

MATURE  
COWHERD  
*Dispersal*

JUNE 8TH / 12 O'CLOCK IN THE AFTERNOON

# WORDS BY ERIC

*Storytelling is not a trait I was blessed with, but alas this story is one that needs told and I am legitimately excited to do so.*

*I have been told the rules of writing are to convey the who, what, when and where and of this sale. However, I am confident that the contents of this sale catalog will outline the important details in regard to this monumental event on June 8th!*

*The place to start seems to be, why? This has always been our plan. From the very beginning, it's been our goal to build it up and break it down, only to build back stronger for our loyal customers. We are fortunate with the timing of our sale that we've received much needed rainfall across the Southwest and the current cattle market is thriving for producers, but that is not the 'why' for this sale.*

*This event is one that we plan to do every 5 years. All of our marketing events prior to this sale have been dress rehearsals, so to speak, for what will take place June 8th. I have been rightfully accused of being a hoarder, of cattle/frozen genetics specifically. Those that know me well find it hard to believe that this is actually happening! Seeing these individuals leave will not be easy, but knowing what they leave behind allows us to let them go to work for you. The cattle in this offering are a result of years of dedication, hard work, success, and yes, some failures. We wholeheartedly believe in this set of females and what they can do for their new homes. This group of females are responsible for building the base at 1Eleven as we look forward to the next phase of the production cycle. I feel we are in a transition point from phase 1, the construction of the show and sale cattle facility, and the building of the cowherd. We have always wanted to host an event of this magnitude, and I believe it will be something worth seeing! This sale will also be a great introductory opportunity to the program and people behind it.*

*As far as those people go, I'd be remised to not give a wholehearted thank you to our entire team here, as well as those who have helped us out over the years from this program's infancy to what it is today, thank you all!*

*The most asked question that I get is "who is 1Eleven Cattle Company?" or "why is it called that?" I am not a man of many words, but I can assure you that I have told this story to anyone that was interested to learn. This sale catalog will serve as a history book for our program; therefore, I am inclined to share this story with you.*

*In the winter of 2016, Trey Yates sent me a link to this ranch's real estate listing and asked if I had weekend plans. I was returning from my annual trip to Pine Bluffs, Wyoming where I was picturing sale cattle for Dr. Dave Duello, so I changed return courses and made my way to Bridgeport, Texas. We spent the morning looking at the ranch, I will spare you the details about how cold it was or how the real estate agent assured us that there were no snakes on this property. Trey asked me what I thought on our way to lunch that day; I expressed my opinions, the good and the bad. In return I asked him what he thought and the way I remember it was, he said "I am buying this ranch, and you are running it".*

*I replied, this is a dangerous proposition, it was at that point in time that countless ideas and thoughts began to run through my mind that I had filed away in my head from the time I was a young boy regarding breeding, raising, and marketing show cattle!*

*The ranch that would soon become home to 1Eleven Cattle Company was a blank canvas that would allow us the opportunity to build it the exact way that we wanted it built. The cattle, the facilities, and the future of this program took flight that winter day in 2016!*

*The Yates and Drager families friendship began when Trey was still exhibiting cattle in New Mexico. Some of the first steers that he showed came from our original place in Texico, New Mexico. Undoubtedly one of the single most important acquisitions would be the half interest selection of a black hided Yellow Jacket daughter he named "Bentley", or more commonly referred to as 111. Now, let's rewind to the point in the story about being at Dr. Dave Duello's. On that trip there was a red baldy female that at the time I thought was as good of a breeding piece/right for the times as any that I had seen. She too was a Yellow Jacket and she too was tag number 111. A discussion with Trey led us to the seats of the historic sales pavilion at the National Western Stock Show. We did acquire what would be one of the cornerstone pillars for phase 1 of this program with the purchase price of \$50,000 for half interest in a female known as Red 111. This was before before giving \$50,000 for a club calf female was the in-vogue thing to do, now it seems to be a regular nightly thing and twice on the weekends these days. I hope at this point you can start to see the picture coming together!*

*The merger of Drager Cattle and Yates Show cattle was complete. It needs mentioned that in the time shortly following, two other cows herds were obtained, which included the crossbred herd of Zane and I's older brother, Cody, containing a handful of key genetic components that we had built. In addition, we also purchased the Lackey cowherd, in which Zane and I were managing during our time in the Haskell area. Combined, this was a set of cows that would become a force to be reckoned with!*

*Now, this is where the story becomes selfish on my behalf. I was struggling with selling the one thing that we had built as a family and losing the name, but I also know it could not rightfully continue as Drager Cattle. I did know at the time we wanted to build something that was generational, and that one day it might not be ran by a Yates or a Drager. On a blank white paper, I sketched out the name, two logos, and brand 111, which was tied to the Drager family in New Mexico and part of Treys heritage as John Yates III. The one thing that brought it home was the bible verse, Deuteronomy chapter 1, verse 11 NIV - "May the Lord, the God of your ancestors, increase you a thousand times and bless you has he has promised."*

*As they say...the rest is history! A history that is still closer to the beginning than the end, a history that we look forward to continuing writing with you, and your families!*

*We invite you to join us on June 8th at the ranch in Bridgeport, Texas for a major event in the 1Eleven Cattle Company history book. We encourage you to bring your family and join us the night before as we celebrate this milestone. Please reach out to myself, Zane, Marissa, Trey, or any of the sale staff if you are in need of assistance or would like to discuss the offering. We would love to visit with you about this set of cows that means so much to our program. I look forward to seeing you all on sale day!*

*Eric Drager*

## A NOTE FROM SALE MANAGEMENT

*Every client that we work with throughout the business year has a story to tell and every outfit has their own trail that they have blazed, with the ambition and drive to make that trail as long as they desire. The program of 1Eleven Cattle Company encompasses two primary families with similar goals and aspirations that work together in unison to achieve the same end goal of excellence and success with the production endeavor.*

*The Yates and Drager families initial focus is “people first”. Treating their neighbors and the surrounding community of Wise County with the “golden rule” and showing utmost respect to those who work for them, while exhibiting humility is what the outfit holds closest to their vest. Customer service is the strong suit of 1Eleven Cattle Company, as they aim for the best outcome possible with your investment in the future of your children or your personal beef cattle entity. Your success is their success; it’s that simple!*

*Trey and Eric’s desire, labor, and investments both financially and sweat equity into building the best cattle with the most upside, not only for the tan bark or turf, but for the pasture and the dinner plate as well. 1Eleven Cattle Company is more than a high end show cattle outfit as testified by the stock between the covers of this sale book. The 1Eleven Cattle Company ranch team has built a set of females that are certainly built well from the ground up, but these females also come with the fundamental basics for longevity, fertility, and maternal drive. These females are built to work and acclimate to nearly any environment or production model, they have survived the stringent sorts and culling processes employed by the ranch, and they should continue the same for their next employment venture.*

*We believe that this is an excellent set of cattle, both physically and fundamentally. They are backed by generations of proven production with enhanced phenotypic advantages. These breeding pieces have endured harsh summer conditions due to three recent drought cycles and have faced other extremes, such as snow and ice. They are adapted to thrive and generate value beyond the tan bark. 1Eleven Cattle Company is more than just a show cattle producing firm, as they have expanded their marketing options for the end product on hoof with the formation of 111 Beef Republic, a ranch-owned and branded brick-and-mortar storefront beef business featuring only Hereford type cattle for the supply chain. This entity has experienced significant success and growth since its inception, and it has the full attention of the management and ownership teams. We urge you to research and consider what this unique twist has to offer when you come to sort through the stock!*

*Enjoy the cattle and the people of 1Eleven Cattle Company!*

*Graham Blagg Jared Shigman Tim Anderson*

### **WATCH THE SALE ON CCI LIVE!**

*To BID ONLINE go to [www.CCI.live](http://www.CCI.live) in your Chrome, Firefox, Safari or other modern browser:*

- 1. Click onto the sale schedule page.*
- 2. Click onto the sale of interest.*
- 3. Click to Bid Online, Register, then Get Buyer Number.*

*After you are logged in, you must proceed to the sale page for your auction and click Bid Online, Register, then Get Buyer Number. Some auctions require valid credit card number on file to obtain a buyer number to bid.*

*CCI.live will operate with ease on a modern cellular device, laptop, desktop or tablet. A current web browser is important and will always make your experience better.*

*For successful bidding you must have a good internet service! It is very important to be stationary if bidding. If you are driving and bidding, expect to have some issues. If you are stationary on a good device, with healthy internet, expect a very successful bidding environment. If you have slow internet, watch the "asking price" on the screen, it is real time, and refresh your browser if you feel like you have some lag.*

**Support line open during all sales. TEXT 405-400-9505.**  
*Please contact the ranch for trucking and invoices!*

## **CUSTOMER CATTLE MARKETING**

*It is our goal to help our customers succeed. Those that purchase bred females through the 1Eleven Cattle Company Mature Cowherd Dispersal or previous marketing events will be eligible to send the calves that are from our genetics back to the ranch to be marketed.*

*Those calves must be under the following herd health protocol in order to be eligible. Male calves **MUST** be castrated prior to being sent back to 1Eleven Cattle Company. Both male and female calves must have the following: MultiMin 90, Oral Wormer, Injectable Wormer, 2 rounds of a Blackleg Vaccine (we prefer Bovilis Cavalry 9) and 2 rounds of a respiratory vaccine (we prefer Pyramid 5 + Presponse SQ).*

*For more questions about the weight requirements, creep feed, herd health protocol, marketing costs and commission splits regarding the cattle that are sent back to 1Eleven Cattle Company for future marketing events, please call:*

PE TO IELE BUSINESS AS USUAL 2458

- IELE 967 is a true sale feature and one of the most impressive and prolific females on the entire ranch! 967 is a direct daughter of No Free Rides, the silver hided stud that worked in the Bird Cattle Company breeding program. The maternal side of her pedigree traces to the influence of (D 256, the FULL SISTER to (D 210.
- 967 is the dam of an \$11,500 steer sired by Hangtime that sold in 2023. Her grey and white steer calf sired by Here I Am then sold in 2024 to Luke James. This past March her red and white steer calf sired by IELE BILL 0194 sold for \$17,000 to the Ahlschwede family. Talk about consistency!
- Three calves with a \$11,000+ average! She has never been flushed, but is certainly one that deserves to be based on her production record alone!
- 967 is due to calve in October to IELE Business As Usual for a repeat performance. The sky is the limit with this incredible built daughter of No Free Rides!

- IELE 972 is a beautiful profiling red roan daughter of HL Paid In Full that is backed by the everlasting impact of (D 256. This powerful female has been a tremendous cornerstone for our breeding program, leaving behind several daughters that will carry the torch!
- Her daughter sired by South Paw has evolved as one of the great young donors in our program as a two year old, producing 17 transferable embryos on her maiden conventional flush.
- 972 has also sent a daughter of IELE BILL 0194 and FSF Perfection 812 to the keeper pen the last two years.
- 972 has never been flushed, but this is a female that certainly deserves to be mass replicated! For the last four years she has maintained a short gestation window and bred back in a timely fashion. She will calve this fall to the up and coming Shorthorn marked stud known as HL Back 2 Good, a new member of the Rodgers Cattle Company herd sire arsenal that is destined to make BIG waves across the business!

EST. DUE 1/17/26

- *IELE 7202 is an ET flushmate sister to IELE 7200, the female that sells as lot 101. 7202 is as productive as any member of this cow family when you consider the fact that she has sent three daughters to the replacement pen over the years at 1Eleven Cattle Company. Those three females will sell as lots 103, 104, and 105.*
- *Another triple clean option that offers unrivaled skeletal quality, body mass, and overall dimension.*
- *These two full sisters to Ethan's 2019 HLSR Reserve Grand Champion Market Steer will be easy to find on sale day!*

PE TO IELE BUSINESS AS USUAL 2458

- The daughters of Monti Montana have been nice assets for the ranch as they have the built-in mating flexibility to work with any sire of the IEleven Cattle Company herd sire lineup.
- The daughters of SWC Red Wave 376J form females like IELE 1255 have been outstanding and consistent in build and shape. In fact, a daughter of that exact meeting resides in the replacement pen that will rekindle the cow base for the future of IEleven.
- A triple clean female that sells carrying the service of IELE Business As Usual 2458!

- In Eric's indirect words, this is the *VERY BEST* cow on the planet!
- Rightfully referred to as "Sugar Momma", as she is the generating kind that gives to those that play their cards right at the breeding box or IVF lab.
- IELE 7222 has collected quite the fan club from those who have visited the pastures of IEleven Cattle Company. They are drawn to her exotic, but complete build that comes complete with shape, bone, body type, and a look second to none.
- A direct daughter of HL Sugar Bear and backed by the legendary IELE 000 donor dam, the Jake's Proud Jazz sired daughter of a FULL SISTER to the great AHL Double Stuff 306. There is no denying that she is supported by truly legendary lineage!
- A true sale feature that will be admired by all that make the trip to Bridgeport, Texas!
- **Lifetime average of 8.7 embryos on 17 flushes/aspirations.**

- A direct daughter of IELE Born Ready E11 from the HL 520 donor dam that maintains a pen presence second to none! Zane Drager will tell you that this was his pick of the Shorthorn-marked goods when she was in her respective age group as a bred heifer!
- She leaves behind a very good daughter of Duff Red Blood 18411 and one by IELE LaMancha 1205 as well.
- Buy with confidence, as the team at IEleven has the faith to retain two daughters of this powerful matron.

George Ahlschwede will always have a place and an influence in the some of the decisions that Eric makes in his approach to the cattle business and life itself. George and the Ahlschwede Family have always been close to the Drager Family and their dealings since Eric attended Angelo State University. It's a relationship and a bond that will be everlasting and that is why this segment of this sale book is dedicated to the great cattleman that had a hand in changing the direction of the Shorthorn breed and industry that we all know and love!

- Pedigree alone makes this one surface as one of the high profile, red hided females in the offering. She is a potent blend of Heat Wave x Tank x Dr. Who.
- A good friend of the program raised this elite red and white paint female that is quite impressive!
- She is the kind that will raise those Shorthorn, Red Cross, or AOC classified cattle that will brand.
- Regardless of sex, her cattle have been marketed towards the top end of the price spectrum which is indicative of their phenotype.

- Man Among Boys is one of the more relevant club calf sires in today's industry. The impact he has made on the maternal side of the equation for sure wasn't an expectation from him when he hit the promotional scene fourteen years ago.
- COC Cotton Mouth would be one of the higher dollar valued bulls to ever sell through the Black Hereford Ranch "Cream of the Crop" sale series in Crawford, Oklahoma. He was admired by many for his build, shape, and substance. When Eric made the call to mate him back to the maternally dominant Mimms 313, the combination brings two of the most uniquely built animals of their time into one complete arsenal!
- 1625 ties to the same cow family that produces the 2010 Reserve Grand Champion Market Steer of the Fort Worth Stock Show!

- *This is the first daughter of the legendary IELE 966 donor dam that sells as lot 219, sired by TFR KR Ca Ching 1449 ET, the FULL BROTHER to the 2016 NWSS Reserve Grand Champion Polled Hereford Bull, TFR KR Sundance Kid 1448 ET.*
- *Her power, mass, and substance replicates her dam with a slight advantage in terms of look and extension. Her style and body shape is a bit burlier even, and we believe that she will definitely be comparable, yet may carry the advantage of making her progeny slightly stouter all the way through. We love the way that she ties her neck high at the top of her neatly laid in shoulder design. Both IELE 1397 and IELE 966 are worthy of your appraisal on June 8th if you're serious about raising championship caliber Hereford show cattle. A triple clean female that is due this fall to the very impressive Cock-A-Doodle-Doo!*
- *Lifetime average of 10.5 embryos on 2 flushes.*

MGS TROOPER

RANCH TAG: 0430 DOB: 10/6/20 COLOR: BLACK

TH FREE | PHA FREE | DS FREE

AI BRED 11/24/24 TO 1ELE GREY FOX 9267, LIKELY SAFE AI  
EST. DUE 9/5/25  
PE TO 1ELE GREY FOX 9267

- 1ELE 0430 is one of the few, but high quality direct daughters of 1ELE 7101 from a daughter of Trooper. This black hided female is triple clean, allowing for unlimited mating options.
- 1ELE 0430 is dense in her center body, wide in her back and pin set, and has the running gear and hoof quality to be introduced to any modern day show steer sire.
- Another top shelf fall calving female that will lay down and have a calf sired by 1ELE Grey Fox 9267 this coming September!
