TERMS AND CONDITIONS

All cattle will sell under the terms and conditions of their respective breed associations. All sales are final.

ANNOUNCEMENTS

A supplement sheet will be available sale day with updated information, corrections, and additional information. This sheet and any announcements made sale day from the auction block during the sale will take precedence over printed materials associated with the sale. Anyone attending this sale attends at their own risk. Diamond A Farms, the Land of Lincoln group, and sale staff will not be held responsible for any personal injury from attending this sale.

HERD HEALTH

A valid health certificate for immediate shipment anywhere in the continental United States will accompany all cattle.

TRUCKING

The sales team will be able to help you with transportation for your cattle purchases. We will also have professional transporters available sale day. Dick Coleman: (765) 461-0954 or Mark Howard: (865) 300-3636

VIDEO AUCTION

Cattle will sell on video in the Diamond A Farms sale facility. There will be multiple large screens playing videos of the animals while their respective animal is being auctioned.

ACCOMMODATIONS

Cobblestone Inn & Suites | 4 W Carriage Lane | Altamont, IL 62411 | (618) 483-3111

AIR TRAVEL

St. Louis Lambert International Airport – 1 hour and 30 minutes from the sale location.

1:00 pm - The 20th Anniversary

Land of Lincoln Sale

FARM & SALE LOCATION

Diamond A Farms

5519 E 600th Ave

Altamont, IL

Welcome fellow Simmental breeders and enthusiasts to the 20th Anniversary of the Land Of Lincoln Simmental sale! Over the past two decades the group of breeders has changed and evolved, but the core value of quality and customer service continues to thrive within. The cattle and the cow lines that are represented throughout the offering are brought to you by an assembly of breeders that live, survive, and provide through production agriculture. The cattle that have been offered through previous sales have gone on to find success in the show ring at the highest and most prestigious levels of competition. Most importantly, those females have become producers that contribute to their new breeders' herd. The most recent example of this was this past summer at the 2019 AJSA Summer Classic where Sara Sullivan and her family exhibited the Grand Champion Bred & Owned SimAngus Female, a daughter of the Style x Reba female that was selected through the sale a few years back and went on to be crowned Grand Champion SimAngus Female at the National Western Stock Show during her career for the Sullivan's.

We know that as you take the time to browse this offering, you will appreciate the time, thought, effort, and care that has went into this offering. Multiple females in the offering are AI sired and bred, they too carry some of the most potent donor females, past champions, and proven AI sires in their lineage. Some of the cow families represented have been highly successful in different regions and show rings in the country. We believe that this year's sale offers many unique opportunities to capitalize on. The open show and donor prospects are as deep and talented as any set that has preceded them, while the bred heifers and pairs are productive, good structured, great uddered, low maintenance females with a future in production. New this year to the sale offering will be several sexed heifer pregnancies from two proven matrons that are sired by the industry's hottest and most popular sires! A tremendous chance to add these prominent genetics to your program.

Consider this your invitation to join us for the 20th Anniversary Land of Lincoln Simmental Sale on November 2, 2019 in Altamont, Illinois at the state-of-the-art Diamond A Farms sale pavilion. The cattle will be on display prior to the sale and will be sold via video auction in the comfort of the climate-controlled facility. We look forward to seeing you for this exciting SimGenetic offering that is backed by two decades of excellence! If you have questions about the sale offering, please contact any of the breeders and/or sale staff. A live broadcast will be provided by CCI.Live and videos will be available for viewing the week prior to the sale.

Enjoy the offering,

A handwritten signature in black ink, appearing to read "John Blum".

LOT 1 - LFI FLATOUT RELENTLESS

JS BLACK SATIN - TRIPLE CROWN WINNING PUREBRED
SIMMENTAL FEMALE FROM THE PROMINENT FLAT OUT
FLIRTY 46T COW FAMILY!

LOT 2 - LFI FLIRTY LADY

Flirty!

There is no denying the potency of the cow family that backs this pair of females. In fact, it has remained on of the hottest and most widely successful cow families within the Simmental business through generations of females to carry the "Flirty" name. 46T is the maternal granddam of the Triple Crown Winning Purebred Simmental Female that prior to her fall run was named Grand Champion Female at the AJSA Summer Classic in College Station, Texas for Jake Bloomberg. Affectionately known as 'Boots', this dominant Broker sired female may be one of the most decorated Purebred show heifers to ever grace the tan bark. "Boots" embryos have commanded as much as \$3,000 per embryo. She headlined the 2016 Embryos on Snow sale in Denver, fetching a final hammer price of \$50,000 for one-half embryo interest. Here is an exciting pair of heifer calves sired by two of the most well recognized sires in the business, W/C Relentless and MR HOC Broker. Regardless of which female best fits your program, rest assured that the pedigree and potency of their lineage will aid in their success both in the show ring and in production. The Relentless sired female is elegant, smooth made, up headed, and offers a poised look of confidence. She is a show heifer deluxe and we believe that her most successful days are ahead of her. G079, the Broker sired female would be a ¾ sister in blood to the dominant "Boots". The structural integrity, style, and elite look that both of these females offer is second to none and we strongly believe that they will be dominant in all aspects of their show and production careers. We will let you sort them on November 2nd in Altamont, Illinois!

Flatout Flirty 46T has been a staple in our program and we recognize the success that producers from all corners of the country have had with daughters, granddaughters, and great granddaughters. Due to her prolific embryo production and strong fertility the embryos we have made ended up with a very high conception and we are able to offer this exciting opportunity! Granddaughters of 46T have commanded anywhere from \$15,000 to \$100,000 plus this fall already and we are excited to offer 5 pregnancies from this powerful matron. Bankroll needs no introduction as the \$205,000 high seller from the Werning program to Double Bar D Farms of Canada. Bankroll is the sire of the \$164,000 and reigning AJSA Summer Classic Grand Champion Percentage Female, Simmental Breeders Sweepstakes Supreme Grand Champion, and Iowa State Fair Supreme Grand Champion Female that was raised by RJ and shown by Sara Sullivan. Turnpike, another stud that commanded \$71,000 and was one of the featured bulls of the 2018 sale season is the sire of one heifer pregnancy. Data Breach won the North American and Denver back to back and is a top son of the Oracle sire for Badger Creek Cattle Co. The last two pregnancies may be the most intriguing to us, and although they are unsexed pregnancies, like the others, we believe the potential here is unlimited from the standpoint that Copacetic is one of the most intriguing sires we have seen in some time due to his athletic build, flawless look and presence. Each of these matings will result in Purebred progeny!

Offering 3 IVF Sexed Heifer Embryos.

Three embryos matings from the Flatout Flirty cow family that offer tremendous potential. This fall granddaughters of Flatout Flirty were merchandised by Jake Bloomberg for 5 and 6 figure price tags, and were the results of an embryo purchase from JS Simmentals. Here is the opportunity to acquire heifer sexed embryos from one of the most dominant cow lines in the business! Pick and choose to determine which mating makes the most sense to you and how it can compliment your program. Rest assured that these mating will create cash flow for the winning bidder! **Guaranteeing 1 pregnancy if transferred by a certified embryologist per embryo package.**

Stout and powerful sums it up here. These things are the real deal in terms of individual performance and power. They exhibit such skeletal width and internal dimension while still maintaining neck and head extension. They are the first product of the 122C donor and we are sure excited to see what else she can do for us. They have so much to offer in a purebred package backed by a long line of "Summers" that work very well here. Buy with confidence here as you will sure enjoy the long ride.

DAF Reba G23 is from the famed JF Reba 5302R matron that that has generated countless 5-figure progeny and will have her place in the history books as one of the most productive SimGenetic females in the business. DAF Reba U16 is a granddaughter of the prolific 5302R that was the staple of the Diamond A Farms donor pen, a constant and reliable producer in Altamont, Illinois. G23 is the LAST Reba U16 daughter to be offered up for your appraisal as an open show heifer prospect. The Silveiras Style x U16 mating has proven it's worth time after time, starting with the 2016 NWSS Grand Champion Percentage Simmental Female that was campaigned by Sara Sullivan of Iowa. That female sold through the Land of Lincoln sale, much like her flush mate sister that was slapped Grand Champion Percentage Heifer a year later at the 2017 NWSS as a bred heifer. Those two Style x U16 females have become valuable assets to the Sullivan family in production, producing the 2019 AJSA Summer Classic Grand Champion Bred and Owned SimAngus female that was sired by the great FHEN Halftime! Not only are the Reba U16 daughters elite show heifers, they are producers just like the long line of matrons that can be identified throughout their pedigree. Rest assured that on November 2, 2019 at the 20th Annual Land Of Lincoln a truly elite opportunity will present itself!

We thank Kenny Michels of Noble, IL for the purchase of this heifer's dam, D455. We concurred that Primo was first on the list to flush this Bottomline female to, and I would say that we made a good judgement. She's super feminine, and square made while still having some top and hip about her. We sure think this young March born 1/2 blood will do some good down the road in the showing and make an extremely nice cow for years of production like her 3 generations of Reba have done here. She goes back to Rachael X48 and of course the great JF Reba 5302R!

RELENTLESS 32C - SIRE OF LOT 14 & 15

If you received a catalogue last year I bet there was a trio of heifers that drew your interest or at least caught your eye. Well the style daughter in our donor pen hasn't missed a beat yet. The Executive Order daughters were a hit last year and this year it's the heifers that have lately been holding up the backdrop line, The Relentless daughters. Most wouldn't believe these are full sibs but they are! G01, has DONOR written all over her. Bold structured, huge ribbed yet has a beautiful look. I look for big time females to come out this one. Don't let that seal the deal! If your looking for one to do the same thing yet go hang some banners. G05 is right up your alley! This heifer is super feminine, good footed and sound must I say anymore. We are confident with this mating, let alone the cow family. Let them do for you just as what they've done in our program.

Retaining the right to one successful flush from Lot 14 and 15 with a minimum of 6 transferable embryos at the buyer's convenience and seller's expense.

Executive 187D, a full brother to Executive Order, continues to gain in popularity as show prospects and have proven to be even more valuable in production. Black Beauty is a sensibly sized, bold centered, wide pinned female that is sound footed, good structured, and offers a three-dimensional turn and shape to her rib design. A powerful percentage heifer that will be competitive in the show ring and pasture for her new owner!

The day I came home and told my family that I was bringing an Angus cow home I began to wonder if I was going to be allowed back in. Well, after a series of bull calves we finally received a heifer and if this is how they're going to look every time, keep them coming! This heifer is easy keeping for sure, a structure that's unbeatable and a smoking hot head and neck. We've done the breeding now it's time for this heifer to go to work for you.

Retaining the right to one successful flush with a minimum of 6 transferable embryos at the buyer's convenience and seller's expense.

A nice half-blood fall prospect that will turn into a super cow in the future. We have had many good calves out of her mother that were successful in the show ring along with bull test stations and F93 will be no different. Sleek fronted, sound and elegant on the move are just a few adjectives that will describe your new addition.

Decided to step up and throw in a Miley Cottontail granddaughter for your appraisal. She is intriguing to say the least and a possible donor down the road. Super complete from end to end and that'll translate into success and \$\$\$! We have always liked our Back in Black calves and feel F817's pedigree pulls a lot of great time-tested genetics together. WAIT!! WAIT!! There is more, she is safe in calf to JASS On The Mark! #JUSTWAITINGMYTURN *AI Bred on 5/19/19 to JASS ON THE MARK. Safe AI. Estimated due 2/24/20.*

Really cool red head here in this Dominance daughter stemming from our Dixie Erica cow family. Actually her dam was an extremely popular female in a past Land of Lincoln sales. She knows what to do and does it right!! *PE 2/1/19 to 10/1/19 to DLS LOADSTAR C539. Confirmed Safe.*

KENCO MILEY COTTONTAIL - MATERNAL GRANDDAM OF LOT 42

Here is a super good set of cows. Good dispositions, they bred good, and they look good. They all represent a different twist of genetics, but at the end of the day they are all hard working, good looking cattle. These females are AI sired and will sell with AI sired calves at side. The homework is done here, first calf heifers ready to breed back your own way with stout and healthy calves at side!

50	<p>PUREBRED SIMMENTAL</p> <p><i>Offered by Diamond A Farms</i></p> <p><i>Sire</i> RUBY/SWC GENTLEMAN'S JACK <i>Dam</i> WLE SHEZ IT C056</p> <p>Offering 3 IVF Sexed Heifer Embryos. Guaranteeing 1 pregnancy if transferred by a certified embryologist.</p>

WLE Shez It C056 was our pick of the Shipwreck Cattle Company and Bar O Cattle Company donor pen last year and we believe that she will have a lasting impression on our program. Sired by the great Hammer, this female was one of the most intriguing females at the 2017 AJSA Summer Classic when she was 8th Overall Female for Brecken Shipman. During her short tenure in the donor pen at Grandview, Texas this female produced a heifer calf that was selected by Jeff Jackson and the Sullivan family of East Texas. That heifer calf was sired by the sale topping baldy brother to Battle Cry that is known as Gentleman's Jack. She was the 2019 Calf Champion at the Houston Livestock Show and Rodeo for Cutter Jack Sullivan and went on to be Reserve Grand Champion Simmental female at Rodeo Austin. This mating is one that we replicated due to the consistency and potency that it had created. The resulting progeny will be hairy, stout, sound, and offer an elite show ring look!

Sire WLE COPACETIC E02

Dam FBFS BRIALLANT STAR 013B

Offering 3 Conventional Embryos. Guaranteeing 1 pregnancy if transferred by a certified embryologist.

FBFS Brilliant Star 013B is one of the most intriguing females that we have ever had on the farm. When it comes to stacking elite cow families together, 013B most certainly delivers. Sired by the uniquely intriguing Sandeen Upper Class 2386 and is a maternal sister to the NWSS Grand Champion Simmental Bull, Wheelman. 013B is a long necked, neat chested, massive bodied female that is flawless on her feet and legs. She offers an exceptional set to her hip and hind leg that has been stamped onto her progeny. 013B was one of the first daughters to sell by the great Upper Class and was our pick from the Foster Bros. Farms program of Lockney, Texas. This mating to the breed's most sensational 3/4 blood AI Sire and the 2018 NAILE and American Royal Grand Champion, WLE Copacetic is sure to yield elite show prospects with a trend setting phenotype.

COPACETIC E02 - SIRE OF LOT 51 EMBRYOS

SF/DSF JLOS REBA W736 - DAM OF LOT 52

SF/DSF JLOS REBA W736 was our pick from the NAILE Select Simmental Sale in 2016. A stunning red head that is equipped with an already established resume. Prior to investing in this powerful JF Reba 736T daughter she had produced well over \$130,000 in progeny sales. The first thing calves by One Eyed Jack totaled up \$55,000 for an average of just over \$18,000 per head. Another daughter by Fat Butt commanded a \$10,000 hammer price at the National Western sale. Relentless proved he is the hottest sire for generating elite show heifers during the 2019 AJSA Summer Classic, where he sired the Grand, Reserve, and 5th Overall Purebred Females. Two sexed heifer pregnancies from the Relentless x Reba mating will sell! CDI Innovator is another popular outcross AI sire that is proving his worth as a go to sire to create elite show heifers and herd bull prospects alike. The two sexed heifer pregnancies are sure to be of interest being full sibs to three heifer calves that averaged north of \$18,000 each! The choice is yours on November 2nd, which mating best fits your program's production goals!
