# Welcome

We welcome you to our Annual Spring Production sale at the Artesian Hotel in downtown Sulphur, Oklahoma. We would like to thank Justin Williams for helping coordinate this event from the start and help making it a success! In saying thanks, I would truly like to say thanks to Cole Atkinson for making the females in this sale come together in a very short amount of time. He is one of the biggest assets to our program and we can't thank him enough!

Jacob Hanen and Adam Erickson have logged a tremendous number of hours in preparation for both of our spring sales. We appreciate all that they do each and every day! We have a great team at Conley Cattle that works tirelessly day in and day out. In addition, Camren and Cooper Christian are always willing to lend a helping hand when we need extra help. We couldn't do it without each of them, and for that I am thankful.

This sale wouldn't be possible without some of the best partners in the business; Diamond T Cattle Company, Buck Cattle Company, Halverson Ranch, Freking Cattle, K&M Cattle, Cody and Ty Heavin, and the Loudon family. Together we have assembled our best set of fall born show prospects to date. We are excited to let you evaluate them on March 29th in Sulphur!

This year's sale offering will feature many ET flushmate sisters that are supported by some of the very best Angus females in the business. The reigning 2024 NAILE Grand Champion Junior Angus Heifer and 5th Overall Junior Breeding Heifer sold through this very sale last year to the Cook family in California. This is just one of the many success stories that our customers have experienced with their purchases from Conley Cattle!

We invite you to Sulphur, Oklahoma to view the offering, or visit our website to see the videos of this impressive group. We are excited to offer them and watch them this summer. Please give us a call if we can be of any assistance. See you on sale day!

Thank you for your interest,

*Kyle*

Conley Willard 3319 is owned with Clarke Family Farms and Jon-Ern Farms Ltd. of Ontario, Canada.

• 4790 is a November born show heifer/donor prospect that offers an exquisite look of quality and style from the side that is simply undeniable!

• A big footed, stout boned, square built female that offers tremendous balance and symmetry. She is one of three ET flushmate sisters by the \$100,000 Conley A 1 that deserve serious consideration on Mach 29th!

ANGUS HEIFERS

- 4789 is a striking daughter of Conley A 1 that is backed by the \$200,000 valued Conley Sandy 9893, a foundation matriarch that is now owned with Glover's Delaware Creek Ranch of Oklahoma.
- We love the way that 4789 ties her front third together with such angularity and femininity, yet transitions into a bold and three-dimension rib cage.
- Her length of hip and squareness of pin set is second to none. 4789 is a must see on sale day if you're in the market for a female that will develop into an incredible senior yearling!

LOT 4 Conley Sandy 4022

- Power, substance, and genuine shape... the best ways to accurately describe Conley Sandy 4022! There is no denying the influence that Silveiras S Sis Sandy 2355 has had on the Conley Cattle breeding program and the Angus breed as a whole. 2355 is most commonly known as the dam of Conley No Limit, one of the hottest AI sires in the business that has experienced great success across breed lines.
- 2355 is also the dam of the \$270,000 Conley Sandy 8934 donor dam, affectionately known as "Honey Bear", one of the highest dollar generating females in the Angus breed. Unfortunately, we lost the legendary "Honey Bear" this past year.
- The generating potential that lies within this female is hard to mirror. Her extra stoutness and dimension lead us to believe that her best days will come in production as she follows in the footsteps of the legendary females that line her pedigree!

• We are proud to introduce the \$1.4 million valued LT Marquee 169L, one of the most widely admired and talked about Angus bulls the industry has EVER seen! History was made in Oklahoma City, Oklahoma when Glover's Delaware Creek Ranch won the fierce bidding war at a record setting \$700,000 to acquire 50% semen interest in LT Marquee 169L! This will be the largest and final offering of conventional semen in the spring of 2025 on LT Marquee 169L.

• LT Marquee 169L is supported by much more than a pedigree of significance, as his quality is defined by the history and tradition that makes up his prominent lineage.

• The famed "Duchess" cow family that stands behind LT Marquee 169L has yielded productive, efficient, low input cattle with eye appeal and natural stoutness. David Longshore has spent much of his lifetime dedicated to breeding Angus cattle with superior udder quality, functionality, and maternal prowess!

• The dam of LT Marquee 169L was an impressive first calf heifer that is derived from the same tribe that produced the legendary BAR-E-L Natural Law 52Y, a sire that has experienced tremendous use and success across both sides of the border. The maternal grandam of BAR-E-L Natural Law 52Y is the famed Double Four Duchess 126G, a pivotal member of the donor pen in Stettler, Alberta. The dam of 52Y, BAR-E-L Magnolia 143K, was also a cornerstone matriarch in the storied BAR-E-L breeding program. Based solely on facts, we firmly believe that LT Marquee 169L will sire Angus cattle that excel fundamentally, offering the intangible assets that combined will put any breeding program in the "bright lights"!

• There has never been a time better than now to utilize a legitimate "outcross" Angus AI sire that offers so much versatility and utility within the beef cattle industry. LT Marquee 169L has the credentials to headline any breeding program in the industry!
