## SUNDAY

February 5, 2023

9:00 AM - Bulls on Display

12:00 PM - Lunch Served

2:00 PM SALE BEGINS

*Welcome*

FROM HARTMAN CATTLE COMPANY

Welcome to the 9th Annual Hartman Cattle Company Simmental Bull Sale. We are very proud of the bulls that make up this offering. Phenotypically they are the stoutest and most rugged set of bulls we have offered to date. The bulls go through a stringent selection process, where emphasis is put on structural integrity, muscularity, real-world performance, and fleshing ease. It has always remained our priority that they must start with good feet and legs, with the proper angle and flex to their joints. We firmly believe that there are individuals in this offering that have as much potential to be sires of true impact and influence within the business as we have ever offered before.

Here at Hartman Cattle Company, we have always placed strong selection pressure on the maternal aspect of our herd sire battery. Superior sire selection has been emphasized at Hartman Cattle Company. We believe that every great breeding bull is backed by an even better female. As you evaluate this year's offering you will notice that several key females within the industry can be identified throughout the pedigrees. Maternal stability increases performance, fertility, and longevity, all essential traits of the modern-day beef production cycle. You will also notice several of the bulls selling are ET flushmate brothers to several of the highlighted females that sold in the 26th Annual Customer Appreciation Female Sale. By utilizing only the most proven sires, the nucleus of our cowherd herd has improved exponentially in terms of quality and consistency.

Each year we sort the very top end of our bull calf crop for this sale. These bulls, along with choice selections from our fellow breeders make up this deep offering. They are all a reflection of the discipline and diligence that make up the Hartman Cattle Company breeding program.

In 2022, bulls that had previously sold at Hartman Cattle Company were selected as the Grand Champion Simmental Bull in Denver, Oklahoma City, and Louisville! We are proud of the accomplishments that our customers have experienced with their HCC genetics. Again in 2023, we will host a frozen genetic sale that will allow customers, both new and old, to showcase the herd sires they have purchased at Hartman Cattle Company.

We look forward to being back in the Mile High City for the historic National Western Stock Show, an event that we showcase 18 bulls from our sale offering that will sell on February 5, 2023. We invite you to stop by our pen in "The Yards" to visit about the cattle. We wish you a happy, healthy, and prosperous New Year, and we look forward to seeing each of you! Please call if we can be of assistance in your genetic selection process.

Respectfully,

*Mike Hartman*

## Welcome

FROM INNOVATION AGMARKETING, LLC

It is again our privilege to welcome you back to Tecumseh, Nebraska for the 2023 edition of the Hartman Cattle Company Bull Sale. This set of bulls will mark the 9th Annual Simmental Bull Sale at HCC, and there is no question that the level of quality and consistency of this year's offering is due largely in part to the genetic progress that this program has put so much selection pressure on!

What makes this set of bulls unique is the consistency and quality that is present from top to bottom. The bulls that have made the sale have been stringently sorted based on foot quality, performance, phenotypic quality, and a premium balance of fleshing ease and muscularity. This set of bulls are athletic in terms of their build, genuine in their body composition, and have been developed with longevity in mind. Large groups of ET flushmate brothers backed by young, productive females from the most illustrious cow families in the breed make up the offering. Many of the bulls selling are ET flushmates to females that were featured in the 26th Annual Customer Appreciation Female Sale. The genetic consistency that these bulls offer is unparalleled.

If you are a cattleman or cattlemen that might not have a breed specific program, but enjoy turning out good reputable seedstock, rest assured that you can find and afford one here that fits your production goals. Progressive producers that sell their calves by the pound at weaning or retain ownership to the rail will be able to find more than one bull that will add value to their bottomline. Regardless of which sector of the business you are in, it is important to remember that paper may not always be a substitute to the value that comes with the basic knowledge of type, kind, and management essential to achieve ultimate grid values.

Length, frame, measured performance, and cutability have always been the primary advantages of Continental seedstock and when utilized on British based cows will add pay weight and profitability. It's not science, it's cowboy logic to utilize the cheapest tool known to the ranching business regarding heterosis.

The earning potential is proven on the top end year after year, but what you don't know or hear about is the unadulterated success had by the big ranching operations that have bought larger groups of bulls from this program over the past decade. Success through profitability has always been the focal point and has also been the reputation builder for the family named operation for decades. Please join us for the 9th Annual Bull Sale at Hartman Cattle Company on February 5th at 2:00 PM. If you have any questions about the offering, please reach out if we can be of assistance to your herd sire selection process.

Enjoy the cattle,

*Graham Blagg*

*Jered Shipman*

*Tim Anderson*

**LOCATION**

Located from the Junction of Hwy 136 & 50, in Tecumseh. Go North 3 Miles on Hwy 50, 2 miles west on Hwy 41 and 1/4 Mile North at the Hartman Cattle Company sign.

**TRANSPORTATION**

Tecumseh is located at the junction of highways 136 & 50, just 30 minutes West of I-29. Commercial air service is available into Omaha and Kansas City. Major rental car companies serve these terminals. Please call HCC if you need assistance with your travel plans.

**TERMS & CONDITIONS**

All lots sell in accordance with the suggested guidelines of the American Simmental Association or their respective breed association. For updated EPD's and information please visit [www.simmental.org](http://www.simmental.org). Announcements made sale day from the block during the sale take precedence over printed material in this catalog. Payment will be accepted in the form of cash, cashier's check, or check. All cattle must be paid for prior to release. All funds are to be paid to Hartman Cattle Company in U.S. currency. No cattle will be transferred, delivered, or released without full payment. In the event you need expedited registration paper transfers please make plans to pay in full on sale day. All sales are final.

**INSPECTION**

Sale cattle will be available for inspection at the sale site all day on Saturday and up till sale time on Sunday. For early inspections please contact Mike at (402) 440-6825 or Dalton at (402) 440-6469 to schedule a visit.

**LOT NUMBERS**

Ear tags in the sale cattle will correspond to their lot numbers in the catalog.

**LIABILITY**

Hartman Cattle Company, Innovation AgMarketing, LLC, and authorized sale personnel assume NO liability for injury, accident, or damage to persons or personal property. All persons who attend the sale do so at their own risk.

**INSURANCE**

James F. Bessler, Inc. will be on site and available at the settlement desk to insure your purchase(s). We strongly recommend the option to insure your investment - (815) 762-2641.

**LODGING**

Super 7 Inn Tecumseh, NE - (402) 335-3100 7 Miles from sale site	Holiday Inn & Express Nebraska City, NE - (402) 417-0820 39 Miles from sale site

# OUR GUARANTEE

Unless otherwise noted, all the breeding age bulls will have passed a breeding soundness exam prior to pick up/delivery. In addition to the standard terms and conditions of the American Simmental Association, we will provide the first breeding season (the 90-day period immediately following turn out) guarantee on all yearling and older bulls. This guarantee is not an insurance or mortality policy, but a guarantee on functional fertility. It is not a substitute or replacement for poor management. Buyer assumes all risks for injury due to running bulls together or management decisions outside genetic control. For the guarantee to apply, we ask that you contact us as soon as a condition is observed and before the animal is sold. We will work with you to determine whether the animal is returned or sold for slaughter. We will attempt to provide a suitable replacement. If one cannot be provided of equal or greater value, we will issue a sale credit to be used in a future sale for the full purchase price less the salvage value of the animal.

## **SUPPLEMENT INFORMATION**

The week prior to the sale a supplement sheet will be posted online that specifies any special terms & conditions and/or retained semen interest in any of the bulls selling. Scrotal Measurements, Adjusted Yearling Weights, and Ultrasound Data will also be available.

The 49 bulls that sold in the 2022 Hartman Cattle Company 8th Annual Simmental Bull Sale posted the following ultrasound data by the Centralized Ultrasound Processing Lab:

Average Adj. REA of 15.39  
Average Adj. BF of 0.275  
Average Adj. IMF of 3.03

- Over the years there have certainly been females that have influenced the breeding program at Hartman Cattle Company, but never before has there been a matriarch as youthful as "948" that has contributed so much to the progression of the breeding program as what she has.

- For those that follow the cow families of influence in Tecumseh, you will remember the five ET flushmate sisters that highlighted the 26th Annual Customer Appreciation Female Sale in December of 2022 selling for \$65,000, \$35,000, \$26,000, \$15,000, and \$15,000. The year prior a pair of daughters by ACLL Fortune 396C averaged \$20,000 each, bringing her running average to a \$28,000 average on 7 daughters sold.
- The five ET flushmate sisters that sold in December are full sibs to Lots 1 through 6 in this offering, sired by SO Remedy 7F. . . talk about generating consistency!
- "948" is quickly proving that she has the credentials to be one of the top income producers in the Freking Cattle Company breeding program. FRKG Classic 948K is the natural calf from the prolific young donor that offers an unprecedented look of quality and structural integrity.
- Flawless from the side, neat featured, and built to sire elite Simmental seedstock with the "classic" look that will never go out of style! A true sale feature that is destined to leave his mark on the business.
- Terms announced sale day.**

- FRKG Nobleman 37K is a rugged designed, athletic herd sire prospect from the "948" flush sired by SO Remedy 7F. A true beef bull that offers unmatched shape and expression.
- A long sided, square hipped herd sire prospect that is masculine about his head and neck, bold ribbed, and big testicled.
- He is homozygous polled and homozygous black, boasting a sensible birthweight of 79 pounds, spreading to an adjusted weaning weight of 825.
- If true power and muscle is something you need to inject into your cowherd, then make sure that you have FRKG Nobleman 37K on your short list sale day!

LOT 4 | FRKG PARAMOUNT 78K

- FRKG Paramount 78K is the next member of the Freking Cattle Company line-up that will be shown as a Pen of Five at the National Western Stock Show. We admired his looseness of build, depth of rib, and overall dimension.
- A stout featured herd sire prospect that offers true genetic consistency and is backed by maternal excellence.
- His moderate birthweight is further complimented by more than 800 pounds of adjusted weaning weight performance.
- Dense, stout, and three-dimensional are adjectives that accurately describe this set of ET flushmate brothers.

MEMBER OF THE NWSS PEN OF FIVE

LOT 5 | FRKG CAPITALIST 26K

- FRKG Capitalist 26K is arguably the best looking, neatest featured, smoothest built member of the NWSS Pen of Five.
- This March born herd sire prospect is high tying about his neck attachment, clean jointed, and offers a look of balance from the profile that is hard to duplicate.
- We appreciate the consistency from the tried and true "948" matron, a female that has secured her place in the donor pen with nearly \$200,000 in progeny sales on the first 7 daughters produced. "948" is on her way to becoming a household name!

- GPG Conclusion 129K is an ultra-rugged, masculine Purebred herd sire prospect that is sired by the \$530,000 world record selling SO Remedy 7F and backed by HCCO Countess 174F "948".
- A homozygous black and homozygous polled Purebred that is among the top third of the breed for both WW and YW, offering a balanced number profile that also position him among the top 10% for YG, top 15% Doc, and top 20% REA.
- SO Remedy 7F continues to prove himself as one of the most consistent and reliable herd sires EVER used at Hartman Cattle Company.
- 23 daughters sired by SO Remedy 7F averaged just shy of \$29,000 in the HCC 26th Annual Customer Appreciation Female Sale.
- A beef bull with real world performance that will enhance structural integrity, fleshing ease, and functionality. A must see on sale day!

- GPG Cornerstone 1K, is arguably one of the most unique breeding bulls ever offered in Tecumseh, Nebraska! A massive bodied, square built, stout featured son of the great SO Remedy 7F, GPG Cornerstone 1K is a true athlete that resembles the same structural foundation of his sire.
- The maternal side of his pedigree needs no justification, as it combines some of the all-time greats in the Simmental breed. His dam was the \$46,000 high seller from the historic Bruhn Cattle Company Dispersal in the fall of 2021, where she generated over \$250,000 in sales for the Bruhn-Moser partnership! Mike Moser and Al Bruhn purchased the dam of GPG Cornerstone 1K for \$30,000 when she was a featured lot 1 in a past HCC Customer Appreciation Female Sale.
- A maternal sister sired by Profit sold for \$90,000 in the 2021 HCC Customer Appreciation Female Sale. She has been successfully campaigned by Drew Brock of Indiana to several victories, including the 2022 Purdue AGR Reserve Supreme Champion Breeding Heifer.
- STN Miss Star Light is a maternal sib to the \$300,000 TL Bottomline and \$250,000 TL Ledger, two of the great breeding bulls ever sold at Hartman Cattle Company.

LOT 9 | GPG FOREMOST 417K

- GPG Foremost 417K is the third member of the 2023 NWSS Pen of Three, sired by SO Remedy 7F and backed by the maternal great, BF Miss Crysteel Tango!
- LKCC Miss Crysteel's Remedy 44J is a full sister to GPG Foremost 417K that has been the most dominant Purebred heifer during the 2022 show season! She was first selected as a division winner at the 2022 Cattlemen's Congress for Morgan Jackson. Following that win she was selected as the 2022 NWSS Grand Champion Junior Simmental Heifer, 2022 NWSS Reserve Grand Champion Open Simmental Heifer, 2022 FWSS Reserve Grand Champion Purebred Simmental Heifer, and this past summer was the 2022 AJSA National Classic 3rd Overall Purebred Heifer.
- BF Miss Crysteel Tango is also the dam of the \$100,000 Firefly 311A, \$120,000 Lady Di, \$70,000 VCL LKC Equity 608D, along with countless other individuals of influence within the Simmental breed.
- GPG Foremost 417K is a big boned, long bodied, smooth made homozygous black and homozygous polled Purebred that offers an elite pedigree!

LOT 10 | MR CAVALIER 203K

- MR Cavalier 203K is a younger born son of BF Miss Crysteel Tango that is sired by SO Remedy 7F, making him a full brother to GPG Foremost 417K as well as LKCC Miss Crysteel's Remedy 44J.
- BF Miss Crysteel Tango is one of the most important matriarchs in the breed with nearly 100 registered progeny recorded in the American Simmental Association Herdbook.
- Maternal brothers are working in top breeding programs across the country.
- If you're looking for a herd sire that will inject true maternal excellence into your cowherd, then look no further!

WAGR PANARAMA 204Z | Dam of Lot 11

- SWSN Prestige 34K is a direct son of the highly acclaimed WAGR Panarama 204Z, the highest dollar generating cow in the Swanson program that is responsible for the \$400,000 Profit, one of the all-time great breeding bulls in the Simmental breed. The deceased herd sire has left behind hundreds of daughters from coast to coast and border to border that are working in the nation's most elite programs.
- Other progeny from WAGR Panarama 204Z would include the \$350,000 Justified, the sire of the \$175,000 lot 1 heifer from the 2022 HCC Customer Appreciation Female Sale.
- Longtime customer and friend of Hartman Cattle Company, Charles W. Herbster, purchased a pair of 204Z daughters known as Panarama 451C and Panarama 52C for \$200,000 and \$130,000 respectively.
- SWSN Panarama 900G is one of the emerging young donors in the Freking Cattle Company program, producing the \$210,000 FRKG Victory 78J.
- His full sister, SWSN Panarama 1J, sold in the 2021 HCC Customer Appreciation Female Sale for \$50,000!
- *Terms announced sale day.*

JUSTIFIED (deceased)

PROFIT (deceased)  
\$400,000 Maternal Brother to Lot 11

LOT 12 | FRKG REMEDY 900K

- Another royal pedigree that is supported by the influence of WAGR Panarama 204Z. FRKG Remedy 900K is the natural calf raised by SWSN Panarama 900G, a full sister to the \$400,000 Profit!
- 900K is a maternal brother to the \$210,000 FRKG Victory 78J, the lead bull in the 2022 Cattlemen's Congress Grand Champion Pen of Five Purebred Simmental Bulls.
- Two maternal sisters to 900K were featured lots in the 2021 Summer Gala where they sold for \$30,000 and \$29,000 respectively. 900K is a three-quarter sib in blood to SWSN Prestige 34K and the \$50,000 SWSN Panarama 1J.
- A performance standout that will add true value in the form of payweight!

FRKG VICTORY 78J | \$210,000 Maternal Brother to Lot 12

LOT 13 | MR HLJ REMEDY K211

- K211 is a homozygous black and homozygous polled Purebred by SO Remedy 7F that takes the basics to another level in terms of foot size, depth of heal, and overall performance. This beef bull has the added length and shape to add substantial profitability to any program.
- The dam of K211 is sired by the MR TR Hammer 308A ET son that is from the MR HOC Broker sired daughter of the iconic JS Burning Hope 205 female. Stemming further to the influence of Moore Fantasia 16B, the dam of BJV Margin D9040, a past sale feature that is working in the B Good Livestock program at Creston, Iowa.
- Here is the NUMBER 1 weaning weight bull in the entire sale with an adjusted 205-day weight of 995 lbs.
- This son of SO Remedy 7F is backed by the leading female in the J-D Farms program. His maternal pedigree traces to the strong influence of the legendary Pathfinder sire TC Stockman 365, a sire that has been influential for nearly three decades!
- We admire the stoutness and masculinity that he combines with so much quality and balance.

BJV MARGIN D9040

This past sale feature at Hartman Cattle Company is a product of the maternal pedigree that supports Lot 13

LOT 22 | 4/B MR REMEDY 35K

- 4/B Mr Remedy 35K needs to be a shortlist option if pounds are what drives profit in your program, if this is the case then the impressive data profile of 22K will fit the bill.
- This homozygous polled and black son of the \$530,000 SO Remedy 7F combines the maternal influences of Mr NLC Upgrade U8676 and Sandeens SOS, meaning that he has massive amounts of real world value that no genomic prediction could ever summarize.
- 35K is a performance leader, ranking top 30% for weaning, top 25% for yearling and top 20% average daily gain, he will be the source of added pounds in the first generation. His purebred status offers the opportunity for added hybrid vigor on any set of Angus based cows.
- He is a maternal brother to the dam of 4/B Under Oath 242K, a NWSS Display Bull that sells as lot 48.

LOT 23 | 4/B MR REMEDY 121K

- A purebred, SO Remedy 7F son out of the 4/B Miss Pilgrim 168B female, that tested homozygous for both the polled and black genes.
- This early maturing, burly bodied stud has developed with extra balance and eye appeal. He is extra wide and square at the ground, the kind that projects to sire feeder cattle that stand apart from the crowd from both a muscle and length of body standpoint.
- His tenured dam is the pinnacle of what built the WS Pilgrim H182U reputation of phenotypic and maternal outliers. No second thoughts need to be had when retaining the daughters who result from the service of 4/B Mr Remedy 121K.

\$27,000 Full Sister to Lot 24

- HCCO Remedy 516K is a high percentage, homozygous polled and black member of the impressive set of SO Remedy 7F sons that will sell on February 5th.
- One of the most balanced bulls from a data standpoint in the entire offering, he charts top 30% for calving ease and had a 79 pound birthweight. His dam is a direct daughter of TEX Ambush 9106, the elite marbling Angus sire that sports a highly accurate, 1.08 marbling figure.
- Trust in the service of this Remedy son to add consistency to your product, 516K will help to unify the color and poll status of your calf crop, and in the meantime elevate the carcass quality and productivity of your cowherd. This kind can add dollars to your bottom line in the first generation.

LOT 26 | HCCO REMEDY 715K

LOT 27 | BOWL REMEDY 110K

- HCCO Remedy 715K is a three quarter blood, March born prospect, that goes back to the maternal power of the \$400,000 Profit.
- SO Remedy continues to stamp his dominance in the sire battery at Hartman Cattle Company. We love the design of this son, being extra square and wide at the ground, big footed, wide backed, bold middled and still eye appealing, the kind we set our phenotypic goals around.
- Don't let the younger birthdate of this stud sway you, his ready for early deployment and continues to catch the front runners with growth and maturity.

MLJM PATRON 17H

\$87,500 Member of the "Cinderella" Cow Family!

- BOWL Remedy 110K stems from the maternal power of the legendary Matlock Miss S031 that is the foundation of the "Cinderella" cow family that is featured in donor pens around the nation. She amassed over \$700,000 in lifetime earnings.
- The granddam of 110K is the WS A Step Up X27 daughter, MLJM Cindy Sue 11C that was a \$50,000 high seller for Martin and the Reserve Grand Champion Simmental Female at the 2016 Indiana State Fair.
- SO Remedy 7F sons are taking the business by storm, this is a prime example of the added real world value they bring to the equation, cattle that have extra punch and performance. 110K has always been an impressive specimen, take notice of his massive 851lbs of weaning weight.

LOT 28 | MPJB REMEDY 49K

- SO Remedy 7F is a sire that has always been surrounded by hype, and he continues to impress time after time. Here is another son that further solidifies his status as an elite breeding bull!
- Maternally you will find a role model producer that has consistently raised progeny of added value who have been cataloged in HCC marketing events, including the Currency 120G bull that sold to Echo Sand Ranching of Alberta, Canada in the 2021 Bull Sale.
- A performance driven stud that ranks top 35% weaning, top 25% yearling and top 20% average daily gain. He still comes with very acceptable calving ease and birthweight rankings.

OBCC LOLA 137Z | Full Sister to Dam of Lot 28

LOT 29 | GKS/ARROW H REVOLVER K015

SS MAGNIFICENT DREAMS | Dam of Lot 29

- A purebred calving ease option that will eliminate any worry come calving season with his top 20% Calving Ease figure. Not only does he trend calving ease genomically, but his build is indicative of the same claims being smooth shouldered and neat jointed.
- The maternal lineage of Revolver K015 stems to two significant matrons of importance, his dam, SS Magnificent Dreams has more than 200 registered progeny in the ASA database and would be one of the most prolific daughters of the legendary SVF NJC Magnetic Lady M25. A cow that been a catalyst to developing the Simmental breed as we know it. The maternal power embedded in K015 is the result of several generations of breed leaders.
- A homozygous polled purebred that will be the source of genetic consistency, low stress calving seasons and predictable quality when it comes to marketing your end product.

LOT 30 | BWL GOOD TIMES 94K

- BWL Good Times 94K continues the trend of SO Remedy 7F sons that are big ended, square hipped, wide backed and stout based.
- The donor dam behind this homozygous purebred is a direct daughter of the legendary EKHC Red Jewel 760 that has built the maternal base for several leading programs, a female that has stood the test of time, generating the right kind for more than a decade and regardless of the mating she proves to continually add breeding accomplishments to her resume.
- The cowboy kind that combines a balanced set of EPD predictions with a real world phenotype and structural build. He came to the weaning pen with more than 800 lbs. of payweight, so plan on his progeny mashing the scale in a similar fashion.

CTN SS BWL KINLEY D004  
Dam of Lot 30

LOT 31 | DSFF REMEDY 694K

BF MISS CRYSTEEL TANGO  
3rd Generation Dam of Lot 31

- DSFF Remedy 694K stems from a highly productive cow family, you will find that in support of Desire 46D is a list generations long of females that have been immense producers. She is a TR Hammer 308A daughter out of the iconic BF Miss Crysteel Tango a name and influence that needs no introduction to any follower of this program.
- With the inclusion of Profit in the maternal pedigree, the stars have aligned with several of the highest yielding producers in program history. If cow family and potency of pedigree is high on your checklist then there is no reason for concern in what you will find supporting 694K.
- Homozygous polled, homozygous black, purebred with impressive growth and performance.

LOT 32 | OBCC COUNTERMEASURE 403K

- OBCC Countermeasure 403K is a descendant of the \$140,000 Miss Time To Shine Y251 that has been one of the most prolific producers in breed history. She is nearing the seven figure mark in lifetime earnings, along with progeny being sashed with the deep purple at the nation's biggest shows, this is a cow family worth tying to at every opportunity.
- The SVF Steel Force S701 daughter of Y251 has been a rampant producer for the Owen Brothers Program, she was a Reserve Senior Champion Female at the American Royal and continually produces the goods in production, it's fair to say, 403K may be her greatest breeding accomplishment to date.
- A homozygous polled and curve bending growth prospect, that goes from true calving ease with a top 20% ranking and 69 lb. birthweight to triple digits at a year.

MISS TIME TO SHINE Y251  
Maternal Granddam of Lot 32

LOT 33 | MGI SWEETNESS 208G

WAGR LULLABY 703T  
Paternal Granddam of Lot 33

- MGI Sweetness 208G combines the influences of the four pillars that built the Hartman Cattle Company from its inception. You will find MR HOC Broker, WAGR Lullaby 703T, WS Pilgrim H182U and WAGR Driver 706T all in his three generation pedigree, there isn't a better representation of what HCC genetics can do in synthesis.
- This WAGR Captain 130B son is a purebred and tested both homozygous polled and black. He is a herd sire prospect that is extra massive in his outline and provides a combination of mass and functional design with a later maturity pattern. We predict him to generate value on both ends of the spectrum with high performance feeder cattle, and a set of replacement females you would struggle to want to let go of.
- Backed by the best in the business, you can count on 208G to put dollars back in your pocket.

- Here is a red-hided bull that deserves serious consideration if you're in the market for a herd sire prospect that encompasses the fundamentals of beef production, without sacrificing eye appeal.
- Bar O Rich Strike 185K is sired by the legendary Profit and further supported by the influence of FBFS Yasmin 063Y, the now deceased foundation donor in the Bar O Cattle Company program of Kansas. Unlike his late sire, Bar O Rich Strike 185K is homozygous polled.
- FBFS Yasmin 063Y offers a complete outcross pedigree with the absence of CNS Dream On L186 and Nichols Legacy G151 found anywhere in her pedigree. Her dam, SVF Star Struck S199 is the dam of the 2012 NWSS Grand Champion Purebred Bull, FBFS Wheel Man 649W.
- A full sister to Bar O Rich Strike 185K sold for \$12,000 in The Black Label this past fall to Black Gold Simmentals of Canada. This is the second daughter of FBFS Yasmin 063Y that the Noble family has invested in as a breeding piece for their progressive program in Saskatchewan.
- A maternal sister to Bar O Rich Strike 185K was successfully campaigned by the Culpepper family of Texas. Her most notable win would have come in Cowtown when she was selected as the 2015 FWSS Grand Champion Purebred Simmental Heifer.
- Finally... A red hided promotional AI sire prospect that is backed by a red hided donor dam! This cow family traces to the great SVF Simply Red P4199, a foundation breeding piece in the Foster Bros. Farms program of Texas.
- **Terms announced sale day.**

LOT 35 | MAHONEY'S PROFIT 205K

- Mahoney's Profit 205K is another direct son of the now deceased Profit, one of the most impactful breeding bulls in the history of the Hartman Cattle Company program. Daughters by Profit can be identified at programs across the nation, consistently proving their worth in production.
- The dam of 205K was bred in the Wilson program of Wyoming. She is sired by MR TR Hammer 308A ET and traces to the WAGR Driver 706T influence. Her maternal pedigree is further enhanced by the likes of legendary Angus sires Mytty In Focus and Bon View New Design 878 via Pannell Miss 844.
- This Purebred Simmental sire prospect comes from a long line of females that have had to earn their keep the old fashioned way. Longevity is bred in here!

PROFIT | Sire of Lots 34 & 35

LOT 36 | DSFF REBEL 611K

EC REBEL 156F | Sire of Lot 36

- DSFF Rebel 611K is sired by the \$200,000 EC Rebel 156F, one of the greatest breeding sons of the late Profit. His dam has exceeded the \$500,000 threshold in progeny sales, producing countless individuals of influence that are now siring and raising high sellers themselves.
- In the 2022 HCC Customer Appreciation Female Sale, a full sister to EC Rebel 156F raised a heifer calf by SO Remedy 7F that commanded \$80,000. This cow family consistently generates!
- 611K is further influenced by the MR HOC Broker x WAGR Driver 706T genetic combination. Progeny of SJF Countess 111Y are working for the Reck Brothers & Sons Simmental program and Bob Holsworth.
- A performance driven red hided Purebred that came to the weaning pen with nearly 800 lbs. of adjusted pay weight!

- MR Centurion 910K is sired by the \$100,000 GPG Legend 109F, a son of the \$400,000 Profit that is backed by the great Moore Shania 17B.
- He is a three-quarter brother in blood to the \$70,000 VCL LKC Equity 608D, the maternal grandsire of Lot 46, Insurrection.
- Proven and pristine genetics once again that combine the influence of the most notable cow families in the game!
- Here is your chance to acquire a maternal brother to the most dominant show heifer of the 2022 show season, LKCC Crysteel's Remedy 44J, shown by Morgan Jackson of Texas.

**FIREFLY 311A**

2014 American Royal Grand Champion Purebred Simmental Heifer  
Maternal Sister to Sire of Lot 41

- Bowling's Thor 985K is sired by Thor 503C, the MR TR Hammer 308A ET sired son of the prolific BF Miss Crysteel Tango. It's no secret that BF Miss Crysteel Tango has secured her place as one of the most highly acclaimed females in the breed, producing National Champions and high sellers for nearly a decade!
- Thor 503C is a maternal brother to the \$100,000 Firefly 311A, the dam of the \$185,000 ACLL Fortune 393D. She was selected as the 2014 American Royal Grand Champion Purebred Simmental Heifer. Most recently, another maternal sister by SO Remedy 7F, LKCC Miss Crysteel's Remedy 44J was selected as the 2022 NWSS Grand Champion Purebred Simmental Heifer. Maternal excellence never fades!
- 985K is a calving ease prospect that is backed by the influence of TL Ledger and from the famed "Countess" line that has been so instrumental at Hartman Cattle Company.
- He is proud featured, high tying in his neck attachment, and sets to the surface with a square foot design with extra comfort and flexibility.
- A true sale feature that has the look and quality necessary to sire high end SimGenetic cattle regardless of what facet of the business your program focuses on.

LOT 42 | MGI FORTUNE 231K

- MGI Fortune 231K leads off a powerful set of sons by the \$185,000 ACLL Fortune 393D, one of the great breeding sons of MR TR Hammer 308A ET.
- The dam of 231K is backed by the MR HOC Broker x WAGR Driver 706T genetic combination, two of the most influential sires in the history of Hartman Cattle Company.
- Homozygous Black and Homozygous Polled.

ACLL FORTUNE 393D | Sire of Lots 42-45

LOT 43 | MGI FORTUNE 218K

MR HOC BROKER  
Hartman Cattle Company Legacy Sire

- MGI Fortune 218K is an ET flushmate brother to MGI Fortune 231K who sells as Lot 42.
- This homozygous black and homozygous polled Purebred herd sire offers excellent spread from a sensible 79 lb. birth weight to an adjusted weaning weight of 781 lbs.
- A big topped, thick ended bull that offers excellent shape and expression. He is expected to sire cattle with enhanced performance at weaning.

LOT 44 |

- This power packed son of ACLL Fortune 393D offers exceptional length of side, with an abundance of shape and power from behind.
- As more daughters of ACLL Fortune 393D enter production, it is safe to say that he consistently injects udder quality and fertility. The late herd sire is a direct son of Firefly 311A, the 2014 American Royal Grand Champion Purebred Simmental Heifer that is backed by the legendary BF Miss Crysteel Tango.
- Regardless of your breeding program's focus, this is a logical option that will not let you down. He will sire heavy weaning steers and top tier replacement females.
- Homozygous Black and Homozygous Polled.

STEWART KATIE 110Z  
Maternal Granddam of Lot 44

LOT 45 | MILLER'S FORTUNE 15K

FORTUNE 80H  
Full Brother to Lot 44

- Another son of the deceased ACLL Fortune 393D that is backed by the strong maternal influence of WS Pilgrim H182U and MR CCF Vision.
- He came to the weaning pen with an adjusted weaning weight of 774 lbs.
- 15K combines the influence of some of the greatest maternal breeding bulls in the history of Hartman Cattle Company.

- Insurrection may very well be one of the most unique breeding pieces to sell this spring! Sired by the popular W/C Style 69E "Family Tradition", this burly built herd sire prospect is an ET flushmate to the \$400,000 record selling Percentage Simmental Heifer that topped the Divas & Donors {The Exclusive} in November. A maternal sister in the same sale commanded \$100,000.
- A homozygous polled three-quarter blood Simmental herd sire prospect that possesses qualities deemed extremely valuable for generating elite Purebred seedstock. He is massive bodied, super robust about his forerib and center body, offering unmatched volume and capacity, with a perfect designed underline.
- The dam of Insurrection was competitively shown by Regan McClure of Iowa to countless victories during her career, including being selected as the 2019 Iowa State Fair 4th Overall Junior Breeding Heifer.
- SHCO Foxy 385F is sired by the \$70,000 VCL LKC Equity 608D, a son of the influential BF Miss Crysteel Tango. She is the leading female at Kersten Cattle Company, producing countless high sellers and National Champions, including the 2022 NWSS Grand Champion Junior Purebred Simmental Heifer.
- W/C Style 69E "Family Tradition" is the Silveiras Style 9303 sired half-blood from the iconic Miss Werning KP 8543U. He is responsible for the 2022 AJSA National Classic Grand Champion Percentage Simmental Heifer and the 2022 NAILE Grand Champion Percentage Simmental Heifer.

- 3BCC KCC1 Krypton 100K may be one of the youngest bulls in this year's offering, but don't let that detour you from his elite combination of form and function. He is sired by the \$175,000 high selling bull from the 2021 CK Cattle & Wager Cattle Production Sale known as FRKG CKCC Platinum 009H ET. He is a direct son of the late MR CCF 20-20 that is backed by a tremendous Profit daughter, WAGR Ms Profit 7054E.
- A tremendous herd sire prospect that offers extreme mating flexibility.

- The dam of 3BCC KCC1 Krypton 100K is the \$60,000 high selling female from the 2020 edition of The Black Label. KCC1 SWC Harmony 847H was successfully campaigned by Megan Brown to countless victories. She was reserve in her division at the 2021 Cattlemen's Congress in both the junior and open shows, 2021 Cowgirls in Cowtown Grand Champion Purebred Simmental Heifer, 2021 AJSA Southcentral Regional Grand Champion Purebred Simmental Heifer, and 2022 HLSR Grand Champion Purebred Simmental Heifer to name a few of her greatest accomplishments.
- The first virgin IVF cycle on KCC1 SWC Harmony 847H yielded a \$37,000 daughter by MR HOC Broker that was a high seller in the 2022 edition of The Black label. A captivating female that offers unparalleled body capacity, depth of rib, and skeletal quality.
- A full brother to the dam of 3BCC KCC1 Krypton 100K is the \$230,000 KCC1 Countertime 872H, one of the most admired sons of ES Right Time FA110-4. This genetic line is quickly proving to offer superior udder quality and maternal excellence in production.
- The maternal granddam of 3BCC KCC1 Krypton 100K is the great KCC1 Havana 83E, a direct daughter of TKCC Victoria 57A, the dam of the \$120,000 KCC1 Exclusive 116E. This is the most profitable cow family in the Kearns Cattle Company program.
- A true sale feature that is one of the densest hided, best haired, loosest structured individuals in the entire offering!
- [Terms announced sale day.](#)

NWSS DISPLAY BULL

- STCC Counterpoint 086K is one of the first sons of the \$230,000 KCC1 Countertime 872H to sell at auction. A true beef bull that offers a rugged and masculine design. He is a bold bodied, deep sided herd sire prospect that offers a uniquely square build.
- The dam of STCC Counterpoint 086K is a maternal sister to the \$620,000 world record selling STCC Tecumseh 058J as well as the \$220,000 high selling heifer from the 2022 HCC Customer Appreciation Female Sale.
- A maternal sister to STCC Counterpoint 086K was successfully shown by Kai Thomsen of South Dakota. STCC Lila 116J was the 2022 SD Summer Spotlight Supreme Champion Breeding Heifer.
- ML/RJ/STCC Serena D74 is one of the emerging matrons in the donor pen at Trennepohl Farms, following in the footsteps of her dam. HF Serena is one of the highest income generating females in the Simmental breed!
- In addition to his extremely balanced and functional body style, this son of KCC1 Countertime 872H is among the top 20% for YG, top 25% Marb, top 15% BF, and boasts a 731 lb. adjusted weaning weight.

- This aged advantage son of the great Profit is massive in terms of his shape and design, offering tremendous power and performance.
- The dam of Everhart's Sly Fox is the tried and true Everhart's Foxy. A full sister sold in the 2021 HCC Customer Appreciation Female Sale for \$45,000 to Michael Harrell of Illinois, while a maternal sister by Coburn Primo 5153 sold for \$23,000 to James Bowling.
- Another maternal sister that sold for \$62,500 the year prior was campaigned by the Hendrickson family of Indiana to countless victories, including Reserve Grand Champion Purebred Simmental Heifer at the 2021 Hoosier Beef Congress.
- Everhart's Sly Fox is one of the most expressive bulls in the entire offering in terms of back shape, width of pin set, and stoutness from behind. This big testicled, rugged late November yearling is ready for heavy service and is capable of handling a larger number of cows.
- The epitome of what a herd sire should be built like!

2023

# *The Female Offering*

Over a decade ago we began our transition into the Simmental breed by searching the country for a set of Purebred Angus cows that we could blanket breed to WAGR Driver 706T with the goal of creating a set of half-blood females that offered true maternal excellence, real world performance, and functionality. These prerequisites led us to Annawan, Illinois to one of the nation's best kept secrets at the time – Frankenreider Cattle Company.

Shannon Frankenreider is one of the best stockmen in the nation, plain and simple. His disciplined approach to breeding cattle, coupled with his keen eye for quality is what sets his cowherd apart. If you've ever been by Frankenreider Cattle Company, then you'll agree that this is one of the most consistent sets of Angus and SimAngus females in North America. One after another that have the signature look of maternal excellence that the industry has come to expect from the SJF prefix.

The origin of the famed "Countess" cow family came from the introduction of that first set of half-blood females that were bred at Frankenreider Cattle Company. The purchase of that set of WAGR Driver 706T daughters served as the foundation of the Hartman Cattle Company breeding program where those females were 'bred up' to Purebred status from those 50 half-blood females. Other herd sires such as WS Pilgrim H182U, MF CCF Vision, and MR HOC Broker were some of the influential sire lines that were utilized in the pursuit of creating the next generation of Purebred Simmental cattle that would call home to Hartman Cattle Company.

The opportunity to tap directly into the maternal source that played an instrumental role in the evolution of the Hartman Cattle Company Simmental cowherd has presented itself for the first time ever following the bull sale.

SO REMEDY 7F | Sire of Lot 101

- The first female in the bred offering is a Purebred sired by the \$530,000 SO Remedy 7F, a sire that has changed the trajectory of the breed in his first two calf crops.
- 23 daughters sired by SO Remedy 7F averaged just shy of \$29,000 in the HCC 26th Annual Customer Appreciation Female Sale.
- The first daughter of SO Remedy 7F to grace the tanbark was campaigned by Morgan Jackson during the 2022 show season. She is one of the most dominant Purebred females of the last few years with wins in Denver, Fort Worth, and Houston as a calf. She continued her successful campaign this past summer where she was selected as the 2022 AJSA National Classic 3rd Overall Purebred.
- 5J is a big centered, square built female with an abundance of body and mass. She is backed by the MR CCF 20-20 x MR HOC Broker genetic combination that traces to the legendary S A V 8180 Traveler 004.
- A maternal sister to 5J sired by EC Rebel 156F was purchased by the Sleichter family of Kansas. She broke into the top 10 overall at the 2022 NE AGR Winter Preview in December.
- A true genetic gem that will make a positive impact in any operation!

Confirmed safe in calf to **SO Remedy 7F (ASA 3419044)** due 3/18/23.

- 7J is a stunning daughter of the Triple Crown winning MR HOC Broker that is backed by a daughter of the great Connealy Consensus 7229.
- She offers a flawless build structurally that is further complimented by a balanced look of quality from the side.
- Maternal sibs to 7J are working for Courtney Swalve, Matt Wegner, and Brad Schumacher. The consistency and generating power that SJF 2058 offers is second to none!
- A big bodied, soft haired, well designed half-blood Simmental female that sells safe in calf to the record selling SO Remedy 7F for a quick return on investment!

MR HOC BROKER | Sire of Lots 102 & 103

SJF JULIETTE

104

Confirmed safe in calf to **SO Remedy 7F (ASA 3419044)** due 2/28/23.

- 1J is a stout featured, bold centered Purebred sired by the legendary LLSF Pays To Believe ZU194. She is supported by the influence of MR HOC Broker and Meyer 734, two of the most influential sires of their specific generation.
- The maternal granddam of 1J is the great Miss USA, one of the most prolific daughters of WAG Hairietta 9145J in existence.
- The dam of 1J has produced several daughters that have been featured in past sales. Daughters of ADSC Ms Open D936 are employed by Davis Hill, Rylee Verhelle, Charity Ruthig, and Bi-Lane Livestock.
- This female is one that is a must see on sale day, considering her combination of volume and capacity. She sells safe in calf to the iconic SO Remedy 7F – the guesswork is removed!

Confirmed safe in calf to OMF Epic E27 (ASA 3317371) due 2/27/23.

- Here is an absolute ground pounder of a brood cow prospect! SJF Jesse is a massive bodied, easy keeping half-blood female sired by TJSC King Of Diamonds, the LLSF Pays To Believe ZU194 son that is backed by the influential KLS Diamond W516.
- We have always loved the abundance of body, outward turn to her rib cage, and shear capacity that this female offers.
- The dam of 20J is a daughter of Connealy Capitalist 028 that is further supported by the influence of Mohnen South Dakota and McCumber 718.
- Generations of maternal excellence can be identified through her pedigree, and we believe that her functionality is a direct reflection of her lineage.
- This mating to OMF Epic E27 is sure to be favorable. Several of the high selling sons of OMF Epic E27 that sold during the 2022 bull sale season were raised by first calf heifers.
- A true brood prospect cow in the making!

OMF EPIC E27 | Service Sire to Lots 105 & 106

- 21J is another big bodied, sound built SimAngus female that offers the basics of what a brood cow should in terms of fleshing ease, functionality, and performance.
- Her dam is a daughter of S A V Mustang 9134, the S A V Final Answer 0035 x S A V Emblynette 7415. This maternal pedigree offers generations of fertility, udder quality, and maternal value.
- S A V Mustang 9134 was the \$80,000 top selling bull in the 2010 Schaff Angus Valley Production Sale where he was purchased by Select Sires.
- She sells safe in calf to OMF Epic E27 as an added bonus!

LOT 107 | SJF JOSIE

- SJF Josie is the striking blaze faced SimAngus female sired by TJSC King Of Diamonds.
- Her dam is sired by Koupal Advance 28, the elite calving ease sire option that has consistently sired cattle with extra mass, dimension, and fleshing ease.
- 22J offers an abundance of volume and capacity with extra extension and length. A beautiful profiling female that is sure to make a role model brood cow.
- She sells safe in calf to the OMF Epic E27 son, Schooley Standout 27G.

LOT 108 | SJF JAYDEN

- 12J is quite possibly one of the most eye appealing females in this powerful set of bred heifers, and there is no denying the genetic merit that she brings forth.
- This daughter of TJSC King Of Diamonds is backed by the strong maternal influence of SJF 628, a direct daughter of CRS Remedy 1T01, a member of the illustrious herd sire battery at Select Sires. His ability to sire cattle with superior structural integrity, foot quality, fleshing ease, and udder quality is second to none!
- Combine the aforementioned maternal excellence with that of V D A R Cedar Wind 8111 and there is no denying the built in generating power that this female offers. Time tested, proven genetics that have helped build countless cowherds across North America.
- She sells safe to SO Remedy 7F, a surefire mating that will generate profit!

LOT 109 | SJF JULIA

- SJF Julia is the first of two daughters sired by the \$109,000 JBSF Berwick 41F, a past sale feature in the 14th Annual Embryos on Snow that was purchased by F4 Land & Cattle of Texas.
- This female is unparalleled in terms of depth of body, capacity, and shear volume. The daughters of JBSF Berwick 41F have been well received in the show ring, across the auction block, and are now entering production with excellent feedback.
- Her dam, SJF 567 is a daughter of Connealy Capitalist 028. You can count on her to be a high fertility, easy fleshing female that offers superior calf raising capabilities.
- She sells safe to the calving ease stud, OMF Epic E27. Just imagine what this female will look like in production. The mating options are endless!

JBSF BERWICK 41F  
Sire of Lots 109 & 110

LOT 110 | SJF JORDYN

SCHOOLEY STANDOUT  
Service Sire to Lots 109 & 110

- SJF Jordan is another powerhouse bred sired by JBSF Berwick 41F. She is a massive, bold bodied, deep sided, dense made SimAngus female that is sure to catch your attention with her overwhelming power and softness.
- Her dam, SJF 3076, is another direct daughter of S A V Mustang 9134. Generations upon generations of maternal functionality are stacked throughout her pedigree.
- This female represents years of disciplined breeding decisions and strict culling practices. Just image the mating flexibility that a female of this caliber offers.
- An outcross to the entire Hartman Cattle Company herd sire battery – the sky is the limit!
