Welcome to the "Ladies of the Lone Star" Elite Female Sale

We are excited to once again share this offering with our friends, customers and fellow breeders. This sale has become a special event for our family and our operation, and we are grateful for the relationships and friendships it has created over the years.

As we look at this year's cattle, we are extremely proud of the offering. It has been a challenging summer across Texas, with some incredibly hot weather, yet the cattle have handled it exceptionally well. They are in good condition, sound, athletic and ready to go to work. We believe that is exactly what good cattle should do-perform, adapt and continue to thrive in the environment they are raised in.

Our focus at Red River Farms remains the same, developing functional, productive cattle with the kind of quality and genetics that can make a lasting impact on your program. We want our females to be more than good-looking cattle. We want them to be good cows, good mothers and cattle that can contribute to the future of your herd.

We are also very excited about the people who are helping move Red River Farms forward. Tyler, our General Manager, has demonstrated an incredible commitment to the operation and to the cattle. His attention to detail, work ethic and genuine passion for the program have already made a tremendous difference. We are fortunate to have Tyler leading our team and helping us continue to build on what we have established at Red River Farms. We are also thankful for Brooke and the support she brings to Tyler and the Red River Farms operation. Having good people invested in the future of the program is something we truly appreciate.

We are proud of where this program is today, but perhaps even more excited about where it is headed. The cattle represented in this year's sale are an important part of that future. As you evaluate the offering, we encourage you to look closely at the cattle, the cow families and the pedigrees. We believe there are females in this sale that can fit a variety of programs and, more importantly, can become the foundation for something special in the years ahead.

Thank you to everyone who has supported Red River Farms and the "Ladies of the Lone Star." Your friendship, confidence and continued interest in our program mean more to us than we can express. We hope you enjoy the cattle, enjoy the hospitality, and most of all, find something that will make a difference in your program.

We look forward to seeing you in Grand Saline.

INNOVATIONAGMARKETING.COM

If you're one who reads a sale book cover to cover, including these introductory letters, you may notice that when you pick up an Innovation AgMarketing client's book, some of the same themes are shared through a different dialogue. One we reference often is the privilege of working with a multigenerational, diversified agricultural entity. Red River Farms is exactly that in every way—and then some.

The Mullion Family reputation is one built on high integrity, an intelligent but fearless work ethic, and a willingness to invest with conviction. Bob has stepped "to the side" over the past two or three years as he has entrusted Michael with the day-to-day management decisions, but don't think for a second that Michael doesn't still get to hear "how Bob would have done it."

The Mullion Family is passionate about the seedstock business and strongly believes in Simmental and Angus cattle, along with the commercially focused, industry-preferred blend of the two. Over the past several years, Bob and Michael have selected some of the very best females in the business. That selection process has never been based solely on phenotype; the cow families behind those females are what ultimately gave them the confidence to pull the trigger. Sure, they have solicited guidance along the way, but as I personally reflect on what they have assembled, their preferred type and kind have remained remarkably consistent. Cows like TEX Rita 5553, KCC1 Tiara 130Z, BFSC Loving The Profit, UDE Forever Lady 1049, and UDE Queen Ruth 2157 all share striking similarities. Each has substantially influenced the annual sale offerings, and each combines genuine width, dimension, volume, and capacity with superior udder quality, worlds of milk, and the mothering ability to rival the very best production females anywhere in the country. They know what they like, they know what works, and they have built their program accordingly.

As you browse and study the offering between the covers of this book, one thing that will quickly become evident is the volume of SimAngus cattle from page to page. This may be one of the more SimGenetic focused sale offerings in the Simmental business for those who appreciate phenotypic quality with proven cow family power behind it. That certainly does not take anything away from the quality of the Purebred Simmental or Angus cattle included in the offering. Rather, it speaks to an offering intentionally constructed to provide progressive cattlemen and women with options that go hand in hand with the "real world."

Most know that AK and Jordan Phillips returned to Kentucky to be closer to family, but AK remains involved from a consulting and guidance standpoint for the young man who stepped into his role. Tyler Abney had already been with Red River Farms for some time, which made for a very smooth transition. Nothing against what AK accomplished during his tenure at RRF, but I think most will agree that the presentation, condition, and health of the cattle have not slipped a clutch. It is very obvious that Tyler is passionate about what he does and wants the general public to know that Red River Farms' reputation for quality and professionalism will not be compromised in the years ahead. I know Tyler well enough to know he takes tremendous pride in what he does on a daily basis. He will not waver, and he will continue to ride hard for the brand and the family he represents.

We hope you can make it a Texas "Road Trip Weekend" and join us for the "Ladies of the Lone Star" at the beautiful Red River Farms facility on Friday, October 9, 2026, at 6:00 PM. The cattle will be available for viewing at any time; simply reach out to Tyler to schedule a guided tour. If you need additional information, selection guidance, or assistance with absentee bidding, please feel free to reach out to the Innovation AgMarketing team. We want your investment experience to be as convenient and problem-free as possible. Thank you for your interest in the offering, and we hope to see you at Red River Farms.

Enjoy the cattle,

Liability

All persons who attend this sale do so at their own risk, legal or otherwise, for their safety or for the behavior of the animals. The owners, sale management firm, and other sale staff assume no liability for personal injury, property loss, theft, or any accident that may occur.

Terms & Conditions

Cattle will sell under the standard terms and conditions recommended by their respective breed association. All sales are final, and the cattle will become the property of the buyer when the auctioneer says "SOLD". Announcements from the auction block on sale day regarding the cattle selling will take precedence over the information printed in this catalog. No cattle will be loaded until paid for in full.

Payment

U.S. Currency only. All sales are final, and payment is to be made in cash or check to Innovation AgMarketing, LLC. Master Card, Visa, or American Express will be accepted with a 4% convenience fee.

Registration Papers

All registration papers from the American Simmental Association or American Angus Association will be transferred to the buyer once full payment has been received. Please provide transfer information at buyer registration.

- We are proud to introduce you to UDE Princess 109H, the \$77,5000 selection made by Red River Farms from Udell Cattle Company's "The Advantage" Production Sale in October of 2020. A daughter of the \$200,000 EC Rebel 156F that is backed by the \$190,000 Hara's Miss Princess 100Z donor dam. 100Z was the 2013 NWSS Grand Champion Percentage Simmental Heifer for Maddy Udell. 100Z has without question become one of the most dominant SimGenetic donors in the industry.
- A full sister to 109H, Black Gold/PAW Ms Princess, was the 2023 NAILE Reserve Grand Champion Open Percentage Simmental Heifer for Preston Hartman. She most recently produced the 2026 AJSA National Classic Grand Champion Bred & Owned Purebred Simmental Heifer.
- The maternal foundation behind her need's little introduction. Hara's Miss Princess 100Z was the \$190,000 female selected as the 2012 National Western Stock Show Grand Champion Percentage Simmental Heifer and has gone on to become one of the highest-dollar-generating females in the Udell program. Her progeny includes numerous five and six-figure daughters, apart from 109H herself, other highlights include the \$100,000 UDE Princess 3J, and the \$60,000 UDE Princess 126F.
- 109H is without question one of the most unique females that has ever set foot in Grand

Saline, Texas. Her unique features combined with her elite presence and unparalleled shape is what sets her into a league of her own. Regardless of your program's focus, 109H has the credentials to work in a wide variety of breeding scenarios. She has been flushed with tremendous success to Simmental, SimAngus, Maine-Anjou and Club Calf bulls during her tenure at Red River Farms.

- IVF CYCLE OFFERING:** Buyer will receive a minimum of six transferable embryos and two 60-day pregnancies. On all embryos produced above 10, buyer receives odd-numbered embryos, seller receives even-numbered embryos. Buyer pays IVF charges, semen cost and all freezing and/or transfer fees, with all freezing costs over 10 embryos being split odd/even between the buyer and seller.

7.4	3.4	79.4	113.2	18.1	85	68.3

- Talk about a pedigree that has done it all, RRF Princess 052P is sourced from some of the most illustrious to ever meet a showing! She comes from the impressive UDE Princess 109H donor that has firmly established herself as one of the cornerstone SimGenetic breeding pieces at RRF. 109H is a daughter of the \$200,000 EC Rebel 156F and the legendary Hara's Miss Princess 100Z.
- 052P combines extra stoutness, width and genuine body dimension with a striking look of quality and presence. She is bold through the center portion of her body, powerful from behind, yet still feminine and refined through her front third. That rare combination of mass, balance and eye appeal is exactly what has made the Princess family so consistently competitive.
- The maternal foundation behind her need's little introduction. Hara's Miss Princess 100Z was the \$190,000 female selected as the 2012 National Western Stock Show Grand Champion Percentage Simmental Heifer and has gone on to become one of the highest dollar generating females in the Udell program. Her progeny includes numerous five and six figure daughters, apart from 109H herself, other highlights include the \$100,000 UDE Princess 3J, \$60,000 UDE Princess 126F, and the \$61,000 Black Gold/PAW Ms Princess.
- Maternal sisters to 052P include RRF Princess 062N who was selected as the 2026 Texas Youth Expo Champion Percentage Simmental Heifer in Ring A and Fourth Overall Continental Heifer in Ring B for Addison Dowdy.

- We begin with the daughters of the new leading lady for Red River Farms, Conley Sheza Star 219K. The SO Remedy 7F daughter was the 2024 NWSS Grand Champion Junior Purebred Simmental Heifer and 2024 OYE Grand Champion Purebred Simmental Heifer for Ty Collum.
- She is one impressive beast and has become a fast pass towards powerful phenotype and kind. The dam of 219K is the powerful Conley Sheza Star Z32, making 219K a maternal sister to the \$120,000 Conley Sheza Star D3!
- Conley Sheza Star D3 was the high seller of the Conley Cattle Simmental Dispersal and is the dam of the \$100,000 Conley High Rise F3 and Conley Sheza Star F912, the 2020 Fort Worth Stock Show Reserve Grand Champion Purebred Simmental Heifer and Oklahoma Youth Expo Grand Champion Purebred Simmental Heifer.
- RRF Sheza Star 020P is flawless in terms of her basic build, coming in a bold bodied, stout hipped package, and she offers a look of quality and style from the side that simply cannot be matched!
- There is no doubt that we believe this high-end show heifer prospect has the credentials to follow in both the showing and production footsteps of her dam and granddam, and with this is bound to be a profit maker!

THE OPEN FEMALE OFFERING

LOT 5

- A maternal line built for the long haul! Here is the pair of daughters from the time tested, female making, CGW/HVW Crocus D481.
- RRF Crocus 008P carries the blood of the time-tested "Crocus" cow family, a lineage that has earned its reputation through productive, functional females with the ability to consistently raise cattle with substance, performance and real-world usefulness.
- The D481 female is a shining example of the power of the LLSF Pays To Believe ZU194 daughters that traces through Meadow Springs Crocus to WLE Crocus U56. The "Crocus" lineage has long been appreciated for combining an attractive phenotype with the maternal function and durability required to remain productive for years.
- This big bodied, extra soft centered daughter of RP/CMFM John B J104 is the type of maternal foundation that gives a young female added value beyond her show career and makes RRF Crocus 008P an intriguing long-term breeding piece with generations of proven cow power behind her.

CGW/HVW CROCUS D481

Dam of Lots 5 & 6

- The second from the RP/CMFM John B J104 flush on the ever reliable CGW/HVW Crocus D481 comes with a similar outline, but is perhaps even more massive and shapely, with extra brood cow look and density.
- She along with 008P come with the paternal backing of one the most impressive sons of HPF Quantum Leap Z952 in existence. RP/CMFM John B J104 was Grand Champion Percentage Simmental Bull at the American Royal, Grand Champion at the Cattlemen's Congress, Grand Champion at the Fort Worth Stock Show and Reserve Grand Champion at NAILE. He ultimately finished as the 2023-2024 Percentage Simmental Show Bull of the Year.

- There is a lot of purple running through the veins of these two Reckoning 711F daughters of C-4 Real Pride J600. Reckoning 711F is the W/C Relentless 32C son that was a multiple time National Champion being named Champion Percentage Simmental Bull at both the 2019 NAILE and 2020 National Western Stock Show.
- The maternal side may be even more intriguing. C-4 Real Pride J600, was successfully campaigned by Macy Collum and was named Grand Champion Simmental Female at the 2022 Tulsa State Fair after also finishing as the Third Overall Bred & Owned Purebred Heifer at the 2022 AJSA National Classic.
- In production though, J600 is quickly gaining momentum as a source of high-end quality. Her son C-4 Recall 600M was selected as the 2025 AJSA National Classic Reserve Bred & Owned Percentage Simmental Bull and later the 2025 NAILE Reserve Grand Champion Percentage Simmental Bull for Circle M Farms and Red River Farms. That puts RRF Real Pride 051P in a pedigree where the banners are not confined to one generation, making her an exciting show prospect with legitimate long-term donor value.

WALLACE ARKDALE PRIDE 9155G

Maternal Granddam of Lots 7 & 8

- Doubling down on showing approved genetics comes RRF Real Pride 055P, and the family tradition rings true here as her phenotype will make her easy to find on sale day. This daughter of the multiple-time National Champion Reckoning 711F comes with an attractive, high-quality presence, blending added extension and elevation through her front third with the stoutness and maternal dimension needed behind her shoulder.
- She is bold and expansive through the center portion of her body, square and powerful through her hip, and substantial from the ground up. Yet, for the amount of shape and genuine substance she possesses, 055P maintains an attractive silhouette with smooth transitions and the balance needed to remain competitive as she matures. She is the kind that should only become more impressive with time.

THE OPEN FEMALE OFFERING

LOT 9

- Here is an impressive featured daughter of the incredible JSUL Leapin Proud 1152J donor. The maternal pedigree here brings together several of the most proven and recognizable in the Simmental breed as she is a direct daughter of HPF Quantum Leap Z952 and the legendary JBSF Proud Mary, making her a maternal sister to the deceased and highly influential JSUL Something About Mary 8421.
- Full sisters to 1152J include the JSUL Mary Is Proud 8047F female that assembled an impressive show résumé that included being the Reserve Grand Champion Purebred Simmental Female at the 2018 NAILE, Calf Champion at the 2019 National Western Stock Show and Grand Champion Purebred Female at the 2019 Simmental Breeders Sweepstakes, American Royal and Fort Worth Stock Show.
- 1152J teamed up with the legendary, MR HOC Broker leaves little to the imagination, and the phenotype here matches the pedigree!

JSUL LEAPIN PROUD 1152J

Dam of Lot 9

- There is a strong contingent of these loose structured, long spined and eye appealing Reckoning 711F daughters throughout the Open Heifer division. We think he makes the type and kind that it takes to win the biggest banners, and this purebred daughter of RRF Miss Shawnee 018L has all the intangibles to be a force whenever she steps in the ring.
- Her dam, 018L has already proven that she belongs among the elite females to carry the Red River Farms prefix. She is the \$51,000 valued daughter of Rocking P Private Stock H010 that was selected as the 2023 NAILE Division I Champion Purebred Simmental Heifer and later returned to the ring as the 2024 Houston Livestock Show Reserve Heifer Calf Champion.
- Phenotypically, RRF Shawnee 053P brings together the pieces that made this mating work so well. She is stout featured and bold in her center body, with genuine substance and dimension, yet maintains the smooth transitions, and is super attractive about her front end!

THE OPEN FEMALE OFFERING

LOT 11

- The "Loving The Profit" cattle continue to prove why this has become one of the most valuable maternal lines at Red River Farms. RRF/BFSC Lovin The Profit 045P stems from the influence of BFSC Loving The Profit, the Profit daughter who comes backed by the legendary RP/MP Right To Love 015U and a maternal sister to breed-leading sires HPF Quantum Leap Z952 and THSF Lover Boy B33.
- On the other side the equation introduces the incredible RP/MP Built To Love A021, through her son RP/BCR Eminence H005. This is a mating right out of Chan's playbook, synergizing two of the most iconic to ever be bestowed with the Rocking P.
- Her maternal sister, RRF Loving The Profit 046N was the \$37,000 highlight last year and was selected as the 2026 Cattlemen's Congress Reserve Division I Purebred Simmental Heifer and continued her success at the Fort Worth Stock Show for Addison Bartlow.

BFSC LOVING THE PROFIT
Dam of Lot 11

LOT 12

- The lone daughter of the \$20,000 RRF Lola 205H, a past sale feature that is backed by a royal pedigree! 205H is sired by the two-time National Western Stock Show Grand Champion Purebred Simmental Bull, SC Pay The Price C11 and out of the 2014 AJSA National Classic Grand Champion Percentage Simmental Heifer, OBCC Lola 137Z.
- 037P is sired by RP/CMFM John B J104, the multiple time National Champion Percentage Simmental Bull.
- 037P is an extremely sound structured female that is bold ribbed, soft flanked and offers a very productive brood cow look from every angle of evaluation. Her perfect blaze face markings further compliment her strong maternal look of quality.
- A tremendous show heifer/brood cow prospect that is from a cow family that you can hang your hat on!

- The pedigree here aligns two very trendy sources of high end show stock from each of their respective breeds.
- BNWZ Paisley 2143 is a full brother to BNWZ Dignity 8017 and BNWZ Executive Decision 2219 and was the 2024 American Royal Grand Champion Angus Bull, 2024 Atlantic National Supreme and Grand Champion Bull, and Reserve Grand Champion at both the 2024 National Western and Cattlemen's Congress.
- BCII Annie 01J was crowned the 2022 NAILE Grand Champion Junior Percentage Simmental Female and Champion of the Owned Show at the 2022 AJSA Eastern Regional. Since her show career, she has successfully transferred into a legitimate source of value-added stock. Her ledger of progeny includes an \$81,000 SO Remedy 7F daughter, a \$91,000 Weis All Me 10F daughter, a \$15,000 W/C Double Down 5014E daughter, and a \$10,500 W/C Bankroll 811D daughter.
- This is the kind that stands out in just about every crowd she steps into, she is loaded with quality from the ground up, and we think she is bound for some big days on the chips.

THE OPEN FEMALE OFFERING

LOT 14

- RRF Saras Dream 006P may represent one of the most intriguing combinations of Angus cow power and modern Simmental phenotype in the offering.
- The maternal side is equally impressive. Her dam, BNWZ Sara's Dream 1168, is an EXAR Blue Chip 1877B daughter of the legendary CCC Sara's Dream 5116, making 1168 a maternal sister to the influential Angus AI sires BNWZ Dignity 8017, BNWZ Executive Decision 2219, and BNWZ Paisley 2143. Few Angus females have assembled the kind of résumé that 5116 has, both in the show ring and through the generations that have followed her.
- 006P comes with the added look, presence, and structural quality you would expect from such a high profiled pedigree. She offers the kind of captivating silhouette and feminine front end that draws you in, while maintaining the center body dimension, stoutness, and substance required to make her equally exciting as a future breeding piece.

CCC SARA'S DREAM 5116

2017 NWSS ROV Grand Champion Angus Heifer
Maternal Granddam of Lot 14

LOT 15

- Here is a three-quarter blood female that comes with a very impressive combination of eye appealing outline, and real-world substance.
- WCC/RRF Troubadour 0130H earned his share of accolades in the show ring, highlighted by Reserve Grand Champion Percentage Simmental Bull honors at both the 2022 Fort Worth Stock Show and Simmental Breeders Sweepstakes before being named the 2022–2023 PTP People's Choice Champion. The WLE Copacetic E02 son is backed by generations of proven maternal influence through CMFM Joy 02ZB, RP/MP Right To Love 015U and CMB Yolanda Y658.
- This is a mating built around phenotype, maternal strength and proven show cattle genetics!

LOT 16A | BULL CALF BORN 9/16/26. SIRED BY WHF POINT PROVEN H45 (ASA: 3780742).

- The lone purebred female to come from the Fall Bred Heifer division is a daughter of WCC/RRF Troubadour 0130H that comes from the proven female maker, Tylertown Missy.
- Tylertown Missy is a daughter of the 2014 NWSS Grand Champion Purebred Simmental Bull, TNGL Grand Fortune Z467. And her maternal pedigree traces to the iconic Shawnee Miss 770P, the dam of the iconic WLE Uno Mas X549.
- She is an ultra soggy, deep sided, easy keeping female that is sound footed, and balanced from the side.
- This female has the look and build of a future breed matriarch and her mating to WHF Point Proven H45 has the potential to set her well on her way to donor status.

THE FALL CALVING FEMALE OFFERING

LOT 17

- RRF Blackbird 019M comes with all the fundamentals in check! She comes with quality, easy fleshing ability, and maternal function as the focus.
- This stout constructed female comes sired by B C R Mr. Major Payne J024, a herd bull that offers up some outcross maternal genetics to what you will normally find in Grand Saline, on the bottom side she stems back to the legendary female maker, RRF Lady Blackbird X062. The X062 daughters set the gold standard for what a beef cow is supposed to look like in our mind.
- We know that most will find this female to be genuine in her kind as she reads with a bold center body shape that is complimented with true skeletal width and shape! She maintains that overall "cow maker" presence.

RRF LADY BLACKBIRD 069K

Product of the RRF Lady Blackbird X062 cow family!

LOT 18

RRF BLACKBIRD 019M

- RRF Primrose 040M stems from one of the most consistent females in the donor pen at Red River Farms. RRF Primrose D692 is the MR HOC Broker daughter that stems from the maternal powers of the V A R Primrose 9094 female, a TC Total 410 daughter that came out of the esteemed Vintage Angus Ranch program.
- Maternal sisters to 040M include MHM-RRF Ms Primrose 024K, a THSF Lover Boy B33 daughter that sold for \$18,000 to Abbie Melton of Texas. She then won her class at the 2023 National Western Stock Show Percentage Simmental Show.
- This brood cow is bold bodied, stout featured and balanced, still coming with a feminine, and extended look from the profile.

LOT 19A | BULL CALF BORN 9/14/26. Sired by THSF LOVER BOY B33 (ASA: 2983443).

- RRF Tiara 026M is a direct daughter of the tried and true, KCC1 Tiara 130Z donor. 130Z continues to be one of the leading ladies in the RRF donor pen after a several years of dominance, her consistency of quality has been tried and proven against a wide variety of sires.
- KCC1 Tiara 130Z was named Champion Purebred Simmental at the 2012 State Fair of Texas.
- The Tiara influence has been noted among the high sellers and champions roster to come out of the "Ladies of the Lone Star" on multiple occasions, including a KR Casino 6243 × KCC1 Tiara 130Z daughter, that was named Reserve Champion Percentage Simmental Heifer at the 2025 Texas Youth Expo for Paisley Seamans.
- She will be standing with a THSF Lover Boy B33 sired calf on sale day, and we think this mating will align very nicely.

BRIDLE BIT RECHARGE K256
\$100,000 Service Sire to Several Females

- Lean in here if you are looking for cattle that are built with the fundamentals as the focus, they are correct in their foot structure, flexible about the build to their joints, and come with added rib and softness, we like their chances of thriving in a wide range of management scenarios.
- 108M is an extremely soggy made, sound structured female that is loaded with power and shape. She is wide based, square built and offers the look of a long-term income producer!

- Here is a trio of females that will appeal quickly to those who place emphasis on phenotype! Not many in the offering can lay claim to such a rich and direct source of championship genetics then you will find supporting these Holtkamp CLAC Change Is Coming x CLAC Black Satin 379G daughters!
- Holtkamp CLAC Change Is Coming is the WLE Copacetic E02 son that has quickly established himself as a potent source of elite females. His daughters include the 2023 AJSA National Classic Reserve Grand Champion Percentage Simmental Heifer and a \$200,000 high seller.
- On the bottom side you will find CLAC Black Satin 379G, a SC Pay The Price C11 daughter that was named the 2021 AJSA National Classic Grand Champion Purebred Cow/Calf Pair and People's Choice winner before establishing herself as a highly productive donor.
- The maternal foundation runs another generation deeper through JS Black Satin 9B "Boots," the historic 2015–2016 Triple Crown-winning Purebred Simmental female and one of the most recognizable females of her generation with multiple breed leading sons and daughters.

- Generations of championship caliber genetics line the pedigree of RRF Trixie 055N! She is sired by RP/CMFM John B J104, a multiple time Major Show champion, and National Percentage Show Bull of the Year.
- The maternal side is anchored by Rocking P Trixie F023, the FHEN Halftime A127 daughter from the celebrated RP/MP Trixie C004, the 2017 NWSS Grand Champion Purebred Simmental Heifer. "Trixie" also earned Supreme Champion Breeding Heifer honors at the Kentucky State Fair before returning as a cow to be named Grand Champion Purebred Simmental Cow/Calf Pair at the Simmental Breeders' Sweepstakes.
- The combination of RP/CMFM John B J104 with a maternal line built around RP/MP Trixie C004 gives RRF Trixie 055N a pedigree rich in both show-ring success and proven maternal value.
- Carrying an early due WHF/JS/CCS Woodford J001 calf sure doesn't deter from the opportunities for ROI that come with this genetic concoction.

- This is a pedigree stacked with the kind of names that have proven their worth both on the tanbark and in production! RRF Miss Shawnee 209N is sired by RP/CMFM John B J104, the 2023–2024 PTP Ring of Champions Percentage Simmental Show Bull of the Year.
- Her dam, CMFM Shawnee 770E, has become an integral donor at Red River Farms and is responsible for RRF Miss Shawnee 018L, the \$51,000-valued maternal sister to 209N that was named Division I Champion at the 2023 NAILE and Reserve Heifer Calf Champion at the 2024 Houston Livestock Show. 770E is also a maternal sister to the iconic WLE Uno Mas X549 and WLE Missy U409.
- The support of generations of the Simmental breeds most successful cow families come all-inclusive with this impressive matron.

CMFM SHAWNEE 770E
 Dam of Lot 33

- RRF Miss Relentless 112M is a direct daughter of RP/CMFM John B J104 the 2023–2024 PTP Ring of Champions Percentage Show Bull of the Year that claimed Grand Champion honors at the American Royal, Cattlemen's Congress, and Fort Worth Stock Show. His first daughters are already following suit, including the Red River Farms-bred RRF Loving The Profit 046N, a division winner at both the 2026 Cattlemen's Congress and Fort Worth Stock Show.
- The dam of 112M was the result of a "The One" purchase made by the Strickler family from the Drake program of Iowa. She stems back to their matriarch, Drake Blog X3, that was a Division Champion at Kansas City that yielded the good in production with multiple daughters that topped their production sales.

THE SPRING BRED FEMALE OFFERING

LOT 35

- Here is a beautiful daughter of RRF Trading Up E777, the LLSF Pays To Believe ZU194 son of the iconic RP/MP Built To Love A021. RRF Trading Up E777 is a maternal brother to the widely utilized Rocking P Private Stock H010 and RP/BCR Eminence H005, and has been a paternal source of quality for RRF with multiple daughters repeatedly finding their way to the backdrop and high sellers list.
- The maternal side keeps the quality running deep through MHM-RRF Joy 023K and the influential "Joy" cow family. Another generation back denotes the steadfast WLE Joy F02 donor, who is a direct daughter of the 022B matriarch.

RRF TRADING UP E777
Sire of Lot 35

RRF JOY 605J
Dam of Lot 36

- RRF Joy 027N is sired by the multiple-time National Champion Reckoning 711F and backed by the proven Red River Farms donor RRF Joy 605J. Reckoning 711F was the 2019 NAILE and 2020 NWSS Grand Champion Percentage Simmental Bull and has continued to leave his mark through an impressive set of daughters.
- The maternal side carries even more weight. RRF Joy 605J is a JBSF Berwick 41F daughter of CMFM Joy 022B, making her a maternal sister to the influential WLE Copacetic E02.
- With Reckoning 711F on the top side and the combination of JBSF Berwick 41F, CMFM Joy 022B, and WLE Copacetic E02 anchoring the maternal pedigree, RRF Joy 027N is supported by generations of proven phenotype and maternal predictability. This is the kind of female built on a pedigree that should only gain value once she enters production.

SELLS OPEN & READY FOR EMBRYO PRODUCTION.

- UDE Forever Lady 1049 has been a cornerstone for the Angus program at Red River Farms. The daughter of Conley No Limit combines a powerful skeletal build with unmistakable look and presence, and either side of her pedigree reads of royalty, bringing together two of the most proven maternal lines in the Angus show cattle business.
- Her dam, Lazy H Bar Forever Lady 934, is a PAPA Equator 2928 daughter of the legendary, \$2 million plus generating, Lazy H Bar Forever Lady 5001 who has established an impressive production record of her own. Daughters of 934 include the \$60,000 Lazy H Bar Forever Lady 528, who was Third Overall at the Iowa Beef Expo, along with SLTR Forever Lady 016H, a division winner at the National Junior Angus Show, and numerous additional high selling females.
- 1049 backed up her pedigree in the show ring being selected as the 2022 Cattlemen's Congress Reserve Early Junior Calf Champion Angus Heifer, but her long-term value is being written in production.
- The "Forever Lady" family has stood the test of time because its best females combine show ring quality with legitimate cow power. UDE Forever Lady 1049 carries that tradition forward with the pedigree, phenotype, and proven maternal foundation to continue generating cattle that command attention and value.
- *Owned with Circle M Farms*

THE ANGUS FEMALE OFFERING

LOT 42

LOT 43

- Two daughters of the BNWZ Dignity 8017 and UDE Forever Lady 1049 flush. They stem from a mating that aligns all the good stuff! With a potent shot of the incredible Dameron First Class x Silveiras Saras Dream 1339 mating, and the inclusion of the legendary Lazy H Bar Forever Lady 5001 influence, it has certainly resulted in formidable phenotypic quality here.
- We think there is no boundary to the possibilities for this female headed forward, and we like to think there are few that can match the quality she is blessed with. The circumference of bone and foot in this animal is overwhelming, she reaches with extra flexibility and she continues to mature with added balance and completeness.
- When it comes to a royal pedigree, there is no question that the pedigree here is loaded! Once this female retires from the show ring, it will most likely just be the beginning of her biggest days, as we foresee her becoming a big-time generator.

BNWZ DIGNITY 8017

2021 Cattlemen's Congress ROV Reserve Grand Champion Angus Bull
Sire of Lots 42 & 43

- RRF Forever Lady 026P is one that is easy to like! In the flesh you will find a big bodied, round ribbed, soft made female, that remains wide pinned and based, but still gives a feminine look from the side, and ties high with a neatly chiseled head and neck design. Plain and simple this is just good quality stock, stemming from a pedigree that aligns the stars.
- You will find power cows on every branch of the two-generation pedigree here, and this helps us to believe that she will offer a high level of consistency in production.

THE ANGUS FEMALE OFFERING

LOT 44

- We love the outlier kind that has been created from the fusion of SCC SCH 24 Karat 838 and Conley Sandy 9118. RRF Sandy 015P will be ready to go out early and often, she is an earlier maturing, massive centered, loose structured and impressively dense female that reads with just as much generating power as any Angus female we shall sell!
- Her dam, Conley Sandy 9118 is a S A V Bismarck 5682 × Silveiras S Sis Sandy 2355 daughter, who is a maternal sister to Conley No Limit along with several leading donor females and sires of intrigue to come out of the Conley program.
- A full sister to 015P, Dieckmann Sandy 4422, was named the 2025 California Youth Expo Champion Angus Heifer and Fourth Overall Breeding Heifer for Cambria Cook.

SILVEIRAS S SIS SANDY 2355
Maternal Granddam of Lots 44 & 45

LOT 45

- The February born RRF Sandy 019P continues in the trend set by her full sister, coming is a bold bodied, deep centered, wide pinned package. She is the kind of female that will quickly make you forget the investment it took to secure her upfront as she is bound to be the source of dollars in the long run.
- If you are searching for a female that will be a fun show heifer project, but realize that the most joy will come from a breeding piece that serves your program for years to come, then this is your gal.
- There is no outrunning the heritability of quality that comes with powerful pedigree in support of these SCC SCH 24 Karat 838 x Conley Sandy 9118 daughters.

- RRF Queen Ruth 046P is the UDE New Heights 62/87 daughter from the UDE Queen Ruth 2157 donor that comes with as much width, power and substance as you may ever find an Angus female to come with.
- The UDE Queen Ruth 2157 donor comes from the KR Casino 6243 × KDJ Queen Ruth 502 mating has been the continuous source of high valued stock. There have been multiple six-digit full sisters to 2157, including the \$500,000 high seller from the 2022 Udell Cattle Company Female Sale, she went on to be the 2023 NJAS Third Overall Owned Heifer for Sara Sullivan. Another UDE Queen Ruth 2001 was \$135,000 female that became a multiple-time champion and is now a leading donor for Udell.
- Her maternal granddam, KDJ Queen Ruth 502, was the 2016 NAILE Reserve Grand Champion Junior Angus Heifer. She has produced countless high sellers and National Champions!

KDJ QUEEN RUTH 502

2016 NAILE Reserve Grand Champion Junior Angus Heifer
 Maternal Granddam of Lots 46 & 47

- The second daughter from UDE Queen Ruth 2157 comes sired by the exciting BNWZ Dignity 8017 son, Wheeler Hunter Ted Lasso, he was an impressive show bull himself winning the Missouri Angus Preview Show and Reserve Champion Angus Bull at the Tennessee State Fair Roll of Victory Show, and then was the Senior Bull Calf Champion at the Ozark Empire Fair, Kansas State Fair, North American Livestock Exposition, National Western Stock Show and the Fort Worth Stock Show.
- RRF Queen Ruth 044P comes in an ultra-versatile package, being robust bodied, sound structured and neat about her lines!

AI BRED 4/14/26 TO JSUL SOMETHING ABOUT MARY 8421 (ASA: 3565879).

PE 4/23/26-6/18/26 TO ROCKING P TIME TO SHINE M053 (ASA: 4598071).

SAFE AI. EST DUE 1/21/27.

- Few Angus females are supported by a more recognizable genetic combination than Colburn Saras Dream 1073. The direct daughter of Dameron First Class and Silveiras Saras Dream 1339 is a full sister to the legendary Colburn Primo 5153, one of the most influential show heifer sires of his generation and Colburn Saras Dream 5116, the 2016 NJAS Grand Champion Owned Heifer, 2016 NAILE Grand Champion Angus Heifer, and 2017 NWSS Grand Champion Angus Heifer.
- Silveiras Saras Dream 1339 helped establish the "Saras Dream" family as one of the most dependable sources of elite phenotype in the Angus business. Her influence can be found throughout pedigrees responsible for national champions, high sellers, and cornerstone donor females across the country.
- The Dameron First Class × Silveiras Saras Dream 1339 combination has repeatedly proven its ability to generate cattle with balance, presence, structural quality, body shape, and the kind of look that remains relevant from the show ring into production. Colburn Saras Dream 1073 carries superior genetic predictability and offers a strong maternal foundation that will keep adding valuable chapters to an already historic cow family.
- Her mating to JSUL Something About Mary 8421 could very likely pay for the investment it will take to own 1073, this mating aligns two of the richest cow families in the business, this was a mating designed for serious ROI opportunity.
- Owned with Circle M Farms**
