KenCo Steel Magnolia has assembled a tremendous resume during her time at Silent Night Farms. The superb Steel Force daughter began her career as the high seller in the 2012 KenCo Family Matters sale and since then has created a legacy for herself within the Simmental breed.

The first set of embryos offered are FULL SIBS to the great DAF Dakota D13, one of the rising stars in the illustrious donor battery at Hagerstown, Indiana. A year ago, she produced a pair of fall born heifers that commanded \$57,000 and \$31,500 and have experienced tremendous success at the largest and most competitive venues in North America. Bramlets Dakota H095 was quick to prove her worth, as Jake Scott and Travis Pembroke first selected her to win the very competitive fall division at the 2021 AJSA National Classic before slapping her as the Reserve Grand Champion Owned Heifer of the show! Makenna Hoppa led her Purebred heifer to the title of Champion Purebred and Supreme Champion Overall Heifer at the Keystone International Livestock Exposition. Bramlets Dakota H094 is her full sister that commanded \$31,500 and has been expertly campaigned by Creighton Werning of South Dakota to several victories. H094 was first Reserve Grand Champion Purebred Heifer at the South Dakota Summer Spotlight show before being selected as the 4th Overall Junior Breeding Heifer. H094 returned to Huron for a repeat performance in September to be selected as the Grand Champion Purebred Simmental and 3rd Overall Junior Breeding Heifer.

The Lot 55B embryos are sired by the \$400,000 Profit, arguably one of the most influential sires in the business that continues to sire high sellers, champions, and individuals of influence within the business. This mating offers tremendous upside, and you can count on the resulting mating to yield BIG TIME results!
