

BAR S RANCH 150

35th Annual Production Sale

MARCH 14, 2025

12:30 P.M. CST IN PARADISE, KANSAS

Welcome

TO THE 35TH ANNUAL

BAR S RANCH PRODUCTION SALE

The Bar S Ranch Family looks forward to seeing each of you at our 35th Annual Production Sale. Each year presents new challenges, but if we have moisture to grow grass, a good cattle market and health, we are blessed.

This year all of the bulls selling will be 18 months old to 2 years old. By doing this, we can calve later and develop the yearling bulls slower, therefore never pushing them on a high grain ration. Since we lost some lease grass, we are offering more 2 year old heifers, bred heifers and pairs. These are right out of our replacements, both Black Angus and Red Angus.

We lost a member of the family on February 6, 2025. Our son Chris passed away. Chris was born with Downs Syndrome, but was very active and worked on the ranch. Many of you remember Chris serving food on sale day. He will be missed.

Thank you for coming,

Ken, Pat, David, Stephanie and Family

35th Annual Production Sale Schedule

FRIDAY, MARCH 14, 2025

9:00 A.M. CST – Coffee and Pastries + Cattle on Display

INSURANCE

Insurance will be available for your purchases on sale day.

HEALTH

All animals will be accompanied with interstate health papers. All bulls have undergone a complete Breeding Soundness Exam by James and Sam Rohleder, DVM, Hays, KS.

INSPECTION OF CATTLE

The bulls are being fed at Bar S Ranch and may be inspected there anytime. Please call ahead if possible.

PERFORMANCE INFORMATION

Complete EPDs are listed in the catalog. DNA profiles have been run on all bulls and their EPDs reflect results of these genomic profiles.

TRUCKING

We will assist with trucking arrangements. We will offer FREE delivery within the state of Kansas on all registered cattle. We will also offer FREE boarding on all bulls until mid-April.

DISCOUNTS

\$100/Lot discount on all registered cattle that are picked up on sale day.

If you purchase 3 bulls, you will receive a 3% discount.

If you purchase 4 bulls, you will receive a 4% discount.

If you purchase 5 or more bulls, you will receive a 5% discount.

TERMS AND CONDITIONS

Cattle sell under the standard terms and conditions suggested by the American Angus Association, the Red Angus Association of America, and the American International Charolais Association.

FIRST BREEDING SEASON GUARANTEE

Bulls selling for \$3,000 or more are guaranteed for the first breeding season against injury. Breeding season is defined as 90 days following turnout. If a satisfactory replacement isn't available, credit will be given on a future bull purchase minus salvage value.

SEMEN

Bar S Ranch will retain 1/3 semen interest in every bull sold. Buyer gets full possession, 2/3 semen interest, and 100% of the salvage value.

LIVE ONLINE BIDDING

www.cci.live

Most family ranching operations are founded on discipline and sacrifice. Hardships can often be prevalent, but the grit and determination to succeed empower a progressive agriculturalist to move forward with strength of mind. Weather challenges, natural disasters, and a competitive land acquisition market are common stressors in ranching culture. Ken Stielow embodies the ranching community of Kansas to the fullest. He is a man of vision and leadership who understands the highs and lows that come with perseverance in ranching. As many of you know, the family and their neighbors have faced considerable challenges over the past five years, but this has not altered his master plan or its direction. Experience teaches us that some elements are within our control, while others lie beyond our grasp, but faith, common sense, discipline, and sound management practices will keep the operation on the right track.

With the help of his daughter, son-in-law, and their sons, Ken has developed the Bar S Ranch program to make the most of available resources. The cattle are chosen to thrive in their native environment, with a constant emphasis on the fundamentals of maternal instinct, fertility, weaning weights, and quality in balance and structure. The genetics used over the years have focused on reducing inputs and selecting cattle that excel within the management system. At the Bar S, the females are expected to calve on grass and produce calves of desirable weight at weaning, utilizing the range efficiently to gain weight with minimal or no supplementation. Females bearing the Bar S brand are required to breed back quickly, and their udder and foot quality are never compromised. These are only a few of the criteria that keep the long-term, loyal customer base returning each year for the next generation of bull acquisitions.

The stock between the covers of this catalog represents years of selection pressure, but one should notice that there are no yearling bulls in the offering! Transitioning this offering to all age-advantaged bulls is where the outfit is headed. They want their customers to have utmost confidence in the product offered, and they know and understand the value of a more mature herd sire. The bulls are both 18 months and two years of age, with several of the two-year-old bulls having ranch breeding experience as they were held back for utilization in the program. Confidence in your purchase experience should be heightened when sifting through this outstanding set of experienced and older herd sires.

Females in this sale book represent the very best of the outfit's Spring 2024 born heifer crop! It is highlighted by the Reserve Champion Pen of Three at the 2025 National Western Stock Show. B A R Dynamic is a new sire sampled by the program, and we know that you will agree that these females are of very high quality in terms of phenotype and own number profiles that are very impressive as well. We are confident that those who come on or before sale day or study the videos will be impressed with what you see. Of course, the female offering will include a great sort of commercial females from the Bar S Ranch pens and from customers who have done business with the firm for years. If you have been to the sale before, you know the quality to expect, and if it's your rookie experience, you should be impressed.

Please plan to attend the annual Bar S Ranch production sale. If you should need any assistance with the offering, do not hesitate to reach out to anyone on the Bar S Ranch team or any member of the Innovation AgMarketing team. We are willing and able to ensure that your buying experience will be convenient and pleasurable.

Please enjoy the cattle, and may God bless America!

Graham Blagg Jerod Shipman Tim Anderson

- BC Alpha C1327 helped to clarify the ranching theory at Bar S by enriching the program's minimum input approach to management while improving hoof quality and longevity.
- This stud ranks in the top 1% for Claw, top 10% for Angle, and the top 20% for \$M consistent with most of the "Alpha" sire group.
- His dam recorded a NR at 105 on 4 head. He also recorded an impressive WWR at 109!
- A truly special individual that offers tremendous skeletal quality and balance. He possesses real herd sire look!

- BC Alpha C1327 will be the legacy of Bill Conley in the Bar S Ranch program for generations to come. Bill and Donna will continue to have the goods, and the program will forever live on through the next generation.
- The extra punch of LD Capitalist 316 and Coleman Charlo 0256 thrive wholeheartedly in this square made, bold bodied, herd sire prospect.
- You will love the daughters you choose to retain in your program as he charts in the top 15% for CEM, the top 20% for Milk and HP, and keep values for \$EN, \$M, \$W, CED, BW, and DMI right where they should be to insure longevity in production.

LD CAPITALIST 316 Maternal Grandsire of Lot 2

ANGUS AGE-ADVANTAGED BULLS

- One that is wrapped in maternal prowess with the ability to sire a big ribbed, attractive, shapely set of good feeding stock.
- The blend of BC Lookout 7024 and EXT always met the expectations of dense, low input feedlot bound stock and the daughters retained were of excellent quality that remained in the program for years in production.
- He charts in the top 10% for \$EN, Claw, and Angle.

- Here is another son of TC Alternative 144 that offers tremendous length of body, shape, and overall dimension.
- A sure footed bull that is deep heeled and rugged in his overall design. We love the natural turn and shape to his center body and the squareness that he offers. A well balanced stud that is ready for heavy service.

ANGUS AGE-ADVANTAGED BULLS

Lot 26

- Bar S Barbara 5194 is one of the very good daughters of Bar S Range Boss 1118 in the program as evident in this son of Sitz Stellar 726D.
- We expect this stud to surface as one of the true heifer bulls in the offering as he charts in the top 10% for BW with top third values for CED.
- We feel that he is beneficial for those that operate in higher elevations or fescue country too, as he ranks in the top 1% for Claw, the top 3% for HS, the top 4% for Angle, and the top 15% for PAP.

- Bar S Pride 7808 is one of those timeless and proven matriarchs of consistent quality. One that is built with the utmost longevity in kind and structure with under quality only described in textbooks. Conley Express 7211 was not a heavily sampled sire in the program but the daughters have thrived under the tests of the true ranch environment and continue to pass the annual exam hosted on the Bar S.
- 3299 represents the very consistent sire group by Malsons Insight 96H that continues to be met with quality cattle with substance and shape. He ranks among the top 10% for Angle, the top 15% for DMI, the top 20% for \$EN, and the top 25% for \$F.

- Here is the poster boy for the Red Angus division!
- He maintains quite the pen presence as he sets desirably out of his shoulder with a bold fore and center rib shape, he's big in his back shape, stout in his pin set, and as true in motion as the driven snow.
- He is one that can build a program as he charts in the top 9% for HB, the top 13% for ME, top 21% for HPG, the top 22% for Stay, and a DMI value ranking in the top 27% of the industry.

- 5L is the power bull of the Red Angus division!
- This grandson of 9 Mile Franchise 6305 is wide at the surface, stout in his foot and bone, square and true from his hock to the ground, big ended, big pinned, with like back shape and true rib shape to match.
- He is long, big framed, and heavy. We expect him to sire scale pounding feeder cattle, and keep the right look in a set of females that will allow them to have retention value as well.
- 5L was just 72 pounds at birth but grew to perform to 712 pounds at weaning. He ranks with the best in the top 8% for CW, the top 12% for ADG, the top 13% for Milk, and the top 23% for YW.
- Keep in mind that his sire, HAHN Country Squire 1J is a full sib to C-Bar-RJ Mimi 8357F. 8357F produced the \$100,000 valuation stud, HAHN Road Warrior 3K, which was the 2024 National Champion Red Angus bull owned by Hahn Cattle Service and GKB Cattle.

- Virginia Tech Statesman is the son of Tehama Patriarch F028 that is without question a sire choice that can improve a numeric profile for any progressive breeder.
- 4512 sure could have made the cut for the Pen of Three for the National Western Stock Show. She is very impressive in person with the extra length, frame, and body shape with true muscle throughout. She plants to the surface with a big foot and offers plenty of substance and flexibility from end to end.
- This female ranks in the top 10% for PAP and MH, the top 15% for WW, YW, and YH, and the top 20% for \$W.

- **DUE TO CALVE 5/13/25 TO BAR S ALPHA 0394 (AAA: 19909452).**
- What an incredible build and presence this creature has to offer to any eye of evaluation.
- She's very good at the surface, discerning and high tying through her front third, bold in her center body, big in her pin set, wide based, and great in motion.

BRED HEIFER

BAR S MISS 3346

DOB: 2/19/23 | TATTOO: 3346

- **DUE TO CALVE 5/13/25 TO BAR S ALPHA 0394 (AAA: 19909452).**
- One would be hard pressed to find another commercial Angus female with anymore look and substance.
- If you prefer look, balance, and body shape in your cow herd, then 3346 needs added to the program.

BAR S RANCH

60 COMMERCIAL OPEN BLACK ANGUS HEIFERS

We will offer these females in groups of 10. The winning bidder can take up to 60 in increments of 10, in order. These females have had all of their vaccinations per the ranch herd health protocol. They are OCV'd, dewormed, and poured. Bar S Ranch is willing to offer any semen they have on inventory if the buyer wishes to take advantage of the ranch's heifer breeding options. Please reach out to David Dickerson for more details regarding this set of females and the breeding service option at (785) 483-1454.

BAR S RANCH

10 COMMERCIAL OPEN RED ANGUS HEIFERS

These will sell as one group of 10 head. They have had all of their vaccinations per the ranch herd health protocol. In addition, they have been OCV'd, dewormed, and poured. Bar S Ranch is willing to offer any semen from their inventory if the buyer wishes to take advantage of the ranch's breeding options. Please reach out to David Dickerson for more details regarding this set of females and the breeding service option at (785) 483-1454.

LUND FARM & RANCH

20 COMMERCIAL OPEN BLACK ANGUS HEIFERS

The Lund Family has a reputation as a top shelf commercial operation. They invest annually in the very best maternally driven Angus herd sires. The outfit is a long time, generational customer of Bar S. They tie into the robust built, huge centered, low input bound prospects annually that also go back to some of the very best cow families on the ranch. This pen of cattle are always a sale feature! 20 head of the very best off of the top cut of the Lund Ranch replacement pen. Please reach out to the Lund firm for more details and information at (785) 483-1827.

HOBBS RANCH

10 COMMERCIAL OPEN ANGUS HEIFERS

The Hobbs Ranch has been in operation for nearly 13 decades. They have always been conscious of the bottom line and run a very tightly managed operation. The approach is low input, easy fleshing stock with utmost fertility and structural integrity at the forefront. These heifers will be OCV'd and fully vaccinated with dewormer and pour on on board. These will sell as one group of 10 head. Please reach out to Terry at (785) 769-4639 or Wes at (785) 623-9576.

BAR S RANCH

10 COMMERCIAL BLACK ANGUS 2 YR OLD SPRING PAIRS

10 Commercial Angus pairs will sell as two groups of five. The winning bidder can take all ten if they wish to do so. The group has been sorted off of the top end of the commercial pen. They will be laced with the best of the best from the Angus business and come from the influence of the high quality, maternal bull battery of Bar S Ranch. The cows have been OCV'd and have been on the herd health protocol suggested by the ranch management team. Pairs will be ready for grass and the bull of the buyer's choice. Please reach out to David Dickerson for more details regarding this set of females at (785) 483-1454.

BAR S RANCH

5 COMMERCIAL RED ANGUS 2 YR OLD SPRING PAIRS

Just like the Black Angus pairs offered by Bar S Ranch, this group of 5 Red Angus pairs is sorted right off the top end of the red hided, two year old females with calves. The cows have been OCV'd and have been on the herd health protocol suggested by the ranch management team. Pairs will be ready for grass and the bull of the buyer's choosing. Please reach out to David Dickerson for more details regarding this set of females at (785) 483-1454.
