Bulls available for viewing all day

Monday, October 7, 2024
9:00 am - Bulls on Display
11:30 am - Lunch Served
1:00 pm - The 2nd Annual Fall Production Sale

Welcome friends and neighbors to our 2nd Annual Fall Partners in Progress Production sale here at McEntire Red Angus. We hope you know how much we appreciate everyone who supports our program and hope that offering a selection of bulls and females in the fall will bring some new faces to the ranch. We love the cattle business and the families that it brings to our Ranch. It's what we do day in and day out, except for a few sporting events with the kids every so often!

We are excited about the group of bulls and females we have for your appraisal. These bulls are the younger end of our calf crop and we have developed them here at the ranch. We will be selling a nice set of herd bull prospects that we feel will make a great addition to a seed stock producer or to a commercial cattle operation. We will also be selling an elite group of registered bred females and 100 plus commercial bred females that we feel will make a great set of cows to move your program forward in the Red Angus breed. The entire sale offering have been on a complete vaccination program. The heifers will be preg checked by Dr. Richard Prather one week prior to the sale.

We understand that the Red Angus breed is becoming more and more popular and that you have many options when it comes to choosing your herd bulls. We invite you out to the ranch to look over the bulls and heifers and hopefully you will find something that will bring value to your own operation and move your program forward. Good bulls make great cows and our mating decisions have been based on producing next generation females to be more efficient and productive than their mothers. Red Angus cattle have been known for good dispositions, calving ease, adaptability, and keeping your operation in the black! A good set of Red Angus tagged calves will top the sale no matter where you go.

We would like to invite you to come out to the ranch on Sunday night before the sale and enjoy supper and a social. We would love to get to know you and your family! We will eat around 6:00pm at the main house just located around the corner from the cattle pens.

Please join us sale day at 12:00 pm for lunch. The sale will start promptly at 1:00 pm CST. Again this year, the sale will be broadcasted live on CCI.live for those of you that are unable to attend the sale. If you have any questions about the sale, please feel free to contact us or any of the sale staff to visit about the offering. Be sure and check out our website at www.mcentireredangus.com to view videos of all the lots in the sale. We will not sell in catalog order this year. Therefore, please be sure and look on our Facebook page or on CCI.live for the sale order on sale day. Thank you for your interest, and we look forward to doing business with you.

See you at the sale!

INNOVATION

— AgMarketing, LLC —

It's not any raging, current, news headline but as beef cattle enthusiasts, we know how good the general marketplace has been for the past year. History has been rewritten, records broken, and the demand for our product is like never before. As an industry, we know how important it is to maintain that foothold within the consumable protein market and so it is our responsibility to make certain that each generation of stock produced to go into the food chain needs to maintain more consistency in terms of sheer quality, palatability, and wholesomeness. The nutritional talk seems to be more in our favor with the utmost certainty that U.S. beef is the densest nutrient source on the planet.

Randy and Crystal McEntire are deeply rooted in the Western Oklahoma/East Texas Panhandle ranching community. A community that thrives on grit and determination to handle any test that mother nature may send their way, a community that understands adversity but also knows to be gracious when relief is handed to them. The area's general population would know no strangers; therefore, being neighborly and willing to help others is a way of life. The McEntire's have two awesome kids in Chole and Rance as a result of the strong family and community ties to their claim. Raising a family in this region is as rewarding as anywhere in the country and it is proven more today than ever that ranch-raised kids have so many more options in this world due to common sense and work ethic alone.

One of the other unique things to this seedstock operation's claim is that it has commercial roots long before a registered hoof set foot on the place. Randy has used that experience to his advantage by applying the sorting and culling practices necessary to build a low-input commercial cow herd that can produce the kind of cattle that weigh and perform beyond the ranch life of Sweetwater, Oklahoma. The "Partners in Progress" sale series has remained successful over the years because the cattle are built to work and fit into nearly every environment, whether it be the hot, arid desert pastures of higher-elevation New Mexico, or the fescue belt of Missouri and beyond. These cattle succeed, and those customers continue to come back for more of the "good stuff" the McEntire brand offers.

This fall set of stock features a big new sire group of studs who are loaded for bear with look, density, and performance. They are a set of Red Angus bulls that have been sorted hard on disposition and quality throughout their development. Each of the herd sire prospects will have passed a BSE and come with the McEntire guarantee as highlighted in the initial pages of this sale book. If you should need any assistance before or on sale day please feel free to reach out to the Innovation AgMarketing team or Randy McEntire anytime. Consider this your invitation to the ranch in Sweetwater for the enjoyment of great fellowship, food, and stock that will further any program!

Thank you for your interest and please enjoy the stock.

SALE ORDER

Cattle WILL NOT sell in catalog order this year. A sale order will be available prior to the sale.

TERMS & CONDITIONS

Cattle sell under the standard terms and conditions as recommended by the Red Angus Association of America.

SEMEN INTEREST

McEntire Red Angus will retain 1/2 semen interest in all bulls sold.

SEMEN TEST

All bulls will be semen and Trichomonas tested prior to the sale and are guaranteed to be fertile.

INCENTIVES

Free delivery within 150 miles of the ranch on bulls selling for \$5,000 or more and free nation-wide delivery on purchases greater than \$20,000. This does not include heifers. All trucking on females are the buyer's responsibility, but we will be glad to assist with trucking plans. If bulls cannot be taken sale day or arrangements have not been made with us within the first week for delivery, the seller can house bulls at McEntire Red Angus until pick up at a rate of \$6/day, however we will not be responsible for sickness or injury.

LIABILITY & ACCIDENTS

Every precaution will be exercised to protect the safety and comfort of those attending the sale. Neither the owners, auctioneer or any sale staff assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property. All persons attending the sale do so at their own risk. We are not responsible for typographical errors.

GUARANTEE

All bull are guaranteed by insurance only. McEntire Red Angus will pay 30% of the insurance premium on each bull purchased in the sale if the buyer chooses for the first year after purchase date. Insurance will be available for purchase on sale day. We strongly recommend purchasing insurance so that your investment is properly protected.

HERD HEALTH

All cattle sold through the sale are on a complete health program and will be accompanied by the health papers for shipment anywhere in the United States.

SPECIAL THANKS

Farm Credit
 WESTERN OKLAHOMA

We want to thank our lunch sponsors

Farm Credit of Western Oklahoma

Cody McMurphy and his team at Farm Credit sponsor and cook the lunch on sale day and we appreciate all they do for us at McEntire Red Angus.

		ADG: 3.2		Scrotal: 42 cm		DMPPA: 101		GGP	

- 4MC Prowler 3157 initiates what we believe is the deepest and most powerful set of bulls that we have EVER offered. We are quite fond of the job that WEBR Prowler J61 has done during his tenure here at McEntire Red Angus!
- 3157 is tremendous in terms of his phenotype, with an eye appealing look from the side that is second to none!
- 3157 is a maternal brother to the \$25,000 4MC The Cowboy Way 970, owned with the Sartin family of Missouri. Another maternal brother, 4MC Quarterback 2153, was purchased in last year's sale by Double M Cattle of New Mexico.
- A growth oriented herd sire prospect that posted an impressive WWR at 105 and a YWR at 104.
- We love his extra length of body, stoutness of hip and genuine muscle shape that he possesses. He is certain to sire cattle with extra look and style!
- A true herd sire prospect that is built for the long haul. He is one of the best we have EVER offered!

4MC PROWLER 3190

- Power, body, substance... is the best way to describe the general build and body style that 3190 possesses! There is no denying that 3190 has been an absolute standout since day one!
- Sired by WEBR Prowler J61 and backed by a daughter of the iconic PIE Code Red 9058, a bull that has left behind a tremendous set of daughters for breeders across the country.
- 3190 defines what a "cow maker" should be built like in terms of skeletal quality, body mass, and fleshing ease. Keep every single daughter that 3190 sires, we expect them to be the kind that you can build a program around!

- Dark cherry red, big hipped, wide pinned, and loaded with shape from end to end! Check out the extra style and eye appeal that 3135 brings to the table.
- Without a doubt one of the best balanced, most intriguing herd bull prospects in this year's sale.
- We love the quality of build and outline that WEBR Prowler J61 stamps his progeny with. There is no denying that 3135 exemplifies the signature "Prowler" look!
- A maternal brother is working for Terry and Michelle Schafer of Wheeler, Texas.
- Balanced numerically as he ranks among the top 23% DMI, 26% YG, and 28% Marb.

- A performance standout from the WEBR Prowler J61 sire group that is a trait leader in terms of weaning weight performance.
- 3194 recorded an impressive WWR at 105 to accompany his real world performance and shape.
- The dam of 3194 is backed by a tremendous daughter of the \$75,000 PIE The Cowboy Kind 343. Several maternal sisters to 3194 have been retained in herd at McEntire Red Angus.

Lot 5

4MC PROWLER 3158

- POWERHOUSE herd sire prospect that will be a favorite of many that make the trek to Sweetwater, Oklahoma! A standout from the WEBR Prowler J61 sire group that is an absolute beast in terms of body, density, and substance.
- There is no doubt that 3158 is one of the stoutest and most rugged herd sire options in this year's sale offering.
- He ranks top 17% STAY, 19% WW, and 30% REA.
- He is the NUMBER 1 weaning weight bull in his contemporary group with over 700 lbs. of performance and a WWR at 115! He also recorded a YWR at 107.
- Recommended for use on mature cows to add pounds and profit to your next calf crop!

Lot 6

4MC PROWLER 3196

- 3196 is a powerful son of WEBR Prowler J61 that is supported by a productive young female sired by Jeffries Reddington 865C, a herd sire that we used extensively here at McEntire Red Angus. 3196 is a maternal brother to 4MC Guardian 1236, a bull that was selected by Weber Land & Cattle of Lake Benton, Minnesota.
- He offers excellent performance with a WWR at 101 and a YWR at 101.
- A long bodied, big topped bull that is rugged built and flawless in terms of his feet and leg structure.
- 3196 is ready for heavy service!

Stoutness and Eye Appeal from every angle!

4MC KING OF THE COWBOYS 3134

- The lead off bull in the 4MC King of the Cowboys 9139 sire group is one that will turn heads on sale day! 3134 is a powerful, stout made, rugged design bull that is long sided and offers tremendous shape and dimension.
- His dam is a productive daughter of PIE Redmond 725 that has put countless daughters back into production for us, along with a son by 4MC Godfather 230 that was purchased by Lamberth family and another son by PIE Code Red 9058 that is working for Wagonhoud Land & Livestock.
- A maternal sister to 3134 that was sired by Bieber Fusion C194 was a featured bred heifer in last fall's sale that was purchased by TJC Cattle of Wellington, Texas.
- Top 3% STAY, 9% HB, 17% DMI, and 25% CEM.

- Here is another big spread herd bull prospect that offers tremendous curve bending genetics. 3180 recorded a sensible 82 lb. birth weight and spread to an impressive 670 lb. adjusted weaning weight to record a WWR at 107. He also boasts a YWR at 102.
- He ranks top 11% CEM, 12% Milk, 26% GM, 32% ProS, 34% DMI, 35% REA, and 35% Marb.
- His young and very productive 9 Mile Franchise 6305 dam has done a tremendous job during her tenure in production with a MPPA of 103.

4MC FULLBACK 2230 - MATERNAL BROTHER TO LOT 20

4MC FULLBACK 3183

- We purchased BYU Fullback 9338 ET from Bayou Creek Ranch. He is a son of the \$132,500 PIE Fullback 7005 that was out of the famous PIE Stormy 541, also the dam of the legendary PIE Code Red 9058. He has done a tremendous job for our breeding program, siring cattle with excellent foot quality, fleshing ease, and real world performance!
- 3183 is a larger framed, long bodied, big ended bull that is massive in terms of his shape and dimension. He is a performance driven sire that is certain to sire cattle with extra length and power.
- 3183 is a maternal brother to 4MC Captain 2118, a son of PIE Captain 057 that was purchased by Double M Cattle of Lovington, New Mexico.
- We are certain that 3183 will have many friends on sale day!

4MC FULLBACK 2145 - FULL BROTHER TO LOT 23

- 4MC Fullback 3103 is a low birth weight son of BYU Fullback 9338 ET that is backed by a daughter of PIE The Cowboy Kind 343.
- A full brother to 3103 was selected in last year's sale by Eddie Miller of Oklahoma.
- 3103 also has a maternal sister that was retained in herd and has become a valuable and profitable young brood cow.

4MC FULLBACK 3159

- 3159 is a big ribbed, deep bodied, easy keeping herd sire prospect that is sired by BYU Fullback 9338 ET. He is a dark red, big scrotal bull that is loaded with dimension from end to end!
- He came to the weaning pen with over 600 lbs. of pay weight.
- A maternal brother by 4MC King of the Cowboys 706 is one the best looking herd sire prospects that we sold in the spring of 2023. The dam of 3159 has produced 5 herd bull prospects to date that are working in top commercial programs across the southwest!
- 3159 ranks top 19% Milk, 23% STAY, and 34% DMI.

4MC BLOCKOUT 966 - MATERNAL BROTHER TO LOT 25

- 3042 is a big ribbed, easy keeping, powerful herd bull candidate sired by BYU Fullback 9338 ET that offers more than 600 lbs. of weaning weight performance.
- He is balanced numerically and phenotypically. The dam of 3042, 4MC Shocker 330, is a trusted and proven producer for our breeding program.
- Sons of 330 are working for Stanley Dunbar, Rock'n S Ranch, Tommy Laubhan, SS Family Farms, and Denver Stocking. She produces herd sire prospects each year that are selected by some of our most valued customers!

4MC FULLBACK 2119 - FULL BROTHER TO LOT 26

- 3172 is a calving ease specialist that offers a sensible 72 lb. actual birth weight and spreads to over 600 lbs. of pay weight at weaning.
- The dam of 3172 is sired by PIE New Territory 523. She has done a tremendous job year in and year out! A full brother to 3172 was purchased in last year's sale by Terry Green of Oklahoma. The year before, a maternal brother sired by PIE Weigh Up 8157 was purchased by Slash T Cattle Company of New Mexico. 3172 also has a maternal sister that was selected by Rock'n M Red Angus of Oklahoma.
- He ranks top 34% WW, 36% HPG, 36% CW, and 37% CED.
- Recommended for use on heifers.

- 4MC Blockout 3099 leads off the 9 Mile Blockout 7102 sire group in this year's fall sale! 3099 is massive in terms of his rib shape, with an abundance of muscle and power from behind.
- 3099 is a carcass standout that ranks among the top 6% YG, 8% FAT, and 20% REA.
- His extra body depth and internal dimension is what makes him a suitable option for a replacement heifer retention program.
- The dam of 3099 has been a trusted and reliable producer for the McEntire Red Angus program with 5 daughters retained in herd!
- A real "cow maker" that will add maternal functionality to your program!

- A tremendous calving ease option that is the NUMBER 2 low birth weight option in the sale with a sensible 62 lb. actual birth weight. He accompanies this with a -4.1 BW and a 14 CED EPD.
- He is a moderate framed, dense ribbed, easy fleshing, big ended bull that is smooth from end to end. He is flawless on his feet and legs and offers a look of balance from the side that is hard to mirror.
- His dam is one of the top young cows on the ranch! She traces back to the influence of the famed Red Lazy MC Redman 20X.
- He ranks top 9% DMI, 13% BW, 20% ME, 25% CEM, and 29% HB.

Lot 35

4MC CONVOY 3149

- Tremendous thickness, length of body, and dimension can be identified when evaluating 4MC Convey 3149! There is no denying the genuine shape and skeletal width that this rugged herd sire prospect brings to the table.
- He is a performance standout that posted an impressive WWR at 108!
- The dam of 3149 has been a cornerstone producer in our program with 11 natural calves registered to her name in the Red Angus herdbook. A maternal sister to 3149 sired by 4MC King of the Cowboys 706 was purchased by Randy Squires. Brooklyn Buckingham also has a sister sired by LSF Saga 1040Y.
- Proven and time-tested genetics that offer superior longevity!

Lot 36

4MC CONVOY 3030

- Here is another dense ribbed, dark red hided son of PIE Convey 7058. We love his basic build, smoothness, and cleanliness of joint work. He is still soggy centered, big ribbed, and offers a rugged herd sire look.
- 3030 offers a tremendous track record with 10 natural calves to her name in the RAAA herdbook. She offers an incredible MPPA of 110!
- Maternal brothers to 3030 are working for Turley Ranch, Ron Brown, Wagonhound Land & Livestock, and Lancaster Farms.
- He offers a 75 lb. actual birth weight while spreading to a WWR at 102.
- 3030 solidifies his calving ease credentials with a 14 CED and a -2.2 BW EPD. Recommended for use on heifers.

- 4MC Quarterback 3066 is sired by resident herd sire here at McEntire Red Angus, PIE Quarterback 0180, a son of the \$155,000 PIE Quarterback 789, one of the great breeding bulls ever produced at Pieper Red Angus.
- 3066 offers a 62 lb. actual birth weight that is further solidified by his 14 CED and -2.8 BW EPDs.
- He was raised by a first calf heifer sired by PIE New Territory 523 and goes back to a daughter of LSF Sand Hills 9008W.

- The NUMBER 1 low birth weight option in the entire sale offering!
- 3104 is sired by PIE Quarterback 0180 and backed by a tremendous first calf heifer daughter sired by the \$105,000 9 Mile Franchise 6305. He offers a moderate 58 lb. actual birthweight and still came to the weaning pen with over 600 lbs. of pay weight!
- He ranks among the top 10% BW and 16% Milk.
- Recommended for use on heifers.

- The first of two sons of 4MC New Territory 8106 in this year's sale. 8106 is a son of the tried and true PIE New Territory 523 herd sire that has been a tremendous female maker.
- 3216 is backed by a top daughter of the maternal legend Red Lazy MC Redman 20X and further influenced by the iconic PIE Code Red 9058.
- Several maternal sisters have been retained in herd at McEntire Red Angus. A maternal sister sired by 4MC Top Shelf 766 was selected by Pottawatomie Creek Ranch of Kansas. A three-quarter sister in blood to 3216 sired by PIE New Territory 523 is working for James Birkhead of Texas.
- We expect 3216 to sire phenomenal females with superb udder quality and fleshing ease.

- 3214 is a moderate birth weight son of 4MC Saga 5172, a son of the industry leading LSF Saga 1040Y that we retained to walk here at McEntire Red Angus. His dam offers an impressive MPPA of 109 on 8 calves.
- He is the NUMBER 2 bull within his contemporary group with a 112 WWR and a 110 YWR.
- A big spread bull that offers curve bending performance from birth to weaning!
- Cord Carlson purchased a maternal brother to 3214 that is sired by PIE New Territory 523. Other maternal brothers are working for Lancaster Farms and Dale Dunlap.

"This year we retained ownership in a group of steers and heifers from our commercial herd that were sired by bulls we raised. The steers gained 4.1 lbs. a day and the conversion factor was 5.8 lbs. The steers weighed 1401 at harvest and cost of gain was \$1.28. The heifers gained 3.77 lbs. a day and the conversion factor was 6.74 lbs. They weighed 1525 at harvest and cost of gain was \$1.14. We were very pleased with the outcome of our investment and will continue to retain ownership and put cattle on feed."

- Randy McEntire

4MC

THE FEMALE

Offering

4MC SUES TRAPPER 3144

- What a way to start the female offering! This powerful daughter of WEBR Prowler J61 has the credentials to be a foundation female for any progressive seedstock operation. 3144 is massive in her rib cage, deep sided, and offers an ultra-maternal look from every angle!
- 4MC Sues Trapper 3144 is backed by a daughter of 4MC Saga 530 that is further influenced by the maternal legend, Red SVR Gangster 14S.
- She is balanced numerically, while recording a WWR at 104.
- A definite sale feature!

Due to calve 4/10/25 to Holton Hard Drive 2007K ET (RAAA: 4756579).

- A neat patterned long spined female sired by PIE Convoy 7058.
- We pride ourselves on no excuses kind of females that generate year after year. 4MC Polly 3203 was raised by her 12-year-old dam that has progeny dispersed throughout the country.
- Numerically she ranks in the top third of the breed for GM, STAY, and YG.

PIE HOLLYWOOD 222 - \$400,000 SIRE OF LOT 100B EMBRYOS SELLING

- TKP Rebella 194 was our selection from Pieper Red Angus cow herd this past spring when we purchased this exciting young donor from Mark and Tate privately. She is phenotypically flawless, offering a look of quality that is second to none!
- A feminine featured female that ties together from end to end seamlessly. She is smooth shouldered and transitions into a bold and three-dimensional forerib and center body. Additionally, she is a stout hipped female that is long and level from hooks to pins. She is undeniably one of the best daughters of the \$190,000 record selling KJL/CLZB Complete 7000E.
- In addition to her elite phenotype, TKP Rebella 194, is equally as impressive on paper! She ranks among the elite 1% of the Red Angus breed for GM, MILK, and MARB. Additionally, she is among the top 2% ADG, CW, 4% ProS, YW, 11% REA, 12% WW, 23% HPG, 25% CED, and 27% BW.
- As a first calf heifer, TKP Rebella 194, raised the featured lot 2 herd sire prospect in the 2024 Pieper Red Angus 34th Annual Production Sale. PIE Supremacy 3283 was an elite phenotype herd sire prospect that offered incredible data to further solidify his candidacy. Unfortunately, he met his demise prior to the sale.
- Lot 100A embryos are FULL SIBS to the impressive PIE Supremacy 3283, arguably one of the best herd sire prospects that would have sold this past spring.
- The lot 100B embryos selling are sired by the \$400,000 world record selling PIE Hollywood 222, making for an elite genetic package with cutting edge data and elite phenotype Red Angus cattle!
- This is a truly ELITE investment opportunity to acquire the "best of the best" from McEntire Red Angus! Take advantage of this genetic offering, it might be the only time that we EVER sell frozen genetics from TKP Rebella 194!
