Fellow Simmental Enthusiasts,

It is indeed a privilege to welcome each and every one of you to the sixth edition of "THE EVENT". It has been a true pleasure to represent the breeders behind this elite genetic partnership that has evolved into one of the premier Simmental and SimAngus marketing events in North America. The breeders behind have been very aggressive in making seedstock acquisitions that have and will continue to propel them towards the top of the seed-stock business. They have focused in on elite cow families that will enable them to build for generations to come with enhanced predictability and proven results. As you thumb through the pages of this sale book, one will notice cows like 3C Melody, Shannon, Foxy Lady, and Crysteel Tango represented throughout pedigrees.

The profitability, predictability, and success rate of these cattle moving forward will continue to gather steam not only for these producers but you, also, as prospective customers. Many of the cattle in this offering are full or maternal sibs to past champions in the last 3-5 years at numerous national shows. This includes sisters to females that previously sold through The Event and have gone on to make the top 10 at the AJSA Summer Classic for the past three summers! This genetic collection is a very talented set that needs serious attention. The success rate of the cattle sold through previous years was monumental, as many of the females sold through the sale went on to and great success on the tan bark, as well as in the pasture.

We could not be more excited about the offering this year, due to the magnitude and depth of quality that is being offered. We are thrilled to have a select handful of cattle from Sisco Bros. Cattle Company and Harkers Simmentals, two astute programs that have a passion for production agriculture. This will be a video sale with cattle available for viewing at each of the respective producers' ranches prior to Thanksgiving week, then they will be available at the NEW state of the art facility at Tucker Cattle Company in Pleasant Dale, Nebraska from November 25 through the 28. Again, this year we are excited to announce that CCI.Live will provide the broadcast with real-time bidding available for those of you that are unable to attend the sale. If you need any assistance or have any questions related to this offering do not hesitate to contact the genetic partners involved or the sale management team and their listed sale representatives. We look forward to seeing you in Pleasant Dale on Saturday, November 28 at 1:00 PM.

Have a Happy Thanksgiving and enjoy the cattle!

DMCC COUNTER ATTACK 8C

Sire of Lot 17A & 17B

Full Sister successfully shown by the Janke family!

Rains Counter Edition H323 and Rains Counter Edition H343 are flush mate sisters that are sired by the great DMCC Counter Attack 8C sire for Bird and Mueller. H343 is the January prospect that is big footed, stout hipped, and has the futuristic look of quality necessary to make a competitive run as a bred next fall and winter. Rains Counter Edition H323 is a sleek made March born female that is ultra-attractive, smooth made, and soft bodied. The dam of this pair of sisters is a cornerstone in the Rains Simmentals program and traces back to the famed BLL Miss Zeis Dream S316. Sisters to these females are employed by Emersen Petersen, Jamie Janke, Jeremiah Lubben, and Peyton Pribyl. A full sister sells as lot 30... Genetic dependability is key!
