

THE MORIONDO FARMS & MM CATTLE CO.

# SPRING TURN-OUT SALE

## MARCH 4, 2023 AT 1:00 PM

at the ranch in Mount Vernon, Missouri

## *Fellow Cattlemen and Cattlewomen,*

We are excited to invite you out to our Annual Spring Turnout Bull sale March 4, 2023! We are starting to think a little bit about spring getting closer and boy are we glad, hopefully we can grow some grass to replenish our hay stacks around the nation. We are very excited about this set of bulls and the overall direction our program is going. The old saying is "I love it when a plan comes together", and that is how we feel when we evaluate these bulls. There are genetic masterpieces, with maternal gems speckled all through their pedigrees. There is a slug of sleep all night heifer bulls, there are bulls ranking in the very top of the breed for terminal and all-purpose index's. There are true blue power bulls cranking out scale crushing weaning and yearling weights, this set of bulls is as well rounded as we have been able to produce here at the ranch.

The SimAngus™ bulls are as rock solid as we have been able to produce. The power and presence these bulls have is impossible to deny when you step in the pen with them. They are DENSE! Bulls sired by TJ Gold 274G, CCR 5532 Cowboy 5115F, CCR Abilene 6018C, baldy and blaze faced bulls brought to you by Gibbs 0689X Crimson Tide, TJ Teardrop 783F, and TJ Chief 460G, along with a few other samplings we used from programs across the country. Power bulls along with heifer bulls, a person can study these bulls and find what they're looking for in a balanced functional package with tremendous feet and legs. SimAngus™ bulls that are built to add pounds and build longevity in the replacement females they sire. Turn them out and watch them work!

The Angus offering is small this spring but is very deep with quality. These bulls are sired by EXAR Stock Fund 9097B, Bar R Jet Black 5063, Double G Payweight 7705, and a few more. The maternal gems behind these bulls run deep, take a look through the pedigrees and take a look at the individuals. These bulls are the kind you keep every female, they will make you money in the long run.

We have really started to grow our embryo transfer program and as you roll through the catalog you will see it is packed with cattle stemming back to our foundation donors. The "Pleasant Pill" cow family, the "Evergreen" cow family, and TR Ms Echo 7459 have done great things for our program and have several daughters in production, the more you study our bulls pedigrees you will see their influence throughout. Proven cow families give us the flexibility to be able to try new bulls and keep our cattle as current as we can.

We would like to say a special thank you to Nathan and Candace Arnold for their tireless effort, along with Niko Kooi, he feeds the bulls and does the day in and day out handling of these big boys along with calving embryo calves. We would also like to thank Tonya Phillips for keeping up with the paperwork on these registered animals here at Moriondo Farms.

As calf prices are on the rise, what better time to add pounds and add value to your calf crop! A good bull doesn't cost money he makes you money, when you think of pounds, longevity, and consistency, look this way. Go pen to pen and see the consistency these bulls offer up, and reap the benefits on your next calf crop. We look forward to seeing you all, bulls will be penned mid-week the week before the sale and available to view any time. Please give Nathan or myself a phone call, we would love to visit with you about the offering. Thanks again!

Thanks again and God Bless,

*Mark Moriondo*

## *Welcome,*

Passion and initiative are what fuel the drive for Mark Moriondo to bring you the very best he can in each marketing event. Mark's relentless pursuit of improvement and besting the set before never ceases. The wheels of thought are always in motion, and he never hesitates to reach out to us to bounce ideas on his thought processes that revolve around customer demands and desires without sacrificing the cow base that produces the end product.

Mark and Larry understand that the product offered must thrive in a fescue environment and that the bulls must hold up when asked to service large numbers of females in adverse conditions. So, the bulls are run and developed in sizeable fescue pastures on a very high roughage supplemental ration when needed. These studs must travel so they maintain an athletic physique with outstanding running gear that gets put to the test daily in these large groups. These bulls are offered with an age advantaged mindset and have passed numerous tests and hurdled many obstacles to get catalogued between the covers of this sale book. The leadership at Moriondo Farms stand behind each of these studs and want your satisfaction with the product and the service.

The investment in the genetics that sire these bulls is never taken lightly. Mark will research every free moment that he has for the next sire to utilize within two large breeds. They have acquired some very top end herdsires over the past few years. Those bulls have been utilized to improve the bull offering and the working cowherd that is responsible for those that bear the MM or MF prefix. Intense use of artificial insemination is also a major play for the Moriondo team along with a budding embryo transfer program as well. Mark desires to offer the best of the best with a larger selection of half and full brothers with each marketing event.

The outfit is passionate about genetic improvement and have been more aggressive with the utilization of genomics thus providing more accurate expectations on paper. Each tool they utilize and invest in, makes your potential new herdsire or bull battery more predictable while removing uncertainty and guesswork from your decision process.

Consider this your personal invite to join us at the Moriondo Farms Sale Facility located at Mt. Vernon, MO right of Interstate 44. The bulls will be worth the trip and your time. If you should need any pre-sale or sale day assistance, please reach out to Mark, Nathan, or any of the Innovation AgMarketing staff. Thank you for your interest in the program.

Enjoy the cattle

*Graham Blagg | Jered Shipman | Tim Anderson*

# THE MORIONDO FARMS & MM CATTLE CO. ANNUAL PRODUCTION SALE

6:00 PM - Pre-Sale Dinner

### Saturday, March 4, 2023

Cattle available for viewing all morning  
12:00 PM - Lunch & Refreshment  
1:00 PM - Annual Production Sale

## **HOW TO PARTICIPATE AS AN ABSENTEE BUYER**

We have made preparations to bid and buy livestock through Superior Productions' "Call or Click-To-Bid" service for those unable to attend in person on sale day. Please note that all of the lots in the sale will also be available for viewing online prior to sale day at [www.superiorlivestock.com](http://www.superiorlivestock.com).

## **HERE'S HOW IT WORKS**

**Turn in Bids Over the Phone.** This is our traditional method of buying livestock and is the suggested process for anyone who does not have excellent, high-speed internet. To get started, simply go online to [www.superiorlivestock.com](http://www.superiorlivestock.com) and click on the tab titled "Register for a Buyer Number". Select the registration form for Superior Productions and print the registration form, fill it out and fax it in to Superior Productions at (817) 378-3380 with a signature on it. You can also mail it in to the address provided on the form. Upon receipt of this information, Superior will call you with a buyer's number and the bid line phone number that you will use on sale day to place bids over the phone. You can also register over the phone by calling 800-431-4452.

**Click-To-Bid.** This is Superior's newest way to buy cattle! Please note that high speed internet is required – this is not for dial-up or satellite internet. Registration is free, but you must become a member of [www.superiorclicktobid.com](http://www.superiorclicktobid.com) to sign up. Becoming a member is easy – just go to the homepage of [www.superiorclicktobid.com](http://www.superiorclicktobid.com) and follow the outlined steps to get started. Input your information and select a username and password. You will receive an e-mail confirming you are a member. From that point forward you just have to sign in and select the sale you would like to register for.

## **VIEWING THE AUCTION**

If the sale is being broadcast on SLA-TV then, it will be available on DISH Network channel 997. Please note that there is a short delay if you are watching the auction on television, so be sure to call in at least one lot ahead of the lot you are interested in bidding on. Regardless of the television channel the sale is being broadcast on, all auctions will be broadcast live on the internet at [www.superiorclicktobid.com](http://www.superiorclicktobid.com). Some auctions will ONLY be broadcast online. Remember you can call in to bid whether you watch on the TV or on the internet, but you must be a member of [www.superiorclicktobid.com](http://www.superiorclicktobid.com) to "click-to-bid". If you just want to watch the auction without bidding online, you can do so by entering the auction as a guest. Guests do not need a username or password to watch the auction. Your computer must have Flash Media Player and Java installed to view the auction online.

**For more information or if you need assistance contact Blake Tucker (308) 660-3963.**

## OUR GUARANTEE TO YOU AND COMMITMENT TO SERVICE

### OUR GUARANTEE

We guarantee that all bulls sold through our sale are fertile to the best of our knowledge. If a bull is injured anytime in the twelve months following the sale, that makes him functionally infertile, we will provide a replacement bull or issue a credit in following sales, equal to the purchase price minus the salvage value received for your bull. This is not a life insurance policy. The guarantee is in addition to the sale terms and conditions of the American Angus Association which apply also.

### CUSTOMER SUPPORT

We believe in the cattle we are producing here and believe in the cattle that you are producing at home. When the time comes for you to market your calves, however that may be, if interested call myself and let me know your plans with your cattle and see if we can assist or bid on your calves however you may sell them. Extending every dollar in the cattle business is how it is made, and we would love to help if we can

### VOLUME DISCOUNT

**3-4 Bulls – 3% Discount | 5-9 Bulls – 5% Discount | 10+ Bulls – 10% Discount**

**\$50 Discount if bulls are picked up within 1 week of the sale**

## HERD HEALTH ON BULLS

FusoGuard, Pinkeye XT4, and  
Clean-Up Pour-On

**SAVE THE DATE FOR THE MORIONDO FARMS & MM CATTLE CO.  
ANNUAL PRODUCTION SALE  
The First Saturday in November 2023**

**MISSOURI SHOW-ME SELECT REPLACEMENT HEIFER PROGRAM**

The Show-Me-Select® Replacement Heifer Program uses the latest research on health, nutrition, genetics and reproductive science to ensure Missouri counties continue to be national leaders in providing quality beef. The program focuses on Missouri's farmers and is dependent upon active participation from regional extension livestock specialists and local veterinarians, each of which are critical components of the agricultural sector of this state.

This program is unique in that it is an educational program targeted at improving production efficiency through increased use of existing technology, coupled with the marketing component.

**Program Objective:**

Improved heifer development programs through a Total Quality Management strategy

Increased marketing opportunities for and added value for Missouri-raised heifers

Creation of reliable sources of quality replacement heifers based on management, reproduction and genetics

**Genetic Requirements:**

Sire requirements: Eligible sires must have known ID, be registered by their respective national breed registry, and have complete EPD (opens in new window) information. Sires will be evaluated for qualification in the program based on the EPD provided by their respective breed registry and not on EPD produced by progeny registration in any other breed or hybrid registry.

**Angus minimum Calving Ease EPD of 7.0**

**Simmental and SimAngus minimum Calving Ease EPD of 14.0**

## ABOVE AVERAGE GOALS REQUIRE TARGETED BULLS

---

*Aim High*

The Targeting the Brand™ logo highlights registered Angus bulls with greater genetic potential to produce calves that meet the most challenging specifications of the *Certified Angus Beef®* brand.

**Only 1 in 4 non-parent Angus bulls qualify.**

*Minimum Genetic Requirements*

Marbling EPD (Marb)	+0.65
Dollar Grid Carcass Index (\$G)	+55.0

For more information on Targeting the Brand™ visit [CABcattle.com](http://CABcattle.com).

A circular logo for "Targeting the Brand". It features a central shield with a cow silhouette and the text "CERTIFIED ANGUS BEEF BRAND". Around the shield, the words "Targeting the Brand" are repeated twice in a circular pattern. Below the shield, it says "SINCE 1978".
