottom! *AI BRED 7/1/19 TO DAMAR TRUMP C512 (RAAA: 3480006). ESTIMATED DUE 4/9/20. D022 is backed by two of the most influential individuals in the breed; Power Eye and Mimi W085. There is no questioning the consistency and generating power that supports this female's lineage. Her sire, Power Eye, has sired countless National Champions over the past few years and the influence of sons such as Trump continue to leave a lasting impact. The W085 cow family needs no explanation or introduction. This mating to Andras Fusion R236 will result in a 3/4 sib in blood to the 2019 NWSS Grand Champion Bull and Female. A young and productive female in the prime of her production career! *AI BRED 6/6/19 TO ANDRAS FUSION R236 (RAAA: 1506931). SAFE AI. ESTIMATED DUE 3/15/20.*

DAMAR TARMILY 365W B186

Tarmily 365W B186 is another young and productive donor female that is sired by the great Red SSS Soldier 365W. B186 is a maternal sister to the legendary W085 donor dam and has been a mainstay producer both in the Damar and Cloud 9 programs. She is a dark red, big centered, high capacity type female that is great footed and offers exceptional breeding flexibility. A popular daughter of B186 was the E176 female that was sired by Damar Maonos 26P B552. Her consistent ability to produce sound and functional cattle will add value to any program.

F115 is a direct daughter of N512, and sired by Andras Fusion R236, making her a three-quarter sister in blood to Mimi E381 and Barcelona. The proof is in the pedigree and there is no denying the impression that those two individuals made during their tenure on the tan bark. This mating to Trump only adds value by combining the Oh Baby cow family with the proven potency of N512. *AI BRED 6/28/19 TO DAMAR TRUMP C512 (RAAA: 3480006). ESTIMATED AI DUE 4/6/20. PE 7/15/19 TO 9/1/19 TO C9CC SENECA F330 (RAAA: 3926275).*

Power Baby C150

DAMAR OH POWER BABY C150

If your program has been searching for “the one” to add to your donor arsenal, the search ends September 15, 2019 in Emerald, Wisconsin. There is no doubt that C150 has the credentials to serve as a big league donor. C150 is from the prominent “Oh Baby” cow family and is a full sister to the 2016 NAILE and 2017 NWSS Grand Champion Red Angus Bull, Damar Trump C512. She is also a maternal sister to the 2017 NAJRAE Grand Champion Owned Female shown by Kip Wallace. This past fall C9CC Oh Baby F104, a daughter by C-Bar Evolution 107Y commanded \$19,000! The stoutness, eye-appeal, structural correctness, and sheer look of quality that Oh Baby C150 offers is second to none. She is confirmed safe in calf to the 2018 NAILE and 2019 NWSS Grand Champion, Damar Mimi E381, and will calve by sale day. Only in dispersal sale settings do opportunities like this present themselves. We are excited to watch what impact C150 makes on her new owners program and the future of the Red Angus breed. A true sale feature!

The Oh Baby cow family needs no introduction, and here is another direct daughter of the great W168 donor. This maternal sister to Trump is sired by the great Red Corner Creek Cash 2R stud that is well noted for his ability to sire highly productive females that stand the test of time. The resume that accompanies B063 includes being a maternal sister to the C150 donor, Trump, D031 the 2017 NAJRAE Grand Champion Owned Female, and F128 the popular maternal sister by the \$60,000 Bingo. She is AI'd for a late February calf by Damar Mimi E381 for a quick return on investment!

Ballet X222

DAMAR BALLETT X222

Ballet X222 is a full sister to the Berry Blossom X207 donor. To our fellow Red Angus enthusiasts and breeders that have had the privilege to own a daughter or descendent of Mulberry 26P, you will understand the maternal value that these females offer. X222 is another big time producer from the legendary Bonnebell N327 cow family. She is much like her sister from a body mass and dimension standpoint, with a certain look of femininity that is hard to ignore. She will sell along side pregnancy opportunities by the popular NAILE and Denver Champion, Mimi E381. This mating is a perfect blend of power, stoutness, and maternal function with undeniable eye-appeal! Study the quality and potential her ET calves offer.

LOT 49 - C9CC BONNEBELL E123 ET

E121 and E123 are flush mate sisters from the foundation female, Bonnebell N327. The popular outcross sire, RRA Aviator 502, produced in the well-respected Rich Red Angus program of Vinton, Iowa, is the sire of this pair of females. Not only do these flush sisters study with tremendous power and dimension from end to end, they also offer balanced and uniform data to further support their functional phenotype. They offer added mating flexibility and should serve as excellent breeding pieces for any operation looking for a different twist from a pedigree perspective.

LOT 51A - C9CC MS D171 BONNEBELL G103

DFRA BONNEBELL N327 - FOUNDATION FEMALE

D171 is sired by the great Red Corner Creek Cash 2R and backed by N327. She is a young and productive female that is in the prime of her production career. This female is a deep bodied, high volume female that was AI'd to Damar Next D852 and is due in late February. The resulting progeny will combine the influence of Bonnebell N327 and Mimi W085, two of the most well respected and prolific females to ever grace the breed.

LOT 52 - DAMAR 101J BLOCKANA A121

A121 is without question one of the most unique females on the farm. In regards to foot, bone, and stoutness this female is simply unmatched! She sets down on the largest and most correctly shaped foot design we have ever witnessed on a Red Angus female. She offers a near flawless set to her hip and hind leg structure, all the while being impressive in her hip and pin width. This female remains attractive through her front third and robust in her rib shape. When it comes down to uniqueness of breeding pieces, A121 is unrivalled. She is another productive Mulberry 26P daughter that is backed by the legendary DFRA Blockana 101 matron. Seeing is believing and we are confident that come sale day A121 will find her way onto the short list of even the most critical. Several pregnancies by the popular and rare Mission Nexus will sell along side A121. A true sale feature!

The Blockana Cow Family

The Red Berry Y137 donor female needs no introduction when it comes to generating progeny with the same elite look that she offers. The Seneca sired flush mates are robust in their rib shape, sensible in their frame size, and thick cattle. They are great production cattle that offer tremendous future. The cattle sired by the popular E381 sire offer a look of quality that is second to none! Finally, a pair of PTO sired calves are stout and massive. Regardless of which mating you prefer, rest assured these calves are backed by generations of elite cow families top and bottom side of their pedigree.

Vernaberry W095 is without question one of the most impressive females in the entire offering. She is unbelievable in terms of her basic built, symmetry, and balance. The three-dimensional body type that she personifies further compliments her stunning presence. W095 is not just another pretty face, she is a producer and has produced at the highest levels; as she is the dam of the 2017 NAJRAE Grand Champion Futurity Female. This Mulberry 26P daughter of Vernice R521 is the definition of a power cow and has the credentials needed to take any program to the next level when it comes to producing females to build a program or herd sire prospects to positively enhance other outfits. W095 is a true sale feature and a female we are excited to watch make a difference for her new owner!

Elora

RED BLAIRS ELORA 23T

Red Blairs Elora 23T needs no introduction to the Red Angus world due to her presence and ability to produce the great ones! In the fall of 2018 23T had two daughters by Mission Nexus command \$11,000 and \$9,750 in the Cloud 9 Cattle Company fall online sale. These two females represent the type and kind of female that our industry demands; quality, structural integrity, eye-appeal, and real-world performance. Despite her age, 23T continues to get the job done both in transfer and the pasture, as she is raising a set of twins on her own this summer (Note: Only the bull calf will be sold in this sale. Heifer calf has been culled at the time of printing). This foundation female that we have built a cow family around continues to impress with each new sire group or mating that we try. She will sell along with four daughters; two by C-Bar Anticipation 101W and two full sibs to the \$11,000 and \$9,750 sale toppers by Silveiras Mission Nexus 1378. These are the kind of females that will not only keep you in business; they will pay for the farm!

C9CC ELORA F107
\$9,750 DAUGHTER OF
LOT 69 BY SILVEIRAS
MISSION NEXUS 1378

A POWERFUL FLUSH OF ET CALVES BY REDS SENECA

A very powerful flush of ET calves sired by the REDS Seneca sire that now walks the pastures of the Northwestern corner of the United States at the progressive 9 Mile Ranch. The Seneca cattle are right for the times and very complete in their type and kind. 23T is responsible for countless high sellers during her career, especially in the fall of 2018 where she produced a pair of heifers by Mission Nexus that commanded \$11,000 and \$9,750. The influence of 23T can be identified throughout the offering.

The Elora Cow Family

LOT 73 - DAMAR ELORA 101W B405

B045 and B420 are flush sisters by the C-Bar Anticipation 101W and from the famed Elora 23T donor dam. They are elite numerically from a CED and BW to spread with such exceptional growth and carcass data. These females combine the influence of the \$3 Million Abigrace L7730 with the impact of the 23T line. These production age females are nursing powerful calves at side and offer extreme mating flexibility moving forward to any program.

DAMAR ELORA 101W B412 – FULL SISTER TO B405 AND B420 THAT IS NOW OWNED BY WESLEY MARTIN OF WHITESBORO, TX

Robella

LOT 77 - DAMAR ROBELLA Y122

Robella Y122 is from the productive foundation building Perks Robinhood 205R donor dam that needs no introduction. She is an ultra-attractive, big bodied, easy keeping Mulberry 26P daughter that is backed by generations of power cows. She was AI'd to C-Bar Evolution 107Y for a late February calf and we believe regardless of sex, this calf has the potential to be big time! Y122 will sell along side a handful of pregnancies that are the result of the same mating she is safe in calf to, by the great Evolution!

Realin

DAMAR REALIN Y157

Realin Y157 is a full sister to the Robella Y122 female. Both flush sisters offer the look of a true foundation female. Realin Y157 produced a \$6,000 daughter by Seneca that was a popular lot in the female sale last fall. She is mated to the popular Mimi E381 that has exceeded all of our expectations with his first calf crop. Y157 will sell along side a daughter, E164, by Soldier that is AI'd to Seneca for a March calf. The Soldier daughters are proving what they are capable of and we believe that this young female has a bright future ahead!

Dexan

LOT 84 - DAMAR DEXAN 1378 C019

The Dexan T701 cow family is without a doubt one of the most time-tested and proven lines of Red Angus genetics in this offering. We begin this division with a young and productive female that we have high hopes for when it comes to making a major impact. C019 sets the bar high when it comes to structural integrity, body shape, and a presence that is second to none. This upheaded, attractive female offers exceptional body shape and depth of rib, with a square and long hip design. C019 has always been a favorite of visitors and we wouldn't dare argue. The popular Silveiras Mission Nexus 1378 sires her; a sire that has taken the breed by storm and semen is quite challenging to locate. Her rarity of lineage adds marketability and mating flexibility. We AI'd this female to the two-time National Champion Damar Mimi E381 and are anxious and excited to see what will result for the new owner of this genetic gem, Damar Dexan 1378 C019!

Cedar Quest

LOT 88 - DAMAR 3363 CEDER QUEST A322

Damar 3363 Cedar Quest A322 is a young and exciting female that hails from the famous Cedar cow family that has been so valuable to the Badlands Genetic Plus program of North Dakota. This smooth made, angular beauty is an own daughter of the HXC Conquest 4405P sire that has made his mark upon the breed. She offers exceptional calving ease, style, and marketability. Her real world performance, carcass traits, and feed efficiency will bring forth added value from a herd bull generating standpoint. Pay attention to the opportunity from this young female.

The Cedar Quest Cow Family

Seneca continues to impress and there is no denying that he is siring cattle that are accepted in all facets of the industry. This last October the Seneca sired cattle at Cloud 9 were extremely well received in the online female sale. The male progeny by Seneca are sound, athletic, rugged cattle that offer value to the commercial bull trade with versatility to leave behind females that will contribute to the cowherd! Take notice of the dimension and power that this mating has yielded!

LOT 90 - C9CC CHECKMATE G321

C9CC CHECKMATE G321 is a powerful herd sire prospect that offers tremendous upside. He is big centered, easy fleshing, and offers an elite number profile as he boasts a -2 BW and spreads to over 100 for his YW.

LOT 89 - C9CC MS ALEX MORGAN G120

C9CC MS ALEX MORGAN G120 is one of the favorites among a deep offering of open ET heifer calves. There is no doubt that her power, stoutness, and robust design is sure to aid in her production career. A true donor prospect in the making!

C9CC LANA E137 - DAUGHTER BY C-BAR ANTICIPATION 101W

Damar Berryllyn X189 is one of the featured females in this offering and the "Cover Girl" for this exciting Red Angus event. X189 is a direct daughter of the legendary maternal sire, Mulberry 26P and backed by the influential Lana 113 that traces to the BJR Lana cow family that has made such an impact across the country. Her class, elegance, and sense of style is unmatched. X189 personifies structural integrity, udder quality, and maternal function in a complete and practical package. X189 will sell AI bred to the two-time National Champion, Damar Trump C512. An exciting mating that is supported by generations of proven cow families!

Conquest

LOT 94 - DAMAR MS CONQUEST C052

Brown Conquest Z7870 is without a doubt one of the legendary cow families and a direct daughter of the matron, L7730, the highest valued female in the Red Angus world! There is no denying the impact that these females have made when it comes to generating elite seedstock that offer a blend of superior phenotype and superior genomics. Damar Ms Conquest C052 is a true sale feature that is sired by the breed leading Brown JYJ Redemption Y1334 and backed directly by Z7870. She is impressive phenotypically and further supports her style with an elite number profile. She ranks among the elite in the breed numerically; top 3% GM, top 10% CED, top 11% BW, top 7% ADG, top 11% CEM, top 11% Milk, and top 3% Marb. As an added bonus C052 will sell AI bred to the Select Sires outcross sire, Red DKF Racer 8E. Racer was the Grand Champion bull at the Edmonton Farm Fair, Canadian Agribition, and Olds Fall Classic. Racer was also selected as a Top Five Supreme Qualifier at the Edmonton Farm Fair. This cow family is supported by several ET calves sired by the 2018 NAILE and 2019 NWSS Grand Champion Red Angus Bull and the popular and breed leading AI sire, RREDS Seneca 731C.

F131 is a direct daughter of C052. This female is sired by the great RREDS Seneca 71C, produced in the Rhodes Red Angus program of South Dakota and now walks the pastures of the Northwest at the progressive 9 Mile Ranch. This female offers a unique genetic package with tremendous breeding flexibility and potential from a generating standpoint. *PE 7/15/19 TO 9/1/19 TO C9CC MR SENECA F330 (RAAA: 3926275).*

Firefly

LOT 100 - DAMAR FIREFLY 4Z C183

The matron of the Damar Firefly 4Z C183 is a young donor that has set the pace in the donor pen. C183 is a true standout from a phenotype and structural standpoint; offering a flawless foot design, correct structural base, and genuine width. She is a bold centered, deep-bodied female that is long sided. C183 is sired by the stud known as Iron Hide 4Z, who at one point commanded upwards of \$300 per unit from the most progressive breeders in North America. The influence of Sakic shines through with extreme look, balance, and strong maternal traits. An exceptional set of ET calves that are sired by the great Mimi E381 stud will also be a highlight among this elite offering. C183 will greatly contribute to any program that is looking for a female to elevate their breeding program to the next level.

The Firefly Cow Family

The C183 donor has been an up and coming featured female in the donor pen and this flush to Mimi E381 did not disappoint! The heifer calves are elegant in their design, bold ribbed, and offer the quality of skeleton we strive for in each mating. The bulls are rugged, powerful, and athletic in their build.

Annaberry A128 is a descendant of the proven and predictable Annie cow family that has produced countless individuals of influence that have been major contributors in top programs across North America. A128 is a direct daughter of 8509, a featured lot in the historic Soo Line Dispersal sale. 8509 is an own daughter of 3154 from the legendary Annie 22Z matron. Generations of excellence back A128 as she exemplifies the fundamentals of a true power cow. A128 is a long sided, big hipped, super extended female that is of coarse a direct daughter of the maternal icon, Mulberry 26P. She sells with a powerful and rugged bull calf at side by the worldly popular Power Take Off (PTO), the 2019 FWSS National Champion Red Angus Bull.

The Lucky Lady Cow Family

LOT 109 - NED LUCKY 7 LADY 12Y
PICTURED SUMMER 2017

An own daughter of Red Get Along Wander 905 and backed by the Shoderee 12W matron, Lucky 7 Lady 12Y is a deep dark red female that personifies body mass and density. 12Y is as massive through her fore rib and center body as any female in the offering. She offers tremendous fleshing ability and docility to accompany her robust rib design. What makes this female so unique and valuable from a breeding standpoint is her straight Canadian pedigree, allowing for extreme mating flexibility. Most recently 12Y produced a \$6,000 open heifer calf by Damar Trump C512. Her bull calf at side by E381 is a standout!

The Red Angus ET Calves

A unique opportunity to acquire a direct son of the late Tidy Bee Rock Z347 donor that topped the Power Forward III sale at \$25,000 to Timber Creek Red Angus in Marietta, Oklahoma. These ET brothers are sired by the late Power Eye 161X, a true breed icon. Never again will this mating be created between two individuals as unique and powerful as them. Pay attention to the monumental opportunity that these herd sire prospects have the potential to offer!

These ET bull calves are sired by Silveiras Mission Nexus 1378 and backed by the B430 donor that was selected by the Fort Hays State University in Hays, Kansas. Another exciting mating that backs these young herd sire prospects!

Daughters of Iron Hide

A large offering of Damar W085 Iron Hide B652 daughters, which are sure to impress! Iron Hide is sired by Red Wrights 832S Iron Hide 4 and backed by none other than the dominant Damar Mimi W085, a female that needs no introduction to the beef business or Red Angus breed. These females represent the same principles and functionality that have been embodied in the breeding program for several generations of cow families. These females are big centered, easy fleshing, productive females that will be valuable property in production as brood cows.

The Spring Bred Heifers

This group of spring-bred heifers represents the maternal power and function that Damar 2U Iron Man B943. Iron Man was bred in the Damar program and is sired by Red Wrights 832S Iron Hide 4, a son of Red Six Mile Sakic 832S, the sire of the popular Firestorm. The dam of Iron Man is the potent Red SSS Minola 2U donor that is a product of the respected Triple S program in Calgary, Alberta. Hard working, production-oriented females that have stood the test of time back these females. These breds will contribute as valuable brood cows to any operation!

An own daughter of the potent, KA Shamoo U130 donor that has left her mark on the program and was a leading donor in the Damar program previously. This leading daughter of the Angus legend, Northern Improvement, has been a monumental producer. She sets the standard for phenotype, production, and class. She is backed by prominent individuals such as; Legacy, Shear Force, and Power Drive. The impact that this female has had is evident and she has produced countless daughters that have been marketed and are in top programs nationwide. Dazzle Z136 is nursing an exceptional heifer calf that is sired by the breed leading WLE Uno Mas X549 that is a true sale feature! Z136 is confirmed safe AI back the same way as her standout heifer calf to Uno Mas!

Barby A023 is a sensational red purebred Simmental female that is sired by the great Hook's Yukon 80Y and backed by the influence of Triple C Karrie T47K. She is robust in her rib shape, flawless in her foot design, and remarkable in terms of her power and balance. She is wide based, smooth joined, good footed, and simply built to last. She is 4 generations removed from Dream On and offers exceptional breeding versatility from a mating standpoint. Numerically she is balanced and would be a valuable asset to any program! She sells safe in calf to the Select Sires standout calving ease and quality sire, Uno Mas.

Females such as W54 offer extreme breeding flexibility. She is without a doubt one of the stoutest and most three-dimensional females in the entire offering. W54 offers virtually a complete outcross pedigree to all modern AI sires of popularity that continue to gain steam within the breed. She is sired by the Triple C Majic Man stud and backed by an Aces High daughter. She is huge footed, wide centered, and offers an elite Purebred Simmental look. She is nursing a tremendous heifer calf by the popular Uno Mas. She will sell safe in calf to the recently deceased BPS Structure 308A sire that was a tremendous asset to the Badger Creek Cattle Company sire battery.

A great flush of ET calves from the powerhouse Sugar Mama donor that is also known as W54. These calves are sired by the National Champion, Pays To Believe, a proven sire within the Simmental business. The heifer calves possess a great blend of elegance and shape, while the bulls are balanced, yet rugged and masculine. G146, G154, and G333 were raised by registered Red Angus females from prominent bloodlines. A very consistent flush with great potential!

B943 has been used as a walking herd sire at Cloud 9 Cattle Company with tremendous success. The calves come with ease and offer added quality and vigor. He is a descendant of the great Iron Hide and has complimented our AI and ET program, following registered cows as a sire that will not sacrifice quality, structural integrity, and fleshing ability. A strong aged bull that is capable of covering large numbers of cows. He too offers a docile temperament and will serve as an asset to any program.

The Bulls

What a flush of brothers from the proven and predictable Elora 23T that are sired by the late Silveiras Mission Nexus 1378! Flush sisters in the fall of 2018 commanded \$11,000 and \$9,750. They are females that were unmatched in terms of their rib shape design, foot structure, and overall maternal power. Elora 23T needs no introduction as a foundation donor and continues to get the job done in production. 23T, the dam of these herd sire prospects has been a staple in our program and will continue to leave a legacy within the Red Angus breed. C9CC Next Up F312 has been a tremendous asset to the Cloud 9 program and has walked behind our AI protocol as a pasture exposure sire to clean up behind heifers and cows alike. He is one of the most unique herd bull prospects that has been produced in the program and we are anxious to watch him make an impact for his new owners. F312 is a promotional type herd sire prospect that will fill the void of his sire from a semen demand standpoint. The other brothers also offer tremendous eye-appeal, stoutness, and a rugged design. Pay attention to this mating, as these bulls are the definition of female makers!

F304, F309, and F316 are a trio of flush mate brothers from the powerful Majestic Tarmily B430 donor dam that was selected by the Fort Hays State University program. They are sired by the popular Silveiras Mission Nexus 1378 and possess the same qualities that he is so widely noted for. They are big centered, thick topped, square hipped herd bull prospects that are rugged in their design. These bulls are backed by a tremendous dam that we will be hearing about as she makes an impact in the FHSU program!

F323 is the Bingo sired maternal brother to the NAILE and NWSS Grand Champion, Damar Trump C512. Much like his maternal brother, this Bingo son is big centered, long bodied, and loaded with muscle from end to end. Here is another stout herd bull that is ready for heavy service and backed by generations of proven cow families top and bottom side of his lineage.

Y157 is a featured donor in the offering and is also the dam of this powerful Seneca son. Seneca has made waves across the breed and is now a resident herd sire that walks at the innovative 9 Mile Ranch in Washington. Seneca is widely accepted by all facets of the Red Angus breed and cattle business as a whole. Study the foot, bone, and structural integrity that he possesses. F330 has been used already as a clean up sire in the Cloud 9 program because of his quality build and calving ease capabilities.

A heavy structured, stout made SimGenetic bull that is built for the long haul and will add value to your calf crop by increasing your weaning weights. A performance oriented herd bull prospect.

A NOTE ABOUT HERD HEALTH FOR THE BULLS

During the spring of 2019 the bulls selling have had the following; Bovishield Gold FP 5 VL5, Barback 7, and Cydectin pour on. All bulls will sell with a breeding soundness examination, including a passing semen evaluation performed prior to sale by the herd veterinarian. The non-virgin herd sires will have a breeding soundness examination, including a passing semen evaluation, and a negative trich test by sale day. Bulls have been developed on corn silage and alfalfa haylage. Yearling bulls have been on pasture from June 1 through sale day with access to Wind and Rain Availa 4 lick tubs.
