1:00 PM - MARCH 18, 2023 - YALE, OK

CCI  
LIVE

AT BUCK CREEK RANCH

MARCH

2023

# 18

The Moore Family and I would like to give a warm welcome to each and every one of you and invite you to our 2nd Annual Bull Sale. Thank you for this opportunity to serve you as we present this offering of bulls for your appraisal. It is our commitment at Buck Creek Ranch to improve our offering each year to add value to your program for years to come.

This lineup includes 35+ yearling and aged bulls that are deep in quality and backed by proven genetics; registered Purebred Simmental, Percentage SimAngus, and a select group of Purebred Angus. This offering will include progeny from our leading donor cows and hand selected AI cows.

From all of us here at Buck Creek Ranch thank you for your time and consideration in viewing our cattle. Feel free to contact us with any questions. We look forward to seeing you on Saturday, March 18th!

Best Regards,  
*Garrett Cloud*

It's with great pleasure to welcome and invite you to the 2nd Annual Bull Event at Buck Creek Ranch. If you have yet to make the crew's acquaintance, we strongly encourage you to do so. Jacob Moore, Garret Cloud, and Justin Johnson are quite a team and their energy to successfully earn your business is highly focused. The youth and discipline of the crew at Buck Creek Ranch is very impressive from the ability to establish strong relationships to the strategic plan that is in place and in action. Their goals are lofty but attainable, their vision is unrivaled, and the genetics they have put together and continue to propagate will take both you and the ranch down paths of success with industry positive results.

The investment in the land, facilities, and the foundation stock is made with a plan of action. Goals of bringing bull and female customers alike a product with longevity in mind. A product that is phenotypically superior with skeletal integrity, balance and quality of build and kind, and performance that should meet nearly every rancher's standards. Buck Creek Ranch knows that cattle that weigh with eye appeal and beef business shape and conversion will only generate the results desired. The major share of this offering is low to moderate at birth with significant pre-weaning gains and yearling performance. Several of the studs in the offering will offer scale pounding weaning weights that will net more dollars towards the bottom line when you market the progeny across the scales at your local auction market of choice. We have sold stock by the pound in this country and the outlook for that to change is not in the near future.

Quality is first and foremost! From the donor dams and their selective mating strategy to the presentation of the stock, and to the care and management of the land and its resources. Thorough quality control and substantial time investment is incurred in each process. The female sales have commanded much attention and positive scrutiny by some of the industry's best evaluators and critics. This set of bulls would not be any different as many of them would be full or maternal brothers to the highlight females that sold back in December. These genetic contributors don't get the love the girls do on the ranch, they are developed slow and in big pastures to ensure athleticism along with longevity allowing you the customer to get the most out of your program enhancing investment. Behind every good bull, stands a good mother. The dams that represent the bulls between the covers of this book would be as elite and fundamentally productive as any females in the land. Maternal prowess builds every great breeding program and ranch, so rest assured that Buck Creek Ranch has never wavered or detoured from only investing in and retaining the very best to build around.

The Innovation team is excited about this bull offering and would like for you to consider this your personal, open-ended invitation to join us on March 18, 2023, for the inaugural Bull event at Buck Creek Ranch just north of Yale, Oklahoma, and a stone's throw east of Stillwater. We are certain that this set of bulls will impress those who attend sale day or visit prior to. Feel free to reach out to any of the Innovation Marketing team or the Buck Creek Ranch Crew for any details about the offering prior to or on sale day.

Enjoy the bulls!

## **BULL GUARANTEE**

Unless otherwise noted, all the breeding age bulls will have passed a breeding soundness exam prior to pick up/delivery. In addition to the standard Terms and Conditions of the American Simmental Association, we will provide the first breeding season (the 90-day period immediately following turn out) guarantee on all yearling and older bulls. This guarantee is not an insurance or mortality policy, but a guarantee on functional fertility. It is not a substitute or replacement for poor management. Buyer assumes all risks for injury due to running bulls together or management decisions outside genetic control. For the guarantee to apply, we ask that you contact us as soon as a condition is observed and before the animal is sold. We will work with you to determine whether the animal is returned or sold for slaughter. We will attempt to provide a suitable replacement. If one cannot be provided of equal or greater value, we will issue a sale credit to be used in a future sale for the full purchase price less the salvage value of the animal.

## **TERMS AND CONDITIONS**

All lots sell in accordance with the suggested guidelines of the American Simmental Association, American Angus Association, or their respective breed association. For updated EPD's and information please visit [www.simmental.org](http://www.simmental.org). Announcements made sale day from the block during the sale take precedence over printed material in this catalog. Payment will be accepted in the form of cash, cashier's check, or check. All cattle must be paid for prior to release. All funds are to be paid to Innovation AgMarketing, LLC in U.S. currency. No cattle will be transferred, delivered, or released without full payment. In the event you need expedited registration paper transfers please make plans to pay in full on sale day. All sales are final.

## **ANNOUNCEMENTS**

A supplement sheet will be available sale day with updated information, corrections and additional information. This sheet and any announcements made sale day and from the auction block during the sale will take precedence over printed material associated with this sale.

## **LIABILITY**

Buck Creek Ranch, Innovation AgMarketing, LLC, and authorized sale personnel assume NO liability for injury, accident, or damage to persons or personal property. All persons who attend the sale do so at their own risk.

## **INSURANCE**

Jame Secondino-Krieger (812) 208-0956

## **RETAINED SEMEN INTEREST**

Buck Creek Ranch reserves the rights 1/3 semen interest in all bulls selling.

- A top tier calving ease herd sire prospect that is supported by generations of proven and predictable cow families. B C R Lover Boy 008K is a big ribbed, easy fleshing, sound footed herd sire prospect that is rugged and practical in his kind.
- He ranks among the top third of the breed for calving ease with balanced traits across the board.
- His moderate 75 pound birth weight positions him as the number 1 calving ease prospect in his contemporary group with a BWR @ 93.
- Purebred heifer bull candidate with a pedigree you can hang your hat on!

- Here is another dense, bold ribbed, easy fleshing herd bull prospect that is sired by the resident herd sire, FITZ Gideon.
- The dam of J217 is supported by CSCX Bandwagon 513A, a son of the great KLS Diamond W516. She is a full sister to the iconic Miss Time To Shine Y251, a foundation female in the Buck Creek Ranch program.
- A big scrotal, heavy weight stud that checks all the boxes!

- The influence that SJW Exit 44 7111E has had on our breeding program is nothing short of remarkable. We have utilized his service across a wide array of females over the last few years with tremendous success.
- J220 is a prime example of why we have continued to go back to Exit 44 in the breeding box year after year. He is flawless from the ground up, bold bodied, stout ended, and offers a superior look of quality.
- The dam of J220 is a beautiful first calf heifer that is sired by GCC Gold Standard X615. She is further supported by the \$300,000 TL Bottomline and the \$100,000 MR CCF Vision.

### Lot 17 B C R EXIT 44 J020

- B C R Exit 44 J020 leads off a powerful set of age advantage herd sires that are ready for heavy service. A standout SimAngus herd sire candidate that is sired by SJW Exit 44 7111E and out of a beautiful daughter of Connealy Countdown.
- J020 is a stud from every angle. He is bold ribbed, soft bodied, big ended, and offers the credentials of a herd sire.
- He is one of the top calving ease options in the sale. J020 charts among the top third of the breed for CE, BW, MCE, and CW.
- A big scrotal bull that offers real world spread from a 72 pound birth weight to nearly 1850 pounds when we put the catalog together. A true beef bull that will add value and profitability to any operation!

### Lot 18 B C R EXIT 44 J153

- Check out the rugged and masculine look and build that this half-blood SimAngus son of SJW Exit 44 7111E offers. J153 is an impressive beast that combines the extra mass, dimension, and shape without sacrificing eye appeal.
- We have admired his athleticism and flexibility that he has offered from an early age. There is no question that he is backed by generations of maternal excellence.
- The dam of J153 is backed by the likes of BSAR Opportunity 9114, Koupals B&B Identity, and Bon View New Design 208.
- A real cow maker!

**Lot 19 B C R EXIT 44 J149**

- Here is another reason that the SJW Exit 44 7111E sire group deserves serious consideration on sale day! J149 is a massive centered, low input, practical built herd sire prospect that is certain to add volume and capacity to his calf crop.
- Expect superior udder quality, fleshing ease, and fertility from the females sired by these Exit 44 sons.

**Lot 20 B C R EXIT 44 J010**

- Power and performance can be identified in the phenotype that J010 brings to the table. A longer bodied, bigger framed bull that is certain to add strength and length to a set of calves.
- He is backed by a direct daughter of the great S A V Brand Name 9115, one of the top sons of the legendary S A V Blackcap May 5530. Her influence can be identified throughout the Angus breed.
- Length, shape, power, and dimension – a real beef bull!

- 083J is a son of the \$400,000 Profit, one of the breed's most noted breeding bulls that has left behind a tremendous influence across the business.
- He weighed an impressive 1790 pounds prior to sale day, while offering exceptional growth, shape, and performance.
- The dam of this powerful herd sire prospect is the iconic CMFM Time To Shine 99D, one of the cornerstone females in the donor pen at Buck Creek Ranch.
- A maternal sister to 083J, B C R Time To Shine 509K, commanded \$58,000 in The Grand Event Vol. III this past December to Roller Farms & Ranch.

- A pair of long aged Purebred Angus bulls that provide a double dose of the immortal Sandy cow family in a potent package. The dam of the pair is the 2019 NJAS Division Winning, Henning BCII Sandy 8070 that Sara Sullivan showed, and a generation further back you will find the BC Sandy 0215 female that culminated a very successful show career with a Reserve Champion Angus Female slap at the 2017 National Western Stock Show.
- Conley Express has proven to be one of the industry's most versatile options when producing show cattle that maintain a real world build and muscle pattern, that yet maintains maternal value and structural longevity. Express is a direct son of the legendary DPL Sandy 3040, a female that changed the direction of the breed and an instigator of the Angus seedstock that claim the nation's most prestigious honors.
- A full sister to this pair of bulls was the Lot 37 female from the 2022 Female Sale selling to Bryan Rosenquist.
- Purebred Angus bulls built with the form and function to cover ground and last through heavy breeding seasons, they will sire feeder cattle that convert with minimal inputs and females that will lead your cowherd into the next generation of profitability.
