LOTS 37 - 52

The TC Reds and Weis Cattle Bull and Bred Heifer event is in its third year, and we are certain that you will be impressed with the livestock that is promoted in between the covers of this sale book. Two premier stock families that have been in the business for many years and both have the reputation of champions and are thought by many of their peers as great stockmen and students of the industry.

Their roots are deeply embedded in the raising and marketing of many of the nation's most successful females in the junior show heifer industry. Angus, Charolais, Chi-influenced, Maine-Anjou, Red Angus, Simmental, and SimGenetic females have left the property over the past decade, winning for their new homes and promoting the programs through their success. Many past champions have re-emerged in the donor pen, contributing 50% of the genetics in this offering. Several brothers, both full and maternal, to some of the most successfully campaigned and revenue-generating females are included in this very offering. We acknowledge that this beef cattle model may not attract "commercial cattlemen," yet the stockmen and women who have purchased livestock from this sale series are more than satisfied with their investments. These cattle are bred with a diverse thought process and the belief that both sexes must be of superior quality, embodying the reputation that these firms are known for. These cattle have undergone multiple sorting sessions to eliminate problems or indications of potential issues, as there's no room for nonsense, and they recognize that returning or prospective customers don't need the inconvenience of issues either.

I had the opportunity to engage in a conversation with a bull customer from this sale a year ago. He and his wife have been in the Simmental business for over three decades in western Oklahoma, and they have an excellent reputation. The bull they purchased last year is big and powerful, having covered a large set of cows this past summer. The bull measures over a six-frame score and weighs nearly a ton, so those who say "show cattle/good phenotype cattle" don't have real performance may need to rethink that assumption. We assure you that both families know and understand that some of the genetics and some of the cattle in the "show industry" are quite removed from reality, which is why those genetics are not represented anywhere in this sale book. These cattle are bred to generate profit, they are bred to be the quality that can help make land acquisitions, pay the feed bill, keep the lights on, and provide for anything else that an outfit needs to survive and thrive in today's world!

Willie Weis is known for being one of the most discerning and exceptionally selective livestock evaluators in the beef industry. He examines every crucial physical trait that impacts longevity and the overall quality of animals. His focus on skeletal structure, appearance, and the balanced proportions of muscle and body shape is unmatched. As you explore this book, you should be able to recognize the influence of those selection principles and how they are applied. Ty Bayer and Willie enjoy a strong relationship and share many common goals in this business, aside from staying at the forefront. Their customer service is unparalleled; with minimal questions asked, they seek your business, loyalty, and trust, doing everything possible to uphold a long-term business relationship grounded in integrity, as well as your success and satisfaction.

This is a very legit set of bulls and females with premium skeletal quality and the necessary growth, power, and substance to advance any program. We encourage all to engage in conversation with Willie, Ty, or Scott about the offering. If you should need further assistance, reach out to any of the Innovation AgMarketing team with questions about the offering or the business of the auction. We hope to see all of you on President's Day at the Weis Cattle Company facility!

God bless America and please enjoy the cattle,

*Jered Shipman Graham Blagg Tim Anderson*

**INSURANCE:**

James Bessler: (815) 762-2641

**TERMS & CONDITIONS:**

All cattle will sell under the suggested terms and conditions of the respective breed associations in which are represented throughout the sale offering – American Angus Association, American Simmental Association, and the Red Angus Association of American. All sales are final.

**BULL GUARANTEE:**

We guarantee that all bulls sold through our sale are fertile. If a bull is injured anytime in the twelve months following the sale, that makes him functionally infertile, we will provide a replacement bull or issue a credit in following sales, equal to the purchase price minus the salvage value received for your bull. The sale credit can be used on bulls or bred heifers the following year. This is not an insurance policy. The guarantee is in addition to the sale terms and conditions suggested by the respective breed associations that are represented throughout the offering.

**SEMEN INTEREST:**

TC Reds & Weis Cattle will retain 1/3 semen interest on all bulls selling; meaning if either breeder should choose to collect semen on any sale bull, they would have the option to do so at the seller's expense. In addition, if semen is sold on any bull(s) that is collected, revenue shall be split with seller retaining 1/3 of proceeds. Buyer will receive 2/3 semen interest, full possession, and salvage value unless otherwise specified or announced.

**BRED HEIFERS:**

TC Reds & Weis Cattle will retain 2 successful flushes with a minimum of 6 transferable embryos per flush on every female in the offering, unless otherwise stated. The flush work to be done at the buyer's convenience and seller's expense.

**SIGHT UNSEEN GUARANTEE:**

If you are unable to make it to the sale, please feel free to reach out to anyone associated with the breeders, sales team, or authorized sale representatives to help find the best fit for your operation. Please reach out to TC Reds or Weis Cattle ahead of sale day to discuss the cattle in more depth. 100% customer satisfaction is guaranteed!

**BULL DEVELOPMENT:**

All bulls selling can be developed at no additional cost through April 15, 2025. At that point we will semen test, administer pre-breeding shots, worm, and pour your bull. If you plan to leave your purchase in our care, it is required that you insure your purchase. Any bull remaining in our care past the April 15th date are subject to yardage costs.

**ANNOUNCEMENTS:**

A supplement sheet will be available sale day with updated information, corrections, and additional information. This sheet and any announcements made sale day from the auction block during the sale, will take precedence over printed material associated with the sale.

**LIABILITY:**

Anyone attending this sale attends at their own risk. Sellers, facility owners, nor the sales team will not be held responsible for any personal injury from attending this sale.

**VIDEOS:**

Videos of cattle will be available prior to the sale. The videos will be available for viewing at [www.CCI.live](http://www.CCI.live) and [www.InnovationAgMarketing.com](http://www.InnovationAgMarketing.com)

**SALE INFORMATION**

# THE ANGUS BULLS

**LOT 1**

- The Angus division in the TC Reds & Weis Cattle Bull Sale has experienced tremendous success over the last several years. In fact, the sale produced the 2024 National Junior Angus Show Grand Champion Bred & Owned Bull this past summer for Tucker Bayer and Terry Kruse. CLF BA El Dorado 440 is arguably one of the most impressive Angus herd sire prospects that has EVER been offered by either firm associated.
- CLF BA El Dorado 440 is an extremely eye appealing, stout featured, bold ribbed, square made Angus herd bull candidate that has been blessed with extreme hair quality.
- The dam of this intriguing individual is a daughter of Colburn Primo 5153 that was bred in the same program that produced the impressive AI sire known as Black Ace Double Run 4/8.
- Invest in the future of your breeding program with an Angus AI sire prospect that has unlimited upside and earning potential!

# THE ANGUS BULLS

**LOT 2**

- Another dynamic son of the very impressive STAG Good Times 201 ET stud that is backed by one of the most reliable and prolific Angus females to call home to Ringle, Wisconsin. 53M is a stout boned, big footed, rugged made herd bull prospect that is loaded with quality and eye appeal.
- Hoffman JJD Princess 6018 has produced several bulls and females that have been featured in past production sales. 6018 is a daughter of the two-time NWSS Reserve Grand Champion Angus Bull, BSF Opportunist Z5. The maternal side of her pedigree traces to the world record selling Greens Princess 1012!
- Power in the blood has never meant more!

CLF 24 KARAT 16L - Maternal Brother to Lot 2

# THE ANGUS BULLS

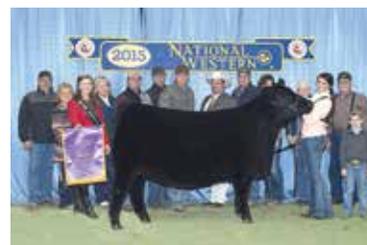

**LOT 3**

**LOT 4**

- Next up is a son of the past sale feature, CLF 24 Karat 29K, a son of SCC SCH 24 Karat 838 that was selected by Jacob Moore of Buck Creek Ranch. 29K has done a tremendous job for the Bayer and Moore families, siring several high sellers and sale features for both firms.
- CLF Switchback 34M is a direct son of the incredible Top Line Lady 3330, the many times National Champion Angus female for the Bayer family. 3330 was the 2014 NAILE Grand Champion Junior Angus Heifer and the 2015 NWSS Grand Champion Angus Heifer. 3330 has produced countless high sellers and individuals of influence during her tenure in production. Several daughters of 3330 are currently working in the herd and creating their own legacies in production.
- A logical option if you're looking for a bull to sire elite replacement females. His pedigree aligns the two most prominent cow families in Ringle, Wisconsin!

**TOP LINE LADY 3330** - Dam of Lot 3

- 44M is another stout featured, bold bodied, big topped, square pinned herd sire prospect that is sired by CLF 24 Karat 29K. The dam of this high quality herd sire prospect is a young and productive daughter of Gambles JAS Jestress 5012, the many times champion Angus female that was bred in the Gambles program of Tennessee.
- 5012 is a daughter of the "cow maker" known as S A V Net Worth 4200.
- A maternal brother to 44M, CLF Charm 65L, was purchased in last year's sale by the Kaehler family of Minnesota.
- Genetic consistency and cow power is key!

**CLF 24 KARAT 29K** - Sire of Lots 3-6

**LOT 9**

RJ TRUST FUND 212K - Sire of Lots 8-10

- We initiate the SimGenetic offering with a pair of full brothers that are laced the greatest from the Weis program.
- Their dam is the famous generator KC2 Miss Victoria 6H that is owned jointly with the Lashmett Family of Illinois. 6H is gaining momentum to be one of the go-to Simmental donor females that consistently produces the goods that are in demand anywhere in the land.
- RJ Trust Fund 212K is the 17th Annual Embryos on Snow, Denver edition \$135,000 sale feature offered by RJ Cattle and purchased by Cowan Cattle Company of Wisconsin. He is the buzzword in the breed when it comes to sire suggestions for cattle with eccentric phenotype with worldly substance and power.
- A full sister to this tandem commanded \$105,000 this past fall for Weis and Lashmett and full sib embryos commanded \$3400 a piece at the recent Embryos on Snow in Oklahoma City.
- This pair of Baldy brothers has so much to offer any beef operation: not only pedigree and cow family but also longevity, which is tied to the gene pool.
- Both are dense, loose-hinged, flexible, rugged, durable, athletic, bold, and incredibly stout for their glass-like profile.
- Regardless of the scope or focus of your respective operation, either or both of these herd sire prospects fit the bill for industry specs on phenotype, performance, conversion, and red meat yield.

**TERMS ANNOUNCED SALE DAY.**

- What an incredible prospect with a name brand donor dam behind him!
- This son of RJ Trust Fund 212K is a son of the proven KCC1 SWC Harmony 847H.
- A jet black prospect that sets very high out of the top of his blade with a masculine presence through his front third. He transitions flawlessly into his forerib with plenty of depth and shape to his center rib as well. His back shape starts right behind his blade and trends wedge like to a big square pin set. The included running gear could very well be prototypical as well as the giant feet he plants to the surface.
- He's no doubt one of a kind, but the right kind.

- This guy won't come up short on the big pieces! He may have the biggest legs of the offering and he is giant pawed as well.
- Uniquely wild and extended out of his front third, flat and smooth in his shoulder, big in his upper rib, and leaves as genuine and square to the ground as one would desire.
- His dam is quite possibly the very best of the Mr HOC Broker x CLRS Dairy Queen 606D daughters in the country.

**BRAND NEW MAN 001H**

Sire of Lots 11-13

**CLRS DAIRY QUEEN 606D**

\$74,000 Maternal Granddam of Lot 11

# THE SIMMENTAL BULLS

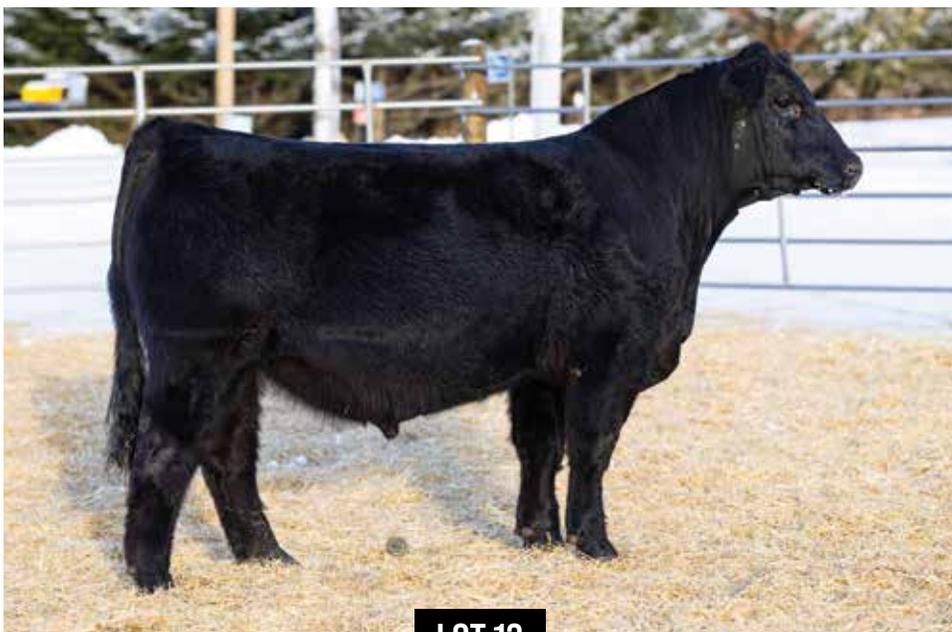

**LOT 12**

- One thing that is consistent about this annual offering is that the stock will all be rock stars for balance, look, and skeletal quality.
- This son of Brand New Man 001H is out of the Stella 08E donor, a female that needs little introduction to the masses. 08E was the 2019 National Western Stock Show and Fort Worth Stock Show and Rodeo Reserve Champion Female that has produced countless high sellers and show champions for the TC and Weis firms.
- 80M comes balanced with the equipment to go the distance. Muscle, center body, flexibility, agility, and skeletal integrity will not be sacrificed when you introduce this cat to a set of cows.

STELLA 08E - Dam of Lot 12

**LOT 13**

- This son of Brand New Man 001H ratioed 106 at weaning with 722 pounds.
- 19M is long sided, bigger in his frame, loose in his build, and very smooth and attractive in his profile.
- He should leave a gorgeous set of daughters behind and the cull male progeny should have the stretch and weight to top any progressive feeder cattle market place.

TCB DOUBLE 32K - Maternal Brother to Lot 13

# THE SIMMENTAL BULLS

**LOT 14**

- This would be the inaugural set of male progeny by the young Weis herd sire, Only One.
- Herdsire prospects built like this are not at every turn.
- His unique pedigree blend with the Mr CCF 20-20, Plum Creek Paradox 161B, and SS Ebony's Grandmaster offers considerable breeding flexibility based on the genetics that back many of the great breeding bulls in the breed today.
- 455M came to the weaning pen with 761 reasons for your continued interest to ratio 105.
- Phenotypically, he has been a standout from day one. Extra length, extension, balance, and shear power complement the high quality running gear he sets himself on.
- He's certainly a breeder bull but if you're a progressive commercial cattleman our hats off to you for finding him.

*The Inaugural Progeny from Only One!*

# THE SIMMENTAL BULLS

**LOT 15**

- The many time champion percentage stud, Reckoning 711F, is proving to be a breeding bull. Sure the general public has marketed countless female progeny with success, but once they get them in production, the recognition becomes reality.
- Like his dam, this dense, big boned, flexibly built creature has the equipment to be your next herdsire of quality.
- He is the biggest boned, stoutest featured, ground pounder with loads of shape and genuine dimension.
- Another herd bull candidate with elite breeder possibilities!

**LOT 16**

- Only One had the opportunity to service all of the leading divas in the Weis program.
- This son of the youthful and profit driving Weis Miss Nala 401H raises the bar for style, length, and extension among the pool of Only One sons.
- "Nala" would be one of the more notable daughters of the foundation donor dam, JPLF/RBS Your The One, more commonly known as "Rudy", and a maternal sister to many of the high selling bulls and females of all sales past!

- If you prefer your turn-out bulls to be youthful, athletic, stout boned, smooth as glass, and elevated in their pen presence, Lot 17 needs your critical eye!
- He is the direct son of the great "Rudy"!
- If your operation is focused on seed stock and you need one to improve phenotype and calf-raising ability, or if your commercial beef entity is purely focused on marketing feeder cattle with market-topping eye appeal or high-end replacements, look no further.
- Moderate 81 pounds at birth that converted to 700 pounds at weaning; the credentials keep adding up.

**JPLF/RBS YOUR THE ONE "RUDY"** - Dam of Lots 17 & 18

# THE SIMMENTAL BULLS

**LOT 18**

- Baldy making certified stud of quality!
- The chrome came through strong in the full sib to lot 17. However, we believe that he does do some other things maybe a pinch better than his solid colored sibling.
- He sets lower into the base of his quarter, he too is a freckle deeper in his heart and flank, but he comes with the same high quality feet and running gear the family is known for.

**LOT 19**

- Willie has been dedicated and passionate about investing in the great cow families of the breed. He tied into the maternal granddam of this stud many years ago to inject the presence of the immortal Ruby donor Rhythm 418P.
- The modern build and design of Only One clicked very well with the old school genes as this one sets high and arrogant out of his shoulder and is stout in his jaw with a masculine presence. He has the flexibility and correct angles that allow him to get out and go with zero deviation in skeletal quality or integrity.
- He's simply a classy herd bull prospect with limitless potential that pounded the scales down at weaning with over 770 pounds of payweight.

**SO REMEDY 7F** - \$530,000 Sire of Lot 20

**MME SURRENDERS LADY** - Dam of Lot 20

- As a cattleman who values breed character and quality animals, it pains me when I ask a question like, "How does he/she move?" and the answer is, "Like a Simmental," or when people say, "He/she is pretty good looking for a Purebred Simmental." Chris Effling has made the statement, "If the cattle weren't as good as what they are, we would have sold them years ago," on more than one occasion. As a promoter of SimGenetic stock, it's my job to say how good the cattle are, but seriously Clark, if you think that we give up quality to the rest of the registered public, then you need to look a little harder.
- Cattle like this son of the \$530,000 SO Remedy 7F from one of the silent, high quality donor families, HMYH Surrender OSC, have their place in the business. To be honest, I, of all people, didn't think that Purebred Simmental stock could look quite this. He's simply an outlier for the good outside traits.
- His look is aberrant, build is singular, and his body shape and transitions are rare!
- If you like or prefer to be "out there" then dare to acquire lot 20.

# THE SIMMENTAL BULLS

**LOT 21**

- Another consistent fact with this set of SimGenetic bulls is the near exact front skeleton construction of the cattle. Big footed, deep heeled stock that are set soft and flexible in their pastern, with the correct angle or set to their knee while transitioning correctly into the base of their shoulder. It's something that Willie will comment on and something that he has worked hard to achieve over the years.
- This son of STCC Tecumseh 058J offers extra length, substance of bone, and the expression and shape associated with cutability and end product yield.
- He's one of many direct sons of the proven, profit earning donor dam, referred to as "Rudy".

**STCC TECUMSEH 058J** - \$620,000 Sire of Lot 21

**LOT 22**

- This half blazed marked son of the paternal brother to STCC Tecumseh 058J referred to as Second Chance 601H would also be a maternal brother to the hottest donor in the Weis program, KC2 Miss Victoria 6H. Certainly, a herd sire prospect entrenched with the breed's greatest cow families and proven sires as well.
- 45M is very complete, very smooth, big and soft bodied, and stout ended.

**MISS BANKROLL 50F** - Dam of Lot 22

**SECOND CHANCE 601H** - Sire of Lot 22

**RECKONING 711F** - Sire of Lot 23

- Yet another proud, high tying display of arrogance and poise that should leave a set of baldy replacement females that the neighborhood will be envious of.
- He is from the SS Ebonys Grandmaster sired daughter of the legendary Rhythm 418P.
- Laced with the goods on both sides of his pedigree!

**RHYTHM 418P** - Maternal Granddam of Lot 23

# THE SIMMENTAL BULLS

**LOT 24**

- WINC All Right 213K did a very good job on his freshman class of stock and after the masses witness this first set, his junior class could be huge in terms of the number of head registered that carry his sired influence.
- We do think that this prospect could be used on heifers based on his moderate birthweight and smooth, skeletal design. He, too, bares the influence of the past calving ease stud marketed by the Werning firm, W/C No Remorse 763Y, as his maternal grandsire.
- A stud who comes with the shape, the rib, the look, and the flexibility to go the distance when turned out.

**WINC ALL RIGHT 213K** - \$147,500 Sire of Lot 24

**LOT 25**

- The quality keep coming as we have another huge centered, big ended prospect that is incredible in his presence.
- A herd sire prospect that lines up Miss Star Above, RJ Ellie 7052E, SVF/HS Expecting A Dream and Rhythm 418P with Mr HOC Broker, Mr NLC Upgrade U8676, and Profit into one pedigree of merit.
- He's as legit as his photo, so get geared up.

**GP6 ROYALTY 219H** - Maternal Brother to Lot 25

**TL REVENANT 35** - \$100,000 Sire of Lot 25

# THE SIMMENTAL BULLS

**LOT 26**

- Another obnoxiously proud and freakishly constructed purebred herd sire prospect!
- He is genuine in his body design, bold in his upper rib and back, with plenty of reasons from behind to be a herd bull of integrity and fashion.
- He is a direct son of the VEF Ant 60G which has produced countless success stories for the Weis and Coor programs.

**VEF ANT 60G** - Dam of Lot 26

**LOT 27**

- The first son of the highly decorated TL Sadie 37K, shown by Colt Roeder!
- TL Sadie 37K was a definite front runner every show she attended for that coveted spot. The female was selected 3RD Overall at the 2023 AJSA Summer Classic, Reserve Champion of the Illinois State Fair Junior Show, Champion Purebred Simmental Female of the North American International Livestock Exposition Junior Show, and was Reserve Champion Purebred Female of the 2023 North American International Livestock Exposition Open Show.
- 337M is high-end and high caliber in terms of general build and quality. He too is a heifer bull candidate as a direct son of the past Reserve National Champion WHF/JS/CCS Double Up 365G.

**TL SADIE 37K** - Dam of Lot 27

**JSUL SOMETHING ABOUT MARY 8421** - Sire of Lot 28

- A son of the late legend, JSUL Something About Mary 8421 from a youthful and successful SimGenetic daughter of Plum Creek Paradox 161B.
- He's another suggestion for use on heifers with a modest 78-pound birthweight and the smooth, correct build associated with calving ease credentials.
- He's an ideal-colored redhead with great hair quality, body shape, thickness, and substance to his skeletal build.
- When at the crossroads, quality always succeeds, as good cattle will never go out of style.

| 82   | 53 | 29 | 7   | 1.1 | 62 | 95 | 19   | -0.01 | 31 | 0.5 |

- TC Rio Bravo 64M is a standout son of the \$36,000 past sale feature known as TC/HOC Lone Star 22K, the EGL GCC Red Eagle E7194 son that was selected by Hidden Oaks Cattle of Texas. TC/HOC Lone Star 22K was the 2023 World Beef Expo Reserve Supreme Champion Bull Overall Breeds. This past December his first progeny highlighted the TC Reds "Visions in Red" Production Sale averaged just north of \$10,000 per head!
- TC Rio Bravo 64M is an own son of the legendary ORAR Topeka RB25, one of the foundation matriarchs in the TC Reds breeding program. Countless high sellers, champions, and individuals of influence have been derived from this elite matriarch.
- 64M sets the standard for skeletal quality, eye appeal, and overall stoutness. He further compliments this with a dark cherry red hid color.
- The fact that he is backed by an elite cow family on both sides of his pedigree combined with his phenotypic strengths position him as one of the best Red Angus herd sire prospects to sell during the spring 2025 bull sale season!
- He ranks top 2% YG, top 3% REA, top 3% Fat, top 15% DMI, and top 25% STAY.

**TERMS ANNOUNCED SALE DAY.**

- Here is another son from the impressive ORAR Topeka RB25 donor, a female that has written her own chapter in the history books! TC Jazz 12M is sired by the tried and true legendary herd sire known as Meado-West Jazz, a bull from the mid 90s that we have continued to utilize due to the consistency, maternal strength, and longevity that his daughters offer. There is no doubt that 12M will be an elite female maker!
- Several maternal sisters to 12M have highlighted past TC Reds "Visions in Red" Production Sales!
- If you're searching for a Red Angus bull that will improve udder quality, foot design, and fleshing ease... then turn to TC Jazz 12M as the fix all!

### MLK BIG FOOT

Product of the Meado-West Luanna cow family!

### J2R RESOURCE 144J

Sire of Lots 31-33

- TC Resource 01M is the first son from J2R Resource 144J, arguably one of the most consistent herd bulls that has ever been utilized at TC Reds! The sheer mass, skeletal quality, stoutness, flexibility, and masculine look that he portrays is simply second to none!
- 01M is a carbon copy of his sire at this age. Perfect at the surface, square built, wide based, and stout pinned. He is a massive bodied, dense made herd bull candidate that is certain to make an impact on the program that has the winning bid on sale day!
- The dam of 01M is the impressive TC Luanna F112, a daughter of BHR Durango 1158 that is backed by the influence of the famed Meado-West Luanna cow family. Meado-West Luanna is also the maternal granddam of the iconic MLK Big Foot!
- A powerful pedigree combined with an incredible phenotype position TC Resource 01M as a top shelf herd sire option!

# THE RED ANGUS BULLS

**LOT 32**

- TC Resource 107M is another son of J2R Resource 144J that deserves a hard look on sale day. Here is one of the youngest bulls in the entire sale offering, but do not let that detour you from his unrivaled quality!
- The dam of 107M is YRTX Fiona 854, a premier daughter of the legendary maternal sire known as NBAR Hamley S913, a sire that has made a substantial imprint within the Red Angus breed.
- 107M is bold in the shape of his rib cage, deep sided, and square off both ends of his skeleton. Pay attention to the potential that this bull offers, he might be as impressive as any at turn out time!

**TC ANNIE 108L** - Full Sister to Lot 32

**LOT 33**

- TC Resource 131L is the third son of J2R Resource 144J in this year's offering. The dam of this age advantage fall yearling bull is Ferree Elisha, the Black Red Carrier female that offers an outcross Angus pedigree to the Red Angus database. She was bred in the Ferree-Fitzgerald program at Sullivan, Indiana.
- Ferree Elisha is backed by the influence of Cherry Knoll Elisha 1589, the impressive Plum Creek Paradox 161B daughter that traces to the famed Pathfinder Dam known as Elitia of Conanaga 5382 2547 at Connealy Angus Ranch.
- A bigger framed, long bodied, dense made herd sire prospect that is ready for heavy service!

PE 5/10/24-8/1/24 RBS REMEDY L293 (ASA: 4283769)  
 ESTIMATED DUE 3/10/25.

- The bred heifer division has been a focal point in this particular sale since it's induction. Willie and Ty have remained focused on offering the cream of the crop annually. It is no secret that both firms behind this offering have bred, raised, and marketed show heifers at the highest level. They have never wavered from the commitment to offer bred females that are straight from the heart of their breeding program. Not a single female in this offering is a "left over", in fact this set of females was sorted specifically for this marketing event! They have been cared for and managed as well as any set of bred heifers to sell in North America this spring!
- Weis Ruby L064 is an absolute bombshell that is supported by the influence of the tried and true "Rhythm" cow family that calls home to Ruby Cattle Company in Murray, Iowa. The dam of L064 is a stunning half-blood first calf heifer sired by SCC SCH 24 Karat 838 that is from the prolific B064 donor dam.
- L064 is sired by WHF/JS/CCS Double Up G365, a son of the legendary WHF Summer 365C. Her pedigree aligns some of the most prominent cow families in the Simmental breed.
- Massive, three-dimensional, flawless on the move, and loaded with power and substance. A true sale feature that will find her way into the donor pen of the winning bidder!

# THE BRED FEMALES

**LOT 38**

**LOT 39**

- 87L is a stout made, powerfully constructed, ultra-attractive profiling SimGenetic brood cow/donor prospect that is sired by the \$250,000 TL Ledger and from the famed "Rhythm" cow family.
- The dam of 87L is Weis Miss Sarabi 084H, the Plum Creek Refresh 561A sired daughter of Ruby NFF Rhythm B064. This has been a very reliable cow family over the years for Weis Cattle, producing countless champions and high sellers.
- A full sister to 87L was selected by Claiborne Perry of Mississippi. A maternal sister by Second Change 601H was purchased by Marcus Gaul of Iowa. The B064 female was a many times champion that has evolved into one of the premier Simmental donors for the Weis and Lashmett families.
- She sets the standard in terms of skeletal quality, balance, and overall style. As an added bonus she will calve before sale day to the SO Remedy 7F son known as SFI Longs In Charge K28 for a quick return on investment!

**TL LEDGER** - \$250,000 Sire of Lot 38

- SMG/Weis Autumn 319L is a daughter of Weis Unmatched G401, a son of the \$250,000 TL Ledger that is backed by the prolific JPLF/RBS Your the One "Rudy" donor at Weis Cattle. 319L is a bold ribbed, square designed female that is flawless at the surface and offers a look of quality and style from the side that is hard to mirror!
- A maternal sister to the sire of 319L is the very impressive Weis Miss Lilly 35J, the 2023 Cattlemen's Congress Grand Champion Purebred Simmental Heifer for the Roeder family of Illinois. Another maternal sister is working for Lafrentz Cattle of Oklahoma.
- 319L sells safe in calf to the SO Remedy 7F son known as RBS Remedy L293!

**CURTINS LINDA 6J** - Dam of Lot 39

# THE BRED FEMALES

**LOT 40**

- The first of two daughters from the now deceased EWCC Cher 28D donor. Weis Miss Cher 81L is a stunning blaze faced female sired by the legendary VCL Foresight, the sire of the \$620,000 record selling STCC Tecumseh 058J.
- 81L is chiseled about her front third, clean chested, and opens up into a bold and three-dimensional rib cage design. We love the natural dimension and capacity that this captivating baldy female brings to the table.
- Her dam, EWCC Cher 28D, was one of the most consistent and reliable females in the Weis Cattle donor arsenal. She sells safe to her AI date and will calve before sale day to the SO Remedy 7F son known as SFI Longs In Charge K28!

**EWCC CHER 28D** - Dam of Lots 40 & 41

**LOT 41**

- Here is a POWERFUL daughter of EWCC Cher 28D that is sired by the Wayward Hill Farm bred stud known as WHF Entourage H450, a son of the six-figure valued KCC1 Exclusive 116E that is backed by the famed WHF Delilah 45D.
- 89L is a dense made, bold centered, easy fleshing female that offers a very practical look of maternal function.
- This dense made brood cow/donor prospect is developing a very uniform and refined udder design to compliment her productive body style.
- The pedigree that supports this female aligns some of the most prominent cow families in the Simmental breed... bid with confidence!

**WHF ENTOURAGE H450**  
Sire of Lot 41

- Allow us to introduce you to the very impressive Weis Miss Rudy 83L, a FULL SISTER to the \$30,000 high selling Simmental bull in last year's sale that was purchased by the Hamburger family of Oklahoma.
- This full sister to Weis Vortex 1360L offers the same captivating look of quality and balance from the side that he possesses. She ties high at the top of her neatly laid in shoulder, while transitioning into a bold and three-dimensional rib design.
- The set to her hip and hind leg is simply textbook, while her extra mass and dimension is truly what separates her into a league of her own.
- This stunning baldy female is a maternal sister to Weis Miss Lily 35J, the 2023 Cattlemen's Congress Grand Champion Purebred Simmental Heifer! Another maternal sister is working in the donor pen at Lafrentz Cattle of Oklahoma.
- The list of high sellers, champions, and now individuals of influence within the breed that trace to this specific cow family is simply incredible!
- In addition to her stunning look of quality, this prolific female sells safe AI to SFI Longs In Charge K28 for a speedy return on investment!

# THE BRED FEMALES

**LOT 43**

**LOT 44**

- L85 is the first of two daughters from the prolific W/C Chica Linda 0201H donor dam, a daughter of the \$205,000 W/C Bankroll 811D that is backed by the influence of the famous W/C Miss Angel 2870Z donor, one of the most prolific daughters of the iconic Miss Werning KP 8543U.
- L85 is a stunning daughter of the \$530,000 SO Remedy 7F, an influential individual that has made it very clear that he is a dominant sire of elite females! Countless daughters of SO Remedy 7F have made their mark in the show ring and are quickly proving their true worth now that they are in production!
- An incredible balanced, ultra-unique female that offers superior skeletal quality and maternal functionality. A must see on sale day!

**W/C MISS ANGEL 2870Z**

Legendary 3rd Generation Dam of Lots 43 & 44

- TCB Linda 42L is another daughter of W/C Chica Linda 0201H that deserves serious consideration on sale day! This stunning daughter of WHF/JS/CCS Double Up G365 has been blessed with an extreme look of quality and style from the side!
- We love her extra stoutness at the surface, coupled with her genuine rib shape and capacity. She ties high at the top of her neatly laid in shoulder, while transitioning seamlessly from end to end.
- She sells safe in calf to the many times Reserve National Champion Bull and resident herd sire in Ringle, Wisconsin known as SO Remnant 418J for a quick ROI!

- We initiate the Angus division of this powerful set of bred females with a direct daughter of the iconic UDE Queen Ruth 9088, affectionately known as "Becky"! This beauty was the first daughter from the famous KR Casino 6243 x KDJ Queen Ruth 502 mating to ever be offered to the public when she sold in the 2019 edition of "The Advantage" Production Sale. UDE Queen Ruth 9088 was the 2020 NWSS Division III Champion prior to the start of her very illustrious production career.
- "Becky" is a cornerstone breeding piece that consistently generates at the highest level. In 2021, she raised a daughter by SCC SCH 24 Karat 838 that was purchased by the Curtin family for \$27,500. That heifer was later selected as the 2022 IA Beef Expo Reserve Supreme Champion Breeding Heifer and was one of the most competitive junior heifers shown in the Midwest.
- The 2022 edition of the Weis Cattle online heifer sale saw UDE Queen Ruth 9088 do it again! Another daughter by SCC SCH 24 Karat 838 was the featured lot 2 heifer that sold for \$100,000, while another daughter sold for \$14,500 that was sired by PVF The Natural 7042. In 2023, the preference for the SCC SCH 24 Karat 838 mating on "Becky" was reiterated with her \$19,500 high selling daughter.
- A year ago in the TC Reds & Weis Cattle Bull Sale, a son of "Becky" sired by GCC Money Earned 852E ET sold for \$24,000 to Gana Farms of Martell, Nebraska!
- This massive bodied, powerfully constructed, dense made donor prospect offers the phenotypic and genetic strength to elevate any program to the next level! She sells safe in calf to BNWZ Dignity 8017, which should allow for maximum return on investment potential right out of the gate!

- 67L aligns the most prominent cow families in the Angus business into a single pedigree. It is with great excitement that we introduce you to CLF Phyllis 67L, a daughter of SCC SCH 24 Karat 838 that is backed by the impressive FCF Phyllis 770 donor.
- FCF Phyllis 770 was the 2019 NJAS 4th Overall Owned Heifer. She is a direct daughter of the iconic SCC Phyllis 051, one of the most influential females in the history of the Angus breed when it comes to producing elite phenotype Angus seedstock.
- There is no denying the skeletal quality, volume, capacity, and overall eye-appeal that this dynamic female brings to the equation!
- She sells safe in calf to the popular Musgrave Jumbo.

**FCF PHYLLIS 770** - Dam of Lot 48

- CLF Lady 58L is a derivative of the famed "Lady" cow family that originated in the Gamble program of Tennessee. This daughter of CLF Mandalorian 133H is a direct daughter of Top line Triple K Lady 8055, further tracing to the influence of Colburn Primo 5153 and Northern Improvement 4480 GF.
- 58L is from the same cow family that produced Top Line Lady 3330, the 2014 NAILE Grand Champion Junior Angus Heifer and 2015 NWSS Grand Champion Angus Heifer for the Bayer family. 3330 is a maternal granddam of OBAR Gambles Lady 1056, a female that has left a lasting impression on the Angus business. 1056 is also the maternal great granddam of CLF Lady 58L.
- Power in the blood would be an understatement!

# THE BRED FEMALES

**LOT 51**

**LOT 52**

- CLF Entella 69L is another standout from the Bushs Charmer 534 sire group. 69L is a sharp featured, well balanced, ultra-complete Angus female that offers superior skeletal integrity.
- The dam of 69L is a CLF Cash 74C daughter that was bred in the Meado-West program. Meado-West E701 is further influence by the influential MCATL By-Product 269-1394, an influential sire in the Musgrave Angus breeding program.
- 69L is ultra-feminine about her head and neck, robust in the shape of her forerib and center body, while offering a silhouette from the side that is hard to deny!
- She sells safe in calf to Musgrave Jumbo!

- 81L is another daughter of Bushs Charmer 534 that is certain to turn heads on sale day! We love the consistency and quality that is represented within the cattle sired by Bushs Charmer 534. Year after year, he continues to sire cattle with skeletal quality, substance, and eye appeal.
- This female is backed by the famed "Erica" cow family that calls home to Salem, Illinois. Kevin Rose has bred and raised some of the most dynamic Angus and Red Angus cattle in the business. His diversified farming operation is home to an incredible set of Angus females, both black and red hid!
- 81L is another female that boasts a near outcross pedigree, offering unlimited mating flexibility and earning potential for the winning bidder on February 17, 2025 in Saint Ansgar, Iowa!
