

A man wearing a cowboy hat and a light-colored shirt is waving his right hand. He is standing next to a dark-colored horse. In the background, another person wearing a cowboy hat is visible, looking away from the camera. The scene appears to be outdoors, possibly at a fair or a rodeo.

The one bull to sell is our one yearling show bull in the barn. Selling one-half interest with the option to double the price and take the whole bull. Our wonderful young college helpers got a hold of the two brothers and nicknamed them Pistol Pete and Red Raider. The names stuck. You would recognize this older full brother and sister; JCL Ice Storm and JCL Fire N Ice. Raider is a gem. JCL's favorite of the bull barn. WHY? Because he is naturally thick topped, he can move, and he has a structure to grow into. The disposition doesn't hurt either... JCL combs him every day with no halter.

Selling one half interest with the option to double down and own the entire bull.

JCL's favorite in the sale, he has loved her since she was a baby. She's always upheaded, and ready to show off. She is a full sister to JCL Fire N Ice, co-owned with Jones Legacy Livestock, and JCL Ice Storm, owned with Burlesmiths of Walking Cane Red Angus.

Selling one half interest with the option to double down and own the entire female. If you buy her all, we reserve the right to 10 embryos, at cost by 2022.

JCL Virgo is green as grass, but shooting for the moon. Her mother is becoming a great donor and just never misses. Her sire is Tango 156D. Her EPD's will make you proud. She was raised on a recip first calf heifer and she has the genetics on both sides of her pedigree to make it work! She is dark red, great fronted, and offers a sweet disposition!

Rose is a sweetie from a beautiful cow from the Jeffries Red Angus herd. She needs a little more halter work, but what makes her really sweet, is that she will work to any of our small battery of bulls. Want a Tango calf, she'd work! Prefer JCL Ice Storm... we'll make it happen. She's sound to show, but bred to work for the long run.

When we bred her, we had no idea that she had so much potential. With new rules at OYE and Oklahoma shows she can show both ways. She was under the weather on pic day and this was taken a few days later. She is sound footed, great hiped and super moving. A GREAT INVESTMENT. She's dual registered Red Angus and LimFlex... she can show at a class in the Jr. National of both breeds. Her dam is purebred Limi nearing ten years old. Her name is Melissa, and for those who knew our Limi families, her dam goes back to the Madeline line. P.S. In this year's bull pen... her brother (also a 50-50) sold first. Before any red, before any Limi!

This little girl is special. She has a super profile and a very sweet disposition. Her Momma died when she was only 4.5 months old, and she is not the biggest heifer. She is right, though, and she will show. What's more, her Momma was an incredible, big, long hipped Magness cow. This may be the buy of the auction.

For those who followed her Momma's wins, Katti needs no introduction. A heifer... finally, from this cow. She is a tiny tot... just a June baby... barely 3 months old when this picture was taken. She will lose the last of her summer highlights with the next clip, and the way she is growing... Well, get ready. This heifer would NEVER be for sale if Jaden or Linden were showing this year. JCL will keep this heifer until December 22nd – and wean her.

You might have heard of or seen JCL Cruel Girl. Her mother is a gorgeous cow. But, meanwhile, back at the ranch, JCL and Linden have the sister to Cruel Girl's mother. That cow's name is June. She is one of Dad's very favorites. Her length of hip, her structure and her udder make her worthy. She was not as big as her sis, but her calves are. We are putting this baby out there, even without a clip job, while still on her Momma. She's just a tike... she is a July. JCL will keep her until January 1st and wean and work her... no charge.

Xcessive Force has the power to be just that, as he stomped to the Champion Limflex Bull at the 2012 National Western. Back to Traveler 004 and out of a great Deuce show heifer, this young sire is deep, thick and loaded with power. If you want a bull with power and tremendous girth, then now is the time to use Xcessive Force.
