I-44 AT EXIT 70 - APPROX. 3 MILES WEST OF SPRINGFIELD, MO

**BOY SMOKIN MONTE 7311**  
DAM OF LOT 1

**LOT 1**

We start out the offering with a herdsire that stems from an exciting pedigree, 2062K is an M&M Outsider 4003 Pld son out of a past NWSS Grand Champion Female – this is one that will garner plenty of attention on sale day. The 7311 female is kicking goals early in her production career. Siblings to 2062K include a full sister that was crowned the 2020 Grand Champion Female at the AIJCA National Show, along with a 3/4 sister that was most recently slapped as the Reserve Champion Charolais Female at the 2023 AIJCA National Show. Check out his top 30% WW & top 45% CW. The video will show the quality this bull carries.

Another son of the Thomas Ranch herdsire influenced by the great Red Fine Line Mulberry 26P. This stud comes with a 75-pound actual BW, double digit CED, and more than acceptable on his WW and YW values. This bull is also one of the top ribeye bulls in the red offering with a 111 REAR that measures over a 14. Very impressive with all of the goods.

Here is the big ribeye bull of the SimGenetic offering that also posts the biggest WW and YW expected data. His lineup of supporting sires and donor dams are second to none for real world ranch performance and quality in phenotype. He will make some of the most dense and profitable stock wherever he roams.

The Hereford offering is certainly strong in pedigree and sire power. The lead off four in this division are full brothers from one of the more significant donor dams in the entire breed. Churchill Lady 6124D ET has had a major role in the continuation of one of the country's very best Hereford programs based in Montana. The opportunity to invest in full brothers presents itself here at the Bradley Ranch Bull Sale. These brothers by the proven performance stud SR Dominate 308F ET are loaded with power, shape, performance, and consistency. They will make mouthwatering, sale topping baldies of both sexes that will be in demand without question.

Another opportunity to tie into a son of SR Dominate 308F with even more growth and scale pounding performance as indicated by his EPD profile. The “baldy factor” is always in demand especially when marketing replacement females. Genetically, this stud has the goods to do it all.
