Bulls available for viewing all day  
Monday, October 2, 2023  
9:00 am - Bulls on Display  
11:30 am - Lunch Served  
**1:00 pm - The Fall Production Sale**

Welcome friends and neighbors to our Inaugural Fall Partners in Progress Production sale here at McEntire Red Angus. We hope you know how much we appreciate everyone who supports our program and hope that offering a selection of bulls and females in the fall will bring some new faces to the ranch. We love the cattle business and the families that it brings to our Ranch. It's what we do day in and day out, except for a few sporting events with the kids every so often!

We are excited about our first fall offering of bulls we have for you. These bulls are the younger end of our calf crop and we have developed them here at the ranch. We will be selling a nice set of herd bull prospects that we feel will make a great addition to a seed stock producer or to a commercial cattle operation. We will also be selling an elite group of registered bred females and 100 plus commercial bred females that we feel will make a great set of cows to move your program forward in the Red Angus breed. The entire sale offering have been on a complete vaccination program. The heifers will be preg checked by Dr. Richard Prather one week prior to the sale. We will be selling these commercial heifers in a gate cut of five head or more.

We understand that the Red Angus breed is becoming more and more popular and that you have many options when it comes to choosing your herd bulls. We invite you out to the ranch to look over the bulls and heifers and hopefully you will find something that will bring value to your own operation and move your program forward. Good bulls make great cows and our mating decisions have been based on producing next generation females to be more efficient and productive than their mothers. Red Angus cattle have been known for good dispositions, calving ease, adaptability, and keeping your operation in the black! A good set of Red Angus tagged calves will top the sale no matter where you go.

We would like to invite you to come out to the ranch on Sunday night before the sale and enjoy supper and a social. We would love to get to know you and your family! We will eat around 6:00pm at the main house just located around the corner from the cattle pens.

Please join us sale day at 12:00 pm for lunch. The sale will start promptly at 1:00pm CST. Again this year, the sale will be broadcasted live on CCI. Live for those of you that are unable to attend the sale. If you have any questions about the sale, please feel free to contact us or any of the sale staff to visit about the offering. Be sure and check out our website at [www.mcentireredangus.com](http://www.mcentireredangus.com) to view videos of all the lots in the sale. We will not sell in catalog order this year. Therefore, please be sure and look on our Facebook page or on CCI.live for the sale order on sale day. Thank you for your interest, and we look forward to doing business with you.

See you at the sale!

# INNOVATION

— AgMarketing, LLC —

The initiative to do something fuels the determination to succeed in any life task. Grit keeps the focus on the end goal and pulls one through the unforeseen bumps in the road that can throw the goal off track. When initiative, determination, and grit collide, great things are achieved and the willingness to have the patience to let things work and allow that great something to be created. A drought or years of adverse conditions can put a damper on any agricultural project as those said conditions wear on one's strength of mind and spirit. However, when it's a means to a living, a family unit can push through the toughest of times together and generate a product that can benefit those that come to invest. Randy and Crystal McEntire believe in the Red Angus product that they started with and continue to produce today.

We welcome you to the annual "Partners In Progress" Red Angus Bull and Female Sale. This family outfit is just shy of two decades in the business and their success has been noted. There is no question that "the golden rule" has played a major role to this point. Randy's approach and execution to customer service is definitely second to none and therefore customer retention is very high. When you believe in the product that you produce and you know that you have done everything to make the product as good as it can be for your customers, the service part is simple as most of the potential problems have been addressed before sale day. The problem free product offered by the McEntire Red Angus outfit is just that and that's why so many have invested with confidence over the years.

The program's base is from an operation that has been in the cattle business for over 6 decades and now includes 3 generations. Randy and Crystal's investment in those genetics allowed for their operation to grow into what it is today. The knowledge they had from their previous commercial endeavors is why their product appeals to so many ranchers in the southwest and central plains. These red hided cattle that bear the McEntire brand are very hardy with additional strength in growth, durability, shape, and eye appeal. Randy sorts extremely hard on hoof quality and the cowherd that generated these studs has been grown in a very disciplined manner over the past 18 years. So, it simply stands to reason why these cattle are as good as they are and why many continue to come back and new faces surface year after year.

Folks, we are not sure if there is an annual opportunity to do business with a family that's any better than the operation in Sweetwater, Oklahoma. Randy and Crystal have a very good reputation within their surrounding community and also with those that have conducted business with them over the years. "Salt of the earth" is a commonly used term, but I'm not sure if that is good enough to use to describe them. The western placed ranching community is one that knows no strangers, and everyone is and feels welcome. Hospitality and food for sale day will be incredible and the stock will only compliment the reception when you set foot on the ranch. If you need assistance with information, selection, or purchasing, please reach out to Graham Blagg and he will be happy to assist. We hope to see you in early October in Sweetwater, Oklahoma for this annual event.

Enjoy the Cattle!

**SALE ORDER**

Cattle WILL NOT sell in catalog order this year. A sale order will be available prior to the sale.

**TERMS & CONDITIONS**

Cattle sell under the standard terms and conditions as recommended by the Red Angus Association of America.

**SEMEN INTEREST**

McEntire Red Angus will retain 1/2 semen interest in all bulls sold.

**SEMEN TEST**

All bulls will be semen and Trichomonas tested prior to the sale and are guaranteed to be fertile.

**INCENTIVES**

Free delivery within 150 miles of the ranch on bulls selling for \$5,000 or more and free nation-wide delivery on purchases greater than \$20,000. This does not include heifers. All trucking on females are the buyer's responsibility, but we will be glad to assist with trucking plans. If bulls cannot be taken sale day or arrangements have not been made with us within the first week for delivery, the seller can house bulls at McEntire Red Angus until pick up at a rate of \$6/day, however we will not be responsible for sickness or injury.

**LIABILITY & ACCIDENTS**

Every precaution will be exercised to protect the safety and comfort of those attending the sale. Neither the owners, auctioneer or any sale staff assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property. All persons attending the sale do so at their own risk. We are not responsible for typographical errors.

**GUARANTEE**

All bulls selling over \$6,000 will carry a first breeding season guarantee. The first breeding season ends August 1 of the year of purchase. Any request for a replacement bull needs to be made by this date. Death loss is the buyer's risk and mortality insurance is available on all bulls at the sale. Anything selling over \$5,000 is recommended to buy Livestock Mortality Insurance and McEntire Red Angus will pay 2% of the premium. Normal care and adequate nutrition need to be provided for maximum potential to be reached. It is recommended that bulls receive supplemental feed after the breeding season until they have reach maturity.

**HERD HEALTH**

All cattle sold through the sale are on a complete health program and will be accompanied by the health papers for shipment anywhere in the United States.

4MC MISS CHERRY 828 - AN EXAMPLE OF THE MATERNAL EXCELLENCE FROM THE PIE NEW TERRITORY 523 SIRE LINE!

"I have used McEntire Red Angus bulls for the last several years with great success. Not only are the bulls easy to be around, but also they perform and their progeny performs. We retained ownership on our steers and were very pleased with how they fed. They weighed 1466 at harvest and gained 3.88 lbs. per day with a .70 cost of gain. We will continue to use McEntire Red Angus bulls to achieve this success."

- Ronnie Browns

4MC JORDAN 207

## The Commercial Offering

### 120 SPRING BRED COMMERCIAL RED ANGUS HEIFERS

All bred to 4MC Tight End 0182, a son of PIE Convoy 7058 on May 8, 2023 to begin calving February 14, 2024. 0182 is a proven calving ease option that we have used with great success, averaging in low to mid 60's out of first calf heifers. They were then exposed to McEntire Red Angus calving ease bulls with of low birth, calving ease genetics to ensure customer success!

The bred heifers will be sorted by calving date. This information will be provided the week of the sale. For more information please contact Randy McEntire at (580) 729-9036.
