*Put Elite Genetics to
Work in Your Herd*

Welcome to the Ladies of the Lone Star Elite Female Sale

As fall arrives, we at Red River Farms are excited to welcome you to Texas for the “Ladies of the Lone Star” Elite Female Sale on October 11th. This special event promises an evening packed with outstanding Simmental and Angus genetics and exceptional hospitality.

Our commitment to the Simmental breed and dedication to maternal cow families are evident in this year’s offering. We have assembled a selection of elite females with top-tier genetics, reflecting our confidence in the depth and quality of our cattle. Whether you are an experienced breeder or new to the industry, we believe you will find something to elevate your program.

Red River Farms, along with our valued partners Rocking P Livestock, Circle M Farms, and Wallace Cattle Company, is built on a foundation of integrity and exceptional service. We are proud to showcase cornerstone females and elite frozen genetics that represent the best of our combined programs. Our relationships with top breeders across the country have allowed us to bring you these remarkable cattle, and we are grateful for their shared commitment to excellence.

Success in production agriculture is driven by passion and hard work, and we are deeply appreciative of the individuals who have dedicated their time and effort to make this elite sale possible.

We invite you to join us not only for the sale but also for our pre-sale dinner and hospitality on the evening of October 11th. Enjoy great Texas BBQ, and warm fellowship as we set the stage for an exciting weekend. Additionally, don’t miss The Black Label Sale on October 12th in Grandview, Texas, just 1.5 hours from our facility.

Thank you for your interest and support. Should you have any questions, please feel free to contact our sales and marketing representatives. We look forward to welcoming you to Texas!

Sincerely,

Bob & Michael Mullion AK Phillips

INNOVATIONAGMARKETING.COM

Bob and Michael Mullion are conservative agriculturalists who depend solely on mother nature and the land they care for. The vast scope of their entire agricultural entity is quite large and as productive as the water and regulation will allow. They have forged forward with grit, determination, and intelligence to meet the daily and annual challenges dealt by mother nature and the government regulation like so many other ag entities in this nation. Families have been raised and supported from this entity for generations and we promise you that Michael will keep the torch lit for the next generations to come. Bob and Michael are tough minded businessmen, with a passion for the seedstock business and so they made the investment in another location to bring the product of their toil to a more central location.

Grand Saline, Texas is where Red River Farms Texas Division is located as most of you know. Michael and Bob still have significant business commitments and interests in California and Arizona, so they decided to hire a young man to fulfill the duties of caring for the land and stock on the east Texas ranch location. Here again, as most of you know, they selected A.K. Phillips to guide the vessel, and I think all who know him, will agree that it is a perfect fit and a strong relationship. A.K. is a product of the junior show program with a family name that knows no boundaries to success within the business. If you haven't taken the time to sit down with or get him cornered, we strongly encourage you. A.K. has a strong maternal presence from his mother, he's a great listener, he can lead as he was just elected President of the Texas Simmental and Simbrah Association, he knows how to interact with those who invest in or have an interest in the RRF prefix, and he most certainly has a devout passion and commitment to the land and stock owned by the Mullion Family. There's no doubt that he came with a wealth of experience and knowledge most do not have until their 40s or 50s, and a work ethic of two grown men instilled by those his father and uncle surrounded him with in his youth. However, he does not go at it alone as he does have a right-hand man, Tyler Abney, and together they are the great combination that drives the Red River program towards long term success. Without question, a pair of gentlemen worthy of your family's presence and what better role models could one ask for their youngsters.

We certainly believe that this set of stock is the absolute, very best set ever gathered for appraisal in Grand Saline. The quality runs very deep through each pen of cattle with proven pedigree and the right phenotype through and through. As the Mullion investment continues to take hold the quality and predictability of the cow families becomes more and more certain with each set of cattle baring the Red River brand. Please consider this your personal invitation to join us at the beautiful sale facility on October 11 for another fine offering of seed stock from the great team and family at Red River Farms Texas Division. The hospitality and fellowship will certainly be second to none and we are certain that you will find something that fits your program as well. If you should need any assistance with any information regarding the sale offering, please feel free to reach out to the Innovation Ag Marketing Team or any member of the Red River Squad at any time.

We look forward to seeing all of you and we know that you will enjoy the stock.

Liability

All persons who attend this sale do so at their own risk, legal or otherwise, for their safety or for the behavior of the animals. The owners, sale management firm, and other sale staff assume no liability for personal injury, property loss, theft, or any accident that may occur.

Terms & Conditions

Cattle will sell under the standard terms and conditions recommended by their respective breed association. All sales are final, and the cattle will become the property of the buyer when the auctioneer says "SOLD". Announcements from the auction block on sale day regarding the cattle selling will take precedence over the information printed in this catalog. No cattle will be loaded until paid for in full.

Payment

U.S. Currency only. All sales are final, and payment is to be made in cash or check to Innovation AgMarketing, LLC. Master Card, Visa, or American Express will be accepted with a 4% convenience fee.

Registration Papers

All registration papers from the American Simmental Association or American Angus Association will be transferred to the buyer once full payment has been received. Please provide transfer information at buyer registration.

- A tremendous female that is supported by a royal pedigree to initiate the 2024 edition of the "Ladies of the Lone Star" Production Sale! RRF Time To Shine 014M is a stunning January born show heifer prospect sired by the \$920,000 Conley Lead The Way 0738, one of the most popular Angus AI sires in the business.
- The dam of 014M, B C R Time To Shine 182G, was our selection from the Buck Creek Ranch Inaugural "Grand Event". She is the stunning red blaze faced female that is sired by the National Champion, HPF Quantum Leap Z952 and further supported by the \$140,000 record selling, Miss Time To Shine Y251!
- She is long and sleek about her front third, bold in the shape of her rib cage, and stout hipped. We love the futuristic look that this female possesses, and her pedigree is laced with individuals of significant influence within the industry.
- A special sale attraction from one of the most exciting young donors at Red River Farms!

- RRF Loving The Profit 051M is the first of several ET daughters of the prolific BFSC Loving The Profit donor dam that is sired by the \$400,000 Profit and backed by the influence of one of the most important females in the Simmental Breed, RP/MP Right To Love 015U! 015U is most commonly known as the dam of breed legend AI sires, HPF Quantum Leap Z952 and THSF Lover Boy B33.
- She is sired by the many time National Champion and widely used AI sire, Rocking P Private Stock H010. 051M is supported by a pedigree that aligns not only 015U, but also the incredible RP/MP Built To Love A021, arguably two of the greatest Champions turned profitable donors ever produced in the Rocking P Livestock breeding program.
- The maternal strength, longevity, and earning potential of this pair of ET flushmate sisters is simply unrivaled! Her balance and symmetry from the side is admirable and when set into motion she is flawless on the move.
- Without question one of the very best females to ever carry the RRF prefix! Bid with confidence.

THE OPEN FEMALE OFFERING

LOT 3

- Here is the February born ET flushmate sister to 051M. She is a long sided, smooth made, and elegant designed female that is functional built and bold ribbed.
- Her dam, BFSC Loving The Profit, is arguably one of the most prolific and productive females in the donor pen at Red River Farms.
- In last year's sale, a full sister to 051M and 031M commanded \$30,000 and was selected by Caden Steedman!
- A proven pedigree that is supported by true maternal excellence!

RRF LOVING THE PROFIT 220L
\$30,000 Full Sister to Lots 2 & 3

LOT 4

- RRF Loving The Profit 067M is a powerful April born daughter of our BFSC Loving The Profit donor. She is sired by WCC/RRF Troubadour 0130H, a member of the ST Genetics line-up that is also a maternal brother to the highly popular SJW Exit 44 7111E!
- WCC/RRF Troubadour 0130H was the 2022-2023 PTP People's Choice Champion, the 2022 FWSS Reserve Grand Champion Percentage Simmental Bull, and 2022 Simmental Breeders Sweepstakes Reserve Grand Champion Percentage Simmental Bull.
- A strong foundation of matriarchs supports her lineage!

- NEW in 2024, we have made the decision to offer two of the best herd sire prospects that have ever been born in Grand Saline, Texas! Introducing, RRF Lead On 036M, a son of the \$920,000 valued record selling Conley Lead The Way 0738 and backed by the prolific BFSC Loving The Profit donor dam.
- The dam of RRF Lead On 036M is sired by the \$400,000 Profit and is out of the legendary RP/MP Right To Love 015U donor. BFSC Loving The Profit is a maternal sister to widely popular AI sires such as HPF Quantum Leap Z952 and THSF Lover Boy B33.
- RRF Lead On 036M has the necessary credentials to be a sire of impact for any progressive operation that is looking to incorporate the most illustrious cow families in the entire industry!
- Incredible from the side, big footed, flawless in his basic build, and equipped with the balance necessary to sire elite show heifers.
- In a day and age when "double half" show heifers are the craze, RRF Lead On 036M is ready to take charge!

HERD SIRE PROSPECT

- The next trio of females are FULL SISTERS to the promotional AI sire prospect, RRF Lead On 036M, who sells as lot A. These three females are all February born show heifer/brood cow prospects that are supported by a truly royal genetic combination.
- The now deceased dam of the \$920,000 valued Conley Lead The Way 0378, EXAR Princess 1637, was a full sister to the popular EXAR Princess 6680, affectionately known as "Pebbles". The cow family that supports Conley Lead The Way 0738 is rich in Angus history with a tradition of excellence!
- The maternal side of their pedigree is equally as distinguished. The dam of 039M, 035M, and 032M is the tried and true BFSC Loving The Profit, a maternal sister to HPF Quantum Leap Z952 and THSF Lover Boy B33 that is sired by the \$400,000 Profit.
- Pick and choose on October 11th which female best fits your program and personal preference... you can hang your hat on the cow power that stands behind them!

- The first of two fall yearling show heifer/donor prospects from Circle M Farms that are sure to be at the top of several short lists come sale day! CMFM Built To Love L138 is sired by Conley Lead The Way 0738 and is supported by the \$130,000 B C R Built To Love 031J donor that was a high seller in the Buck Creek Ranch "Grand Event" Volume II. A maternal sister to 031J sired by B C R Perfect Vision topped the sale at \$150,000 the same day!
- She is beautiful from the side, offering a look of quality that is simply unrivaled. The maternal granddam of L138, RP/MP Built To Love A021, is also the dam of Rocking P Private Stock H010 and RP/BCR Eminence H005.
- Just imagine what this pair of females have the potential to look like next summer in Madison, Wisconsin!

THE OPEN FEMALE OFFERING

LOT 11

RRF TRADING UP E777
Sire of Lots 11 & 12

- Next up is a pair of ET flushmate sisters from the influence of the iconic CBAR BD Sara 927W, one of the premier females that was ever in the Circle M Farms breeding program.
- The dam of this pair of sisters is RRF Dura Sara 276G, a daughter of WLE Copacetic E02 that is backed by the HTP/SVF Duracell T52 influence. 927W was selected by A&D Sulak Farms of Texas in the Circle M Farms Dispersal. She has produced countless daughters that have sold from \$10,000 to \$20,000 during her tenure.
- The sire of 037M is RRF Trading Up E777, another son of the popular and proven RP/MP Built To Love A021 donor dam. He is a maternal brother to Rocking P Private Stock H010 and RP/BCR Eminence H005.
- 037M is one of the premier Purebred show heifer prospects in this year's sale offering. She is exquisite about her front third, bold in her rib cage, deep sided, and sets to the surface with a flawless design to her hip and hind leg.
- 060M offers a unique pedigree twist that aligns the influence of the legendary 927W donor with CMB Yolanda 641D, a many time champion and proven producer for Wallace Cattle Company and MM Cattle Company.
- This April born show heifer prospect is built right at the surface, bold in her rib cage design, and offers a look of quality from the side that simply cannot be denied!
- Two must see sale attractions!

- **BIG RED!** Allow us to introduce RRF Brimstone 023M, a son of the iconic MR HOC Broker, one of the most widely used and popular Simmental AI sires in history!
- The dam of RRF Brimstone 023M is the \$34,000 valued donor dam that was selected by C-4 Land & Cattle in the "Ladies of the Lone Star" 2022 edition. JSUL Leapin Proud 1152J is sired by HPF Quantum Leap Z952 and backed by the immortal JBSF Proud Mary, one of the most significant females in the Simmental breed. 1152J is a maternal sister to the now deceased JSUL Something About Mary 8421.
- RRF Brimstone 023M is a rugged designed, stout featured, bold ribbed, big hipped herd bull prospect that offers a look of balance from the side that is hard to mirror.
- An exciting Purebred herd sire prospect that is supported by a pedigree that needs no introduction to the business... bid to own!

- Here is a captivating half-blood Simmental female sired by the \$920,000 valued Conley Lead The Way 0378 that is a maternal sister to RRF Brimstone 023M.
- Her dam is the \$34,000 valued JSUL Leapin Proud 1152J, a maternal sister to JSUL Something About Mary 8421 and countless other high sellers and champions produced in the Sullivan Farms breeding program.
- 047M is a sleek made female that is big ribbed, deep flanked, and offers a look of balance and symmetry from the side that is hard to deny. She ties together seamlessly from end to end, offering the extra "bells and whistles" needed to compete at the highest level.
- Her pedigree aligns some of the most important individuals of influence within their respective breeds. A true genetic gem!

LOT 14

- RRF Tiara M039 is a stunning half-blood daughter of SCC SCH 24 Karat 838 that is supported by the time tested influence of KCC1 Tiara 130Z. 130Z is one of the leading ladies in the donor pen at Red River Farms. She is a daughter of the iconic WAGR Driver 706T that was bred in the Kearns Cattle Company program of Rushville, Nebraska.
- 130Z was a member of the successful flush that yielded the 2013 NWSS Grand Champion Pen of Three Purebred Simmental Bulls. The most notable full brother to 130Z is KCC1 Pinnacle 118Z, the \$16,000 high selling bull that was selected by Yardley Cattle Company at the National Western Stock Show in 2013.
- M039 aligns the influence of 130Z with the famous FCF Proven Queen 419 to create an elite half-blood show heifer/donor prospect that will compete on the largest stages in the land!

- RRF Lucy 213M is another female that is the result of an embryo purchase that we made through Embryos on Snow. 213M is sired by the \$920,000 valued Conley Lead The Way 0738, an AI sire that has sired as many high sellers as any other bull in the last few years.

- Nords Lucy 8022 is one of the most admired Angus females in the industry! 8022 was successfully campaigned by the Stagemeyer family of Nebraska to countless victories during her decorated show career. Her most noted accomplishments would include being named the 2019 American Royal Grand Champion Angus and Supreme Champion Heifer Overall Breeds in October of 2019. Nords Lucy 8022 was selected as the 2019 NJAS Reserve Grand Champion Owned Heifer in Louisville, Kentucky. Nords Lucy 8022 finished her decorated show career as the 2020 NWSS ROV Reserve Grand Champion Open and Junior Angus Heifer.
- Countless maternal sisters to 213M have sold from \$10,000 to \$50,000 over the past few years. A maternal brother, STAG Independence 110 ET, is working in the Buck Creek Ranch breeding program.
- 213M is exquisite in terms of her balance from the side. She is long fronted, neat chested, and unmatched in the turn and shape to her center body. We love the basic build and balance that she offers. There is no doubt that we believe she is one of the best Angus females that we have EVER offered for your appraisal.
- A royal pedigree that aligns the "best of the best"!

THE OPEN FEMALE OFFERING

- Next up is a pair of ET flushmate sisters sired by Conley Lead The Way 0738 that are backed by the \$50,000 UDE Forever Lady 1049 donor that is owned with Circle M Farms.
- 016M and 017M are both late January show heifer prospects that are supported by the influence of Lazy H Bar Forever Lady 934, the Papa Equator 2928 daughter of the legendary Lazy H Bar Forever Lady 5001.
- 934 has produced countless high sellers and champions for the Plendl family of Iowa. The "Forever Lady" cow family needs no introduction when it comes to producing elite females with strong maternal function and show ring appeal.
- A pair of sharp featured females that align the influence of the "Princess" and "Forever Lady" cow families, two of the most influential lines in the Angus breed!
- Power in the blood!

- RRF Princess 214M is a February born daughter of Conley Lead The Way 0738 that is backed by SULL Princess 8190F, the Colburn Primo 5153 sired daughter of the iconic FCF Proven Queen 419.
- The maternal granddam of 214M is arguably one of the most admired Angus show heifers ever campaigned. FCF Proven Queen 419 was the 2015 NAILE ROV Grand Champion Angus Heifer and 2016 NWSS ROV Grand Champion Angus Heifer.
- 214M is a big footed, stout boned female that is ultra complete in terms of her balance and symmetry from the profile. She is elegant from the side, offering a look of quality that is admirable.
- The pedigree that stands behind 214M aligns some of the most lucrative and prolific females that the Angus breed has ever known!

- Without question one of the premier Angus females in this year's sale offering! RRF Roxi 215M is a member of the illustrious "Sandy" tribe that is one of the most renowned and respected cow families in the Angus business.
- 215M is sired by the impressive PVF Blacklist 7077 and backed by BCII Sandy 0215, affectionately known as "Roxi" by the crew in Darlington, Indiana.
- BCII Sandy 0215 was the many time champion campaigned by the Henning family of Wisconsin. She was the 2017 NWSS Reserve Grand Champion Junior Angus Heifer before entering a successful career in the donor pen.
- She has been blessed with a tremendous coat of hair as an added bonus. This female is one that we believe will be ultra-competitive at any level. 215M aligns the "Sandy" and "Blackbird" cow families, making her one of the most valuable genetic gems between the covers of this sale catalog.

7.4	3.4	75.3	108.3	15.4	93.2	64

- The first of a trio of daughters of the featured donor dam, MMF-RRF Wakanda F18794.
- A very unforgettably marked female about her chiseled head with dominating presence in the display pen, no doubt. Quality in phenotype is certainly on board in a female that appears to set big at the surface, with substance of bone and shape.
- She is a direct daughter of MR HOC Broker so one readily assumes her maternal value to be unrivaled and prolific. The longevity of her family lineage is more than significant, it's documented.

THE SPRING BRED OFFERING

LOT 44

AI BRED ON 3/28/24 TO RECKONING 711F (ASA: 3553633). ESTIMATED DUE 1/4/25.

- One of the two sisters by the past many-time champion, Rocking P Private Stock H010 from the F18794 donor dam.
- She wins the center body depth and shape contest among the sisters as she sets on a very loose set of running gear but maintains the correct set and angles to her joints and lines when stopped.
- She is very broody in her design, yet lady like about her front third.
- Bred cattle like these three-quarter blood females are the kind to build a Purebred nucleus from and take a program to the next level in a short fashion.

ROCKING P PRIVATE STOCK H010
Sire of Lots 44 & 45

LOT 45

AI BRED ON 3/28/24 TO RECKONING 711F (ASA: 3553633). ESTIMATED DUE 1/4/25.

- This daughter of Rocking P Private Stock H010 from the very productive F18794 donor dam is the leader of the trio of sisters for femininity.
- 072K is certainly long sided, smooth in her transitions, and ultra-flexible on the move.
- The mating to Reckoning 711F should yield a very well-designed calf with the extras in terms of bone and shape.
- This trio will be in demand Friday evening on October 11th!

- 048L comes with the advantage of two shots of the paternal legend HTP/SVF Duracell T52. Most know that HTP/SVF Duracell T52 is the sire of the winning HPF Quantum Leap Z952 and would influence countless other successful individuals throughout the breed.
- She is a young female with the potential to make the donor pen. Not only does she carry the strong influence of S A V Bismarck due to RRF Lady Blackbird X062, but she blends another key component of the Red River program's history with the influence of TEX Rita 5553.
- A pedigree saturated with donor dams throughout that are represented by an individual that could be your next super ovulation candidate!

LOT 50

AI BRED ON 3/28/24 TO RRF TRADING UP E777 (ASA: 3277726).
 ESTIMATED DUE 1/4/25.

THE SPRING BRED OFFERING

PE 5/29/24-7/19/24 TO RRF MR QUANTUM LEAP 223K (ASA: 4241274). ESTIMATED DUE 3/26/25.

- Stout, burly, intriguing, and royally bred are adjectives that best describe 060K upon initial evaluation.
- One that plants secure and big at the surface with an unforgettable look and presence that places her on many sale day shortlists.
- This member of the "Blackbird" family comes to you deep and bold with plenty of substance and power, including some dominating dams of distinction in RP/MP Right To Love A021 and PVF Blackbird 201.
- If you have a legitimate interest in breeding SimAngus show stock with maternal dominance, then 060K should be one that is seriously considered!

PVF BLACKBIRD 5013
Dam of Lot 51

AI BRED ON 3/28/24 TO RECKONING 711F (ASA: 3553633). ESTIMATED DUE 1/4/25.

- This female goes back to the outcross donor dam and high-selling sale feature in the North Central Simmental Sale for James Simmental Farm of Iowa. The joint venture of Ruby and Hilbrands selected JSF Firefly W46. Hudson Pines Farms selected one of the very first females sold from the W46 donor, and the rest of the "Firefly" story builds from that point on.
- A cow family known for maternal prowess and udder quality with the utmost fertility from generation to generation.
- We know that several should find the elegant, long sided daughter of Rocking P Private Stock H010 on October 11th!

LOT 53

AI BRED ON 3/28/24 TO WLSF FIREHOUSE 911K (ASA: 4178795). ESTIMATED DUE 1/4/25.

- The legacy of the Shawnee Miss 770P dam of distinction continues to build through a pair of full sisters by Rocking P Private Stock H010 and from the very best daughter of LLSF Pays To Believe ZU194 from the 770P matriarch.
- The past many-time champion, Rocking P Private Stock H010, adds the smooth, glass-like transitions, to the power and ruggedness brought to the equation by the maternal side of the equation. A pair of high quality bred females that are big and bold in their rib, yet feminine and cowy in their kind with impeccable structure and balance.
- A proven mating bred for profitability when one considers that two full sisters sold in 2023 for a combined average of \$15,000!
- This pair of sisters will certainly appreciate in value over time, and each carries the service to a sire suitable for return on investment, even with their first calf. The future is radiant for those who win the bid on either or both at the "Ladies of the Lone Star" event!

AI BRED ON 3/28/24 TO WLSF FIREHOUSE 911K (ASA: 4178795). ESTIMATED DUE 1/4/25.

- From the famed SOSF Ebony's Joy L-123 donor family and sired by LLSF Pays To Believe ZU194 we present you with a duo of sisters who do not disappoint when you're able to place a visual on them prior to the event at Red River Farms on October 11th.
- We certainly wouldn't argue with those who thought that this could be the best pair of flush sisters within the offering that is saturated with the awards of a great embryo transfer program!
- The WLE Joy F02 donor dam has had a lasting presence in the Red River Farms program and the "Ladies of the Lone Star" events. F02 is a maternal sister to the iconic WLE Copacetic E02, a dominant champion turned proven and predictable sire!
- We wouldn't think that we were wrong when we stated that K109 could be the very best bred female in the offering with her look, balance, and sheer substance and that K111 could be one of the broodier and stouter made females in the set as well.
- What a pair of sisters with longevity and family merit that is supported by generations of stock with superior body shape and build!

- The first of several extremely high quality females from the Rocking P Livestock firm that are supported by one of the most famous cow families in the history of the Simmental breed!
- This daughter of the multiple time champion, Reckoning 711F, is certainly one that should be a favorite on sale day. She is a long fronted, ultra-feminine female that is flawless in terms of her basic build. She is bold in the shape of her forerib and center body and offers the look of a productive and profitable brood cow!
- The dam of L041, RP/CMFM Built To Love 717E, is a maternal sister to Rocking P Private Stock H010 and RP/BCR Eminence H005, two extremely popular AI sires!
- RP/CMFM Built To Love 717E was a many times champion for Josie Phillips. One of her most notable victories was when she was selected as the 2018 KY Beef Expo Reserve Supreme Champion Breeding Heifer.
- Her maternal granddam, RP/MP Built To Love A021, is arguably one of the most phenotypically impressive females in the business. Her influence can be identified throughout the entire offering. L041 is a three-quarter sister in blood to the \$130,000 B C R Built To Love 031J.
- L041 is a tremendous donor prospect that has the credentials to be a big time generator! Supported by a cow family that will never go out of style!

- K089 is another sharp featured, beautiful profiling female from the A021 cow family! Her sire is the popular SJW Exit 44 7111E, a son LLSF Pays To Believe ZU194 that is backed by the foundation donor at Wallace Cattle Company, CMB Yolanda Y658.
- The dam of K089 is the stunning RP/BCR Built To Love G103, the 2021 AJSA National Classic 5th Overall Percentage Simmental Heifer for Josie Phillips.
- The maternal granddam of K089, RP/MP Built To Love A021, was a dominant champion for Morgan Phillips. She was 2014 American Royal Grand Champion Purebred Simmental Heifer, 2015 NWSS Reserve Grand Champion Purebred Simmental Heifer, and 2015 FWSS Grand Champion Purebred Simmental Heifer.
- G103 is a full sister to RP/BCR Built To Love G303, the 2020 AJSA National Classic Grand Champion Bred & Owned Heifer and 2020 FWSS Grand Champion Percentage Simmental Heifer. She is also a full brother to RP-BCR Insight G302, the sire of the 2022 AJSA National Classic Reserve Grand Champion Percentage Simmental Heifer.
- Proven and predictable genetics that consistently yield results!

- Here is a striking baldy female that is sired by the influential HPF Quantum Leap Z952 and supported by the famous NJC SVF Love Me Don't U cow family. The dam of K075 is a daughter of Heck The Outsider 64A, a son of SVF/NJC Built Right N48. She is further influenced by MCLF/RP Loves To Smile, the 2010 NWSS Grand Champion Percentage Simmental Heifer.
- The third generation dam of K075 is MCLF RP Ms Love Me S311, the 2008 NWSS Grand Champion Percentage Simmental Heifer.
- K075 offers a pedigree that aligns PCC Queens Valentine R9 with MCLF RP Ms Love Me S311, two of the most influential females in the business!

- What an incredibly built, perfect blaze-faced, black underlined brood cow prospect!
- The lone Profit sired female in the offering with the influence of MR HOC Broker and the "Primrose" Angus line on the maternal side.
- Love them or hate them, one cannot deny the maternal contribution of the Profit x Broker blend. When you study some of the better bulls in the business for shape, look, build, and overall quality, more often than not these two sires stand in the background of several throughout the country. If you ever have the opportunity to go through the CK Cattle breeding program of South Dakota, one will readily learn the impact that cattle bred as such can have on a family's bottom line.
- Maternally, the "Primrose" cow family offers so much in terms of fertility, maternal ability, balance, and performance. There's plenty of value from every angle in this young bred female to take advantage of. Study the lesson!

- If you are interested in power with built in baldy making genetics, then pay close attention to this bred female!
- 078K blends two foundation cow families of the program, TEX Rita 5553 and KCC1 Tiara 130Z. The lasting imprint of both donor dams will be forever on the program as the sons and daughters retained continue to carry the torch.
- A motley-faced gem that is balanced proportionally from end to end. She's genuine and legit at the surface in terms of movement and skeletal width and maintains the center body shape and dimension needed to stand the tests of time.
- She is very ideal out of her front third being feminine featured and correct in her angles with smooth transitions.
- Superior udder quality should also be something to consider before making that last bid decision on sale day.

- Rocking P Private Stock H010 appears to be writing his own chapter in the history books by siring cattle that are consistently high quality.
- The dam of 014L was selected from Moore Land & Cattle of Illinois to serve as a foundation breeding piece at Red River Farms.
- The "Juanada" cow family in the Angus circles tend to be very wet with a maternal instinct second to none. They are cattle with extra fleshing ability, extra center body, and generally come with added durability and longevity.
- We think very highly of this deep-sided, cowy-built female that should prove to be a generator, just like her prolific dam!

- As the SJW Exit 44 7111E sire group continues to evolve, we notice that they are later maturing cattle that have a distinct look of quality and balance. As they mature, the SJW Exit 44 7111E sired cattle only get better! By the time they reach two years of age, it's challenging not to gravitate towards this sire group. Plain and simple, they are extremely high quality stock!
- The skeletal design and angles that RRF Traveler 025L possesses indicate that she has as much longevity as any other bred female in the offering!
- Awesome running gear, modern and moderate in design, with plenty of rib shape to compliment her balance and kind.
- Like a fine wine, 025L will only get better with time!

THE SPRING BRED OFFERING

SELLING ONE HEIFER CALF PREGNANCY

CONLEY DT GEORGINA 1076- Dam of Lot C Pregnancy

- In January of 2024 at the 18th Annual Embryos on Snow sale in Oklahoma City, we selected the \$40,000 IVF cycle on the reigning National Junior Angus Show Grand Champion, Conley DT Georgina 1076, the impressive Colburn Primo 5153 daughter that was campaigned by Ty Collum. She had already seen a trip to the backdrop, as she too was the Reserve Grand Champion Angus Heifer at the 2023 Cattlemen's Congress ROV Show!
- The "Georgina" cow family is synonymous with stock that exceed phenotypically, but investigating the direct maternal lineage in support here will reveal generations of females that succeeded both on the chips and in the pasture. Her Dam, Champion Hill Georgina 8577 was an absolute force during her time on the tanbark too, she was the Grand Champion Cow-Calf Pair at the 2016 North American International Livestock Exposition, American Royal and World Beef Expo for Caroline Cowles. Additionally, she claimed the Reserve Grand Champion Cow-Calf Pair at the 2016 NJAS Junior National and the All-American Junior Show. A further generation back reveals the \$200,000 high selling female from the historic Champion Hill Dispersal in Champion Hill Georgina 8154. Interestingly, the dam of 1076 was at the side of 8154 when she was crowned as the Supreme Champion Female as a pair at the 2014 All-American. There is purple running through the veins of this branch of the iconic Georgina tribe.
- Unfortunately, the Collum family unexpectedly lost Conley DT Georgina 1076 this past spring with an extremely limited number of embryos on inventory. This will be one of the ONLY genetic opportunities EVER offered from the iconic Conley DT Georgina 1076!
- Your position at the cutting edge of the Angus business becomes a little more secure with the procurement of this gracious offering.
- **Due to calve January 17, 2025.**

THE GENETIC OFFERING

SELLING 25 PACKAGES OF CONVENTIONAL SEMEN IN 3 UNIT PACKAGES

WLE COPACETIC E02

- There is no denying the influence that WLE Copacetic E02 has had on the Simmental breed! In a very short amount of time he has sired countless high sellers, show ring champions, and most importantly individuals of significant influence within the Simmental breed.
- WLE Copacetic E02 was a favorite among spectators, breeders, and Simmental enthusiasts during his tenure on the tan bark. Copious amounts of semen was sold on this bull during his early years, and it was used repetitively by those that made the investment annually! He has an unmatched ability to sire both male and female progeny with tremendous success, something that can't be said for many bulls in today's industry with the growing popularity of reverse sort IVF technology.
- Some of the most popular sons of WLE Copacetic E02 would include the many time National Champion, Rocking P Private Stock H010 and the dominant AI sire known as RP/BCR Eminence H005.
- On the female side of the isle he has sired more high sellers and champions than most combined! Most recently, he sired the \$116,000 high selling female in the Weis Cattle Online Sale that went on to be selected as the 2024 IA Beef Expo Supreme Champion and 2024 AJSA National Classic Reserve Grand Champion Purebred Simmental Heifer for the Pryor family of Iowa. It's safe to say that his ability to sire the "great" ones is still as relevant today as it EVER has been!
- The cow families of great significance that line his pedigree would play a vital role in the success that he has and will continue to have as a sire of great impact within the business.
- WLE Copacetic E02 is now deceased, and the semen inventory will become limited quickly. Don't wait around and wish that you would have used his service... the price per unit will only go up from this point forward!
- **Owned by Red River Farms, Wesner Livestock Enterprises, and Little Mountain Farm**
