*Welcome*

FROM HARTMAN CATTLE COMPANY

Welcome to the 10th Annual Hartman Cattle Company Simmental Bull Sale. We are very proud of the bulls that make up this offering. Phenotypically they are the stoutest and most rugged set of bulls we have offered to date. The bulls go through a stringent selection process, where emphasis is put on structural integrity, muscularity, real-world performance, and fleshing ease. It has always remained our priority that they must start with good feet and legs, with the proper angle and flex to their joints. We firmly believe that there are individuals in this offering that have as much potential to be sires of true impact and influence within the business as we have ever offered before.

Here at Hartman Cattle Company, we have always placed strong selection pressure on the maternal aspect of our herd sire battery. Superior sire selection has been emphasized at Hartman Cattle Company. We believe that every great breeding bull is backed by an even better female. As you evaluate this year's offering you will notice that several key females within the industry can be identified throughout the pedigrees. Maternal stability increases performance, fertility, and longevity, all essential traits of the modern-day beef production cycle. You will also notice several of the bulls selling are ET flushmate brothers to several of the highlighted females that sold in the 27th Annual Customer Appreciation Female Sale. By utilizing only the most proven sires, the nucleus of our cowherd herd has improved exponentially in terms of quality and consistency.

Each year we sort the very top end of our bull calf crop for this sale. These bulls, along with choice selections from our fellow breeders make up this deep offering. They are all a reflection of the discipline and diligence that make up the Hartman Cattle Company breeding program.

Bulls that had previously sold at Hartman Cattle Company have been selected as the Grand Champion Simmental Bull in Denver, Oklahoma City, and Louisville! We are proud of the accomplishments that our customers have experienced with their HCC genetics. Again in 2024, we will host a frozen genetic sale that will allow customers, both new and old, to showcase the herd sires they have purchased at Hartman Cattle Company.

We look forward to being back in the Mile High City for the historic National Western Stock Show, an event that we will showcase 13 bulls from our sale offering that will sell on February 4, 2024. We invite you to stop by our pen in "The Yards" to visit about the cattle. We wish you a happy, healthy, and prosperous New Year, and we look forward to seeing each of you! Please call if we can be of assistance in your genetic selection process.

Respectfully,

*Mike Hartman*

SIRES THAT CHANGE THE

*Standards*

*Welcome*  
FROM  
**INNOVATION**  
— AgMarketing, LLC —

Hartman Cattle Company is a multiple-decade operation that has always been synonymous with quality and success from day one. The quest for excellence has always been a relentless and insatiable pursuit for Mike and his team. The mileage and time invested in visiting past, present, and future customers to gather the very elite representing the genetic base of the program would be nothing short of significant. Therefore, that is the absolute draw to Tecumseh, Nebraska to witness what has been accumulated for the appraisal on the first Sunday of February each year.

This year's offering will feature the freshman class of sons from the \$620,000 world record selling, STCC Tecumseh 058J. The sire group will meet all expectations and impress those who lay eyes upon them. We are certain that you will be intrigued by their size at the surface, the flexibility in their build, and the overall substance and shape that the group offers in a very well-constructed and consistent package. FRKG Alpha 311L will be the lead bull for the "Tecumseh" sire group. The hype on this individual is legit, with the prospects of replacing his sire likely based on quality in build and significance in substance and shape. Besides "Alpha" the offering of sons from 058J will have several other sale features and potential breed-changing sons such as OMF Doc Lynn L92, a maternal brother to the great OMF Epic E27. STCC Tecumseh 058J is contributing as expected and serving up a heaping helping of crow to his initial critics! This is just the beginning of his reign and contribution to the SimGenetic business with the best yet to come!

2024 will also feature sons of the proven \$530,000 SO Remedy 7F along with sons of EC Rebel 156F and many more of the popular sires that have built the program. The quality certainly runs deep with loads of options for any operation, registered or commercial. Buck Creek Ranch of Oklahoma invested in HCCO Payback 166H in 2021. A son of Profit that sired some of the very best of the females offered in their recent production sale in December. That's just one of many success stories with the stock purchased from this annual bull sale in recent years and there will be more to come as the elites from this set go out and service the good females made available to them.

The bred heifer offering that follows this set of herd bulls will be unrivaled. Quality is very deep, and the pedigree and cow family stories affiliated will read like a page in Embryos On Snow. Cattle are blessed with an awesome build with the center body shape, skeletal width, and substance of hoof and bone that anyone would prefer when selecting their next donor dam. What an impressive set of bred females that you won't want to miss out on!

Please consider this your invite to the 10th Annual Bull Sale at the Hartman Cattle Company sale pavilion on February 4, 2024. This is a set of herd sires worthy of attention and investment. If you should need any assistance with selections or information regarding this set of bulls or the bred females, please don't hesitate to reach out to any member of the Innovation AgMarketing team.

Enjoy the cattle,

*Graham Blagg*

*Jered Shipman*

*Tim Anderson*

## OUR GUARANTEE

Unless otherwise noted, all the breeding age bulls will have passed a breeding soundness exam prior to pick up/delivery. In addition to the standard terms and conditions of the American Simmental Association, we will provide the first breeding season (the 90-day period immediately following turn out) guarantee on all yearling and older bulls. This guarantee is not an insurance or mortality policy, but a guarantee on functional fertility. It is not a substitute or replacement for poor management. Buyer assumes all risks for injury due to running bulls together or management decisions outside genetic control. For the guarantee to apply, we ask that you contact us as soon as a condition is observed and before the animal is sold. We will work with you to determine whether the animal is returned or sold for slaughter. We will attempt to provide a suitable replacement. If one cannot be provided of equal or greater value, we will issue a sale credit to be used in a future sale for the full purchase price less the salvage value of the animal.

### **SUPPLEMENT INFORMATION**

The week prior to the sale a supplement sheet will be posted online that specifies any special terms & conditions and/or retained semen interest in any of the bulls selling. Genetic Coat Color and (HP) status, Scrotal Measurements, Adjusted Yearling Weights, and Ultrasound Data will also be available.

The 47 bulls that sold in the 2023 Hartman Cattle Company 9th Annual Simmental Bull Sale posted the following ultrasound data by the Centralized Ultrasound Processing Lab:

Average Adj. REA of 16.28  
Average Adj. BF of 0.293

*Due to the early interest in FRKG Alpha 311L, we have elected to leave him home from the National Western Stock Show. He is currently at Vogler Semen Centre in Ashland, Nebraska where he has begun to freeze flush quality semen. Terms announced sale day.*

- FRKG Alpha 311L leads off the rookie calf crop sired by the \$620,000 world record selling STCC Tecumseh 058J. His dam is the prolific HCCO Countess 174F "948" donor dam that is a cornerstone breeding piece in the illustrious donor pen at Freking Cattle Company.
- For those of you that follow the cow families of influence in the business, you'll remember the five ET flushmate sisters that highlighted the Hartman Cattle Company 26th Annual Customer Appreciate Female Sale in December of 2022. Those females sold for \$65,000, \$35,000, \$26,000, \$15,000, and \$15,000. That same flush produced six ET flushmate brothers that made up the 2023 NWSS Pen of Five for Freking Cattle Company. Those bulls sold for \$210,000, \$35,000, \$14,000, \$10,000, \$8,000, and \$6,000. The first 11 progeny from "948" to sell at auction tallied an average of \$39,909 per head! Not to mention, FRKG Countess of 948 11K was selected as a division champion this past year at the 2023 AJSA National Classic in Des Moines, Iowa for Kenidey Effling.
- The Freking family of Alpha, Minnesota have been long time customers and supporters of Hartman Cattle Company. Over the years, Brad and Meg have invested in the "best of the best" from a genetic standpoint. It's safe to say that "948" is undeniably the most consistent producing female in their donor battery. FRKG Alpha 311L has been a standout since the day he was born. He offers a look of quality, stoutness, and genuine shape that is simply unmatched.
- The winning bidder on February 4, 2024 will have the chance to own one of the greatest breeding bulls to ever sell in Tecumseh, Nebraska. The return on investment potential that awaits is monumental.

Hartman Cattle Company will retain 100 units of semen for in herd use.

- The pedigree that stands behind HCCO Palisade 2L needs no introduction! Another direct son of the \$620,000 STCC Tecumseh 058J that is supported by the highest dollar generating female in Tecumseh, Nebraska, WAGR Panarama 204Z. She is one of the most influential and important females in the Simmental breed.
- Maternal sibs to HCCO Palisade 2L would include the \$400,000 Profit, a bull that has left his mark on the industry. Another maternal brother is the \$350,000 Justified, a bull that met an early demise. Despite his untimely death, Justified sired the \$175,000 sale feature in the 26th Annual Customer Appreciation Female Sale.
- WAGR Panarama 204Z has assembled as resume that few can come close to imitating with progeny selling for \$400,000, \$350,000, \$210,000, \$130,000, \$50,000, and several more from \$20,000 to \$40,000 over the past decade.
- A full sister to HCCO Palisade 2L sold for \$24,000 in December to Bowling Cattle Company of Indiana.
- A heavy duty herd sire prospect that is ready for service!

- Stay on the front end of the trend with this STCC Tecumseh 058J sired son that comes very impressive in his combination of power and fleshing ability. The FRKG Tecumseh 6L stud also leaves nothing to the imagination in regard to eye appeal and style. We think he will sire a set of progeny that give you plenty of options. His daughters will be the kind you can build a cowherd around, his bull progeny will combine form with function and his feeder cattle will be the kind to top the barn.
- His dam started her production career with three Summer Gala featured heifer calves, and his maternal granddam, TKCC Countess 176Y is also the dam of HCCO Countess 176D, a member of the very capable donor pen at Vogler Cattle Co. 176D produced a MR CCF 20-20 sired bull calf, Foresight 253G, that was selected by Tony Simons of Iowa in the 2020 Hartman Cattle Company Bull Sale for \$20,000. Foresight 253G was a member of the 2020 NWSS Grand Champion Pen of Five Simmental Bulls.
- The versatility of adding a young herd bull prospect like FRKG Tecumseh 6L to the battery will only result in more profit in your pocket and the betterment of the future for your cowherd.

- Lot 7 is a truly special individual that is a featured lot in this year's offering! Allow us to introduce OMF Doc Lynn L92, an own son of the legendary OMF Time Less B100 donor dam that has been a staple in the donor pen at Oak Meadow Farms in Minnesota. B100 is the dam of the widely used and very popular AI sire, OMF Epic E27.
- L92 is one of the most unique built, attractive, and genuine bulls that we have ever sold! His presence is unmatched, offering an eye appealing profile that simply cannot be denied. His neck attachment comes high out of the top side of his shoulder, remains neat chested, bold in the shape of his forerib and center body, all while offering a textbook set to his hip and hind leg construction. He is wide pinned, big ended, and transitions seamlessly from end to end.
- The Aggen family have been long-time Simmental breeders in Harmony, Minnesota with a keen eye for quality and functionality. The cowherd is truly something to see! Dr. Lynn Aggen is renowned as one of the greatest large animal veterinarians in the Upper Midwest. Since his well-earned retirement he now devotes his time back on the farm, leading the charge with the day-to-day tasks. There is no denying that OMF Doc Lynn L92 has the chance to make an impact on the Simmental breed, much like the impact that Dr. Lynn Aggen has made in his profession!

- Leading off a group of full brothers is the ultra-impressive, BEJV Mapleton 8L. You will be hard pressed to find Purebred Simmental stock that can match up to his boldness of stature, incredible rib shape and undeniable mass. This stout featured herd sire prospect is one that possesses qualities deemed extremely valuable for generating elite seedstock. He is massive bodied, super robust about his forerib and center body, offering unmatched volume and capacity, with a perfect designed underline.
- The success of the match up of STCC Tecumseh 058J on the young BS Curiosity 10G donor has been unveiled with four full brothers that ooze consistent quality, but standing at the forefront of the group is the pride and joy of Mapleton, 8L.
- BS Curiosity 10G had an impressive 2023 born calf crop, with an array of sires, she will have generated over six figures on the crop with the sale of the first son to sell in this offering, and several daughters will see the limelight this coming show season as they are in the barns of some of the best families in the Midwest.

- BFJV Tecumseh 10L is a son of the emerging star from Mapleton, Iowa, BS Curiosity 10G. The JASS On The Mark 69D daughter has become the next generation of incredible females that will be propagated from, and early indications are pointing for very favorable results. Several of her direct progeny highlighted the 2023 Bruhn Cattle Female Sale and on her 2023 born heifer calves she averaged just shy of \$15,000.
- The group of full brothers selling as Lots 8 through 11 prove once again the quality that the Curiosity 10G donor so reliably injects. The squarer built, bigger ended 10L will have fans because of what he will inject from a muscle standpoint into a set of British based cows. Notice he sports the heaviest WW of his full brothers.

## NWSS DISPLAY BULL

- FBFS Longmire 16L is certainly one that will catch the eye of stockmen that value the importance of maternal cow power in a pedigree, immense structural integrity and a body cavity that is built with added shape and volume. We think there is never a bad angle of inspection of this STCC Tecumseh 058J sired stud.
- Stemming back to the PVF Blackbird 3127 matron, links him maternally to several of the most prominent breeding pieces to ever come out of the Prairie View Program. This list includes PVF Blackbird 7113, who was selected Third Overall Heifer at the Illinois State Fair in 2018 for Olivia Caldwell, PVF Blackbird 8001, Ashton Dillow's Champion Angus at the Illinois Beef Expo and PVF Blackbird 7022, the Grand Champion Female at the Illinois State Fair Open Show for Brecken Craig.
- PVF The Natural 7042 has become one of the most in demand alternatives to the Dameron First Class and Silveiras Style 9303 sire lines that have blanketed the Angus business. He is a maternal brother to the dam of FBFS Longmire 16L.
- Be sure to stop by the pens at the NWSS to inspect this impressive specimen for yourself. *Foster Bros. Farms retains 200 units of semen for in herd use.*

Hartman Cattle Company & Freking Cattle Company will retain 100 units of semen for in herd use.

- FRKG Panama 415L is a derivative of the legendary JBSF Proud Mary cow family that continues to make a significant impact on the Simmental breed. JBSF Proud Mary was the Grand Champion Purebred Simmental at the 2016 AJSA National Classic, the 2016 Iowa State Fair Supreme Champion Female and the 2016 NAILE Grand Champion Simmental Female in both the Open and Junior Show.
- The dam of Lot 17, LAA LJR Miss Proud Mary 3130J is a past \$86,000 highlight of the 25th Annual Hartman Cattle Company Customer Appreciation Female Sale selling to the Snodgrass Family.
- A full sister to 415L was the \$30,000 purchase of Gary & Kathy Buchholz this past December in the Female Sale.
- Panama is extra big footed, stout constructed, and durable in his basic design. He has been admired for his rugged and masculine build that is complimented by his added length and extension. He is a true athlete on the move, and we anticipate he will make a positive impact in various breeding situations.

LKCC MISS DUCHESS 908G | Dam of Lots 18-21

- Stemming from a cow family with rich ties to consistently generating elite caliber Simmental genetics, attention needs to be paid to the group of four brothers being led off by FRKG Omaha 240L.
- The dam of Lots 18-21 is the now deceased LKCC Miss Duchess 908G, a daughter of BF Miss Crysteel Tango that was sired by the \$400,000 Profit. 908G was the 2020 AJSA National Classic 5th Overall Purebred Owned Heifer for Ashley Moore. 908G is a full sister to the \$70,000 VCL LKC Equity 608D, one of the great sons of Profit ever used at Hartman Cattle Company. They are supported by the famed BF Miss Crysteel Tango female as their maternal granddam.
- They are full brothers to the \$65,000 lead off female in the 2023 HCC Customer Appreciation sale, FRKG Countess Of 908 2L and also are three-quarter siblings in blood to the many times champion, LKCC Miss Crysteel's Remedy 44J.
- Since day one the baldy faced, Omaha has been a standout in terms of performance, quality, and structural integrity.

LOT 24 | DRWB REMEDY 24L

LOT 25 | SCHRAM DYNAMO 25L

- This SO Remedy 7F son finds maternal backing from the potency of a MR HOC Broker x Hara's Hairietta H4W female, a combination that fires with impressive consistency. In fact the dam of this herd sire prospect, Hara's SULL Princess 90F would be one of the most intriguing Broker x Hairietta daughters we have ever laid eyes on, and that is saying something when you think of the several that were campaigned by firms such as Sullivan, Skiles & Udell over the years. Take into consideration she would also be a full sister to RJ's "Lady Killer" cow that is leveraging her position towards the head of the program with progeny that include her \$130,000 half interest son, RJ Trust Fund 212K.
- Cool featured, burly bodied and impressively balanced, it's hard to find much you wouldn't like about this high performer.

HARA'S SULL PRINCESS 90F  
Dam of Lot 24

- Schram Dynamo 25L is a purebred that excels on the hoof, he has been a growth stand out of his contemporary group. He came off the cow at 828 lbs.
- A beef bull with real world performance that will enhance structural integrity, fleshing ease, and functionality.
- His sire, 4/B Dynamo is the \$120,000 high selling son from the rookie calf crop of the \$530,000 SO Remedy 7F. He set himself apart in terms of stoutness, performance, and genuine shape. Dynamo is backed by a top daughter of WS Pilgrim H182U that is further supported by the proven retro genetics of GW Lucky Dice 187H and Circle S Leachman 600U.

4/B DYNAMO  
\$120,000 Sire of Lot 25

## NWSS DISPLAY BULL

LOT 26 | FRKG STERLING 0312L

- A pair of full brothers sell as Lot 26 & 27. They are out of the prolific, HCCO Countess 174F "948" donor that has created a whirlwind at the top of the totem pole. These brothers are maternal sisters to the 2023 HCC Bull Sale, Lots 1-6 and then this year's Lot 1, FRKG Alpha 311L. If you place importance of the power of pedigree then you can dig your heels in deep here and be overly satisfied with the results.
- Over 800 lbs. coming to the weaning pen, this purebred is going to be a supplier of serious hybrid vigor.
- If true power and muscle is something you need to inject into your cowherd, then make sure that you have FRKG Sterling 0312L on your short list sale day!
- He tabulates with a top 15% WW figure.

GPG CONCLUSION 129K  
\$35,000 Maternal Brother to Lots 26 & 27

- We appreciate the consistency from the tried and true "948" matron, a female that has secured her place in the donor pen with nearly \$200,000 in progeny sales on the first 7 daughters produced. The six sons of "948" that sold in the 2023 HCC Bull Sale averaged \$47,166, it's clear to say that she is well on her way to becoming a household name!
- The longer bodied, FRKG Rebel 27L will yield progeny that go to the rail with more opportunity to put profit in the producer's pocket.
- Full brother to Lot 26 and maternal brother to Lot 1.

Hartman Cattle Company & Freking Cattle Company will retain 100 units of semen for in herd use.

- Here we have a pair of full brothers to several of the most valuable individuals to come out the progressive Freking Cattle breeding program. From the 2021 Customer Appreciation Sale is the high selling, \$225,000 FRKG Countess 924J, and then this past December's pair of full sisters that includes the \$105,000 FRKG Countess of 924 013L and the \$60,000 FRKG Countess of 924 011L. He is also a full brother to the \$160,000 FRKG New Fashion 75J that sold to Bowling Cattle Company. This year's lead off model follows the impressive phenotypic trend that has been set by his full and maternal siblings who have gone before him.
- A stout featured herd sire prospect that offers true genetic consistency and is backed by maternal excellence. We too admire his looseness of build, depth of rib, and overall dimension.
- This member of the National Western Stock Show Pen of Three tabulates with impressive growth figures, ranking top 15% WW and top 25% YW.

LOT 29 | FRKG REBEL 29L

- FRKG Rebel 29L is ultra-long and extended in his body length, and packs plenty of yield into his expressive muscle pattern. He stems from one of the most dominate producers from the Freking Program and has a mile long list of full siblings that have made this mating one of the most demanded in the business.
- The Rebel stock have found friends with those that appreciate extra muscle shape, density and performance.
- Full brother to Lot 28.

FRKG COUNTESS OF 924 011L  
\$60,000 Full Sister to Lots 28 & 29

LOT 30 | HCCO RENEGADE 30L

- A perfect marked, baldy faced high percentage herd bull that reads with worlds of maternal quality. We all know that there is nothing prettier than a group of baldy faced females on pasture, and that is exactly what you can expect for generations from the service of this Renegade son.
- Being backed by the influence of a WAGR Driver 706T sired dam should only add to the confidence you have in the breeding value of this early maturing stud. He came off his dam with just shy of 850 lbs. and continues to impress at every stage of development.
- This 3/4-blood Simmental sire prospect comes from a long line of females that have had to earn their keep the old fashioned way. Longevity is bred in here!

RENEGADE | \$120,000 Sire of Lot 30

- The appropriately named, FRKG Full-Bore 31L is one of the biggest featured, heaviest constructed, boldest shaped herd bulls that will trade hands in this 10th Anniversary Bull Sale. He is one that you will only add stars next to when you see him in the flesh, because he truly is quite the specimen.
- As a derivative of the Princess cow family, there is plenty of royalty in his genetic make-up too, as his maternal granddam is a maternal sister to the legendary Hara's Miss Princess 100Z, a female that has been one of the most potent show cattle producers the business has ever seen. 100Z would be the dam of Preston Hartman's Reserve Grand Champion Percentage Heifer at the 2023 North American.
- A direct son of the \$100,000 Ignition, a Profit son that featured in the 2020 Hartman Cattle Company Bull Sale and sold to Tricia Neczyporenko. Ignition was shown during the 2021-2022 show season and was selected as the Grand Champion Simmental Bull at the Cattlemen's Congress, National Western Stock Show, and Great Western Livestock Exposition.

- This son of the legendary \$400,000 Profit has an extra shot of length, eye appeal and intrigue. The presence of the Profit influence is strong with this stud.
- Profit 133L prowls with extra comfort and flexibility, his running gear is built with added longevity in mind and he hits the surface with and bog and correctly shaped foot.
- The maternal power of the mating stems from a young HPF Quantum Leap Z952 sired donor daughter of the legendary Matlock Miss S031 that became most famously known as "Cinderella". The story wrote by Cinderella is no fairytale either, just a long resume of high valued progeny that have won big and proven the potent hereditability that comes with the family tree.

## NWSS DISPLAY BULL

- The freshman class of the \$210,000 FRKG Victory 78J sons gets the stamp of approval with the presence of MECC Outlaw 37L. The ultra-impressive purebred herd bull prospect is one that excels from a design and build standpoint. He quickly asserted authority on the group as a performance stand out from day one, and recorded a record setting, 972 lbs. adjusted weaning weight.
- The now deceased FRKG Victory 78J was the \$210,000 high selling son of the deceased MR CCF 20-20. He was a featured member of the 2022 OKC Cattlemen's Congress Grand Champion Pen of Five Simmental Bulls.
- FRKG Victory 78J set the standard in terms of what a beef bull should look like! Since day one he was a standout in terms of performance, quality, and structural integrity. He is backed by a powerful two-year-old dam that is a full sister to the \$400,000 Profit. His maternal granddam, WAGR Panarama 204Z is one of the highest dollar generating females in the Simmental breed, and her influence will remain everlasting at Hartman Cattle Company.
- The maternal side of his pedigree is supported by the influence of a productive Profit daughter that was bred and raised in the M&E Cattle Company program of LaMoure, North Dakota. The Moser family would have one of the best working cow herds in the Dakota's and has annually been a source of elite Simmental genetics.
- If you're looking for a herd sire that will inject true performance, growth, maternal quality and structural integrity into your cowherd, then look no further!

FRKG VICTORY 78J | \$210,000 Sire of Lots 36 &amp; 37

LOT 38 | LKCC ODIN 38L

MR TR HAMMER 308A ET  
\$200,000 Sire of Lot 38

- LKCC Odin 38L aligns some of the most proven genetics to ever be propagated through the Hartman Cattle program. Sired by the \$200,000 MR TR Hammer 308A ET, this purebred stud is built with extra shape, density and true dimension. He is a FULL BROTHER to the calving ease specialist that works at Hartman Cattle Company, Thor 503C. There is certainly no smoke and mirrors with this real-world approved herd sire prospect.
- Stemming from the iconic BF Miss Crysteel Tango, there is a long list of maternal siblings of influence to 38L. His maternal brother sired by SO Remedy 7F was last year's Lot 9 feature and member of the NWSS Champion Pen of Three Purebred Bulls, GPG Foremost 417K that sold for \$27,500 to Meyer Genetics. He was a full brother to the LKCC Miss Crysteel's Remedy 44J that was one of the most dominant Purebred females of the 2022 show season! She was selected as the 2022 NWSS Grand Champion Junior Simmental Heifer, 2022 NWSS Reserve Grand Champion Open Simmental Heifer, 2022 FWSS Reserve Grand Champion Purebred Simmental Heifer, and the 2022 AJSA National Classic 3rd Overall Purebred Heifer.
- Other maternal siblings include the \$100,000 Firefly 311A, \$120,000 Lady Di, \$70,000 VCL LKC Equity 608D, along with countless other individuals of influence within the Simmental breed.

LOT 39 | STCC PREMIUM BLEND 39L

- STCC Premium Blend 39L is the long sided purebred son of the 2020 American Royal Grand Champion Percentage Simmental Bull, GTWY Foreman F241.
- A full brother to Premium Blend 39L was the Lot 1 bull in the 2023 Turn-Out Time Bull Sale selling for \$9,500.
- He is a direct son of the STF Nostalgia 155Z donor dam that has been a mainstay for the Trennepohl Farms program. The TJSC Optimus Prime 12W sired dam topped the cow division of the 2019 Right By Design Female Sale and has proven to be a potent source of herd bulls that include maternal brothers to Premium Blend, being the \$25,500 STCC Jack Sparrow, PPCC Saint Mark, STCC Boomtown, and STCC Pay Up 6147.

- The WLE Copacetic E02 sired cattle have found acceptance nationwide because of their added do ability, eye appeal and structural integrity. He was a was crowned a National Champion at the 2018 North American Livestock Exposition and was also crowned the Grand Champion Purebred Simmental Bull at the 2018 American Royal.
- The dam of Boss Lake All My Life 40L is a past HCC Customer Appreciation purchase and is a full sister to the \$70,000 VCL LKC Equity 608D sire. He has had a prolific impact for several programs with a real world, pounds pay approach to beef cattle production.
- Stemming back to the influence of the legendary BF Miss Crysteel Tango only adds validity and consistency to his ability to add profit to the bottom line of a program.

***Boss Lake Genetics retains 1/4 semen interest.***

- Renegade 41L is the second of the pair of WLE Copacetic E02 sons to sell. He offers a shot more growth than his counterpart and came with a very sensible 78 lbs. of birthweight.
- He sets to the surface with a running gear that is extra flexible and comfortable, and he reads with extra longevity and endurance in regard to his tenure as a breeding bull. He will sire a set of replacement females that will be easy fleshing, extra maternally designed and super attractive.
- His dam is a prime example of why the W/C Relentless 32C sired stock remain in high demand.

WLE COPACETIC E02 | Sire of Lots 40 & 41

2024

# *The Female Offering*

The female offering is saturated with quality, cow family significance, and overall generating potential. We have sourced an incredible set of females from Vogler Cattle Company and Frankenreider Cattle Company, two firms that have a long standing reputation for breeding, raising, and marketing superior Simmental seedstock.

The origin of the famed "Countess" cow family came from the introduction of that first set of half-blood females that were bred at Frankenreider Cattle Company. The purchase of that set of WAGR Driver 706T daughters served as the foundation of the Hartman Cattle Company breeding program where those females were 'bred up' to Purebred status from those 50 half-blood females. Other herd sires such as WS Pilgrim H182U, MF CCF Vision, and MR HOC Broker were some of the influential sire lines that were utilized in the pursuit of creating the next generation of Purebred Simmental cattle that would call home to Hartman Cattle Company.

The opportunity to tap directly into the maternal source that played an instrumental role in the evolution of the Hartman Cattle Company Simmental cowherd has presented itself again in 2024! This set of females are worth the trip to Tecumseh, Nebraska to see for yourself!

Due to calve 2/27/24 to 3BCC KCC1 Krypton 100K (ASA: 4142616).

- A tremendous way to initiate the 2024 bred heifer offering of this year's sale! 077K is a direct daughter of the legendary WAGR Panorama 204Z, one of the highest dollar generating females in the Simmental breed.
- 077K is a full sister to the \$55,000 featured donor dam of the Conley Cattle Simmental Dispersal. A full brother to 077K, SWSN Prestige 34K, was selected by Caldwell Cattle Company in last year's bull sale for \$15,000.
- WAGR Panorama 204Z has assembled as resume that few can come close to imitating with progeny selling for \$400,000, \$350,000, \$210,000, \$130,000, \$50,000, and several more from \$20,000 to \$40,000 over the past decade.
- A maternal brother to 077K, HCC0 Palisade 2L, is a NWSS display bull that sells as Lot 2!

LOT 103 | VCL FRKG COUNTESS OF 048 0104K

FRKG CLASSIC 948K

\$210,000 Full Brother to Lots 102 &amp; 103

- The next pair of females are ET flushmate sisters sired by the \$530,000 SO Remedy 7F and backed by the influence of the iconic HCCO Countess 174F "948" donor dam that is a cornerstone breeding piece in the illustrious donor pen at Freking Cattle Company.
- The most notable full sib to these two females is the \$210,000 FRKG Classic 948K, the impressive herd sire for Bruhn Cattle Company.
- Five ET flushmate sisters to this duo of females highlighted the Hartman Cattle Company 26th Annual Customer Appreciate Female Sale in December of 2022. Those females sold for \$65,000, \$35,000, \$26,000, \$15,000, and \$15,000. That same flush produced six ET flushmate brothers that made up the 2023 NWSS Pen of Five for Freking Cattle Company. Those bulls sold for \$210,000, \$35,000, \$14,000, \$10,000, \$8,000, and \$6,000. The first 11 progeny from "948" to sell at auction tallied an average of \$39,909 per head! Not to mention, FRKG Countess of 948 11K was selected as a division champion this past year at the 2023 AJSA National Classic in Des Moines, Iowa for Kenidey Effling.
- These females are true sale highlights that have program building credentials!

9.4	3.6	75.1	111.3	4.8	16.9	54	10.3	26.2	-0.26	0.14	-0.05	0.65

Due to calve 3/21/24 to 50 Remedy 7F (ASA: 3419044).

- 17K is the second of two ET flushmate sisters sired by JBSF Berwick 41F. There is no denying the elite look of presence and maternal quality that she possesses.
- Superior skeletal quality, square built, and robust through the center portion of her body. This female has the credentials to be a cornerstone breeding piece for any operation!
- Her dam, SJF/TVSC Charlie's Girl is one of the premier young females in the Frankenreider Cattle Company breeding program. Another daughter is working for Cody Kline.
- The influence of her third generation dam, V D A R Polly 6633, can be identified throughout countless pedigrees at Frankenreider Cattle Company.
- Maternal excellence at its best!

**SJF SMJ PAYROLL** | Maternal sib in blood to Lots 113 & 114

LOT 115 | SJF KARISSA 40K

LOT 116 | SJF KORĀ 1K

- 40K is a stunning half-blood daughter sired by DMCC Black Velvet 5E, the LLSF Pays To Believe ZU194 son that calls home to Frankenreider Cattle Company.
- The dam of this female is a non-registered Purebred Angus female that is backed by multiple generations of AI sires. She is sired by S AV 004 Predominant 4438, a bull that has stood the test of time for nearly twenty years!
- 40K is safe in calf to the \$530,000 SO Remedy 7F for a big return on investment!

DMCC BLACK VELVET 5E  
Sire of Lots 115-119

- Here is another daughter of DMCC Black Velvet 5E that is backed by a daughter of the \$400,000 Profit. She is sleek featured, big ribbed, and stout hipped.
- We appreciate this females extra balance and eye appeal from the side.
- She is safe in calf to the \$450,000 3BCC KCC1 Krypton 100K, an up and coming young sire that is destined to leave his mark on the breed!

3BCC KCC1 KRYPTON 100K  
\$450,000 Service Sire to several females throughout the offering!

Due to calve 3/19/24 to 50 Remedy 7F (ASA: 3419044).

- 29K is a stout made, dense constructed daughter of DMCC Black Velvet 5E that is backed by the S A V Universal 4038 x B A R EXT Traveler 205 genetic combination.
- This powerful half-blood female is developing an incredible udder design to compliment her extra power and substance.
- She is safe in calf to the legendary 50 Remedy 7F, a sire that continues to produce SimGenetic cattle that command a big premium!

LOT 119 | SJF KARMA 29K

SO REMEDY 7F | \$530,000 Service Sire to Lots 118 &amp; 119

LOT 120 | VCL MISS VIPER 41K

LOT 121 | VCL HCCO BOWL COUNTLESS 991K

- Come back to the auction!!! Talk about an absolute powerhouse of a donor prospect in VCL Miss Viper 41K. Sired by the legendary OMF Epic E27, this Purebred brood cow in the making is backed by the influence of LHT Viper 65E, the W/C Loaded Up 1119Y son from the iconic Lazy H/Adkins Black Star Z15 donor dam.
- The maternal side of her pedigree is further influenced by a FULL SISTER to the \$100,000 Firefly 311A, therefore tracing the legendary BF Miss Crysteel Tango.
- Her elite presence, body, and substance is further enhanced by her balanced number profile. There is no doubt that she will leave a substantial mark on the program that puts her to work on February 5, 2024!
- She sells safe in calf to Bridle Bit Recharge K256, the \$100,000 standout of the 2023 spring bull sale season that was purchased by CK Cattle of South Dakota!

OMF EPIC E27 | Sire of Lots 120 &amp; 121

- Another captivating daughter of OMF Epic E27. Her dam is a productive first calf heifer sired by the \$400,000 TJ High Calibre 556B and backed by the famed "Countess" cow family.
- She offers an elite number profile that should only be further enhanced by her service sire, the \$100,000 Bridle Bit Recharge K256.
- The Purebred calf that she is carrying will boast an incredible number profile that ranks top 15% of the breed for CE, BW, MCE, and API; top 20% YW, ADG, and TI; top 25% WW, MWW, Marb, and REA!
- Just imagine what an outcross AI sire with those numbers could be worth?! Bid to own!

BRIDLE BIT RECHARGE K256

*\$100,000 Service Sire to several females throughout the offering!*
