10819 SOUTH ROSE ROAD  
PERKINS, OK 74059

Welcome to the “New Beginnings” sale hosted by Carroll Cattle Company and featuring the complete and total dispersion of the C-4 Land & Cattle Simmental division! With the new beginning here in Oklahoma we are excited to offer a unique and deep set of cattle. We have been looking forward to this event with the C-4 Land & Cattle and Conley Cattle operations and we are grateful for the opportunity they have given us to connect with everyone in Oklahoma and beyond!

There was absolutely no way this would have been possible without the tremendous help that we have received. I would personally like to thank Bryden Barber, Dusty Collum, and Kyle Conley for all their help and assistance with all the sale preparation and logistics. The team we have backing this program is amazing and I am so thankful for each one of them.

With our move to Oklahoma, we felt taking this opportunity to collaborate with some of the best producers in the nation would allow us to grow as a business. I firmly believe the cattle we have in this sale can find a tremendous amount of success at all levels. Each operation has contributed to the sale with females from the heart of their programs for you to take home and incorporate into your own breeding programs.

We would like to invite each of you to Perkins, Oklahoma for the first ever “New Beginnings” sale. I look forward to seeing each of you on sale day and establishing new relationships with cattlemen and cattlemen across the nation. Please feel free to reach out with any questions about the offerings.

Sincerely,

*Cassidy Carroll*

Anyone who knows me knows that truthfully, I am an Angus cattleman at heart. That being said, this set of Simmental cattle will always hold such a special sentiment in my life. It truly brings such a mix of emotions seeing all of our memories of the past years put into just one catalog. When I look through this dispersal set, it's not just the incredible cattle I'm seeing. I see all the friends we've made along the way within this breed. I see all of the struggles and successes that come with raising a successful cattle herd. I see the goals my kids and niece worked so hard to finally achieve. I see a future generation's love and passion for the cattle industry.

At the end of the day, it's not just cattle we are selling today. I hope that these cattle continue to be genetic standouts in your herd like they were in mine, and your family gets to experience the life-lasting memories like I did. Thank you to all the buyers, breeders, friends, and family that have expressed interest in our program.

See you at the sale!

*Dusty Collum*

### TERMS & CONDITIONS

Cattle will sell under the standard terms and conditions recommended by their respective breed association. All sales are final, and the cattle will become the property of the buyer when the auctioneer says "SOLD". Announcements from the auction block on sale day regarding the cattle selling will take precedence over the information printed in this catalog. No cattle will be loaded until paid for in full.

### LIABILITY

All persons who attend the sale do so at their own risk, legal or otherwise, for their safety or for behavior of the animals. The owners, sale management firm, and the sale stall assume no liability for property loss or any accident that may occur.

### SUPPLEMENTAL INFORMATION

A supplemental sheet will be available sale day with complete and up to date calving information. Announcements from the auction block regarding the cattle selling in this sale take precedence over information listed in the catalog. Retained embryo interests and/or future genetics from specific lots selling will be noted on the supplement sheet.

### BREEDING GUARANTEE

All females are sold as sound breeders. Seller guarantees each female to produce a live calf or transferrable embryos.

### EMBRYOS/SEMEN + SHIPPING

The shipping costs associated with all frozen genetics will be the responsibility of the buyer. For assistance scheduling shipping from Trans Ova Genetics please contact Savannah Dei at (712) 441-7427.

### VIEWING AND ONLINE BIDDING

View the sale from your phone, tablet, or desktop computer and bid with confidence! Visit [www.CCI.live](http://www.CCI.live) for complete sale information and online registration. (405) 400-9505 - CCI.Live - ONLINE BIDDING

# INNOVATION

AgMarketing, LLC

The seedstock business is constantly evolving and evolving at a very rapid pace with technological advancements. It's quite incredible, actually, how quality focused the buying public becomes almost daily. To be competitive and liquid a breeder must focus on their elite and do it in number. Breeders must also be looking for the next donor or dollar generating herd sire at every turn to make sure that the next generation in seedstock excellence is on ice or incubating with a due date within the next marketing year. If you're serious about your program's legitimacy and tenure, then Innovation AgMarketing invites you to this elite opportunity for investment on November 29th and 30th in Perkins, Oklahoma for the "New Beginnings" sale!

What a monumental event! A sale that will be tough to replicate as this will feature the entire dispersal of the disciplined and exceptional C-4 Land & Cattle Simmental breeding program. This set of stock was acquired and accumulated with methodical mastery. Utmost emphasis was placed on quality of build, body shape, genuine width, running gear, and what hits the surface. As you flip through this sale book you will be captivated by the photos, the pedigrees, and the opportunity to invest in a program that has not let much leave throughout its existence. Dusty Collum maintained a high end taste for the good built, low input stock and never wavered, not once! It's quite the remarkable feat and we are certain that there will never be another opportunity quite like this, so we encourage you to take serious note of this sale offering!

After this elite offering, in the years to come, this will be an annual event. This marketing event will grow in number, and never once make a sacrifice on quality. The people involved have reputations for only the "good stuff". Genetics supported by some of the most influential and dominant herd sires in the business of any breed and cow families that are household names as well. Moving forward, this offering should propel those who invest to the next level with each and every acquisition. Focus and discipline will be only on the elite, but the elite in number which is rarely attained. The pipeline is loaded for the years to come, so get on board in this initial offering hosted by Carroll Cattle Company of Perkins, Oklahoma. This young and very aggressive outfit is focused and determined to propagate elite seedstock with breed diversity to accommodate folks from every segment of the industry! The "New Beginnings" sale will be comprised of a team of breeders that understand what it takes day after day to make each buying experience a favorable one for their customers. Carroll Cattle Company, C-4 Land & Cattle and Conley Cattle will collaborate on an annual basis to bring you the "best of the best" from their respective programs.

For those who would have questions or need additional information regarding the extraordinary offering, we strongly encourage you to reach out to any of the genetic providers involved in the sale or any member of the Innovation AgMarketing team. Don't hesitate to reach out, there are cattle to satisfy every palette, and investment opportunities on all levels! Certainly one of the very best offerings of the 2024-2025 sale season and we hope to see you in Perkins, Oklahoma for this incredible marketing event!

Enjoy the cattle,

*Graham Blagg*

*Jared Shipman*

*Tim Anderson*

LOTS 1-7

A black cow is visible on the left side of the frame, looking towards the right. The background features a vast, golden-brown field under a clear sky with a faint rainbow visible on the right side. In the distance, another cow is grazing.

**THE**  
*Donors*

**WHAT** a way to initiate the 2024 Edition of the “New Beginnings” Production Sale, hosted by Carroll Cattle Company and featuring the complete and total dispersion of the C-4 Land & Cattle Simmental Division! Only in a dispersal sale setting does a female of this caliber surface. JS Flirt A-Way 58E is a FULL SISTER to the iconic JS Black Satin 9B, affectionately known as “Boots” across the industry!

# Flirt A-WAY

- 58E is a young and productive donor dam that is in the prime of her life. Her influence has become quite impressive, and it is evident by the sons and daughters represented throughout this sale catalog within their respective divisions. 58E is a huge footed, stout boned, ultra-attractive female that resembles the “picture perfect” profile that set her sister apart during her show career. “Boots” won the hearts of cattlemen across the country when she hit the tan bark during her dominant show career. “Boots” was the 2015 AJSA National Classic Grand Champion Owned Heifer, 2015 American Royal Grand Champion Purebred Simmental Heifer, 2015 NAILE Grand Champion Purebred Simmental Heifer, and concluder her Triple Crown run when she was slapped Grand Champion on “the hill” at the National Western Stock Show! While her show career was dominant, her production record speaks volumes for the type and kind of producer that she truly was. Countless high sellers and champions can be identified as direct progeny of the legendary “Boots”, and several direct daughters continue to carry on her legacy.

- Another full sister to JS Flirt A-Way 58E, Boss Lake Flirt A Way 740E, commanded \$76,000 in the 2023 Griswold Cattle Company Classic Female Sale.

- 58E is a special sale attraction that is certainly ready to make her mark on the industry and the respective breeding program that has the final bid on November 30, 2024. Females of this caliber are the kind that pay for sections of grass, build new sale facilities, and elevate a program to the next level!

# ARKDALE

# Pride

NEW BEGINNINGS, PERKINS, OKLAHOMA

- An absolute powerhouse donor that is straight from the heart of the C-4 Land & Cattle breeding program. Wallace Arkdale Pride 9155G, or more commonly known as “Wally” at C-4, is undeniable in terms of her genuine shape, base width, and squareness of build.
- 9155G has an unbelievable set of progeny that will also highlight the sale on November 30, 2024. Her daughters are cowy, soft bodied, and massive in terms of the stoutness of foot and bone work. We love the ruggedness that her sons offer, while still possessing tremendous quality and eye appeal. 9155G was a dominant show heifer for Macy Collum, but it’s safe to say that her true value has come in the production phase of her career.
- The dam of 9155G is the incredible SJW Arkdale Pride 4104B, a daughter of the Triple Crown winning MR HOC Broker that is further influenced by the great WCC Arkdale Pride 8113. 4104B was the 2016 American Royal Grand Champion Percentage Simmental Heifer for Sam Wallace with her first born calf at side. The heifer calf at side was SJW Arkdale Pride 678D, a female sired by FHEN Halftime A127 that would go on to be selected as the 2017 NAILE Grand Champion Percentage Simmental Heifer for Sara Sullivan.
- 9155G is a tremendous embryo producer that is in the prime of her life. This is a truly monumental opportunity to add 9155G to your donor arsenal!

• The complete and total dispersion of the C-4 Land & Cattle Simmental Division will also feature the reigning National Western Stock Show Grand Champion Junior Simmental Heifer, Conley Sheza Star 219K! She is sired by the \$530,000 SO Remedy 7F, one of the most versatile and proven breeding bulls in the entire breed. The dam of 219K is the powerful Conley Sheza Star Z32, making 219K a maternal sister to the \$120,000 Conley Sheza Star D3!

• Conley Sheza Star D3 is now owned by the joint partnership that includes Aces Wild Ranch and Lindskov's LT Ranch. Several daughters of D3 are featured within the bred heifer offering as well! D3 is the dam of the \$100,000 Conley High Rise F3, a calving ease specialist that works in the Hartman Cattle Company breeding program in Nebraska.

• 219K is flawless in terms of her basic build, bold bodied, stout hipped, and offers a look of quality and style from the side that simply cannot be matched!

• Following her big win on "the hill" at the National Western Stock Show, Conley Sheza Star 219K was then selected as the 2024 OYE Grand Champion Purebred Simmental Heifer for Ty Collum.

• There is no doubt that we believe 219K has the credentials to follow in the footsteps of her dam, granddam, and maternal sister when it comes to generating elite Simmental and SimGenetic seedstock at the highest and most profitable level!

• The impact that the “Sheza Star” tribe has had on the Simmental breed is nothing short of incredible! Allow us to introduce you to one of the pillars of this cow family that has laid the foundation for future generations of Simmental seedstock to be built from.

• Conley Sheza Star Z32 is the dam of the \$120,000 Conley Sheza Star D3 and the 2024 NWSS Grand Champion and 2024 OYE Grand Champion, Conley Sheza Star 219K. Another daughter of Z32 is the stunning red baldy female, Conley Sheza Star D2, that is now employed in the Gohr Cattle breeding program in Oregon.

• In terms of longevity, fertility, and sustainability, this is a cow family that you can always count on! The dam of Z32 is the famous Conley Sheza Star W32, sired by B C Lookout 7024 and from the proven matriarchs SVF Sheza Star S803 and SVF Sheza Star N902.

• Z32 is one of the biggest footed, stoutest bonded, widest constructed females in the entire offering that offers tremendous skeletal quality and functionality.

• Despite her age, Z32 is still flexible, sound footed, and as productive as any 5-7 year old female in the sale offering. She still has a lot of gas left in the tank and we firmly believe that those that pay attention and invest in the future of their breeding program will reap the benefits of owning a donor cow of this caliber. There are several popular AI sires in today’s industry and new ones that continue to surface annually that we have not yet worked this female to. The best is yet to come!

• A captivating blaze faced daughter of the Triple Crown winning MR HOC Broker that is an absolute powerhouse! GCC Miss Broker 133F is a past \$46,000 sale feature that sold in the Griswold Cattle Company Classic in 2018. We loved her genuine stoutness, robust rib cage, and captivating presence.

• 133F was a many times champion during her time on the tan bark, but her ultimate value has come in production. She has produced countless sons and daughters that have topped past sales at C-4 Land & Cattle. One of her most notable victories was in 2020 when she was selected as the Reserve Grand Champion Percentage Cow-Calf Pair at the AJSA National Classic in Brookings, South Dakota. 133F was also the Supreme Champion Open Breeding Heifer at the 2019 Tulsa State Fair!

• In today's industry, we firmly believe that 133F has the basic build and stoutness to work extremely well when mated to the half-blood sire options to generate elite double half-blood show heifer prospects. She also has the credentials to work to many of today's modern club calf sires! The versatility that this female offers is unparalleled.

• Here is an incredible built, ultra-attractive blaze faced daughter of the Triple Crown winning MR HOC Broker that is supported by a daughter of SVF/NJC Built Right N48. Trail Privileged Matriarch C62 is a tremendous female that has been a tried and true producer for our breeding program here at C-4 Land & Cattle!

• C62 has produced several sale topping daughters during her tenure in Perkins, Oklahoma. In addition to past sale highlights, C62 also has several direct daughters that will be featured throughout the "New Beginnings" sale.

• Her added length and extension blends seamlessly with her abundance of power and capacity. A big time Purebred daughter of MR HOC Broker that has the "bells and whistles" to continue to generate at a very high level!

• Her July born bull calf will sell at side. He is sired by C-4 Juan Recall H400, a son of GCC Total Recall 806T that is a resident herd sire at C-4 Land & Cattle.

CONLEY SHEZA STAR D3, \$120,000 Dam of Lots 8-12

RP/BCR EMINENCE H005, Sire of Lots 8 & 9

• There is no better place to start this very special offering of SimGenetic bred heifers, than with the two purebred daughters of the \$120,000 Conley Sheza Star D3 by the rising star of the breed, RP/BCR Eminence H005.

• At the Conley Cattle Simmental Dispersal in the fall of 2023, Conley Sheza Star D3 led off the donor division, and once the gavel dropped after a fierce bidding war, she found herself under the ownership of two of the beef business' most savvy businessmen at the Aces Wild Ranch & Lindskov's LT Ranch. She is best known to this point as the dam of the Hartman Cattle Company's, \$100,000 Conley High Rise F3 and the \$25,000 Conley Loud & Heavy 410J. Yet it's the daughters that lead off this bred heifer division that will perhaps best represent the legacy of this breed leading cow family.

• 511L is a stunning baldy female that personifies balance, symmetry, and takes elegance to a whole new level. She is undeniable in terms of skeletal quality and is without a shadow of a doubt the type of female that programs are built around!

• 411L is the second of two ET Flushmate sisters from the prolific D3 donor. She is ultra-attractive from the side, offering a look of balance and eye appeal that is something special.

• RP/BCR Eminence H005 is a direct son of WLE Copacetic and out of the RP/ MP Built to Love A021 donor that needs absolutely no introduction into this business. This makes him a full brother to the National Champion, Rocking P Private Stock H010 that has been racking up a long list of high sellers. Yet there are serious expectations for the Eminence influence to overtake the hype of his full brother, as with his smaller sample size, he has impressed the shrewdest stockmen in the nation. RJ Cattle Company of South Dakota secured a half interest in Eminence after seeing the first calf crop of daughters at the 2023 Buck Creek Cattle Company Female Sale.

• Place your program on a fast track to success with these full sisters that stem from the culmination of two of the Simmental breeds most desirable and quality driven genetic sources of recent. You can pick your poison in regards to markings and body type, but one thing remains a constant, they are both built with a futuristic structural kind, and the power of pedigree that comes with from the best in the business.

• A trio of full sisters from the star studded, Conley Sheza Star D3 female that has become a household name in the Simmental circles. She was the \$120,000 high selling female from the 2023 Conley Cattle Simmental Dispersal, selling to the progressive seedstock firms of the Aces Wild Ranch & Lindskov's LT Ranch.

• Maternal siblings to these MR CCF 20-20 sired daughters include the \$100,000 Conley High Rise F3, a member of the illustrious herd sire battery at Hartman Cattle Company. Another son of D3 is the impressive Conley Loud & Heavy 410J, the \$25,000 sire that was selected by Volk Livestock of Missouri. One of the most famous daughters of Conley Sheza Star D3 is Conley Sheza Star F912, the 2020 Fort Worth Stock Show Reserve Grand Champion Purebred Simmental Heifer for Madilyn Norvell. F912 continued her winnings ways when she slapped Grand Champion Purebred Simmental Heifer at the Oklahoma Youth Expo, the world's largest youth livestock show!

• The MR CCF 20-20 sire has been a hot topic of those in the Simmental breed that enjoy stock with incredible look and presence, a perfect structural build and place importance on the maternal and longevity aspect of their cowherd. Of recent his influence has become heavily demanded, as the deceased sire has witnessed a rejuvenated influx of interest as his daughters hit their prime in production.

• Don't miss out on the opportunity here to place your program at the forefront, and keep in mind that they carry a pedigree that leaves the door wide open to many of the most popular sires of current.

GCC ROSETTA 613C, Prolific Donor Dam of Lots 15-17

C-4 ROSETTA 125L, Full Sister to Lot 15

• *Beginning the group of GCC Rosetta 613C daughters is the JSUL Something About Mary 8421 sired female of the group, C-4 Rosemary 173L. She epitomizes the fact that the daughters of this famed donor are consistently stamped with immense quality. They come with unbelievable presence and wow factor, and a structural build that goes further than the tan bark, in production they have proven to have exceptional udder quality and maternal value. It's hard to deny the sheer maternal power that this cow family consistently generates, generation after generation.*

• *This half-blood female is built right from the foundations, and is a fancy featured, carbon copy of her mother, she represents an exciting addition to this cow family, and we believe is set for big things in production for her new owners.*

• *We love the way this one is constructed, her movement is fluid and effortless, her capacious center third perfectly balances with either end of her skeleton. Her outline is complimented with a pretty head and high tying neck junction, we have high aspirations for this one to have a highly heritable phenotype.*

• *Maternal brothers and sisters to 173L have been highlights of both C-4 and Griswold production sales, this includes a \$70,000 daughter of Conley Express 7211.*

LOT 16

- Two full sisters, and direct daughters of a leading matriarch for our program, the GCC Rosetta 613C donor. 613C is a direct daughter of the legend himself, Dameron First Class, a sire that will never be forgotten for is automatic injection of quality into the Angus registry. Females like the donor dam to this pair are the exact reason why the First Class influence will always be relevant, he came along and sired cattle that had undeniable amounts of stoutness, shape and quality.
- The LKCC Bold Venture 194F sire has been an incredible asset to the Simmental division here in Perkins. We think you are set to be very impressed with the daughters you will find going under the hammer, they are the right kind for the times, plain and simple. They are built with plenty of shape, volume and power, along with carrying themselves with lots of presence and style.
- LKCC Bold Venture 194F is a descendant of the iconic, \$114,000 BF Miss Crysteel Tango donor dam that has secured her place as one of the most prolific females in the breed. She too has been a major driving factor for the success of the Hartman Cattle Company and their associated programs.

SFI LOVE ME LATER A9X, Maternal Granddam of Lot 23

R/C SFI CREEDENCE 417J, Maternal Brother to Dam of Lot 23

• An ultra-balanced, soft bodied daughter of the championship producing, W/C Relentless 82C. This purebred female is maternal in her muscle pattern, flat and smooth jointed, fluid in her movement and sets down square on all four points of her skeleton. She comes with a powerful, bold sprung rib shape and leaves nothing to the imagination when it comes to an awesome look and presence.

• The maternal granddam of 271K, SFI Love Me Later A9X was the 4th Overall Purebred Female at the 2014 Simmental Sweepstakes during her show career, and has gone on to out produce her accolades in the ring with her own production career. She is now best recognized as the dam of the 2023 Cattleman's Congress Grand Champion Purebred Simmental Bull, R/C SFI Creedence 417J.

**AI BRED 4/1/24 TO BOYD JUSTIFICATION (AAA: 20038723).**

**PE TO CONLEY A 1 (AAA: 20177675).**

**LIKELY SAFE AI. ESTIMATED DUE 1/8/25.**

- A pair of full sisters sired by our in-house sire of immense quality, LKCC Bold Venture 194F. These purebred females come with all the extras in terms of the quality that you will find in the flesh.
- They come in a combination package as they are cattle that are long and thin necked, yet big footed and rugged structured. They too have a long and maternal muscle pattern that we deem desirable. This is the type of female that we would place our full faith in to take our cowherd into the future, and the prospect of her as a member of your cowherd should be strongly considered.
- Their young donor dam stems back to a powerful source of genetic excellence in the legendary, two-time National Champion, STF Onyx 451W. Multiple programs around the nation can thank the 451W donor for some of their strongest cow families, as this is a lineage that has built a generational long reputation of elite end quality Simmental genetics.
- Combine the likes of the Onyx influence maternally with the incredible phenotype that these two females have inherited and we feel like you can feel confident in hanging your hat on these two sisters.

HF SERENA, Legendary Member of the Miss Knockout 74T Cow Family!

B C R KNOCKOUT H058, Dam of Lot 26

- Some of the richest cow families in their respective breeds come together for the perfect synergy of high powered SimAngus genetics.
- Maternally you will notice the inclusion of the immortal, Miss Knockout 74T, the mother of the \$3 million plus generating, HF Serena 74Y, a female that just recently passed but was a record breaking, cornerstone matron for the Trennepohl program of Indiana. Some of the brightest shining moments for the Serena influence would include being the dam of the \$620,000, half interest, STCC Tecumseh 058J and the \$220,000 selection of Sara Sullivans from the 2022 Hartman Cattle Company's Customer Appreciation Female Sale.
- On the paternal side of the equation, you can trace the pedigree of Coleman Volumizer 9423 to one of the richest dollar generating cows in the famed Coleman program, Coleman Donna 714. The \$290,000 valued, Coleman Donna 714, produced herd bulls such as the \$480,000 Coleman Rock 7200 and the \$450,000 Coleman Bravo 6313.

**PE TO STEVENSON TURNING POINT 0160 (AAA: 19795058).  
ESTIMATED DUE 2/12/25.**

• Be sure to dive into the pedigree here, as you will find a full sister to some of the highest dollar generating show cattle producing matrons known to the business. The maternal granddam of C-4 Princess 281L is a result of the incredible MR HOC Broker x Haras Hairietta mating, making her a full sister to RJ's "Lady Killer" donor that has well exceeded the million dollar mark in progeny sales, and is the dam of the \$130,000 half interest, RJ Trust Fund 212K. There is a long list of MR HOC Broker x Haras Hairietta daughters that are leading the business.

• The anticipation for the Duff Natural Lite progeny has been high, he was a sale highlight of the 2022 Power Plus Bull and Female Sale, where a half interest commanded \$42,000. We think this daughter reaches the expectations, and with the influence of one of the most premier and decorated cow families in the show cattle business on the bottom side, it's hard to not have high hopes for this young matron. We think she will continue to develop into a very profitable venture for her new owners.

- We can promise that finding this incredible specimen when you make it to Perkins will not be difficult. This three quarter blood red head is certainly one that will get your heart pumping. It would not matter what color she was, cattle with this quality always find their way to the top in a hurry.
- The three quarter blood female finds her genetic origins in the 3Aces Program of Tennessee, so you know that the structural build and fundamentals of good beef have been instilled in this female for generations.
- Her sire, ETR GCC Real Time G380 is a past, Grass Time Bull Sale high seller, and is a full brother to the Baty families, ETR Pink 9205G that was the \$77,000 high selling female in the 2019 “The Classic” that went on to be the 3rd Overall Purebred Female at the 2020 AJSA Classic in Brookings, South Dakota. She could quite possibly one of the most incredible purebred red hided Simmental females you will ever lay your eyes on.
- A versatile breeding piece that has immense donor potential, she is the kind that has the potential to generate livestock that will be accepted in the show ring just as well as in the pasture.

ETR GCC REAL TIME G380, Sire of Lots 29-31

ETR PINK 9205G, Full Sister to Sire of Lots 29-31

• A big, beautiful, blaze faced matron that comes with all the extras in regards to shape, power, density and performance. She is one of the bigger scaled, largest outlined bred heifers that will go under the hammer on November 30th.

• Her sire, ETR GCC Real Time G380 was a little different to the norm color wise for us, but when you come with the quality he has, we were all in on him. Real Time has proven that regardless of color, he has the credentials to generate at the highest level. Being a full sister to the rising red hided queen of the Simmental breed, ETR Pink 9205G adds just another stripe to his resume. She was the \$77,000 high selling female in the 2019 "The Classic" that went on to be the 3rd Overall Purebred Female at the 2020 AJSA Classic in Brookings, South Dakota.

• If you begin to investigate the pedigree that built C-4 Bold N Beautiful K111 you will find the GCC Prides Lass B188 female. B188 was a successful purchase from Griswold that was a maternal granddaughter of O C C Prides Lass 690K, 690K was a \$60,000 high seller in a past Duff Cattle Company Dispersal, a long time before some of the high price tags we see today. Her influence is found deep in the roots of the Coleman Angus, Griswold, Monarch, & Limestone Programs.

• We have taken great pride in generating this type of female through our breeding program, built correct from the ground up, with the running gear that will outlast her breeding tenure, and the easy feeding type that regardless of environment will prosper and return profit. The ETR GCC Real Time G380 sired cattle continue to impress us the more that we are around them, his first daughters are in their prime years of production and it is obvious that his influence has been a positive move towards maternal excellence.

- C-4 Primrose Lady 151L is a female that needs to be admired for her fleshing ability, look, presence, and overall utility in production. We don't think this half-blood female will have any problem gathering the attention of the good stockmen and women in the business. She is dense, deep, square, and better than awesome in her design.
- Certainly, a dynamic matron in the making, and we love what this female offers from a genetic standpoint, as he comes with the backing of the legendary KR Primrose Lady 7916 donor female that was selected out of the Krebs Ranch Mature Cow Dispersal.
- GCC Keep The Change H136 was a high selling purchase from the Griswold program, the perfectly blazed faced, purebred stud has built a strong reputation of daughters that work in Perkins. He is a direct daughter of the \$27,500 TNGL Desire E300 that was a feature of the 2022 Griswold Cattle 'The Classic' Female Sale, and is a female that ties together the legendary Hope Floats and Ebony's Joy cow families.
- The guess work is removed here, either side of the equation is littered with legends within their respective breeds, so you can trust in the consistency of her pedigree and generating ability.

- The brockle face of C-4 Lady 259L adds a hint of flare to a female that already has plenty of interesting feature and intrigue.
- The maternal granddam of 259L, Double R Bar Lady Z129 was a favorite of all on the ranch, the S A V Iron Mountain 8066 daughter went back to a N BAR Emulation EXT daughter by the famous Ideal 4465 of 6807 4286. Some of the best maternal Angus genetics of the past several decades built her pedigree.
- She appears to be coming with a highly functional and productive udder setup.

GCC KEEP THE CHANGE H136, Sire of Lots 32-35

• The cattle by GCC Keep The Change H136 are very consistent in nature. You can count on them having center body shape, natural base width, and the obvious presence exhibited by this female on picture day, it is something that has become very synonymous with the sire group.

• This female is long and elevated about her head and neck junction, with a super cool silhouette and offers a slightly sharper and more refined look at this stage in comparison to her paternal sisters. She strongly favors the moderation and proportional balance of her proven sire with a pinch more punch to her overall body and muscle shape.

- *C-4 Lola 163L leads off a very impressive set of the LKCC Bold Venture 194F sired daughters that will sell on November 30th. She offers the advantages of being a purebred and couple this fact with her immense phenotypic quality we think she becomes a highlighted female in the offering!*
- *You don't have to look hard to find the trace of C-4 Lola 163L back to the OBCC Lola 137Z donor female that has been a potent source of quality for the Circle M, Red River Farms & Osborne Cattle Enterprises.*
- *OBCC Lola 137Z was first selected by Circle M Farms from the Owen Brothers Cattle Company program of Missouri as a fall open heifer calf and was dominantly campaigned by Tanner Howey to countless victories that include being selected as the 2013 AJSA South Central Regional Champion Owned Percentage Female, 2013 Sweepstakes Reserve Grand Champion Percentage Female, 2014 NWSS Division Champion, and 2014 AJSA National Classic Grand Champion Percentage Female.*
- *Multiple maternal and full sisters to the dam of 163L have found the limelight for their respective programs, and a full brother to Lola 163L was a featured lot in the 2024 C-4 Spring Bull Sale.*

OBCC LOLA 137Z, 2014 AJSA National Classic Grand Champion Percentage Simmental Heifer

OBCC LOLA 137Z, Grandam of Lot 36

- This three quarter blood, solid black hided, elegant made daughter of LKCC Bold Venture 194F is one to mark for inspection on your trip to Perkins.

- Regardless of your vantage point when looking at this one, we think you will find her to be the flexible moving, wide based, extra densely built kind of female. Her dam is a tenured member of the cowherd, with over 10 years of production, and is one that has certainly earned her keep and then some at the C-4 Ranch, we see a similar story to be wrote by this impressive daughter.

- The line up of SimAngus, LKCC Bold Venture 194F daughters is certainly impressive, he has a proven track record of females in production that work for the C-4 program, and it is with no doubts that we can attest he makes the right kind to tie to. Seldom can a sire generate the combination of true cow power and incredible eye appeal in the first generation like you will find with the Bold Venture daughters.

C-4 FC137M, Maternal Sister to Lot 37

- A perfect splash of chrome compliments the top end quality of this stylishly built, power cow in the making.

- This three quarter blood daughter of LKCC Bold Venture 194F is certainly the stop and stare kind, she struts with authority and pride, and never gives a bad look.

- Maternally she stems to the proven female maker, JASS On The Mark 69D, and the inclusion of his influence is strongly evident by the strong maternal we see in this female as she approaches the production phase of her career.

CONLEY IDENTIFIED 0257,  
Service sire to several females throughout the offering!

- The square built, long hipped, C-4 Bold Lady 179L is a prime example of what the modern-day beef cow should be built like in our opinion. We love her combination of power and performance, with eye appeal and presence.
- In our opinion there is no more of a powerful tool available to ranchers than that of a first generation cross, SimAngus female. They are just consistently good stock that are built right from the foundation and have the credentials to be long term suppliers of ROI.

- A high volume, easy fleshing yet heavy muscled daughter of the time tested, highly proven, LKCC Bold Venture 194F. There is no arguing the value of these Bold Venture daughters once they enter production. You will find them to have exceptional mothering ability, beautiful udders and high fertility.

- Paternally these LKCC Bold Venture 194F daughters stems back a further generation to the maternal legend, Pilgrim, a bull that has a built the cowherds of several of the nation's most progressive Simmental Breeders.

STEVENSON TURNING POINT,

A son of this popular AI sire is a service sire to several females throughout the offering!

- It is hard to deny the beauty of a perfectly marked blaze faced Simmental female like you will find here. While you admire that, make sure to pay attention to the impressive udder quality she has coming too, her teat size and placement looks to be textbook.
- This Purebred daughter of WHF/JS/CCS Double Up G365 reads with longevity and high production. She does all the fundamentals of beef production so well.
- Her maternal grandam BW/WW Pep Pays 27Z was the 5th Overall Purebred Simmental Female for Mason Walker at the 2014 AJSA Classic. The dam of 210L, WLK/WW Ms Peps Deal 271D is a full sister to the Nikkel families Supreme Champion Heifer at the 2017 Kansas Classic.

C-4 PEPS DEAL 108L, Full Sister to Lot 46

- Take note of this purebred female by the generator of real world quality, WHF/JS/CCS Double Up G365. We love how soft bodied, deep underlined and easy keeping this female is. She is impressive in her maternal value, and looks like she is bound for a long, low maintenance production career.
- She is the first daughter of a purchase from the Callis program, her mother is one of the most impressive, boldest built daughters of WLE Copacetic E02 you will find. Her maternal granddam is the BKC Blessed donor female that is corner stoning the progressive Simmental program.

AI BRED 4/4/24 TO CONLEY A 1 (AAA: 20177675).  
 PE TO CONLEY A 1 (AAA: 20177675).  
 ESTIMATED DUE 1/11/25.

- A *Conley DS Clear Cut 0510* daughter out of the *P R 891 4200-675* tenured donor. *3390* is a maternal sister to the calving ease stud, *Penners Thunder 495* that was retained and used in herd, often generating highly sought after calving ease bulls through past bull sales.

- She is built extra maternal in her shape and maturity pattern; she is the easy fleshing kind that has a running gear that is set for a long tenure in the cowherd. A high quality female that is bound to make for successful investment that returns profits over the long term.

CONLEY A 1, Service sire to several females throughout the offering!

- A trip to Perkins guarantees that you will find quality cattle that are backed by the best genetics in the business, and the pair of Lim-Flex bred females to sell sure stand up to that claim.

- Seldom will you find Limousin females that pose with such a feminine and attractive look about them, this one is super high tying in her neck junction, chiseled about her throat latch and dominating in her presence. She too is ultra-flexible in her stride, soft in her body cavity and looks like the kind to generate elite show heifers, regardless of breed.

- To top it off, there are multiple generations of proven cows in the family tree of this impressive female. Her dam was purchased at the side of AUTO Clover 464A from the tenured Pinegar family's program of Missouri. Another generation back you will find AUTO Gemini 248T, a proven donor for the AUTO program that is a descendant of the famed MAGS Manuela female.

ESTIMATED DUE 1/1/25.

- Here is a 3/4 sister to the 2019 National Western Stock Show Grand Champion Limousin Female, JCL Cruel Girl 725E. She was a TASF Crown Royal 960C daughter and was exhibited by McKinlee Palmatary of Durant, OK.

- It is easy to see why the cow family has been draped in purple, because this one is built extra high quality. She is so good looking and feminine about her head and neck, yet so rugged and burly in her body shape and structural kind. We love the maternal wedge she is designed with, and yet when you get behind her it is quickly evident she has plenty of power.

- An absolute phenotypic standout of the offering, that comes with the power of one of the best females to ever be bred by the Limousin master breeder, Jimmy Linthicum.

- Regardless of breed, this is a high quality bovine that offers the genetic and phenotypic excellence to produce at the highest of levels, show heifer producers take note of a serious opportunity here.

CONLEY DS CLEAR CUT 0510, Sire of Lot 61

BAUER BRANDY 616L, Maternal Sister to Lot 61

• This bold bodied, super cowy ChiAngus female is sired by the trending Angus AI sire, Conley DS Clear Cut 0510 and her dam is an R&R Ace 4104 daughter that was bred in the R&R Cattle Enterprises program at Keithville, Louisiana. She is one that will capture the eyes of both stockmen and show heifer enthusiasts alike, she is an impressive beast in the flesh.

• R&R is home to some of the most impressive ChiAngus females in North America, and R&R Brandy 136L 2012 was no exception in her prime!

• The maternal granddam of this duo is the iconic R&R Brandy 367 136 1CA, the 2002 NAILE Grand Champion ChiAngus Heifer. She continued her winning ways being selected as the 2003 FWSS Grand Champion ChiAngus Heifer.

• The influence of R&R Brandy 367 136 1CA made a substantial impact on both the R&R Cattle Enterprises and Talmo Ranch programs alike.

• You will have to travel a lot of miles to find a very high percentage Chianina female like this one. With a 19.95% Chianina breed makeup, she throws the door wide open to the mating opportunities that are possible with this one down the road.

• Maternal granddam was bred in the Foster Brother Farms program of Lockney, TX. She was the \$30,000 selection of Brad Winegardner in the 2001 National Chianina Sale held in conjunction with the North American International Livestock Exposition National Chianina Show. She then went on to be Reserve National Champion the very next day. The Sunflower donor family has been the cornerstone ChiAngus donor dam and dam of influence for the Winegardner program for over two decades!

• She sets the tone for a high end show heifer producer, she comes with a monster sized set of feet and legs, incredible hair coat, long and high tying neck set and extra round body shape.

BMW ONSET, Sire of Lot 62

• The Maine Angus trend is on fire right now, because the cattle are a perfect blend of power and maternal, they bring value not just to folks wanting to raising eye appealing show cattle, but create a perfect base for a productive cow family in the commercial setting just as well. That is exactly what you will find here.

• Her pedigree blends the best of both worlds, sired by the 2022 Cattleman's Congress Grand Champion Maine-Anjou Bull and out of a picture perfect Angus female that was sourced from the world renowned, Ellingson Angus of North Dakota.

• You will love the combination of form and function in this female.

MISS TIME TO SHINE Y251, \$140,000 Dam of Lot 64

• We initiate a powerful set of production age females with a young and very productive female that is without a doubt a true sale feature! We proudly present a direct daughter of the \$140,000 Miss Time To Shine Y251, one of the foundation matriarchs in the Buck Creek Ranch breeding program in Yale, Oklahoma. J074 is sired by the iconic JSUL Something About Mary 8421, making her a FULL SISTER to the \$70,000 B C R Miss Time To Shine J096, a leading member of the donor battery at Red River Farms!

• One of the most famous maternal sisters to J074 is the incredible CMFM Time To Shine 99D, a female that has carried on the Y251 legacy. CMFM Time to Shine 99D was selected as the Supreme Champion at the 2017 Simmental Breeders Sweepstakes. 99D was also named Champion in Junior Show and Reserve in Open Show at 2017 North American International Livestock Exposition.

• CMFM Time To Shine 99D has proven her value in production and continues to amass a résumé of champions on the big stage, including but not limited to the 2019 NAILE Calf Champion Simmental Heifer, 2021 Cattlemen's Congress Reserve Grand Champion Purebred Female and the 2023 American Royal Grand Champion Open Percentage Simmental Heifer who was also the 2023 Tulsa State Fair Reserve Supreme Champion Junior Breeding Heifer for the Clark Family. Additionally she is also recognized as the maternal granddam of Josie Phillips Reserve Grand Champion Percentage Female at the 2022 AJSA National Classic.

• A true sale feature that is destined to be a BIG TIME producer as she turns the page to the next chapter of her production career!

WHF SUMMER 365C, Prolific Dam of Lot 65

• *CCS/JS/BL Summer 38J is supported by an elite pedigree that knows no bounds! 38J is a FULL SISTER to CCS/JS Summer 33H, the \$32,000 daughter of WHF Summer 365C, that was selected as the 2021 NAILE Grand Champion Purebred Heifer in the Junior Show for KayLee Langford and the Udell Cattle Company/Black Gold Simmentals partnership. Another FULL SISTER is the impressive CCS/JS/LFTZ Summer L378, the 2024 FWSS Reserve Grand Champion Purebred Simmental Heifer for Brody Wenell. She was also selected as the 2024 AJSA National Classic Third Overall Purebred Simmental Heifer this past summer in Tulsa, Oklahoma and most recently the Grand Champion Purebred Simmental Female in the Open Show at the American Royal.*

• *2023 saw 10 direct daughters of WHF Summer 365C by five different sires headline the Midwest Made Female Sale, they averaged \$29,830 collectively. With a high of \$90,000 for a daughter of W/C Relentless 32C. To this impressive showing in 2023 you can add a \$40,000 full sister to the high seller that sold in the Lafrentz Cattle October Female Sale. The largest WHF Summer 365C offering to date occurred in the 2022 JS Midwest Made Elite Female Sale with 13 daughters by a range of sires, averaging in excess of \$14,100. This prequel occurs just a year after her dominance of the 2021 sale as her daughters sold for \$44,000, \$35,000, \$25,000, \$16,000, \$15,000, \$10,000, and \$8,000. 7 daughters averaged just a shade over \$21,000! 8 daughters of WHF Summer 365C sold in December of 2020 at JS Simmentals for an average of over \$16,000!*

• *The 2017 victories of WHF Summer 365C include this long and impressive list: Division Champion NWSS, Reserve Supreme Iowa Beef Expo, Champion Simmental Heifer Iowa State Fair Open Show, Supreme Champion Heifer Iowa State Fair 4-H Breeding Heifer Show, Supreme Champion Junior Breeding Heifer American Royal Livestock Show and Champion Simmental Female NAILE Open Show, not to mention several other wins!*

• *There is no question, this female is a blue chip level investment!*

• Another **FULL SISTER** to the iconic “Boots” and the featured lot 1 donor, JS First A-Way 58E. Ladies and gentlemen, we present C-4 She’s A Flirt 117K, a young and productive 2022 model female that is supported by the famed JS Flirt A-Way 59Y donor dam.

• Her full sister, JS Black Satin 9B “Boots”, is arguably the most dominant Purebred Simmental female in the history of the breed when it comes to a show heifer becoming a producer. Not only was “Boots” a Triple Crown winning female, but she has produced well over a million dollars worth of progeny during her time in production!

• Here is your chance to own a piece of the 59Y legacy with another **FULL SISTER** to the late “Boots”. She is safe in calf to the \$700,000 world record selling FRKG Alpha 311L for the chance at a **HUGE** return on investment!

**AI BRED 5/2/24 TO FRKG ALPHA 311L (ASA: 4265092).**

- Next up is a beautiful pair of red hided ET flushmate sisters sired by the female maker himself, MR HOC Broker! The dam of this pair of full sisters is GCC NFLL Miss Wilkins 088E, a daughter of Daddy's Money that was bred in the North Fork Land & Livestock program in Montana.

- They are both big footed, stout featured females that offer tremendous balance and symmetry from the side. C-4 Miss Wilkins 439J had a daughter by our W/C Bankroll 811D son that will be a featured lot in the open heifer calf division. C-4 Miss Wilkins 342J has a bull calf sired by the same herd sire that will be a standout in the bull calf division. Both females are extremely versatile in terms of mating flexibility depending on your programs focus and goals.

- Both ET flushmate sisters are confirmed safe in calf to the popular RP/BCR Eminence H005 and are due the first of February!

GCC LOVE ME MORE 8226F, Dam of Lot 95

• Come back to the auction! What a female to lead us into the 2020 model spring bred cows! We love the type and kind that 106H represents. This half-blood SimAngus female is sired by the legendary GCC Gold Standard X615 and is further influenced by GCC Love Me More 8226F, a Purebred daughter of W/C Loaded Up 1119Y that is from the NJC SVF Love Me Don't U tribe.

• A stunning motley faced female that is unrivaled in terms of body, volume, and overall capacity. She is so angular about her front third, bold in the shape of her rib cage, and ultra-soft bodied in terms of her progression of depth from her chest back through her rear rib and flank.

• Her maternal granddam is a maternal sister to MCLF RP Ms Love Me S311, the 2008 NWSS Grand Champion Percentage Simmental Heifer. Her first born daughter, MCLF/RP Ms Loves To Smile, was the 2010 NWSS Grand Champion Percentage Simmental Heifer. This is the same cow family that produced the legendary Rocking P Private Stock H010 and RP/BCR Eminence H005 via the influence of RP/MP Built To Love A021, one of the foundation matrons at Circle M Farms.

• Power in the blood would be an understatement!

MCLF RP MS LOVE ME S311, 2008 NWSS Grand Champion Percentage Simmental Heifer

- Arguably one of the most unique featured, biggest footed, stoutest boned, and most exotic built females in the entire offering! We purchased this WHF/TK Blackrock Z803 daughter out of a past "Grand Event" at Buck Creek Ranch due to her overall quality and uniqueness. 04C was bred in the Wayward Hill Farms breeding program in Kentucky, one of the premier Simmental seedstock firms in North America.
- 04C is exquisite in terms of her front third, big topped, long hipped, and wide pinned. She sells safe in calf to the \$700,000 world record selling FRKG Alpha 311L with the all-inclusive potential to "ring the bell". Bid with confidence, 04C has what it takes to generate elite seedstock!

WALLACE ARKDALE PRIDE 9155G, 2021 Cattlemen's Congress Reserve Champion Percentage Simmental Senior Heifer Calf

• What an incredible way to initiate the show heifer division of the "New Beginnings" sale offering with a powerful pair of ET flushmate sisters from the featured lot 2 donor, Wallace Arkdale Pride 9155G!

• 1848M is one of the truly elite Purebred Simmental show heifer prospects to sell, not only in this sale, but in the entire country this fall! We love the genuine stoutness, power, and extra eye-appeal that this female represents. She is so long and extended about her front third, clean chested, and transitions into a full forerib and center body shape.

• 1848M is long and level in her hip design, with a textbook set to her hind leg. She is flexible on the move and sets to the surface with extreme confidence. Her dam is one of the premier females in the entire offering and is loaded with true cow power!

• An elegant made female that is loaded with substance, volume, and overall quality. We believe that this female is meant for the bright lights!

HARA'S KIM KARDASHIAN 1C "LADY KILLER",  
Full Sister to Lot 210

- It's seldom that females of this caliber come around, however upon further inspection you will realize that the genetic combination that supports 486M is no accident, in fact her pedigree is the defining factor that sets her into a league of her own!
- 486M is a striking blaze faced female sired by the Triple Crown winning MR HOC Broker and further influenced by the iconic Haras Hairietta Clone H4W, therefore making her one of several full sisters that have and will continue to make a substantial impact on the business!
- 486M is a full sister to the \$190,000 Haras Miss Princess 100Z, the leading SimGenetic matron in the Udell Cattle Company donor pen that has produced well over the million dollar mark in progeny sales over the last decade! She is also a full sister to Hara's Kim Kardashian 1C, affectionately known across the business as "Lady Killer". It's no secret that "Lady Killer" has emerged as one of the premier donors in the illustrious donor battery at RJ Cattle Company in South Dakota. "Lady Killer" has produced countless individuals that have commanded over the \$100,000 threshold! She is also the dam of the 2024 IL State Fair Grand Champion Junior Market Steer that was shown by the Gensini family.
- Several other full sisters to 486M have been selected champions at the largest and most competitive shows in North America. 486M has the skeletal quality, proven pedigree, and phenotypic excellence to not only win, but generate at a very high level. A special sale attraction to say the least!

HARAS SULL PRINCESS 12A, 2017 NAILE Grand Champion Percentage Simmental Heifer & Full Sister to Lot 210

• The next female also hails from the famed Haras Hairietta Clone H4W cow family via the influence of 4175A, another direct daughter of the Triple Crown winning MR HOC Broker! 4175A was campaigned to countless victories by Brody Fitzgerald, including being selected as the 2014 KILE Reserve Grand Champion Percentage Simmental Heifer.

• An elite Purebred Simmental female that is sired by the resident herd sire at C-4 Land & Cattle, GCC Keep The Change H136. 434M offers a stunning presence from the profile and has been blessed with exceptional hair quality as an added bonus.

• The dam of 434M is sired by W/C Relentless 32C, therefore making her a near full sister in blood to the popular RJ Miss Ellie 7052E, the dam of the 2023 NAILE Grand Champion Junior Simmental Heifer that was shown by the Roeder family of Illinois.

• 434M is big footed, stout boned, and travels with immeasurable confidence when set into motion. Her proven pedigree is further solidified by her captivating breeding pieces that combined make her one of the premier heifer calves in the entire sale offering!

• Unmatched eye appeal and presence would be the best ways to describe the first impression that 257M portrays! C-4 Miss Samantha 257M is another stunning daughter of GCC Keep The Change H136 that is worthy of serious inspection on sale day.

• 257M is a full faced baldy that is sure to win the hearts of even the most critical evaluators on sale day. Her neck ties high at the top of her neatly laid in shoulder, while remaining clean chested and transitioning into a bold and three-dimensional forerib and center body shape. She is flawless at the surface as she operates off of a big correctly shaped foot design.

• In terms of genuine shape and dimension, this good-looking three-quarter blood Simmental female is in the upper echelon when it comes to power!

• Additionally, 257M is supported by one of the most established and proven cow families at C-4 Land & Cattle, as she is a maternal granddaughter of the legendary GCC Rosetta 613C donor. 613C was a past \$50,000 sale featured at the Griswold Cattle Company Classic Female Sale. She was then selected as a Division Champion at the 2016 NWSS ROV show prior to beginning her distinguished career in the donor pen in Perkins, Oklahoma!

• A big time female that is supported by a big time pedigree... she's worth the trip!

GCC ROSETTA 613C, Maternal Granddam of Lot 212

GCC KEEP THE CHANGE H136, Sire of Lot 212-214

• Here is another ultra-complete blaze faced female that offers unparalleled mass, dimension, and center body shape. 69M is a powerful three-quarter blood Simmental female sired by GCC Keep The Change H136 and backed by the J69 female that was bred by Gerdes Show Cattle and Owen Brothers Cattle Company.

• J69 is a maternal granddaughter of JSSC Wide Body 090W, a very influential sire that was bred by Joe Seale and used heavily within the Foster Brothers Farms breeding program during his youth prior to his untimely death. JSSC Wide Body 090W has experienced as much success in the show ring and in production as any sire in the breed relative to use over the last decade.

• 69M is a very complete, fault-free female that offers immense upside both in the show ring and in production!

- We initiate the Angus show heifer division with a member of the famed "Frontier Gal" tribe, a cow family that needs no introduction to the spotlight or the backdrop!
- Carroll Frontier Gal 4324 is sired by the 2020 NJAS Grand Champion Bred & Owned Bull, BRDG Mahogany Prime 904B, one of the greatest sons of Silveiras Style 9303 in existence!
- The dam of 4324 is a daughter of the multi-million dollar producing EXAR Frontier Gal 1405, one of the premier show heifer producing females at Express Ranches.

• 4324 is an elegant made, sleek fronted female that is bold ribbed, big topped, and square pinned. She is an extremely balanced female from the side that is neat chested and transitions into a capacious rib design with an ideal progression of depth back into her rear rib and flank.

• Without a doubt one of the premier show heifer prospects in the entire sale offering that is backed by a truly royal pedigree!

• Carroll Frontier Gal 4362 is the April born ET flushmate sister to 4324. There is no denying the consistency and quality that is derived from this pair of flushmate sisters! 4362 is long and extended about her front third, smooth shouldered and flat necked. She opens up into a bold forerib and maintains a proper wedge like shape through her front end.

• She has been blessed with a tremendous hair coat on top of having extra substance of foot and bone. We appreciate the youthfulness and quality that this female possesses!

• 4362 is one of the premier Angus show heifer prospects in the sale and further solidifies her stance by offering the lineage of a superior cow family!

- 4334 is the first of two ET flushmate females that are supported by the famed EXAR Frontier Gal 12877, the PVF Insight 0129 sired daughter of the legendary EXAR Frontier Gal 1405!

- 12877 is the dam of CCC Frontier Gal 0669, the 2024 OH State Fair Supreme Champion Junior Breeding Heifer that was campaigned by the Jones family.

- 4334 is a big footed, stout made female that offers exceptional volume and capacity. She is a neat featured female that is long bodied, smooth made, and sets to the surface with confidence. Her dam, 12877, is one of the stoutest and most unique Angus females in the Carroll Cattle Company breeding program.

- There is no denying the quality and cow family relevance that supports this dynamic April born female!

- 4212 is a May born show heifer prospect sired by BRDG Mahogany Prime 904B and backed by the overwhelmingly stout and powerful EXAR Frontier Gal 12877! This chisel fronted, smooth shouldered female is ultra-attractive about her front third and offers a look of quality and balance from the profile that is hard to mirror!
- There is no doubt that 12877 has worked her way up the ranks and is now one of the premier Angus females in the Carroll Cattle Company program. A maternal sister to 4212 was the dominant champion campaigned by the Jones family that is the reigning 2024 OH State Fair Supreme Champion Junior Breeding Heifer.
- Power in the blood would be an understatement!

- Here is a pair of ET flushmate sisters that are supported by the EXAR Winnie 1577 donor dam, a female that highlighted the donor division of the Conley Cattle 2024 Fall Production Sale where she commanded \$18,000 to the Carlson family of Iowa.
- EXAR Winnie 1577 is a powerful female that is sired by PVF Insight 0129 and supported by the famed EXAR Winnie 5291.
- A three-quarter sister to the dam of 4424 and 41631 is Schnoor Winnie 9323, the 2014 NJAS Grand Champion Bred & Owned Heifer for Sydney Schnoor of California.
- 4424 is sired by the \$920,000 Conley Lead The Way 0738 and 41631 is sired by the \$150,000 Conley Bristow 2317, making them three-quarter sisters in blood!
- Both sisters offer a tremendous shape to their forerib and center body, with more than adequate sweep from their chest to flank. They have been blessed with an excellent hair coat as an added bonus!

G&J ERICA 914, Dam of Lots 242 & 243

• The next pair of ET flushmate sisters are sired by the widely used and very popular AI sire known as Conley No Limit! There is no denying the influence that he has had, not only on the Angus business, but across breed lines.

• The dam of 1492M and 1575M, G&J Erica 914, is a picture perfect female that offers superior udder quality, foot shape, and fleshing ease.

• This duo offers an excellent blend of stoutness and style! They are sound footed, flexible females that are supported by a strong maternal influence on both sides of their pedigree.

• 1492M is the extra bold and capacious female that offers a donor cow look about her. On the other hand, 1575M is an extra stout boned, square built female that is more neatly refined about her front third.

• Pick your poison on November 30th!

• Conley NCC Elvira 764M is a daughter of the 2022 American Royal Grand Champion Charolais Heifer that was campaigned by the Norvell family of Tuttle, Oklahoma!

• 764M is sired by the popular Huff N Puff club calf sire, the \$150,000 stud that is promoted by Lautner Farms. 764M is a big footed, extra stout made female that offers a tremendous look of quality and style about her front third. She is a bold bodied, square hipped female that is one we believe will have a bright future both in the show ring and in production.

• Her dam, Bell Elvira J180, was a dominant champion that has matured into a picture perfect Charolais brood cow.

• 764M is a registered Charolais Composite female that is eligible for the 2025 AICA Junior Nationals which will be held in Springfield, Missouri next June.

• The sky is the limit for this heifer when her show career comes to a close. There is no doubt that she has the unique breeding pieces needed to generate elite show steers!

BELL ELVIRA J180, 2022 American Royal Grand Champion Charolais Heifer & Dam of Lot 244

BELL ELVIRA J180, 2022 Tulsa State Fair Reserve Grand Champion Charolais Heifer & Dam of Lot 244

- A beautiful deep cherry red MaineTainer female that has the credentials to be a major force on the tan bark and in production! Conley Jalapeno 1028M is a daughter of the very influential and popular Red Angus AI sire known as RREDS Seneca 731C.
- The dam of 1028M, CMCC Jalapeno 1028J, is the exceptional red hided Maine-Angus female that was successfully campaigned by Case Conley to several victories across the state of Oklahoma.
- 1028M is a generation away from creating elite Maine-Angus seedstock. Her practical build, robust rib cage, and easy fleshing body style suggest that she will be a role model female in production.
- She is also eligible to be dual registered as a composite Red Angus if the winning bidder desires. The options are endless with a female of this caliber!

### LOTS 251-254

- An opportunity to sort between the females that come right off the top of the ET program exists with these four full sisters.
- The donor dam, JS Flirt A-Way 58E is a full sister to the legendary, JS Black Satin 9B or "Boots". She was one of the most dominant Simmental show heifers of the past decade for Jake Bloomberg, taking out the Triple Crown title, and has since been a female that has been immortalized by the Griswold program. Even though she met an early demise, she generated some serious returns on investment through a set of sons and daughters that still stand at the front of the business.
- JS Flirt A-Way 58E was a dominant show heifer for Riley, and has been a force in production, generating a \$30,000 daughter that sold through a past edition of the Griswold Cattle Company Classic Female Sale.
- Silveiras Style 9303 sired daughters are certainly the type to tie to, they come with all the big pieces, and are consistently blessed with extra foot and bone size, come so attractive about their head and neck, and are intriguing about their presence.
- We love the extra eye appeal and style points that these half-blood females are blessed with, while you can make some decisions in regards to bone, body shape, maturity and eye appeal, we think they all set the stage for a very fun tool to have in the breeding arsenal.

JS FLIRT A-WAY 58E, Dam of Lots 251-254 - She Sells as Lot 1

- The Trail Privileged Matriarch C62 female has placed her name on the fast track to stardom with the awesome set of progeny by several sires that you will find in multiple divisions of this sale.
- The impressive consistency of the C62 donor female is proven across the several matings you will find, yet it seems the most potent synergy exists here with the female maker LKCC Bold Venture 194F.
- This purebred female remains at the top of many short lists of those early visitors, being so stout featured, wide based, square built and the way she offers a robust shape to her rib cage.
- We believe that between the breeding versatility she offers and incredible phenotype, there is some tremendous earning potential to take advantage of.

- The cool brockle markings compliment the elite feature that FC137M combines in terms of her extra stout bone work, high tying neck attachment, and uniquely stout hip design.
- A very unique female that combines the intangible traits necessary to produce elite show heifer prospects that command serious premiums!
- The dam of this open heifer, FC137 may not have a fancy registered name, but she sure deserves one, as she has built quite the reputation for herself over the years. She has become a tenured member of the cowherd, with over 10 years of production, and is one that has certainly earned her keep and then some at the C-4 Ranch, this same impressive production tenure is mimicked by the maternal granddam of this GCC Keep The Change H136 female.

- The LKCC Bold Venture 194F sire has been an incredible asset to the Simmental division here in Perkins. We think you are set to be very impressed with the daughters you will find going under the hammer, they are the right kind for the times, plain and simple. They are built with plenty of shape, volume and power, along with carrying themselves with lots of presence and style.
- C-4 Northern Miss 525M is built smoother and longer in her muscle design, with a super feminine look from the side, and reads with a world of maternal value. She will make for a picture perfect cow in production.

C-4 LADY NORTH 525F, Dam of Lot 263

- The maternal granddam of C-4 Lady Werning 651M has been a silent but prolific producer for the famed Werning program of South Dakota. Miss Werning 151Y is a name you will find often in the pedigrees of their annual production sale, with several maternal sisters to the dam of 651M currently standing at the forefront of the program.
- This brockle faced beauty is built with function and longevity in mind, we read her to be the returner of consistent profits.

• C-4 Miss Katinka L252 is built more expressive in her muscle pattern, wider at her base and has more curvature to the upper side of her ribcage than her contemporaries. Her dam has been a very dominant producer during her short tenure in the cowherd.

• On the other hand, her maternal granddam, DCC Katinka 2001 has been a tenured donor for the C-4 program. She has a long list of daughters that have been retained in herd or have been featured members of past female sales. They are the kind to tie too, they are females that envision maternal quality and out produce themselves with every mating.

- Thills Got It Made was purchased from Thill Cattle Company at the 2021 Cattleman's Congress. He is backed by the programs leading donor, a Mr HOC Broker daughter, Thills Brystol 84B who was a past division winner at the AJSA Classic and the American Royal. He has been a consistent generator of quality for us!
- A purebred female that is built with maternal in mind, she is soft in the shape to her middle third, rugged in her bone work and set for a successful breeding career.

C-4 PATRICIA 109L, Full Sister to Lots 279 & 280

- A hand selected collection of Angus females by the \$460,000 half interest, Conley Lead the Way 0738 will highlight the replacement heifer division. The Lead the Way daughters have become a heavily sought after source of phenotypic excellence ever since their debut in the 2022 Conley Fall Production Sale where the 10 open heifers that sold that day averaged \$57,000 with a top at \$190,000 and \$180,000.

- You will find these females to be consistently big footed, stout featured and massive in the shape to their center body, this pair gives a true brood cow look from every angle!

- This pair of full sisters' stem from the "Patricia" tribe, the same cow family that produced Conley Patricia 110, the 2022 OYE Supreme Champion Breeding Heifer for Madilyn Norvell.

- The dam of 1462 is a past \$30,000 featured open heifer calf from a Conley Cattle Production sale, the Penners Tops 5238 daughter, stems back to a daughter of HA Relevant 6022, a featured Conley herd sire and back to the ever-popular DPL Sandy 3040, the 2015 Reserve Grand Champion Owned Female of the National Junior Angus Show and the Grand Champion Female of the 2014 Western National Angus Futurity Junior Show.
- Her maternal granddam is a full sister to the ST Genetics AI sire, Dal Porto Perspective X59.

LOTS 301-337

THE  
*Bulls*

R/C  
SFI

# Creedence 417J

• Very few times in this business has an opportunity to tie into a mature herd bull and investment opportunity like R/C SFI Creedence 417J come about. Yet only because of this dispersal situation will you find this exact kind of opportunity made available on the 30th day of November.

• R/C SFI Creedence 417J sanctions himself as the greatest son of the renowned JSUL Something About Mary 8421 in existence. He was the Grand Champion Simmental Bull at the 2023 Cattlemen's Congress on his first outing and was so well received because of the intangible pieces he has, ones that aren't found in your everyday Simmental Bull. He is built with extra extension and length of hip, plus is perfect footed and structured at the ground. His pin width and power is impressive and now that the heritability of his service has been proven through an incredible first calf crop, there are no questions about the legacy he is bound to build in the Simmental business, outside of the ring.

• With the early passing and very low inventory of JSUL Something About Mary 8421 semen left in storage, R/C SFI Creedence 417J emerges as his replacement, and for that reason demand is bound to be exponential, particularly now that his progeny is proving to be of the championship kind.

- OFFERING 87.5% SEMEN INTEREST & FULL POSSESSION.
- WINNING BIDDER WILL BE PARTNERS WITH JS SIMMENTALS OF PRAIRIE CITY, IOWA.

• The young Wallace Arkdale Pride 9155G donor dam has been a shining light in the Simmental cowherd over the past couple of seasons. She herself was a successful show heifer for Macy, and in production has proven that the heritability of her quality is surefire. Her first calf, C-4 Real Pride J600 was the Third Overall Bred and Owned Purebred Heifer for Macy at the 2022 AJSA Classic.

• This high performing stud will be the supplier of pounds and punch. We think he is awfully impressive when it comes to muscle shape and width and feel like this coupled with his purebred pedigree of excellence promotes him into a league few can match.

• A very versatile sire prospect that combines great maternal power, curve bending growth traits and an elite phenotype.

• This stud stands out from the pack, he will be one to see one sale day, no risks are involved by adding C-4 Creed 1004M to your sire arsenal.

- The long bodied, baldy headed, extra athletic C-4 Creedence 01M is a bull prospect that has always been a fun one to look at.
- The 5/8ths Simmental, January born stud paints a very neat look from the profile and is always one that struts with a proud look of quality. He also has the big and loose running gear that ensures he will be set for a long breeding career.
- The R/C SFI Creedence 417J sons will be favorites of those who inspect the stock in person, they combine a flawless structural build with a very functional body type.

CONLEY SHEZA STAR D3, Dam of Lots 309 & 310

- Every division offers some special opportunities, and the bull prospects are certainly included in this claim.
- There is immense quality with this pair of purebred herd bulls. They present themselves as some of the most unique animals in the offering, both have herd changing credentials, and are exceptional from every aspect, phenotypically and genetically.
- They are direct sons of the industry famous Conley Sheza Star D3. The \$120,000 high selling female from the 2023 Conley Cattle Simmental Dispersal, selling to Aces Wild Ranch & Lindskov's LT Ranch. Rebel Yell 402M and Red Revolt 468M are maternal brothers to both the \$100,000 Conley High Rise F3, a member of the bull battery at Hartman Cattle Company and Conley Loud & Heavy 410J, the \$25,000 selection of Volk Livestock.
- Maternal sisters to this pair of full brothers include Conley Sheza Star F912, Madilyn Norvell's many time champion that amassed banners at the Tulsa State Fair, FWSS & Oklahoma Youth Expo. Her most prestigious title would have been being slapped as the OK Beef Expo Supreme Grand Champion Breeding Heifer. Another sister is the Conley Sheza Star F909, the 2020 OYE Supreme Grand Champion Purebred Heifer for Finley Yocham.
- Being sired by the \$200,000 EC Rebel 156F, adds just another layer of genetic merit to the equation here. The dam of EC Rebel 156F, DSFF Countess 357D has built a very strong reputation of excellence as she is also responsible for the \$120,000 Renegade and the \$20,000 EC Noble 283J. Daughters include the \$50,000 EC Reba 6H, and the \$35,000 EC Countess 283F.

- Keeping to the family tradition is the son of the up and coming donor female, GCC Miss Jackson G236. He is a full sister to the lead off, GCC Keep The Change H136 female from the 2023 Fall Production Sale, C-4 Miss Jackson 101L.

- GCC Miss Jackson G236 is a daughter of the revered GCC Miss Broker 3034 that was a highlight of the 2021 'The Classic'. 3034 is a direct daughter of one of the cornerstone G- donors, OCC Miss Eureka 394N.

- GCC Keep The Change H136 was a high selling purchase from the Griswold program, the perfectly blazed faced, purebred stud has built a strong reputation of daughters that work in Perkins. He is a direct daughter of the \$27,500 TNGL Desire E300 that was a feature of the 2022 Griswold Cattle "The Classic" Female Sale and is a female that ties together the legendary Hope Floats and Ebony's Joy cow families.

- The power of pedigree just begins the intriguing story already wrote by this phenotypic outlier, 236M is a unique combination of eye appeal, power, structural integrity and growth. The immense quality exists on either side of his hide elevates his position to one of the most unique herd bull prospects in the entire offering.

GCC MISS BROKER 3034, Maternal Granddam of Lot 311

GCC KEEP THE CHANGE H136, Sire of Lots 311-319

B C R GEORGIA G077, Dam of Lot 312 - She Sells as Lot 106

- All the extra chrome that you will find on 185M just tops off the memorable features of this division highlight. He is built with a big and burly back shape, stout set of running gear and explosive muscle shape and stifle.
- C-4 Keep The Change 185M offers a pedigree lined with maternal excellence without sacrificing real world power and performance. His maternal granddam, B C R Georgia G077 is a stunning three-quarter blood SimAngus female that is by Rocking P Legendary C918 and is backed by the great W/C United 956Y on her maternal side. The dam of G077 was our selection from the 2017 'Midwest Made' Production Sale and comes from the heart of the Steenhoek family's cowherd.

KMJ HUSKER 814, Paternal Grand sire of Lots 311-319

- A very special, red hided stud that is certainly one of the most recognizable herd bull prospects we will have ready for your appraisal in Perkins. Take note that he comes with the advantage of some more age and maturity than the majority of the offering, meaning he may be set for an earlier turnout.
- His dam, CRFT Miss Hollywood 150H is a Maine influence female by the industry respected, DUEL Icon 802F. Her incredible looks and presence were obviously passed along to this intriguing bull prospect.
- This herd sire prospect is a prime example that powerful, performance driven genetics can still offer balance and eye appeal phenotypically. A true standout among the offering that offers elite structural integrity, balance, and eye appeal!

- C-4 Eminence 058M brings together two legendary females of the Simmental breed into one dynamic package. It wouldn't be exaggerating to say that close to \$5 million have been generated between the RP/MP Built To Love A021 female and the daughters of the Miss Knockout 74T matron.
- A Purebred Simmental that carries the maternal base of two of the most productive dams in the breeds history.

RP/BCR EMINENCE H005,  
Sire of Lot 327

B C R KNOCKOUT H058, Dam of Lot 327  
She Sells as Lot 96

- A high end calving ease prospect that is sure to catch the attention of those looking for a heifer bull candidate.
- Built long sided, small headed and smooth shouldered, he not only reads on paper for calving ease, but has the phenotype to help you believe in the science.
- We think that his progeny are going to have value well beyond just being easy calving, with the likes of the Bandwagon influence maternally, he is bound to generate progeny that mature with substance and daughters that have high maternal value.

- It is hard to question the influence that the legendary GCC Total Recall 806T and his sons have had on the beef business, particularly on the central plains, they just thrive in this environment.
- There are generations of power cows stacked on either side of the pedigree here, and also a full brother to the \$77,000, ETR Pink 9205G female that was Sydney Baty's 3rd Overall Purebred Female at the 2022 AJSA National Classic.

WALLACE ARKDALE PRIDE 9155G - Maternal Granddam of Lot 329 - She Sells as Lot 2
