

BRADLEY CATTLE COMPANY

# FALL BULL SALE

**SATURDAY, OCTOBER 19 • 4 PM**

SPRINGFIELD LIVESTOCK MARKET

*Springfield, Missouri*

# WELCOME

## FELLOW CATTLEMEN & FRIENDS,

We would like to welcome you to our Annual Fall Bull Sale. We are excited about our offering this year! You will see our foundation genetics that we started with and are still aggressively using today, as well as injecting new genetics that we feel are working well and progressing our program in a forward direction.

I am constantly looking for our next great herd sire to produce bulls and females to continue to improve our herd and ultimately add profitability to our customer's programs. We strive to produce both bulls and females that have the ability to go out and be successful in the pasture. Longevity, fertility, and real world performance are some of the most important traits that we select for. Foot quality, fleshing ease, and docility are traits that are extremely important to our program.

The cattle market is very strong and by all indications it should remain that way. It is the perfect time to add fresh genetics to your herd to help increase your profit margins!

We invite you to join us on Saturday, October 19, 2024 in Springfield, Missouri for our Annual Fall Bull Sale. Please call with any questions about the offering, I would be happy to discuss the cattle selling and help find the right fit for your program!

Sincerely,

A handwritten signature in white ink, featuring a large, stylized 'B' followed by the name 'Bruce Bradley' in a cursive script.

**BRUCE & JANNA BRADLEY**
