TRAVEL

The auction will take place on the Ranch in the newly constructed sale facility. The cattle will be on display the week leading into the sale at the Aces Wild Ranch in Millsap, Texas. Each lot will have a video that was taken the last week of September. We look forward to seeing you on sale day!

DELIVERY & YARDAGE

Cattle will be available for load out sale day after complete payment has been made. Aces Wild Ranch will help with arranging trucking of females immediately after the sale, please reach out to Jed for more information. Cattle that have been purchased and have no plan made for movement will incur a yardage fee from the 1st of November.

ANNOUNCEMENTS

Announcements made sale day and from the auction block during the sale take precedence over printed materials associated with this sale. Anyone attending this sale attends at their own risk. Aces Wild Ranch and sale team will not be held responsible for any personal injury for attending this sale or open house.

TERMS & CONDITIONS

All cattle sell under the standard terms and conditions of the American International Charolais Association. Terms available sale day.

EPDs

The EPDs listed are Fall 2023 numbers. Please note that EPDs may change from the time the sale catalog is printed until registration papers are transferred.

INSURANCE

*We recommend serious consideration is taken about insuring your livestock purchases. Insurance will be available sale day via James F. Bessler, LLC.
James F. Bessler, 815.762.2641 • 4812 McBreyer Pl • Fort Worth, TX 76244*

WELCOME TO AWR

I am extremely excited to invite you to the Inaugural Southern Belles Sale. This event has literally been a lifetime in the making! These genetics have been built over my entire career in the purebred cattle industry. It has been my passion to accumulate and raise the best genetics that Charolais breed has to offer. The cattle in this offering are from the top of our program, and will go on to add significant value to your programs. Several of the lots in the sale were either National winners, or are full sibs to many of the recent National Champions.

I am offering our donor battery, and pregnancies by our donors sired by the one in a million sire, Mayfield! These are sure to make a major impact on our industry. The bred cows carry the genetics of literally the most outstanding bloodlines in the breed. Those cows are AI'd to our herdsire M&M Outsider 4003, whose imprint on the Charolais breed has left a stamp that will never be duplicated. The others are bred to our up and coming herdsire, 3ACES Crushing Hearts. The debut of Crushing Hearts first calf crop is featured in our show heifer division, and you will understand why we are so excited about what's to come once you see his progeny.

Our industry is currently setting records in global demand. As you know, our supply is at a record low, with nothing but upside ahead for the near future. The industry starts with the seedstock sector, and with feed availability, and climate challenges, proving to be the key economic drivers. I am very confident in the cattle in this offering, and I am excited to watch them work in your programs. I would like to stay involved with each of you long after the sale and continue to work together to improve this great breed!

Please come and enjoy some Southern hospitality at the inaugural Southern Belles Event. Call upon me, or the rest of the AWR crew at any time if we can help assist with travel arrangements or answer any questions.

Jed Watje

A NOTE FROM THE *sale management*

WELCOME TO THE INAUGURAL "SOUTHERN BELLES" PRODUCTION SALE AT ACES WILD RANCH! IT IS WITH GREAT PLEASURE THAT WE INVITE YOU TO ONE OF THE PREMIER CHAROLAIS MARKETING EVENTS OF THE FALL 2023 SALE SEASON. JED, TRACY, BELLE, AND THE ENTIRE STAFF AT ACES WILD RANCH HAVE A STRONG COMMITMENT TO OFFERING THE VERY BEST, AND THAT IS CERTAINLY WHAT THIS OFFERING REPRESENTS.

THE OFFERING IS SATURATED WITH FEMALES THAT ARE SUPPORTED BY SOME OF THE MOST ELITE AND PRODUCTIVE COW FAMILIES IN THE BREED. DAUGHTERS, GRANDDAUGHTERS, FULL SISTERS, AND MATERNAL SISTERS TO FEMALES LIKE HF MUSTANG SALLY 904 PLD, TR MSTURTON 3680A, TRMS WYOMING WIND 5604R, CAG BUBBLES 9950G, M&M MS STEALTH 9509 PLD ET, 3R ANGELINA 343A ET "JOJO", THOMAS MS IMPRESSIVE 0641, AND RF-ACE MS NANCY 7711P ET TO NAME JUST A FEW! THE RELEVANCE OF GENETIC VALUE THAT THIS SET OF FEMALES OFFER IS SECOND TO NONE. TRUE INVESTMENT OPPORTUNITY LIES WITHIN THIS GROUP OF FEMALES, WITH EXCEPTIONAL ROI POSSIBILITIES FOR THOSE THAT MAKE THE INVESTMENT.

THE OPEN SHOW HEIFER/DONOR PROSPECTS ARE UNMATCHED IN TERMS OF QUALITY. SEVERAL DAUGHTERS OF THE \$600,000 M&M OUTSIDER 4003 PLD, TR PZC MR TURTON 0794 ET, ONL AWR COOL CUB 7C, AND TR MR DIABLO 2742Z ET "LINEBACKER" WILL BE OFFERED. THE TEAM AT ACES WILD RANCH HAS HESITANTLY ELECTED TO OFFER A VERY SELECT GROUP OF ET PREGNANCIES Sired BY THE INTERNATIONAL CHAMPION CHAROLAIS BULL, SVY MAYFIELD 30H, THE HOTTEST CHAROLAIS SIRE OPTION IN THE BUSINESS! ADDITIONALLY, A SELECT OFFERING OF FROZEN GENETICS WILL SELL. FOR THE LAST TIME IN 2023, SVY MAYFIELD 30H SEMEN WILL BE OFFERED TO THE PUBLIC! OCTOBER 20 WILL ALSO FEATURE THE INITIAL SEMEN OFFERING FROM THE \$56,000 VALUATION WC LOADED UP 1833 P ET, JED'S SELECTION FROM THE 2023 WRIGHT CHAROLAIS BULL SALE.

CONSIDER THIS YOUR PERSONAL INVITATION TO JOIN US FOR UNRIVALED SOUTHERN HOSPITALITY AND A GREAT SET OF CHAROLAIS CATTLE AT THE INAUGURAL "SOUTHERN BELLES" PRODUCTION SALE AT ACES WILD RANCH! IF YOU ARE UNABLE TO ATTEND THE SALE IN PERSON, A LIVE BROADCAST WILL BE PROVIDED BY CCI.LIVE. PLEASE FEEL FREE TO REACH OUT TO US WITH ANY QUESTIONS ABOUT THE OFFERING, WE LOOK FORWARD TO SEEING YOU ALL ON FRIDAY NIGHT, OCTOBER 20, 2023 IN MILLSAP, TEXAS!

- One of the most exciting breeding pieces to ever be stamped with the AWR prefix.
- AWR Darling 18E is the kind that we have dedicated our lives to try to create, a female that defines maternal, productivity, longevity and consistency. Backed by the iconic, \$42,500 TR Ms Dari 0642X adds just another degree of reliability, and generating potential to the production career ahead of Darling 18E.
- 18E is a full sister to the Grand Champion Charolais Female at both the 2014 National Western Stock Show and 2014 Fort Worth Stock Show, TR MS Allie 3606A. She has gone on to be a trident in production for the F5 program.

- Another full sister, TR Ms Turton 5670C has been a dominate donor dam in the J & J program, producing the 4th Overall Female at the 2018 AIJCA Junior National who would be a full sister in blood to lots 2-9.
- A generational type of female that we plan to utilize heavily, we think that her type and kind is the future of the business. It's plain to see that the hereditability of phenotype is strong also, through the large litter of M & M Outsider 4003 PLD daughters of 18E that also sell on October 20th.

• The most intriguing group of full sisters we have ever marketed in a single setting. This is a fun group of heifer calves to be around. We could sit all day long debating and sorting through them and still not be set on our favorite or decide with one is best. So in the fairest way possible, all eight daughters of the M&M Outsider 4003 PLD and AWR Darling 18E will sell.

• The donor dam behind this collection of sisters is the Lot 1 featured donor, and highlight of this Inaugural 'Southern Belles' Female sale, AWR Darling 18E. One of our proudest breeding accomplishments to date, and a full sister to the NWSS and FWSS Grand Champion, TR MS Allie 3606A. A full sister in blood to these females was the Johnson families, J&J Ms Dari 748 that was sashed 4th Overall Champion Female at the 2018 AIJCA Junior National in Des Moines, Iowa.

• There is no questioning the influence that M&M Outsider 4003 PLD has had on the Charolais business. For approaching a decade, he has been responsible for a long list of national champions, high sellers, breed influencers and cowherd builders. This litter of daughters stand up and verify the claim that we believe he is a once in a life time kind of breeding bull.

• As you sort through the draft of full sisters you will begin to find some variations in size, muscle pattern, look from the side and maturity, however as a whole you will find these cattle to be soft bodied, perfect structured and right for the times. We struggle to put a hole in them and feel like they are the kind you can rank and still be happy with your 5th choice. We look forward to visiting with you about these heifer calves, and standing alongside you for the bright future they are bound for.

• A full sister to the legendary HF Mustang Sally 904 sells as lot 10! Few cows in the history of the Charolais breed can match the repertoire put together by the Thomas Ranch cornerstone donor who continues to reinvent herself with each calf crop. Most recently Mustang Sally raised the \$45,250 TR Ms Josie 1957J ET that went on to claim Third Overall honors at the 2022 AIFCA Junior National show for Haxton Hoffman.

• Mustang Sally was the \$65,000 half interest phenom from the 2014 Embryos on Snow, selling to Reimann Ranch and the Schnoor Family. Her skillset as a female in production has also outreached the show heifer division, and includes her heavily utilized son, TR MR Diablo 2742Z ET who is known commonly as Linebacker and several high selling composite show steers and heifers with price tags well into the 5-digit range.

• You would struggle to find a female that can match the BIG features that you will find with the TR Ms Game On 8907F ET female. In the flesh this daughter of HF Mustang Sally 904 PLD will impress, she has to be one of the stoutest boned, massive footed, widest pinned females on the ranch!

• She is a direct daughter of the legendary HF Mustang Sally 904, joining a long line of maternal siblings that are breed influencing and leading. We think that the opportunity to breed from this cow opens up a world of opportunities, particularly with her added mating flexibility towards Outsider and Mayfield bred genetics.

• The kind you can build a cow family around, the trip to Milsap will be made worth it by this one alone!

- AWR Dora 802 is the result of combining two matriarchal females in the Charolais breed. We believe in the strength of cow families, and they are lined up perfectly here!
- Paternally you will find 802 is a daughter of the National Champion, TR PZC Mr Turton 0794 ET, meaning she carries the influence of the eternal, Thomas Ms Impressive 0641.
- On the bottom side of her pedigree you will find the TR Ms Sally 2741Z ET donor who many know as 'Camero'. Camero is a CML Diablo 2X daughter of HF Mustang Sally 904 making her a full sister to TR Mr Diablo 2742Z ET or as he has affectionally become known 'Linebacker'.

• WATJE Ms Diablo 620D PLD is a true power cow. The CML Diablo 2X sired females have been incredible in production, and that's the same term we would use to describe this maternal matron. She is the epitome of a real-world production cow, one that is built for the long haul, and always brings a big strapping calf to the weaning pen.

• The heritability of quality becomes very evident when you look into her offspring selling as lots 14-16. She transmits the extra scale, width and power in a reliable fashion. Other progeny have sold to 4-W Charolais and Tim Respondek.

• Her 2022 born son by TR CAG Carbine's Vision 9700 ET was the featured Lot 1 bull from our 2023 Spring Bull Sale.

BRED AI 3/27/23 TO M&M OUTSIDER 4003 PLD PE TO 3ACES CRUSHING HEARTS G879 DUE 1/4/24

• The influence of JIL Misty 123Z on our program has been prolific, this is a female that has directed the trajectory of our program upwards! She is most notable as the dam of the 49th National Reserve Grand Champion Bull, ONL AWR Cool Cub 7C and a collection of daughters that stand at the heart of the cowherd. She is as close as any come to being the role model female for what our program is trying to accomplish.

• Not only does she align the stars from a pedigree standpoint. By phenotypically her build is formed with the upmost of quality and consistency in mind, she is long spined, extra square pinned, obtuse in her forerib shape, massive boned and footed and yet still extra elegant in her head and neck extension. We think you won't find many specimens built like this one.

• We truly believe that JIL Misty 123Z could be one of the most exciting genetic resources to sell this calendar year, if your intentions are securing a female to build a cow family around, whilst still generating a huge ROI then plan to be in Millsap, Texas on October 20th.

• Only in our inaugural 'Southern Belles' Female Sale will you find an opportunity of the scale of Lot 17A, combining the female who raised one of our proudest breeding accomplishments, in ONL AWR Cool Cub 7C the with the International Champion, and heavily exclusive SVY Mayfield 30H that we anxiously await the first true calf crop of this coming Spring. This opportunity will put your program at the forefront!

• A direct daughter of the BOY BK Gunslinger E80 sire, meaning she carries the maternal power of two legendary females of AWR in her direct pedigree. With both JIL Misty 123Z and TR Ms Turton 3680A so close there is no limit to the generating possibilities that come with AWR Misty 953.

• A maternal sister to the 49th National Reserve Grand Champion Bull, ONL AWR Cool Cub 7C, a sire that has proved more than worthy than his accolades in the showing with his ability to sire immense quality in multiple cowherds nationwide.

• She is a full sister to Belle's champion division winning cow/calf from this past summer's AIJCA National Junior Show in AWR Alley Cat 933. We think that the upside potential on these litter mates is immeasurable. They remain outcross genetically to the Outsider line of stock, and as a sale featuring opportunity, 953 comes carrying a pregnancy due the beginning of 2024 to the \$600,000 breed influencer.

19A MAYFIELD X 3680 PREGNANCY

DUE ON 3/2/24

LOT 19 SELLS *open*

- A female that needs little introduction to the business. TR Ms Turton 3680A has been directly responsible for well over \$150,000 of progeny sale between the Thomas Ranch, Buck Cattle Company, Boyert Show Cattle & here at Aces Wild Ranch. A staple in the donor pen that has proven herself already on the biggest stage!
- The first set of M&M Outsider 4003 PLD daughters from 3680A averaged north of \$30,000. Included in this group of full sisters was BK BOY Eye Catching 740E who was purchased by Kelton Arthur for \$83,000. She collected a swarm of championships that included winning the Open Show at the 2018 North American, and being sashed the Reserve National Champion Female.
- She is also the dam of our herd sire, BOY BK Gunslinger E80 that has featured progeny in this sale. A major caliber female that still looks and produces at her prime, the generating potential is unlimited here.
- The pregnancy that sells as Lot 19A needs serious consideration by anyone that is interested in the registered seedstock business. The trajectory of the Mayfield phenomenon is only headed north, be on the cutting edge of this combination of elite individuals!

- AWR Lydia 340L is no doubt a leading show heifer in this offering.
- The Cool Cub cattle have been well received, and this March born female is so long necked, massive sided, rugged boned and angular, she has been high on the list of favorites from day one.
- She is coming with the soft hairs and round body shape. She is unique in regard to her chiseled jaw and silhouette, and to top it off she stems back to a full sister to the \$100,000 TR Ms Montella 1572Y who has accomplished just about every milestone in production possible.

- A direct daughter of CAG Bubbles 9950G, a female who is the result of combining two National Champions in TR CAG Carbon Copy 7630E ET and BRCHE TR Dory 6501. In her own right, Bubbles was the Reserve Grand Champion Female in the Junior Show at the 2020 American Royal and Supreme Champion Heifer at the SD Spotlight. However it is her breeding career that we think will build the Bubbles legacy!

CAG BUBBLES 9950G
 Dam of Lot 21 & Lot 22

- This daughter of TR PZC Mr Turton 0794 ET is extremely dense and cowy! She comes with all the extras in regard to power and mass, with a monster set of running gear and wide pin set.

- A full sister to the phenomenal fall born heifer from the past Spring Edition of the Buck Cattle Company Production Sale that sold for \$58,000 to our friends at Lindskov's LT Ranch in South Dakota. We think this one has similarities to the high selling AWR Karen K200 with the additions of muscle shape and burliness. She ties together with extra presence and look when on the end of the balter, and has the stop and stare presence that it takes to get noticed.
- Strength of cow family with an ultra-impressive phenotype, sale attraction!
- This November born female slides into a unique division and will be extremely competitive on the national stage.

• We dug all the way to the heart of the cowherd when putting this sale offering together. AWR BCC Snow Belle 418B is exactly that, a tenured producer that every year has brought something of added value to the weaning pen. Last year she weaned off a TR CAG Carbine's Vision 9700 ET daughter that was a part of our show string that Belle showed in Oklahoma City.

• Her dam, DA MS Marion 728 P ET knows few strangers in this business, making an impact on both the Charolais and Club Calf business, in fact her Monopoly sired steers averaged over \$10,000 over the years. She is a direct daughter of the 2014-2015 Show Dam of the Year, OW Miss Marion 0025 ET.

• Another direct daughter of the program cornerstone, DA MS Marion 728 P ET this time by the female making master, CML Diablo 2X. We think her mating with 3ACES Crushing Hearts G879 will yield big time results. Her son by TR CAG Carbine's Vision 9700 ET was the Lot 6 bull in this year's Bull Sale.

• Old school pedigree and the kind of female that got us in the business. Extra rugged and big scaled, this is a long-sided female that has a build of longevity set to outlast any breeding tenure.

PE TO 3ACES CRUSHING HEARTS G879 DUE 4/26/24

LOT 25

• WATJE Ms Diablo 606D PLD would be one of the most impressive and productive daughters of CML Diablo 2X we have ever had walk on the ranch. Not that we gauge success on solely the show ring but she was the 9th Overall Show Dam of the Year for 2019-2020.

• A major part of this can be contributed to the success that Filippo Family Farms had with their purchase of AWR White Claw 814. AWR White Claw 814 was slapped as the Reserve Champion Charolais Bull in Fort Worth and Grand Champion Charolais Bull in Houston.

• A prolific female that is still in the prime of her production career, we think her build aligns perfectly to knock it out of the park with her early due mating with 3ACES Crushing Hearts G879.

AWR WHITE CLAW 814

LOT 26

• WATJE Ms Diablo 602D PLD is a prime example why CML Diablo 2X will go down as some of the best maternal sires in the history of the Charolais breed, these females consistently record impressive progeny stats, they are the kind that is low input, yet high output and are perfect natured.

• The first-born daughter of 602D sells as lot 28, alongside her first daughter lot 29. A perfect example of what can be expected of the cow family that 602D will build for her new program.

• She sells with a full sibling pregnancy to the stunning lot 27 female.

M&M MS SMART CHOICE 7056 PLD E
Dam of Lot 30

LOT 30 SELLS *open*

- M&M Ms 8122 0011 PLD has been a long-term power matron for the AWR, she combines impressive maternal traits, both on paper and production, with a very feminine and cowy build. We wish we could have 100 cows built like her, and it wouldn't matter what color they were!
- She stems from a long line of donor dams from the historic M&M program, both her dam and granddam have raised progeny that have yielded results, and she shares a sire with the iconic M&M Carbine 1567.
- As a producer in her own right, she hasn't disappointed either; being the source of both top tier show heifers and breeding bulls for the nation's leading Charolais operations. A daughter of 0011, AWR Cool Wiley 821F was always a strong competitor for Lexi L. Huse here in Texas.

LOT 31

- *It is just human nature to pay attention to this female, because not often do Charolais cattle come along with the chiseled front third and elevated head and ear set like you will find here. In addition to her supreme level of presence you will find she balances perfectly into her rear two thirds, making this an intriguing addition to the sale. As this one continues to mature and prove herself she only elevates her position on our favorites list.*
- *She is backed by a long list of proven and consistent maternal power.*
- *The full sister to Lexi Huse's, multiple division champion, AWR Cool Wylie 822F that made so many friends on the tanbark.*
- *Combining this one's look with the mass and density of 3ACES Crushing Hearts G879 will be a home run in our mind.*

- Another direct daughter of the M&M Ms Stealth 9509 PLD ET matriarch, a female with close to 200 progeny registered to her name. M&M Ms Benelli 5567 PLD ET is a daughter of the phenomenal sire, WC Benelli 2134 P ET who has had a big influence in the Wright program, starting by siring the \$125,000 half interest, WC Milestone 5223 P.
- Either side of the pedigree reads with like a who's who list of superstars in the business, this female comes with a stacked pedigree and a very strong set of EPD predictions. Herd bull generator selling as lot 34!
- She comes bred up to the \$600,000 valued, M&M Outsider 4003 PLD.

BRED AI 3/30/23 TO M&M OUTSIDER 4003 PLD PE TO 3ACES CRUSHING HEARTS G879 DUE 1/7/24

LOT 35 SELLS *open*

- A female that is no stranger to any follower of our program. M6 Ms Patsy Bell 527 P is a staple in the donor roster here, and has a blemish free record in production and the donor pen. We purchased her as a \$18,500 first calving heifer in the M6 Dispersal and she has proven to be a very wise investment. Knocking it out of the park with her first set of ET daughters to average \$6,750.
- You will notice the Pasty cow family has been on the maternal side of many AWR success stories, here is the cornerstone of that lineage. Her daughters are the heart of the cowherd in Milsap.
- Turn to the paper and you will find that the excellence reaches further than just the phenotype of this matron. M6 Ms Patsy Bell 527 P ranks top 1% WW, top 4% YW, top 2% MTL, top 2% SC, top 8% Udder; top 8% Teat and top 9% TSI with high accuracies.
- An absolute sale feature sells as Lot 35A with the opportunity to add your own prefix to one of the first SVY Mayfield 30H progeny to exist in the United States, and out of a female that can stand up to the buzz around the coveted International Champion Bull.

PE TO 3ACES CRUSHING HEARTS G879 DUE 4/26/24

- A pair of sisters that stem from the successful synergy of the Reserve National Champion, ONL AWR Cool Cub 7C with the most versatile female in our battery, M6 Ms Patsy Bell 527 P.
- These are standout females, built with the muscle and density that Cool Cub generates, with the structural build, udder quality and longevity that the 527 daughters are known for. These are cattle that will hold up, and good chances will look the same at 10 years of age as they will when you load them on the trailer sale day.
- These cattle have extra growth and performance built into their genomics, and you can rely on their progeny to come to the weaning pen ahead of the cohort. These are production cattle that still have great phenotype!

LOT 38

• We think this one is pretty special, she is the result of one of the most intriguing flushes of Charolais cattle in the history of AWR, AWR ZKCC All In 587C on the M6 Ms Patsy Bell 527 P donor.

• AWR Patsy Cline 908 is a full sister to the AWR Gypsy Soul 910 female that sold in the Player's Club Las Vegas Sale for \$24,000. Made just like her sister! She is awesome through her front third and incredibly flexible at the ground.

• Not only a phenotypic standout, but when you analyze the data package that comes with AWR Patsy Cline 908 you realize the impact she could have on your program and the industry.

908 ranks top 15% WW, top 25% YW, top 20% MTL, top 20% REA and top 8% SC.

LOT 39

• From a pedigree standpoint, AWR Loretta 334L would be one of the most intriguing specimens we have sold in program history. She is a far outcross from a large majority of the Charolais registry, yet combines EPD tabulations with 7 traits ranking in the top 20% of the breed and still has a power-driven phenotype!

• How about the rugged features that support this daughter of the Elder's Houlio 4H stud, she has a big set of running gear that flex just like they should. Its ones with this type of build that we project to have long tenures in the cowherd.

• EPD rankings that include top 7% WW, top 6% YW, top 15% Milk, top 5% MTL, top 7% SC, top 6% CW & top 15% TSI.

• AWR Calamity Jane 502C was Reserve Division Champion at the Fort Worth Stock Show for Belle as a heifer calf, she has always been an impressive female phenotypically, and still to this day is one that stands out on a pasture tour. We love how soft bodied and easy keeping she has matured into being.

• 502C is a direct daughter of LEDDYHOODOO 4651, the Champion Cow-Calf Pair from the 2015 National Western Stock Show. Making her also a maternal sister to Calli Schmutz's Reserve Champion Female in the 2018 Fort Worth Stock Show Junior Show.

PE TO 3ACES CRUSHING HEARTS G879 DUE 1/17/24

ZKCC GAME ON 266Z
Full Brother to Lot 41 & 42

• A pair of full sisters to our in-berd legend, ZKCC Game On 266Z. If you look through the remainder of the catalog it becomes obvious of the outlier feature and substance that this lineage of cattle offer. They are consistently stouter, freakier and more eye appealing.

• We have removed the guess work with both of the full sisters to Game On, as they both come bred early to calve with M&M Outsider 4003 PLD progeny. We think the chance of a significant or total return on investment in the immediate future is as safe as a sure bet.

LOT 43

• A genetic opportunity not to be taken lightly. We present a full sister to Charolais royalty in the 2014 American International Charolais National Champion 3R Angelina 343A ET - "Jojo". She was immortalized as one of the most successful Charolais show beefers of modern history after championships at the National Western Stock Show, American Royal, Oklahoma State Fair and a Supreme Overall female banner at the 2014 Tulsa State Fair. The night before her 2015 NWSS Open show win the virgin flush on Jojo commanded a record breaking \$40,000 price tag.

• Phenotypically, 'Jojo' is a prime example of what has made the Charolais breed a major contender on both the high sellers lists and in the supreme drives at the most prestigious shows around the United States. There are only a small group of matriarchs in the Charolais breed that contribute to a large percentage of the broad banners that are won at the national shows and Jojo is at the top of that list.

• Take hold of the opportunity to claim your own stake on a piece of Charolais royalty.

LOT 46 SELLS *open*

46A MAYFIELD X 08 PREGNANCY

DUE ON 3/22/24

• Not often does the opportunity to purchase a past National Champion Female come about, but in Milsap, Texas on October 20th, that exact situation will occur. No matter the breed, cow family significance has been a major component in our breeding program, and something that we place strong selection pressure on. The lineage that supports this striking female needs no introduction, as this genetic combination may very well be one of the most dominant and consistent matings in the history of Charolais breed!

• The "Firewater" x "0641" mating has yielded countless high sellers, several National Champions, and many individuals of influence within the breed.
 • Like many of her full sisters, PZC Dina 08 ET, defines maternal perfection!
 • She is a full sister to TR PZC MS Ivory Angel 0711, the 2012 NWSS Grand Champion; TR PZC Firefly 1746 ET, the 2013 NWSS Grand Champion and TR PZC MS Angela 31A, the 2014 NAILE Reserve Grand Champion. Her most notable full brother would be the influential TR PZC MR Turton 0794 ET. Four other full sisters sell a lots 47-50.

• PZC Dina 08 followed in the footsteps of her sisters and was selected as the 2016 NWSS Grand Champion Charolais Female in the Junior Show.

• The Lot A pregnancy has to be one of the most intriguing opportunities to sell, the combination of a National Champion with an International Champion is bound to yield results that can put a program on the map. SVY Mayfield 30H progeny will be a hot commodity in the 2024 sale season, stay on the leading edge with Lot 46A.

- A daughter of our in-herd sire, AWR Ace Of Spades 417B. He is a son of the featured donor DA Ms Marion 728 P ET who has daughters selling as lots 23 & 24.
- If you trace the maternal lineage of 725E you will find a long list of role model cows in production, a family trait that shines brightly with this female that is in the prime of her production years.

SVY *mayfield* 30H

• SVY Mayfield 30H is the one in a million, International Champion Bull, claiming the 2022 Canadian Western Agribition Supreme Champion Bull & 2023 NWSS Grand Champion Bull, two of the most coveted titles a Charolais bull could claim. He now claims the AICA registration number #M1,000,000.

• SVY Mayfield 30H was the talk of the town at the National Western, with people outside of the breed even making comment on his outlier phenotype, and he was thought by many to be one of the best mature bulls to stand in the yards in quite some time.

• We purchased the entire semen inventory to be released for 2023 in Embryo's on Snow for \$140,000 just before his championship on the Hill.

• With just a small sampling of semen in Canada, the offspring reiterate he will sire cattle with a refreshing looseness of structure, exquisite outline from the side, high tying neck attachment, undeniable presence and perfect hair quality. He has also been exposed to beifiers and proved to be a low birthweight option; he truly is a dynamic breeding piece that with more exposure is set to revolutionize the breed.

• This limited release will be the last semen to be sold in the calendar year of 2023, with no definite plans for marketing into the future, it will prove as a wise decision to lock down this opportunity when made available.

SELLING 10 UNITS OF SEMEN IN PACKAGES OF 1 UNIT | 10 TOTAL UNITS SELL

NEW AT CWR

- Our newest addition to the star-studded line up of herd sires employed at Aces Wild Ranch. WC Loaded Up 1833 P ET was our selection out of the 2023 Spring Wright Charolais Bull Sale. This homozygous polled stud is the complete package in our minds. Not only was he one of the most powerful yearling bulls we had ever laid eyes on, but he backs up the hype with a breed leading set of EPD's and performance traits.
- Maternally he comes with the backing of the prolific WC Brenda 4035 P, the dam of the record setting \$157,500 half interest, WC Uncharted 7328 who is the heaviest weaning weight bull to ever come out of the Wright program at over 1000 lbs. The Brenda cow family is coveted and one of the most renowned herd bull generating cow families known to the business. 4035 is just a branch of the very impressive family tree that dates back several generations of maternal excellence.
- If you turn to the paper you will find Loaded Up to excel when it comes to adding pay weight and profitability. He ranks top 9% WW, top 9% YW, top 20% Milk, top 15% MCE, top 8% MTL, top 3% CW, top 20% REA, top 9% Marb and top 5% TSI.
- Semen availability on WC Loaded Up 1833 P ET will be very limited into the future, we do not plan to market his semen on a day-to-day basis, and only through special marketing events. We think he bridges the gap of phenotype and genomic excellence and feel like the future of our cowherd is in good hands with his influence.
