Bulls available for viewing all day
Monday, March 25, 2024
9:00 am - Bulls on Display
11:30 am - Lunch Served

1:00 pm - The Partners in Progress Bull Sale

Welcome friends and neighbors to our 12th annual Partners in Progress Production sale here at McEntire Red Angus. We hope you know how much we appreciate everyone who supports our program. We love the cattle business and the families that it brings to our Ranch. It's what we do day in and day out, except for a few sporting events with the kids every so often! We are excited about the offering of bulls we have for you this spring. These bulls were weaned on the 1st of October and developed here at the ranch. We have had them on a high roughage ration on a 110-day test. The carcass ultrasound data came back with great results, as you will be able to see in the bull information listed with each lot.

We understand that the Red Angus Breed is becoming more and more popular and that you have many options when it comes to choosing your herd bulls. We invite you out to the ranch to look over the bulls and heifers and hopefully you will find something that will bring value to your own operation and move your program forward. Good Bulls make great cows and our mating decisions have been based on producing next generation females to be more efficient and productive than their mothers. The Red Angus cattle have been known for good dispositions, calving ease, adaptability, and keeping your operation in the black! A good set of Red Angus tagged calves will top the sale no matter where you go.

We will be selling a nice set of herd bull prospects that we feel will make a great addition to a seed stock producer or to a commercial cattle operation. We will also be selling 50 commercial straight Red Angus replacement heifers and 50 commercial Red Angus Pairs. These heifers have been on a complete vaccination program and will be checked by Dr. Richard Prather one week prior to the sale for reproductive soundness.

We would like to invite you to come out to the ranch on Sunday night before the sale and enjoy supper and a social. We would love to get to know you and your family! We will eat around 6:00 pm.

Please join us sale day at 11:30 am for lunch. The sale will start promptly at 1:00 pm CST. Again this year, the sale will be broadcasted live on CCI. Live for those of you that are unable to attend the sale. If you have any questions about the sale, please feel free to contact us or any of the sale staff to visit about the offering. Be sure and check out our website at www.mcنتيررداڠس.com to view videos of all the lots in the sale. We will not sell in catalog order this year. Therefore, please be sure and look on our Facebook page or on CCI.live for the sale order on sale day. Thank you for your interest, and we look forward to doing business with you.

See you at the sale!

Innovation

AgMarketing, LLC

The initiative to do something fuels the determination to succeed in any life task. Grit keeps the focus on the end goal and pulls one through the unforeseen bumps in the road that can throw the goal off track. When initiative, determination, and grit collide, great things are achieved, and the willingness to have the patience to let things work and allow that great something to be created. A drought or years of adverse conditions can put a damper on any agricultural project as those said conditions wear on one's strength of mind and spirit. However, when it's a means to a living, a family unit can push through the toughest of times together and generate a product that can benefit those who come to invest. Randy and Crystal McEntire believe in the Red Angus product that they started with and continue to produce today.

We welcome you to the annual "Partners In Progress" Red Angus Bull and Female Sale. This family outfit is two decades in the business and their success has been noted. There is no question that "the golden rule" has played a major role to this point. Randy's approach and execution to customer service is definitely second to none and therefore customer retention is very high. When you believe in the product that you produce and you know that you have done everything to make the product as good as it can be for your customers, the service part is simple as most of the potential problems have been addressed before sale day. The problem free product offered by the McEntire Red Angus outfit is just that and that's why so many have invested with confidence over the years.

The program's base is from an operation that has been in the cattle business for over 6 decades and now includes 3 generations. Randy and Crystal's investment in those genetics allowed for their operation to grow into what it is today. The knowledge they had from their previous commercial endeavors is why their product appeals to so many ranchers in the southwest and central plains. These red hided cattle that bear the McEntire brand are very hardy with additional strength in growth, durability, shape, and eye appeal. Randy sorts extremely hard on hoof quality and the cowherd that generated these studs has been grown in a very disciplined manner over the past 18 years. So, it simply stands to reason why these cattle are as good as they are and why many continue to come back and new faces surface year after year.

The bulls and females from the program have been well received for many years and thrive wherever they are introduced. Skeletal integrity, hoof quality, body shape, fleshing ability, genuine muscle, and true width are what the cattle are reputable for. Maternally, the cattle come with the selected instinct and pass along significant calf vigor and performance, with better than suitable milk production to contribute to the final equation at weaning. Randy has invested in the genetics that not only excel on hoof, but they do transmit outstanding carcass merit as well with premiums attached. Customer retention is high to the program as those who have invested have experienced the results of the family's investment in genetics, management, and research to bring the very best year after year.

Folks, we are not sure if there is an annual opportunity to business with a family that's any better than the operation in Sweetwater, Oklahoma. Randy and Crystal have a very good reputation within their surrounding community and also with those who have conducted business with them over the years. "Salt of the earth" is a commonly used term, but not sure if that is good enough to use to describe them. The western placed ranching community knows no strangers, and everyone is and feels welcome. Hospitality and food for sale day will be incredible and the stock will only compliment the reception when you set foot on the ranch. If you need assistance with information, selection, or purchasing, please reach out to the Innovation AgMarketing team with any questions. We hope to see you the 25th of March in Sweetwater, Oklahoma for this annual event.

Enjoy the Cattle!

SALE ORDER

Cattle WILL NOT sell in catalog order this year. A sale order will be available prior to the sale.

TERMS & CONDITIONS

Cattle sell under the standard terms and conditions as recommended by the Red Angus Association of America.

SEmen INTEREST

McEntire Red Angus will retain 1/2 semen interest in all bulls sold.

SEmen TEST

All bulls will be semen and Trichomonas tested prior to the sale and are guaranteed to be fertile.

INCENTIVES

Free delivery within 150 miles of the ranch on bulls selling for \$5,000 or more and free nation-wide delivery on purchases greater than \$20,000. This does not include heifers. All trucking on females are the buyer's responsibility, but we will be glad to assist with trucking plans. If bulls cannot be taken sale day or arrangements have not been made with us within the first week for delivery, the seller can house bulls at McEntire Red Angus until pick up at a rate of \$6/day, however we will not be responsible for sickness or injury.

LIABILITY & ACCIDENTS

Every precaution will be exercised to protect the safety and comfort of those attending the sale. Neither the owners, auctioneer or any sale staff assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property. All persons attending the sale do so at their own risk. We are not responsible for typographical errors.

GUARANTEE

All bulls selling over \$6,000 will carry a first breeding season guarantee. The first breeding season ends August 1 of the year of purchase. Any request for a replacement bull needs to be made by this date. Death loss is the buyer's risk and mortality insurance is available on all bulls at the sale. Anything selling over \$5,000 is recommended to buy Livestock Mortality Insurance and McEntire Red Angus will pay 2% of the premium. Normal care and adequate nutrition need to be provided for maximum potential to be reached. It is recommended that bulls receive supplemental feed after the breeding season until they have reach maturity.

HERD HEALTH

All cattle sold through the sale are on a complete health program and will be accompanied by the health papers for shipment anywhere in the United States.

9 MILE FRANCHISE 6305 - SIRE OF LOT 10

- 2274 is a long bodied, neat profiling herd sire prospect with added look.
- Light birth weight, big IMF, big scrotal performance bull.
- Growth and gain are the strong suits of his genetic profile.
- Top 1% ADG, CW, top 3% YW, top 5% MILK, top 10% WW, CEM, top 20% GM, top 30% REA, top 35% MARB.

A Calving Ease Candidate

**4MC SENECA 2316**

- Admire the balance of 2316. You'll also notice his massive quarter full of red meat.
- 4.0 on his IMF will interest the retained ownership producer.
- Carcass improving herd sire prospect.
- Top 20% CW, top 25% ADG, CEM, top 30% BW, top 35% ProS, STAY.

4MC CONVOY 1275
MATERNAL BROTHER TO LOT 11

**4MC SENECA 2310**

- 2310 is a deep bodied, power packed stud. Loads of shape and herd bull character.
- High WDA and a big-league IMF scan on this MF Seneca 902 son.
- He is the #2 HerdBuilder index bull in the offering; an elite replacement heifer sire.
- Top 4% HB, top 5% YW, ADG, top 10% WW, top 15% STAY, top 20% ProS, top 25% CEM, top 35% CW.

- Powerful son of 9 Mile Blockout 7102. Note his 1,287 lb. yearling weight, almost 18-inch REA (biggest in the sale), and stellar 3.80 IMF.
- If you want to put pounds on the ground and move calf crops forward, study 225 heavily.

9 MILE BLOCKOUT 7102 - SIRE OF LOT 17

"I have used McEntire Red Angus bulls for the last several years with great success. Not only are the bulls easy to be around, but also they perform and their progeny perform. We retained ownership on our steers and were very pleased with how they fed. They weighed 1466 at harvest and gained 3.88 lbs. per day! We will continue to use McEntire Red Angus bulls to achieve this success."

- Ronnie Browns

60 COMMERCIAL RED ANGUS OPEN HEIFERS

Offering 60 hand sorted commercial open heifers source from a customer in Nebraska! Traditionally we have gate cut groups of 10 head or more for our customers, but we felt this year the quality was deeper than it ever has been. These females are sorted based on size, weight, and kind for uniformity. We think that you'll agree, this is a top shelf set of red hided commercial replacement females that will add maternal strength to your cowherd. Bid with confidence!

52 COMMERCIAL RED ANGUS PAIRS

Again this year we proudly offer a fancy set of red hided commercial first calf heifer pairs that have calves at side sired by 4MC Tight End 0182, a son of PIE Convoy 7058! This set of females are extremely high quality and are ready to go to work for you! For more information about the herd health protocol please reach out to Randy McEntire at (580) 729-9036 to discuss the offering.
