Welcome to the 12th Annual Conley Cattle Bull Sale that will be held on Sunday, March 2, 2025, at the Conley Cattle Bull Development Facility on the ranch in Sulphur, OK. We have 75 bulls for you to evaluate that consist of 56 Angus, 18 Simmental and SimAngus and 1 Commerical Composite Charolais. We welcome you to join us Saturday, March 1, 2025, to evaluate the bulls and join us for a dinner at 5 pm that will include refreshments.

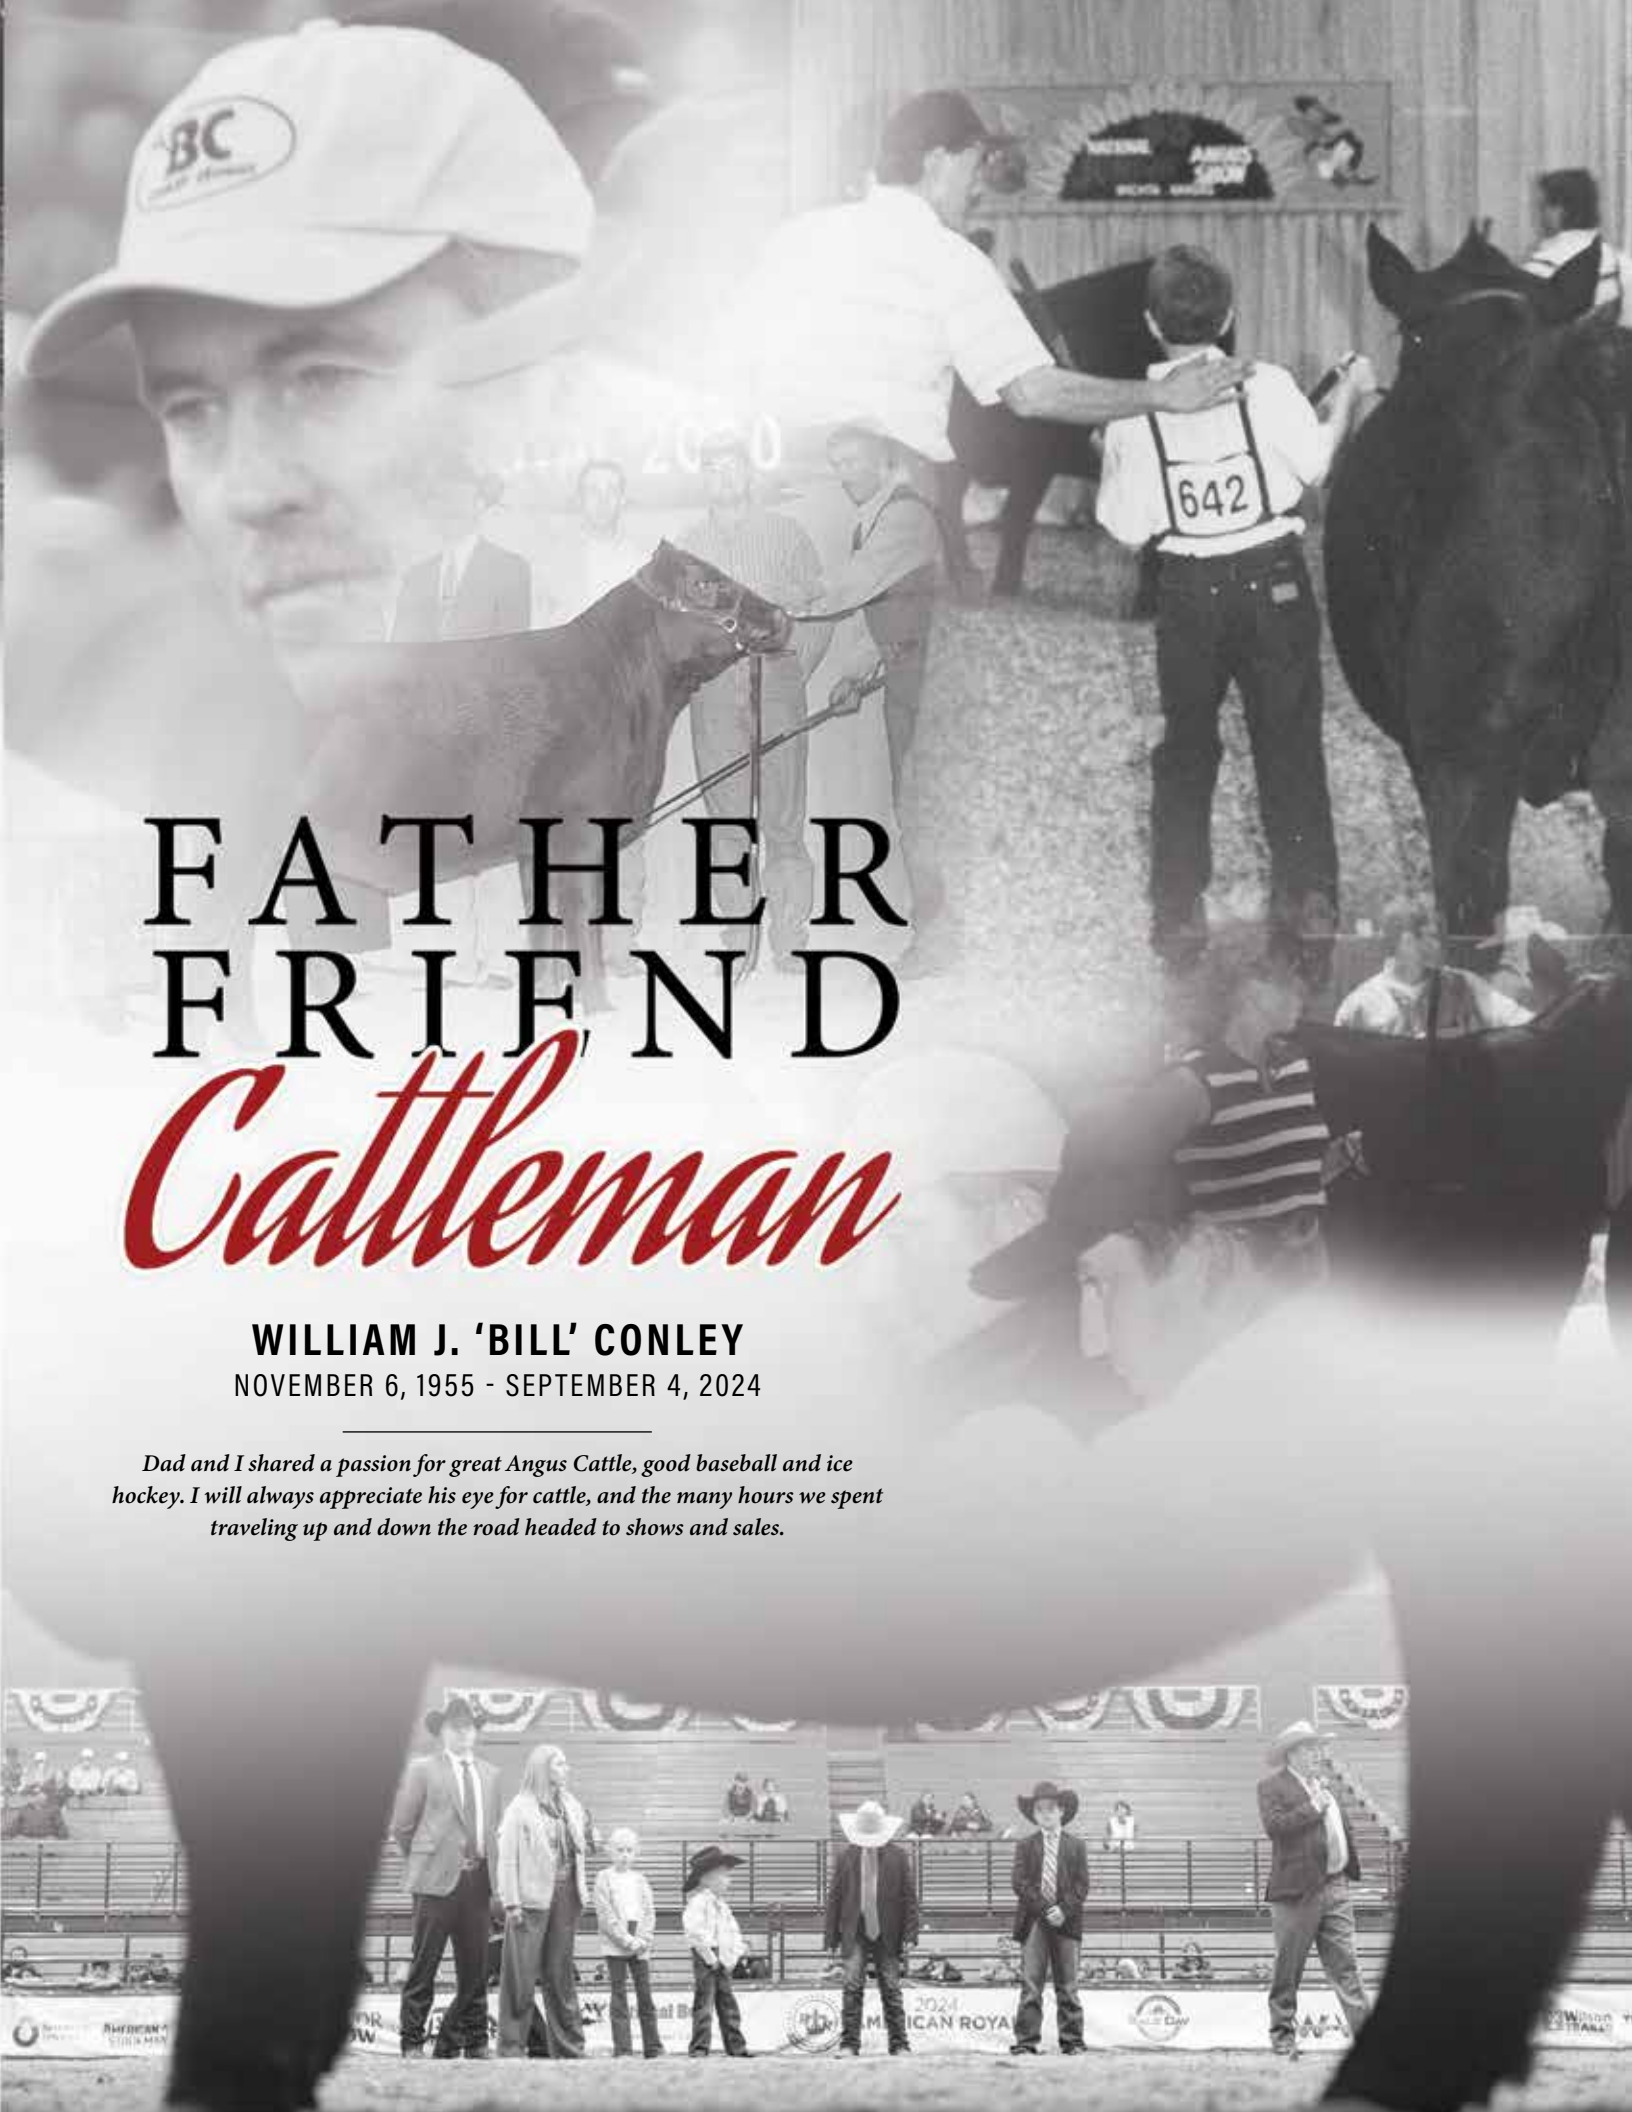

It is an exciting time to be in the Beef business as feeders, fats and replacement females are fetching all-time highs in the marketplace and even more importantly the genetically superior cattle are continually creating a larger spread in added premiums. This set of bulls stem from highly productive females that have superior maternal strenght with added performance and phenotype. We feel this set of bulls complement all facets of the Beef industry and will enable you the buyers to obtain the added premiums for top end feeders, fats and replacements.

We are excited about this set of bulls as they stem from some of our strongest cow families that have been so productive each and every year. The bull are always available at the ranch for viewing up to sale time so do not hesitate to stop in an view the offering.

Once again we hope you can join us on Sunday, March 2, 2025 for the 12th Annual Conly Cattle Bull Sale at the Conley Cattle Bull Development Facility on the ranch to view and appraise the 75 bulls we have for the offering. If you can not join us sale day, feel free to contact myself or anyone with Conley Cattle Co. about the offering as we will be more than happy to answer any questions about the offering you may have.

Thank you in advance for your interest in our breeding program and well look forward to seeing you on sale day.

-Kyle

• We lead off this year's offering with this powerfully designed BC Robust 0807son out of the herd bull raising and \$100,000 valued Conley Sandy 8355. She is now owned with Glover's Delaware Creek Ranch!

• 3215 is without a doubt the most three-dimensional bull in the offering with impeccable feet and legs, a big square hip, thick ended and massive center portion with extra shape and turn to his rib cage that blends seamlessly into his attractive front one-third.

• We think a lot of this bull and believe he has as much breeding potential as any bull we have ever raised at Conley Cattle.

• The dam of lots 1 - 3, Conley Sandy 8355 is the prolific dam of the \$75,000 Conley Verified 0853, the high selling bull in the 2021 National Angus Bull Sale and the \$23,000 Conley Republic 3119 who was lot 1 in last year's bull sale.

• His sire, BC Robust 0807 is the ultimate power sire with great outcross genetics backed by decades of predictability bred into him in the late Bill Conley's great herd of Angus cattle.

• 3215 offers moderate birth with excellent growth combined with exceptionally efficient maternal strength and ranks in the top 2% for Claw and Angle.

- Magnum L260 is undoubtedly one of the best-looking Magnum sons we have ran across and he is backed by a beautiful uddered Stunner daughter.
- L260 is an eye-appealing bull who is big ribbed, big backed with tons of depth, width and dimension. When combined with his incredible structure and ability to get out and travel freely, it really elevates his herd bull status.
- He offers an outcross pedigree with calving ease, moderate birth and explosive growth coupled with tremendous maternal strength.
- Conley Cattle used Magnum L260 to breed heifers in the spring and fall to add outcross genetics from this outstanding bull, but he is too good of a herd sire to not be utilized to his fullest potential. He has been Trich tested and is ready to go.
- Ranks in the top 5% for HP and DOC; top 10% for \$W.

CONLEY *Honky Tonk*

BD. 3/10/23

COMMERCIAL BULL

sire. **HONKY TONK**

dam. **SMOKING JOE**

- Check out the incredible style, balance and eye-appeal that this 2-year-old Honky-Tonk son possesses. He is long and square in his hip design, robust in his rib cage, long and sleek through his front one-third and extremely athletic with impeccable feet and legs. Take advantage of a bull that could work in a wide variety of scenarios whether it be to add Hybrid vigor and pounds in your calf crop on a set of straight bred black cows, or to raise highly marketable Charolais cross club calves that are widely popular across the country.
